The Kickapoo Med. Co. are pleasing both old and young with their entertainments, which are held nightly at the Town Hall, Prof. Lexington lectures each evening upon the virtues of the Kickapoo Remedies. 1

To remove the consitpated habit, the only safe treatment is a course of Ayer's Pills, followed by a laxative diet. Most other cathartics do more harm than good, therefore leading physicians recommend Ayer's Pills, especially as a family physic.

Nineteen of Barrie's merchants were up before the police magistrate the other day charged with obstructing the sidewalk with merchandise. They were all let off with a warning that a fine would be imposed on a second offence.

THE JUDICIAL AUDIT.—His Honor Judge Morrison, Reeve Smelser, of Collingwood, and ex-Reeve Jno. H. Brown, of Durham, composing the Judicial Board of Audit for the county met on Monday and Tuesday and audited the Judicial and criminal justice accounts.—*O. S. Times.*

BURGLARS.—In Shelburne last week, burglars crawled over the high wire grating in front of the door of Easton's jewellry store, and bored an aperture wide enough to admit them. They cleaned the show cases on the counter and escaped with $500 worth of booty.

The Wenger Bro's. have decided to build their mill of stone. They propose opening a quarry on the north bank of the river, building two tracks across to the mill site and thus convey the stones across. This new scheme will give employment to their hands during the winter.—*Advance*

At Chicago the other day, a defaulter to the extent of 50 cents, was sent to prison for 10 years. That man must be a fool If he had made it $50,000 he would have got off scott free. A little learning is a dangerous thing, and the saying is equally true of a little boodling.

We are pleased to learn that Mr. J. L. Browne, photographer, formerly of Markdale, is located in Durham, and doing a thriving business. He has been attracting favorable attention and commendation with his display of photos at the fall fairs. J. L. spent several years in British Columbia since leaving our village.—*Markdale Standard.*

Join the REVIEW Club at once and get your neighbor to do the same.

The 2nd annual meeting of South Grey S. S. Association takes place in the Methodist church, Durham, on October 23rd, at 1.30 p m. A fine programme has been prepared. Questions for question drawer are to be sent to Rev. J. C. Pomeroy, B. A., of Durham. Lunch will be served in the basement at 6 p. m. and a collection taken up at the evening session.

ELMWOOD INSURANCE CASE.—This case in which the Excelsior Insurance Company refused to acknowledge the claim of Dr. Evans, the beneficiary of his uncle Wm. Humphrey has been decided in favor of the company. The company's claim that Humphrey was not a fit subject for insurance and that they had been imposed upon, is thus acknowledged.

DIED.—Our Obituary columns to-day record the death of Miss Mary Glendining at one time well known in S. Grey. She was a cousin of the late Rev. Mr. Park, and taught school here and in Egremont for a number of years. The remains were brought from Lethbridge to Watford, the family burying ground, on Saturday last. Mrs. Park went from Durham to attend the obsequies.

A boy working in a bicycle factory at Indianapolis laid aside a piece at a time until he finally had enough to build himself a bicycle. The firm discovered the fact and arrested the boy on the charge of grand larceny. The boy's lawyer proved by actual facts, gleaned from the firm themselves and from employees that it cost but $16.50 to put on the market an $80 bicycle and therefore the material stolen by the boy did not amount to enough to convict him of grand larceny.

HONOR TO REV. R. MCNAIR.—In London last week was held the Annual meeting of the High Court of Ontario, of the I. O. Foresters. Rev. R. McNair, of Carleton Place was elected to the chief position in the gift of the court, that of High Chief Ranger, and we are sure the Order under his care will suffer no retrogression. Court Durham is particularly pleased with Bro. McNair's elevation, as it was here he was made a member. We congratulate both Mr. McNair and the High Court. Next meeting will be held in Ottawa.

ANNIVERSARY.—The Church Anniversary Services well be held in Varney Methodist Church on Sabbath next, the 20th inst. Special sermons will be preached at 10.30 a. m. and 7 p. m. by the Rev. Herbert Lee, of Owen Sound, and at 2.30 p. m. by Rev. Mr. Jansen, of Durham. Also, on Monday, 21st inst., beginning at 7.30 p. m. there will be a Literary and Musical Entertainment of a high order in the Church. Recitations and singing will be given by Mr. Lee, who is exceptionally talented, being a gold Medallist in Elocution. The Methodist Choir of Durham under the leadership of Mr. Parker will also furnish music.

FATAL CASUALITIES.—The week past seems to have been unusually fruitful in fatalities. A catastrophe at Loon Lake where six members of a family of eleven were cremated in a burning house and several others injured caused a thrill of horror. The steamer Africa with a crew of twelve, chiefly Toronto men and one from Owen Sound went down in a gale on Lake Huron, and all have perished. A Grand Trunk train plunged into the Otonabee river through an open swinging bridge, and three lives are supposed to be lost. Chatham, New Brunswick, has had a $60,000 fire. A middle aged man named Wm. Graham was burned to death in Paris.

HEATHER FROM COLLODEN.—We got more than a mental whiff of auld Scotia one day last week, when Mr. John Cameron lately returned from Scotland, presented up with some sprigs of heather plucked from the graves of some of his ancestors, who fell at, and are buried near the field of Culloden. He had an enjoyable trip. After landing in Liverpool, he proceeded to Glasgow by train, and to Inverness, his native place by boat. His niece Miss Ross accompanied him, with great benefit to her health. He found only three of his old schoolmates. After revelling awhile among well remembered scenes, he got down to business, visited Huddersfield, and other great manufacturing centres of England, and of course examined the great London, whose parks he much admired.

Ben Nevis Camp meets Nov. 1st.

Engineer A. McDonald returned from the North West last Saturday.

Mr. J. Hornell of Lucknow is at present visiting Mr. Jno. Cameron of Town.

Mrs. Crone and family, of Brantford, are at present the guests of Mr. and Mrs. Niven, of town.

Walter Vollett, of Durham, gave the hub a business call on Tuesday.—*Ayton Advance.*

Calder & Livingstone have on hand stoves at prices to suit the times, call and see them.

A new post office is talked off at Farewell Corners midway between Dromore and Priceville.

Rev. Mr. McVicar of Dromore has with drawn his resignation, and both congregations are grateful

Mr. Frank Warner is home and has some intention of going into the tailoring buisness here we believe.

Mr. Arch. McLellan, of Scotch Town, is visiting friends in Detroit and some other points across the line.

Mr. Evan MacMillan, Barrister, of Toronto, has been spending a few days with his friends in Town taking his holidays.

Mr. Jno. A. Black from Flesherton Station, moves into town this week, and will open a butcher business in the McIntyre block.

We find it impossible to accommodate our correspondents this week Varney, Murdoch, and "John" from Dromore have to lie over.

The Kickapoo Indians have struck the town. They are a medley of medicine men and play-actors and will likely make a good thing out of their visit.

SHOOTING.—A number of our local shots are invited to try conclusions with a Mount Forest squad before long, and there will likely be an interesting match.

Mr. T. T. Gadd, of the O. A. C. Guelph, has been nominated by Warden Binnie for the position of County Student at the Institution. Congratulations Tom.

If you are troubled with disease or poor feelings of any kind call on Prof. Lexington of the Kickapoo Med. Co. at Town Hall daily from 9 A. M. to 5 P. M. Advice and consultation free. 1

ADVERTISING. Mr. Wm. McLeod, of South Glenelg, has faith in the efficacy of the REVIEW as an advertising medium. A few days after the ad. appeared information was sent of the whereabouts of his missing cattle. Just so.

Mr. P. Paterson came home on Tuesday night, after a week or so spent in Essex Co. Mrs. Wigle, his mother-in-law, accompanied him home and will spend the winter here. Essex is a favored land judging by the apples, corn, etc., Mr. Paterson brought home.

Editor Thurston, of the *Advance*, wheeled lately to Meaford and Thornbury districts and found apple trees "groaning under their burden of fruit." He gives a flattering account of Meaford and its artistic tastes.

A Sunday School concert will be held at Rev. Mr. Hartley's appointment, Ebenezer, Townline, Glenelg and Egremont on Thursday 24th inst. Rev. Mr. McVicar, and other talent have been secured and a good time is expected.

HONOR.—The Mail last week brought to Mr. Wm. Johnson Jr. of Glenroaden a parchment appointing him to the high position of "D. S. C. R." which means Deputy Supreme Chief Ranger. This is issued by Supreme Chief Oronhyratekha and is a coveted distinction, entitling the holder to organize courts and have Forestric privileges in any part of the world.

THE FAIR.—Not often of late years has there been so many cattle at our fair. Estimates place them from 700 to 1000. 2-year-olds sold for about $12.00, 3-year-olds for $18, but the number sold were a mere drop in the bucket to the number unsold. Beef will be cheap this winter. Kidd, of Listowel, bought a few horses, Mr. Jas. Ferguson, of Normanby, getting $90 for one.

Prof. Lexington the lighting teeth extractor is at the Town Hall daily from 9. A. M. to 5. P. M. removing teeth free of charge to the purchasers of the Kickao Iudian Medicines. 1

The McDonald Lot on Con. 11, Glenelg was sold last Thursday to Daniel McPhee, at the price of $1300. Nothwithstanding all that has been said in outside papers respecting the land values in this part of the country this lot has been sold at $200 over what it was originally valued at five years ago by a paid valuator who has had 25 years experience in such business.

It is not generally known that at last session of the Legisature an act was passed, which is now in force, providing that where the husband dies without a will with property less than $1,000 everything goes to his widow. Where he dies with more than $1,000 in the administration the widow will get $1,000 anyway. Thus a widow will no longer be made to suffer through her husband's carelessness in not making a will.

LIEUT. HUNTER.—The cadets at the Royal Military College have a good time once a year in which athletic sports figure largely. At this year's affair Lieut. Fred Hunter has been making a record. He came in first "by a good lead" in the wheel race against 7 competitors, took second in the long jump and third in the steeple chase. Fred received as a result of his prowess a silver cane, a "swagger stick" and a pewter mug. "Kingston's fair ladies and gay young men" looked on, the paper says, and we say Durham is proud of every victory won by her sons.

BURGLARY.—We regret to say that amongst us are some misguided lads who on Sunday night last entered the home of Mr. S. Arrowsmith while all the family were at church, and after ransacking the house retired with a small sum of money and two valuable rings. Entrance was attempted at a rear window by cutting the slats of the Venetian blinds. In this however they were baffled but were successful at the front windows. We understand there is a clue and unless the rings are returned by post or otherwise there is likely to be some sorrowful boys, with grieved parents.

FURIOUS DRIVING.—On Tuesday night last Dr. Jamieson was sent for in haste to a point about 5 miles north of the town where Mr. — McDonald, wife and two children had been upset by a couple of young men driving furiously. Almost miraculously no great injury resulted. The young men were also upset, but regaining their rig, drove off, leaving the family to their fate. The young men we believe were intoxicated, are known and are likely to hear more of it.

THE LATE ARCH. MCKINNON.—For a month or more this whole community has been aware that an illness, the dreaded Bright's disease, with heart complication was likely to carry off one of our young men in the person of Arch. McKinnon. He made a brave struggle as the weeks went on, but the grim monster, on Friday last claimed another victim. He was the fifth son in a family of eight brothers and his death is the first break amongst them. He was well known as a straightforward and successful agent, and was working up a fine business in Priceville when illness over took him. We extend our sympathy to the bereaved mother and brothers.

THE FUNERAL.

The gathering at the funeral was of extra ordinary size, the procession about reaching from the house to the grave, a distance of nearly a mile. Again the Forester Brethren were lined up to pay their last tribute of fraternal regard to a deceased brother, the second time in a few weeks. They were about 70 strong, including two Dromore brethren, Messrs. G. Ewers and J. Scott, Mr. D. McInnis from Priceville Court, and one or two others. Rev. Mr. Little, assisted by Rev. A. G. Jansen conducted the ceremonies at the house and at the grave. The Forester's service followed that of the relatives and friends, after which as many as possible crowded into the Church, where the eloquent pastor preached an impressive discourse. All the brothers but Malcolm were present, whose absence in Manitoba prevented his being on hand.

ARTEMESIA SHOW.

The romantic little village of Priceville with its curved front street overlooked by the fine structure of the Pres. Church was, on Tuesday and Wednesday of last week astir with the excitement attendant on the Annual Fall Show. On Tuesday the articles for the hall were brought in, and when all were placed in position it was found that while there was much that was excellent, 1895 was likely to be an "off" year. This of course was to be expected in fruit which was slim, though not more so than surrounding shows to the south and west. The ladies' work however was disappointing in quantity, though what there was of it showed that the ladies supporting the show had deft fingers as well as tasteful ideas. And then the flowers we thought were in no way representative of the many fine specimens of in-door amateur gardeners in Priceville and near it.

The vegetables however were up to the mark. We have of course seen bigger pumpkins and squashes, but in the more useful articles there were excellent exhibits. We like beets, but we must say for the pure article we would rather have had the 2nd prize ones than the first, which latter to our notion were too like mangolds. They were big enough certainly.

The collection of Potatoes exhibited by Mr. Don. McMillan worthily get the red ticket. Among them were found fine specimens of the old orginal cup, so famed as a fine table article. 11 prizes bespeaks the excellence of Mr. McMillan's articles.

In field carrots A. Muir takes the lead, while W. Meads had first for the table variety. W. Meads also took firsts in two beautiful bouquets. J. I. Graham believes in big things and took the lead in pumpkins and squash. H. McPhail carried off both honors in Turnips, and in Ladies' work had some fine articles which won 7 or 8 prizes.

Mr. J. S. Black, is as efficient in growing onions and other vegetables as he is in the duties of Municipal clerkship, and this is saying a great deal. His onions had the red ticket. Mr. P. Watson being a good second.

D. McDougall's two fine samples of fall wheat both got first prize, while A. Muir and Sec'y Brodie were both large prize takers, the latter getting eight firsts in this class, and over a dozen prizes in other departments.

President McCormick is also an exhibitor and his first prize cauliflowers will keep Editor Thurston in pickles for a time.

Mr. Chas. Watson, sr., is a poultry fancier, as well as a first class gardener. His houdans were much admired and got first. A couple of young specimens he had, but not entered for prizes, which would be hard to beat.

Mr. Peter Muir is much interested in well bred swine, and was making arrangements to secure young stock from the Walter's Falls breeder, Sheperdson.

Malcolm McDonald's duties as gate keeper were not heavy, and much discussed was the question of attendance. Artemesia must strike out earlier in the season and try a one day show, and if grounds and buildings could be secured together a larger success would surely follow.

Mine Host Cochrane welcomed many old Durham friends and hundreds of others in his hostelry, and seems to be on good terms with the community in general. The Flesherton band came over in the evening and serenaded Mr. Bolger, who also had a fine crowd round his premises.

Among the crowd we saw Mr. C. McMillan, Harnessmaker and Undertaker in the thriving village of Dromore. His new hearse had been used for the first time at the funeral of Wm. Troupe of Hopeville.

C. C. James' team harness was decked with the red, while D. Arrowsmith, of Markdale, got first in single harness.

At the other end of the room an exhibit of photos by J. L. Brown, of Durham was a drawing card and a constant obstruction from the numbers admiring them.

The pumpkin pie, the making of which D. Hutton encourages by a special, m ust have been a good one as the plate was all that was left when we got there. Mrs. D. Harrow was the maker and her buns also got first.

Dugald McLean, the shoe maker still retains his skill and the judges honored his work by 3 red tickets. W. Conkey got first for the collection.

The grounds proved small attraction on a chilly day. Here too, a marked falling off was observable, the sheep class alone being the only one at all up to the mark. J. Nichol in the Lieceters captured most of the prizes with fine animals wining 4 firsts and 2 seconds, his competitors being W. Meads, A. R. McLeod and Dep. Swanston, of Egremont. W. Meads make a clean sweep of the Cotswolds, wining all the prizes. In the fine wool class the honors were divided among J. Geddes, R. Oliver, A. Sealey and D. Harrow. Geddes' ewes being much praised, while Sealey's shearling ram would be hard to beat.

Horses were not numerous and there was little competition to create interest. C. C. James in the Roadster class had the winner in brood mare, yearling and spring colt. In the General Purpose class most of the prizes were competed for.

R. Oliver's Devons as usual swept the board, while the Muir's in Ayrshires had a walk over. In the Durhams, J. Eckhardts got first for his bull, while his neighbor, A. Sealey, got the cow prize.

"Swine? I never saw any" was a common remark. They were on hand however, but no competition, though prizes were awarded.

Not so the Poultry. We think there are more intelligent breeders of Poultry in this neighborhood than in most places.

J. McCrae delights in the ornamental Game breeds, while H. Watson and W. Conkey go in for the more imposing hamburgs. In the Brahmas, Andalusians and Plymouth Rocks D. McMillin "fears nae foe," getting six first prizes. The Watson's, father and son took the prizes in the Houdan class.

Here follows the prize list which would have been in the hands of Priceville readers before now had we been able to secure it from the busy Secetary. We thank Editor Mitchell for a proof Sheet.

The judges were as follows; Horses, —Marsh. Cattle, Sheep, and Pigs, H. Brigham. Fine Work, Mrs. Haskett and Mrs. Dr. Sproule. Vegetables, grain and butter, Messrs Hogarth, Jno. McArthur and Jno. Brown.

The Rev. Sydney, Goodman, S. A. C. Rector in charge of West Mono, Orangeville, Ont., says of Professor Chamberlain:—

Some three years ago, when in Manitoba, Prof. Chamberlain, the Eye Specialist, arranged a very nice pair of eye glasses for me, which gave and continued, to give every satisfaction. Personally, I know that his skill was in great demand during his visits to the Northwest and brought comfort and relief to many. The sufferer from any weakness, failure or obliqueness of vision should without fail go and see him. He has made the eye his special study and is without doubt, a gifted EYE SPECIALIST.

His glasses are excellent, his courtsey unfailing and his prices moderate. I wish him every success and patronage.

SINFUL HABITS IN YOUTH

LATER EXCESSES IN MANHOOD

MAKE NERVOUS, DISEASED MEN

THE RESULT of ignorance and folly in youth, overexertion of mind and body intemperance, excesses of maturer years, constant wasting the lives and future happiness of thousands of young men. Some fade and wither at an early age, others at the blossom of manhood, while others are forced to drag out a DRAGGING EXISTENCE, MELANCHOLY existence. Others reach manhood but find no solace or comfort there. The victims are found in all stations of life—The farm, the office, the workshop, the pulpit, the trades and the professions.

SYPHILIS EMISSIONS STRICTURE CURED

Wm. A. Walker of 16th Street says:—"I have suffered untold agonies for my "gay life." I was indiscreet when young and ignorant. As "One of the Boys" I contracted Syphilis and other Private diseases. I had ulcers in the mouth and throat, bone pains, hair loose, pimples on face, finger nails came off, a sinkiong, became thin and despondent. Seven doctors treated me with Mercury, Potash, etc. They helped me but could not cure me. Finally a friend induced me to try Drs. Kennedy & Kergan. Their New Method Treatment cured me in a few weeks. Their treatment is wonderful. I am now a strong man. I feel as good as ever. I have never heard of their failing to cure in any single case. I feel yourself gaining every day. I have never heard of their failing to cure in any single case.

IMPOTENCY VARICOCELE EMISSIONS CURED

Capt. Chas. Ferry says:—"I owe my life to Drs. K. & K. At 14 I learned a bad habit. At 21 I had all the symptoms of Seminal Weakness and Spermatorrhoea. Emissions were draining and weakening my vitality. I married at 24 under advice of my family doctor, but it was a sad and expert act. In eighteen months we were divorced. I then consulted Drs. K. & K., who restored me to manhood by their *New Method Treatment*. I felt a new life thrill through my nerves. We were united again and are happy. This was six years ago. Drs. K. & K. are scientific specialists and I heartily recommend them."
