On account of the recent advance in flour Markdale's baker has advanced the price of his loaf to six cents. When wheat sank to forty cents in 1894 we heard nothing of a four cent loaf. The rule ought to work both ways.—EX.

BARNARDO MEDAL.—Master Alfred Holifield, who has been with Mr. Wm. Ramage for some years back, received the other day, from Dr. Barnardo, a handsome bronze medal in elegant case as a recognization of good conduct and faithful service.

THE LADIES.—The pleasant effect and perfect safety with which ladies may use the California liquid laxative, Syrup of Figs, under all conditions, makes it their favorite remedy. To get the true and genuine article, look for the name of the California Fig Syrup Co., printed near the bottom of the package.

BARN RAISING.—Mr. Don. McFayden, of the 2nd con, Glenelg, is now the possessor of a commodious barn. On Thursday last, about 175 friends and neighbors met, and in a few hours had it on its feet. Mr. Benjamin Sharp was the framer, and Mr. Michael McMillan did the mason work, and both have done themselves credit. The size of the barn is 46 by 55 feet.

Mr. Jno. Cameron came home last week for a brief holiday. He leaves about June 18th by steamship for Gt. Britain, the business of the McLean firm which he represents now extending there. His business will be chiefly in London, Liverpool and Manchester, but he will visit his native land as well. Mr. Jno. McLean has now opened an office in Montreal, and will thus be better in touch with the immense trade of that fine city.

Cattle buyers Brunt and Geo. McKechnie were busy last Monday forenoon superintending the weighing and shipping of a number of fine cattle bought from some of some of our leading farmers. The heat was most severe and is proving very trying on stock, packed in cars. On Thursday of last week several cattle died in transit. We have gleaned the following prices, etc.

Mr. Geo. Ledingham, sold 3 head which went the magnificent weight of 4495 lb which at 5c a lb is nearly $75.00 a piece. We think this has not been beaten here, nor near here. Mr. Thos. We were pleased to meet Mr. John A. Conkey in town a few days ago. He has just returned from the Ont. College of Pharmacy. On the special diploma in Analytical Chemistry he passed well, taking 70%. John is pushing as well as popular and we wish him success.

Mrs. Jno. McKinnon and family left for Owen Sound last Tuesday where they were met by Mr. McKinnon, and all proceeded to Manitoulin Island. Mr. McKinnon has bought a farm of 223 acres there, most of it in a good shape for cultivation, and has it well stocked.

DROMORE FORESTERS.—Friday last was a redletter day in Forestry circles, yes, in all circles in and near Dromore. The entertainment carefully planned, was successfully carried out. Every element of success was present. A large crowd inspired the performers, who in turn delighted the audience, the weather was perfect though a trifle warm, and the hospitality of the Dromore people was very apparent. Dundalk sent its contingent of six, Hanover was represented, twenty of the talent of Mt. Forest were on hand, while Durham sent about as many.

The Johnston family, of Durham made their first appearance here, and won golden opinions for the taste displayed in their selections and the excellent rendering thereof. The Haw Bros. of Sweinton Park, on violin and piccolo are old favorites and deservedly so. Mr. Lou Flannigan, of Hanover, sustained his reputation both in the comic and sentimental line, while Mt. Forest's reputation will never suffer while represented by the Tanner families, Messrs Gardiner, Glanville, Ellis, Cook, Welton et al.

"We will have to Mortgage the farm" was a masterpiece of the Tanners, the solo parts of Mr. and Mrs. J. W. Tanner being much admired. Ellis as a comic convulsed the House, while Welton in the "Black Statue" was perfection, and indeed all were good.

High Court Inspector C. C. While, a genial Irishman, whose love for the ould sod is only second to his love for Canada gave an address. In telling a story or turning a joke he is good. Filled with Forestric information, he presented facts and figures showing the origin and wonderful growth of the society, the good it had done and the bright future before it, and urged a wide acceptance of its benefits. No doubt Court Dromore with its membership of 30 already will soon have many more to swell the grand total of 75000 membership in the world wide order.

Alex. Taylor, Esq., the merchant and business man, was absent but Sandy Taylor, the laird, the genial host, the obliging Court Deputy was very much in evidence.

The genial burly portrait of the great Forester Oronhyatekha has the place of honor behind the chair, having the Queen on his right and the Poet Burns on his left. Laurier and Sir John McDonald face each other across the room, while Sifton Stone and Geo. Brown have each a prominent place. Other pictures and adornments make Russell Hall home like and attractive.

The chair was well filled by Chief Ranger Walter Hastie.

Regrets were common that Inspector Campbell was unavoidably absent owing to an arbitration case.

Lunch was provided for the many visitors from a distance.

Many complimentary remarks were made on the tidy growthy appearance of Dromore. Its new sidewalks are a great convenience.

Mr. Woodward, of Hanover, found his way over, while from Durham we noticed in addition to the Johnston family Misses Park, Carson, Gun, Vair, and Messrs Calder, Patterson, Arthur Gun, J. Fisher, R. McFarlane, jr. and T. Storey. We were pleased to meet Mr. W. J. Fairgrieve of Dundalk *Herald* who was in good company.

VICKERS.

Mrs. A. Livingston, who has had a severe attack of bronchitis, we are pleased to hear is now convalescent.

Mr. Herb Hunt now sports a bicycle and finds it a great convenience to carry him to and from school.

While Geo. Turnbull, Jr. was engaged at a game of football at the picnic on the 24th he collided with another player and was thrown violently against a fence. He received a pretty bad shaking up but is now recovering.

On the 22nd inst. Miss Sarah J. Beggs passed away after but a few hours illness, at the early age of 37 years. The funeral took place on the 24th inst. and was attended by a large number of friends and acquaintances.

Mr. Jas. Livingston, who has been seeking his fortune in the Northwest and Minnesota for some time past, has returned home looking as if Western life agreed with him.

Mr. J. W. Vickers, our worthy postmaster, is this week attending Conference in Hamilton. His able assistants however, are well qualified to conduct the business during his absence.

Mr. Henry Richmond has met with rather a heavy loss lately, no less than six of his cows have died from poisoning. How they procured it is not yet known, but Mr. R. will do his utmost to solve the mystery.

The prayermeeting on the south line was this week held at the house of Mr. Geo. Turnbull when the Rev. Mr. Stuart, of Durham, was present and delivered an address, which as usual was much appreciated by those present.

BALSAM VALLEY.

The first pic-nic of the season took place last Friday, May 31st, in McDonald's bush, but was not very largely attended owing to a lack of not circulating it enough. The next time you have a pic-nic boys give them time to prepare for the event, and also ask everybody alike.

The Boothville Cheese Factory is in full swing now and the sound of the milk waggon can be heard far and near. Our genial Willie McLeod can be seen wending his way to the factory at 8 a. m.

Mr. Louis Frook left for Walkerton last week on a business trip.

Miss Sarah McCormick, of the Central Hotel, Durham, spent a few days at Riverside visiting her parents last week. She took in the Balsam Valley pic-nic also.

Miss Jennie Flochart, of Smoky Hollow, Proton, paid Balsam Valley a flying visit.

Mrs. Harrison was on the sick list for a few days, but under Dr. Bird's care we hope soon to hear of her recovery.

HOPEVILLE.

The Orr boys of Egremont have purchased Woolsey's Mill near Ventry. They called at Hopeville as they passed through.

John McKechnie has got a nice sit with Mr. E. Murphy of Mount Forest and has moved his family there.

Dr. J. D. Leith has arranged to settle down in Hopeville.

The Proton Fathers met in council in Hopeville on 28th and transacted considerable business. We hear the council is sued again for obstructions on the road at Proton Station. Trial at next Division Court.

We hear of a horse being cut in the fields and a cow being cut in the leg while in the bush or neighbors field. What is up to cause such? Is it accident or otherwise?

Our mail man is breaking in a wild horse for Mr. Colhoun of Dundalk.

Mr. N. A. McDonald did not find things suitable for him at the North Shore and returned home.

TOM.

PRICEVILLE.

Misses M. A. and Sarah McMillan left this part intending to spend a few months in Buffalo. We wish them success.

Mr. and Mrs. Pane, of Toronto, are visiting friends in this place at present.

R. B. Reily came home from Owen Sound Saturday last. Bob is a kind hearted fellow and a great favorite with the fair sex.

John Stodhart has taken the contract of drawing Mr Brander's wood to the station. Never venture and you will never win.

Jim Watson has finished remodeling his house, which adds greatly to its appearance.

We were pleased to see Donald Cameron out to church on Sunday last. He is improving slowly.
