There is nothing to prevent anyone concocting a mixture and calling it "sarsaparilla," and there is nothing to prevent anyone spending good money buying the stuff; but prudent people, who wish to be sure of their remedy, take only Ayer's Sarsaparilla, and so get cured.

Our esteemed friend, Mr. R. Renwick, the Dromore sawmiller, drove out with Mrs. Bird to the Foresters' Concert. Mr. Renwick is paying his subscription for 1896 planked down 1897 as well. This is good but is exceeded by another subscriber who has paid in cash to the end of the century! Such "fin du cicele" methods are very gratifying.

Miss Mary Main, who has been the guest at Mr. Thos. Allan's for a month left Tuesday morning to attend her brother's wedding on Wednesday. She will then go to Toronto to take a course in Art under a competent teacher. We predict for her great success as her enthusiasm and good taste have already produced some most excellent paintings.

HAY FREIGHT RATES.—Dr. Sproule, M. P. has received the following information from Minister Montague as to rates for freight on hay from Quebec Province: From Ottawa to G T. points in Grey, Bruce and Simcoe per G. T. R. $7.30 per ton. From Ottawa to C. P. R. points in Grey and Bruce, $2.80, or from the North Shore of the Ottawa River, $3.

It is said that a man who won't take a paper because he can borrow one, has invented a machine by which he can cook his dinner by the smoke of his neighbor's chimney. The same fellow sits in the back pew to save interest on contributions. He is always borrowing a ride to save the wear and tear of his shoe leather. He is first cousin to the man who never winds up his watch for fear of breaking the spring. He undoubtedly was a near relative to the man who went into the yard during a cold snap, soaked his hair with water, let it freeze and then broke it off in order to cheat the barber out of a hair cut.

WHITE CAPS IN HOLLAND.—At the Owen Sound Police court last week two farmers named Lowry and Howey were charged by Dr. Ball, of Holland Centre, with conspiring to assault and wound him. On August 10th last, Dr. Ball, was decoyed from home by a stranger to visit a patient, and on the way while passing through a bush, a blanket was thrown over his head, he was bound to a tree and lashed on the bare back till he was cut and bruised. The prisoners were admitted to bail, as the evidence against them is light but the case will come up at the Fall Assizes. The reason assigned for the abuse was his alleged cruelty to his wife, but Mrs. Bull in her evidence denies any unpleasantness except what is caused by her own friends. Her testimony was all that a loving and loved wife could give.

The country newspaper is an important agency in the cultivation of public spirit, and however humble it may seem beside the metropolitan daily, it has a place in the popular education which is too little regarded. While the editor is not often above the rank of a practical printer, there are many persons in most of the suburban towns, clergymen, lawyers, teachers and others, who have the leisure and ability to use the paper as the vehicle of influence over their fellowcitizens. The country newspaper is usually local in its news, and the very people who might make it fresh and suggestive are those who complain most loudly of its meagre character. Short articles pertaining to local interest are always welcome in its columns, and the men and women who most desire to make home life in the country rich and influential can best do so by contributing freely to its columns of what they have in mind. In some places this has been done, and the result in the quickened life of the community has been gratifying.—ex.

Our old Bentinck friend, Mr. Hopkins' son is keeping a very large general store. You will all remember how he came down from the Northwest only a little while ago and slipped back with one of Mr. Carson's daughters, of Durham. I tell you Mr. Hopkins and his best girl were kind to me. They have a lovely fitted up house and things look as though life was worth living for with them.

Mrs. G. Woodland left for Toronto Monday morning.

## WEDDING BELLS!!

Youth. Beauty. Sunshine.

The most interesting event of the day in the fashionable life of Durham, the marriage of Miss Hunter, daughter of the late J. H. Hunter, M. P. P., to Mr. R. Grant, Barrister, took place at her mother's residence yesterday. The day was delightful, a model wedding day. There was a large company of friends and acquaintances assembled on the occasion, among whom were the Rev. Dr. and Mrs. Grant, of Orillia, Mr. Inglis Grant, Mr. William Grant, Mr. G. Grant, Mr. and Mrs. Telford, Mr. and Mrs. A. S. Hunter, Mrs. J. P. Hunter, Mr. and Mrs. McMullen, Mr. and Mrs. Dickey, Mr. and Mrs. Middaugh Mrs. F. Davidson, Mr. and Mrs. Kelly, Miss Annie McKenzie, Miss Park, Mr. William Lauder, Mrs. Lavelle, Dr. and Miss Lauderkin, Mr. James Smith, Mr. G. McKeechnie. But, our readers will excuse us, our space is limited. The drawingroom was most elaborately decorated, and in exquisite taste, and precisely at noon, the bride appeared on the arm of her brother, Mr. J. A. Hunter. To describe the personal appearance of the bride would be attempting to do the impossible. Suffice it to say, that she looked as lovely as any bridegroom could desire. The trousseau was of white duchesse satin trimmed with rare old lace and orange blossoms, with the usual bridal veil and a beautiful tiara of brilliants surrounding the hair. In her hand she carried a shower bouquet of cream roses and maiden hair fern.

The bridesmaid, Miss Blanche Hunter, was attired in Pink Satin and lace, carrying a bouquet of white roses, the Maids of Honor, Misses Amy Kelly, Lillie Harris, Effie Hunter, and Christine Jackson, being dressed in white. Mr. J. Grant officiated as groomsman. The interesting ceremony was performed by the Rev. Dr. Grant, of Orillia, the bridegroom's father, and in an incredibly short time. Mr. and Mrs. Grant received the joyous congratulations of their friends. The wedding March was played by Miss McEachern, and at 2 p.m. the happy couple, accompanied by several friends drove to the C. P. R. Station en route for New York.

In congratulating Mrs. Grant on the many happy days in store for her, we do not forget that Durham has lost one of its most accomplished young ladies, one who has contributed not a little by her intelligence and public spirit to help forward some of the worthy institutions of the town.

We add a list of the bridal gifts with the names of the donors.

## I. O. F. DEMONSTRATION.

For several days preceding last Friday our town took on a gay appearance. Evergreens by loads were transferred from the swamp to deck our bare streets and corners. For was not the great man, with the great name Oronhyatekha, holding the great office of Supreme Chief Ranger of the great Order of Independent Foresters expected to be in our midst, and with him some hundreds of visiting brethren and their friends, not to mention the Rev. Alex. McGillivray the eloquent Past H. C. Ranger

The two distinguished H. C. Officers arrived Thursday night by late train, and a large number of our citizens by common consent found their way to the station, to have a first sight of the famous Indian Doctor. They were not disappointed, unless indeed it was the small boy who was there in large numbers. Some of these latter, it is suspected, expected to see an Indian with tomahawk and feathers, and possibly war paint, and instead they saw a portly gentleman, of pleasing appearance in very civilized attire even to a shining "tile." Chief Ranger Calder, Bros. Johnston, Patterson and a few other prominent Foresters invaded the coach and welcomed the two distinguished visitors and after a brief informal reception in the waiting room, the crowd proceeded townwards. Dr. Oronhyatekha to be the guest of Dr. Jamieson, while Rev. Mr. McGillivray was welcomed by Mr. Thos. Allan, who for a time sat under his ministry. Independent Foresters slept soundly, the Doctor and Mr. McGillivray were on hand for the morrow.

Flesherton band were first on hand next morning to be followed shortly by Allan Park, Markdale and Hanover. These throughout the day in procession and in the park, gave abundance of good music. Dromore Court stood first among outside Courts in the number of visiting brethren, nearly thirty being present. Hanover, Markdale, Flesherton, Priceville and Dundalk, were fairly represented, but great disappointment was felt at the miserable showing by the excursion lines from the west.

On the arrival of the train, a procession was formed and a long array of the brethren, marched to the Town Hall, where Mayor and Council were in waiting to receive the distinguished visitors.

The following address was read by the Mayor:—

To Dr. Oronhyatekha, S. C. R. and all visiting members of the Independent Order of Foresters.

In behalf of the Town Council and citizens of the Town of Durham we cordially greet and welcome you to our Town. We welcome you as a Society that has done much to relieve the distress and alleviate the needs of Widows and Orphans through this great Dominion of ours, and in Dr. Oronhyatekha your Supreme Chief Ranger we recognize one who with his wonderful talents, energy, push and ability is eminently fitted and qualified to occupy the high position he does in the Order. In conclusion we gladly grant you the freedom of the Town and trust that you may all spend a pleasant and profitable day, and that when you leave us you may carry away with you only pleasant memories of the citizens and Town of Durham.

Signed in behalf of the Corporation.

W. LAIDLAW, Mayor. GEORGE RUSSELL, Clerk.

Dr. Oronhyatekha briefly replied, expressing the pleasure he had had in coming here, the warmth of his reception, especially by the boys, who the night before had made the facetious Dr. think by their number that Durham was as well supplied in that line as some Lower Canadian families. He paid the local Court a compliment on its healthfulness, as well as the physicians carefulness, seeing that in over 8 years existence not a single death had occurred though about 300 members had been initiated.

Dr. McGillivray followed, paying a warm tribute to Independent Forestry and indulging in reminiscences of his knowledge of Durham 20 years ago, at which time he was settled in Priceville for two summers during his college career. He is a pleasing and effective speaker and his address at night as well as in the rink gave abundant evidence of a deep interest in the order whose inception, progress and strength he expatiated on eloquently. Dr. O. in the rink spoke at more length on Forestry and the good it had accomplished. In dealing with the Court room from which women are at present excluded, he related how he had tried at the Supreme Court to reverse this law, but failed, and thought the reason of the strength of the opposition lay in the fact that they were mostly white men, that when they were educated up to the level of the Indian, women would receive more honor. One of the Dr's. characteristic references to his Indian origin. Right here we may express the deep disappointment felt by many that Dr. O. could not attend the night meeting, where he was billed to speak and where according to references in both his little speeches he intended to speak. His unfortunate absence was an injury to the local Court, which Mr. McGillivray's explanations tended to lighten but could not remove.

The speaking in the Hall being over the procession then re-formed, and marched the length of the long town, ending up in the rink, where from the platform, addresses were again delivered as above noted.

A passing shower at noon made the afternoon pleasant and the sports on the grounds were thoroughly enjoyed.

The foodball match Durham, Vs. Markdale, resulted in a tie, neither side scoring. Our boys did not seem to be themselves somehow, and were evidently suffering from insufficient practice. The sphere hovered a good deal round Markdale's goal, but Markdale had a good man in the gate.

The Lacrosse Match was the feature of the afternoon. Mt. Forest and Walkerton lined up with full team and the little rubber was kept on the move getting between the stakes four times for Mt. Forest, while Walkerton scored only once. As usual there was some rough work and objections were freely raised at the irregular manner of checking indulged in by some of the players.

A match of the Lacross Jumors of Hanover and Durham went to Hanover by three to one.

The Bicycle race ended the day's sport, there were four entries. King, of Walkerton, coming in first.

The concert was not largely attended, though the amateur performances were good. The Markdale band played with four good looking and skilful daughters rendered some of their fine violin selections and where twice encored Miss Meredith and Mr. Parker sang a duett. Mr. W. Ramage gave "The Death of Napoleon." The leader of the Markdale band gave a cornet solo.

Ayer's Hair Vigor tones up the weak hair-roots, stimulates the vessels and tissues which supply the hair with nutrition, strengthens the hair itself, and adds the oil which keeps the shafts soft, lustrous, and silky. The most popular and valuable toilet preparation in the world.

## PRICEVILLE.

We were pleased to notice the "Yankees Impressions of Canada," which appeared in the columns of the REVIEW two weeks ago. It would certainly be read with interest by many as well as being well penned and spicy.

Miss Maggie McDonald now brightens the domicile of her parents. She has been absent in Toronto for some time.

Miss Bella McLachlan has enjoyed many a hand-shake since returning from Buffalo to spend a few weeks in our midst.

Mr. Alex. Brown is, we are sorry to state, keeping poorly. His many friends wish him a speedy recovery.

Miss Rebecca Nichol, who spent a pleasant month at the parental abode, left for Buffalo Tuesday last.

Miss Maggie Stothart is now enjoying a two months' vacation at the old homestead, having returned from Rochester.

Miss Katie McIntyre returned from Toronto last week and is holidaying at the parental abode.

Mr. James McDonald, of the S. Line, still keeps very poorly. We hope he may soon be able to go around as of yore.

Quite a number from our villa and country attended the Foresters' Demonstration in your town Friday last. There is also a number taking in the Toronto Industrial.

Mr. Robt. Conkey fell heir to one thousand dollars Saturday last when his wife presented him with a young daughter.

Mr. James Frame was visited by friends Sunday last.

## NORTH-EAST NORMANBY.

Wake up Blossom and start over again, the neighbors are growing impatient and want some thing to greeting to read in order to break the monotony. I take liberty to send in a few items this week. Last week don't begin to compare with you since your happy-go-lucky chat has appeared in these columns. We notice a better attendence at Knox church and Blossom is the topic of the day.

We are sorry to chronicle the illness of Mrs Samuel Carson who has been ailing for some time.

The homestead of Mr. R. Watson, Jr. is again full of sunshine Rebecca is home you know.

Threshers are at Mrs. Wm. Gadd's to-day. She is likely to have a fine turn out, being under the supervision of P. McEwen.

The young folks from our borough spent a pleasant day at Haywards Falls on Friday last. The party numbered about 20, the day was pleasant and everybody in good humor consequently the prospects were bright for a day's outing. A few of the crowd stayed off at Dunham to take in the Foresters' Demonstration. At places were groups to be found, but in general match-making was very observant to an onlooker. Some admired the rocks, others studied geological trophies and so the time flew by until the lunch baskets were eagerly sought. The contents were soon disposed of and the party turned their backs homewards putting up at the Middaugh House for a short time, where their horses had been refreshed. They ended a day's outing in the usual manner by comparing the speed of the different animals. Some regretted not having the company of a certain couple who would have added to the pleasure of the company.

Did you miss Peter's side-whiskers?

Sunday evening drivers should keep off the gravel or have the sides on the buggy for they are going to be spotted no matter how fast they may whip up the stud. That's top thin Will.

The Smith Bros. have just had their thresher thoroughly overhauled, and in good running order, so now are prepared to do first-class work.

Mr. Jno. Milligan goes to O. Sound next week to act in the capacity of a juryman.

Mr. W. Derby has on hand a considerable quantity of that new variety of fall wheat known as (Dawson's Golden Chaff) which according to your last issue, was the most popular variety with experimenters in each of the past three years.

Mr Thos. Nichol returned from Colorado last week. It is rumored he will not go back alone. Soft account next week.

## CRICKET MATCH.

A load of our local enthusiasts left early last Monday to attend the match in Dundalk, and as will be seen below came home victors with 86 runs to the good gained in one innings to their opponents two. The losing team was a composite one, Dundalk, Shelburne and Horning's Mills contributing to its make up. As will be seen four of our cracks each took more than the whole first innings. The drive and game in part was somewhat spoiled owing to rain, but the "boys" were hospitably treated.

## A WONDERFUL REMEDY.

A YOUNG LADY IN ELGIN COUNTY TELLS HOW IT SAVED HER LIFE.

The Case Baffled the Family Doctor and He Gave up.—Relief Came When Hope had almost Gone.—Health Again Restored.

From the Tilsonburg Observer.

Mr. J. W. Kennedy, who resides on the 8th concession of the township of Bayham is one of the most respected farmers in the township. Recently an Observer representative visited his home for the purpose of learning the particulars of the recovery of his daughter Miss Alice Kennedy, from a severe and trying illness, through the use of Dr. Williams' Pink Pills, after medical assistance had failed. Miss Kennedy now presents the appearance of a healthy and active young woman of twenty, and bears no indication of having passed through an illness that baffled the doctors' skill. To the reporter Miss Kennedy said that in the autumn of 1893 she was taken ill and a physican was called in. Despite all the doctor did for her she continued to grow worse. She suffered from severe headaches, became very pale, rapidly lost flesh, and her limbs were cold and swollen. She suffered great pain and it was with much difficulty she could move about, and would lie for hours in a half stupor. At last the doctor said he could do nothing more for her and the family asked his advice as to her using Dr. Williams' Pink Pills. He said he was of the opinion that they would not help her. In spite of this adverse opinion, however, she determined to give them a trial, and before the first box was finished the wisdom of the decision was made manifest. An improvement was noticed and with joy Miss Kennedy continued taking the Pink Pills until she had used fourteen boxes, when she felt she was completely cured. She has not taken any since the early summer, and had not had any recurrences of her old trouble, and never felt better in her life. Indeed Miss Kennedy says that as a result of the Pink Pill treatment she has gained 25 pounds in weight. A short time after she began the use of Pink Pills the doctor who had previously attended her called and was much surprised at the improvement in the young lady's appearance, and said that if Pink Pills had caused the transformation by all means continue their use. Mrs. Kennedy's statements were corroborated by her father and sister, both of whom give all the credit for her marvellous recovery to Dr. Williams' Pink Pills.

Dr. Williams' Pink Pills are especially valuable to women. They build up the blood, restore the nerves, and eradicate those troubles which make the lives of so many women, old and young, a burden. Dizziness, palpitation of the heart, nervous headache and nervous prostration speedily yield to this wonderful medicine. They are also a specific in cases of locomotor ataxia, partial paralysis, St. Vitus' dance, sciatica, neuralgia, rheumatism, the after affects of la grippe, etc. In men they effect a radical cure in all cases arising from over work, mental worry, or excesses of any nature. They are sold only in boxes, the trade mark and wrapper printed in red ink, at 50 cents a box or six boxes for $2.50, mailed from Dr. Williams' Medicine Company, Brockville, Ont., or Schenectady, N. Y.
