Dr. Lander visited his sister and brother-in-law at Kilsyth on Friday and Saturday last. While he was in Owen Sound he called on Mr. Jno. Williams at the hospital and found him getting along well.

FOR SALE.—A good second hand Lumber Waggon nearly new; platform Spring Democrat nearly new and Second hand Buggy, also good heavy mare for farm use. Apply to R. MACFARLANE.

COMING.—Dr. Sinclair Specialist will be at the Middaugh House, Durham, Tuesday May 26th inst. Lung diseases, Heart diseases, diseases of woman and all private diseases treated with best success. Consultation free.

Returning Officer Mockler was round last week putting up the official proclamation for nominations. Is there going to be an election? There is a stillness in the air at present, but just you watch!

Mrs. John Turnbull, of Malton was up last week attending her father's funeral Mr. Archibald McDougall, who died at the advanced age of 86 years. His remain were taken to Chatsworth cemetery, the funeral being largely attended.

BAPTISM—On Sunday last Rev. Mr. McGregor performed the rite of baptism according to Baptist Church beliefs at the dam at McKechnie's old sawmill. Eight new members were added to the church by this profession of their faith.

Mr. Laidlaw attends a meeting of the provisional directors of the proposed electric Railway in Toronto to-day (Wednesday.) We have now nothing definite to announce regarding it, but hear that a N. York firm is looking for the charter, with a view of building it and operating it.

SUDDEN DEATH.—Miss Emma Schieber, who has been hotel cook in Chesley for two years, took ill some weeks ago. She was recovering nicely, and while walking about her room suddenly fell to the floor and was picked up dead. The body was sent to Ayton where her widowed mother resides.

As the strength of a building depends upon the solidity of its foundation, so health depends upon the condition of the blood. To expel impurities and cause the vital fluid to become vigorous and life-giving, Ayer's Sarsaparilla is the most powerful and effective medicine in use.

Mr. J. B. McLean, of the McLean Publishing Co. visited his mother in town last week. He is now generally located in Montreal, but was west as one of a deputation appointed by the Press Association to secure a better rating for printing offices from the Underwriters Association. The managers of the Globe, Mail and Brantford Expositor were the other members of the delegation.

SPRAYING.—A large crowd, considering the inefficient notice, witnessed, the spraying in Mr. Jackson's orchard on Wednesday last. A Mr. Muir, of Grimsby was in charge, and showed the operation of mixing the stuff as well as spraying it. They made the discovery of an enemy hitherto unknown unknow up here, the "bud moth" and it is to destroy such vermin the spraying is used. A second exhibition of expert spraying will be given in the same place on Monday the 18th inst at 10 a. m. The machines cost from $5 to $20 and Mr. W. Irvin we hear has ordered one.

THE VOTER'S LIST.—Enquiries are sometimes made as to whether certain persons are on the voters list. We have a complete list of this riding in our office for reference. This precious product of the Franchise Act was made in 1894, so that hundreds of young men 21 years of age last year are disfranchised. Not only this, names are frequently found left off, one case to which our attention has been called being that of Mr. Dir Knechtel, of Hanover, one of the largest employers of labor in South Grey, yet notwithstanding his large stake in the country this partizan arrangement will prevent him from recording his vote, no doubt there are others who will find before 5 o'clock on the 23rd of June what a partizan voters' list means.

PRESERVING THE STREAMS.—The various fishing clubs in this district talk of combining in an alliance offensive and defensive for the efficient protection of their fisheries from the hands of out side marauders. This looks tough on the small boy and random fisher, how ever as these clubs have been stocking the fast depleting rivers with trout fry there is another side to the question. Moreover there have been instances of unsportsman like conduct of campers and others which goes to justify this action. But the members of this combine are on the whole genial fellows, and a day's fishing can be had almost any time by making application.

IN RAT PORTAGE.—The Watson—Hastie party got to Rat Portage at 7.30 p. m on the Saturday following their departure. This slow travelling was caused by the frost coming out of the bed. They expect to start for Fort Frances about the middle of the month, and have made favorable arrangements for the final instalment of their journey. The party seems to have stood the trip well. (Later) We are sorry to learn from a card received from Mr. Watson that he has had some serious losses in his stock. He writes "I have lost the young bull calf bought from Parker, and the heifer calf from Woodland. The latter from a defective car door lost on the way. I have claimed value from the C. P. R. for calf and lamb, but the bull is my own loss." Otherwise the party were well, expecting to start last Monday. We sincerely hope good fortune may attend them from this time forward.

GLENELG COURT OF REVISION.

The first sitting of the Court of Revision for the Township of Glenelg for the year 1897, will be held at the Town Hall in said Township on Wednesday, the 26th day of May, 1897, at 10 o'clock in the forenoon and the last sitting will be held on the 4th day of June, 1897, at the same place and hour.

[illegible], Clerk.

Don't think of buying anything in Lace Curtains until you have seen Woodland's Bargains in this line.

Mr. J. D. Morgan and wife of Dundalk, were in town last week. The former on business.

Make it a point to see that blood is purified, enriched and vitalized at this season with Hoods Sarsaparilla.

FOR SALE.—Two fine thorough bred Hereford Bulls, about one year old. Apply to

D. JACKSON.

Mr. Wm. John Atkinson started for Manitoulin via. Owen Sound, on Tuesday last. His brother James assisted in the moving.

Mr. Jno. Beaton, Glenelg Center believes in good stock and purchased a fine Shorthorn Bull from Mr. H. Parker this week.

Rev. R. McNair has promised to meet Court Durham, on Monday evening next. His many friends in and out of Court Durham will welcome the High Chief Ranger.

Mrs. F. Twamley, North Glenelg, a daughter of Mr. R. Legate, of Egremont, died yesterday. Deceased has long been a patient sufferer. We extend our sympathy to the sorrowing relations.

Mr. Ledeard, Owen Sound, Agent of the Society for the protection of children, will deliver a lecture in the Presbyterian Church on Monday evening next. The Society is undenominational.

For that tickling sensation in your throat try a 10c box of "Mist" Cough Lozengers. They will allay the irritation at once. For sale by all druggists and the Key Medicine Co., 395 Yonge Street, Toronto.

POISON.—We regret to learn that Mr. Jos. Coroet, of Bentinck, suffered much by swallowing some carbolic acid last week. At last account however he was recovering from the effects of the poison.

FINED.—R. S. Hobbes, of London, and two other parties were brought before Magistrate Ryan, of Ayton, some days ago and fined $11 each for fishing on the 1st of May. This was a catch they didn't calculate on.

Mr. and Mrs. Taylor, of Dromore, were in Town yesterday. As Court Deputy of Dromore Foresters, he is booming the Annual Concert to be held in Russell Hall on the 20th inst. Particulars later.

We regret that pressure on our space compels us to hold over the balance of the interesting letter on a trip to the Pacific Coast, kindly contributed by Miss Annie Smith, late of Normanby; It is in type and will appear.

Ayers' Pills are recommended by leading physicians and druggists, as the most prompt and efficient remedy biliousness, nausea, costiveness, indigestion, sluggishness of the liver, jaundice, and sick headache; also, to relieve colds, fevers, neuralgia, and rheumatism.

JUBILEE.—The *Scientific American*, the most important Scientific Journal on this side of the Atlantic and always abreast of the times in its record of scientific progress, has now been issued week by week for the last fifty years. It purposes celebrating its jubilee by presenting its subscribers with a profusely illustrated special number which will be issued on the 25th of July. A special feature of this issue will be a prize essay on "The progress of invention during the past fifty years" for which a premium of $250 has been offered. Papers must be in before the 20th of June.

RAIN NEXT WEEK.—So say some of the wise ones on account of the Annual meeting of the South Grey Teachers here next Thursday and Friday. Come anyway and you will be made welcome and go home pleased with the work of the teachers. Mr. Moffat's address on "Relation of Trustees and Teachers" is on Thursday at 3 o'clock. Mr. J. A. Graham is President and on the programme are the following names: Misses Ida and Susie Irwin and Miss Ford. Inspector Campbell, Messrs N. McCannel, W. Irwin, T. Allan, J. S. Rowe, G. Cushnie, D. Fletcher, W. J. Blakeston. Then Mr. Tilley and Miss Annie Richardson will be a host in themselves. Rev. Mr. Pomeroy will also give an address.

Are you One

Of those unhappy people who are suffering with weak nerves, starting at every slight sound, being unable to endure any unusual disturbance, finding it impossible to sleep? Avoid opiate and nerve compounds. Feed the nerves upon blood made pure and nourishing by the great purifier and nerve tonic, Hood's Sarsaparilla.

Hood's Pills are the best after-dinner pills, assist digestion, prevent constipation. 25c.

DROWNED.—We regret to learn that Mr. Robt. Thompson, Shoemaker, Yeovil, was found drown in Henderson's creek, about 3 miles east of Holstein, on Sunday last. On Saturday a boy fishing discovered a suitof clothes on the bank and saw the body in the water. He went home and reported, but was laughed out of it. On Sunday however, he and others went back and found the body. Coroner Jones, of Mt. Forest, was summoned, but an inquest was not considered necessary. Indications point to suicide but it seems strange that he would divest himself of all his clothing except his undergarments. His body had lain in the water for some days. Deceased was 61 years of age, unmarried, and highly respected.

THE WEATHER.—The temperature in Ontario for the month of April was above the average, consequently vegetation was pushed forward two or three weeks earlier than in the average season. In our town county the temperature was fully 10 degrees above the average, the rainfall however being below the average. In Manitoba the temperature was below the average but with an increased rainfall. The killing frost of May last year made its appearance on the morning of the 13th when the thermometer fell seven degrees below freezing. Foliage of all kinds, even that of the forest was destroyed, much garden and orchard stuff injured, and tender plants killed right out. This work of devastation was completed on the 16th when the thermometer fell 10 degrees below freezing and again on the 25th when it showed nine degrees. Happily so far there are no indications of the coming of cold waves this spring, though to-day, (Tuesday) a lowering has taken place and appearances indicate that rain has fallen not far off. The cry for rain is becoming general.

PARALYSIS CONQUERED.

AT LAST IT YIELDS TO THE ADVANCE OF MEDICAL SCIENCE.

The Strong Testimony of a Man Who Was a Half-Dead, Bedridden Invalid He Now Rejoices in Renewed Health and Strength—Doctors Admit that Paralysis is no Longer Incurable.

There is nothing in life sadder than to see a strong man stricken with paralysis. Alive yet dead to the duties and activities that belong to life, the paralytic, until a comparatively recent period, was doomed to pass the remainder of his days in a hopeless and helpless condition. But since the discovery of that wonderful medicine given to the world under the name of Dr. Williams' Pink Pills, those stricken with this formerly incurable disease have now the means of regaining health, strength and activity. Hundreds in various parts of the country who were helpless, bedridden invalids have been restored to health by this incomparable medicine. Among those who have been thus fortunately restored to activity is Mr. Allan J. McDonald, a well known resident of Nine Mile Creek, P. E. I. Mr. McDonald says:—"In the fall of 1893 I injured my back, and during the year succeeding suffered great pain. I had no less than four physicians attend me at different times, but without any benefit. Before the end of the year I was forced to give up all active work and was rapidly falling into a condition of utter helplessnes. On two occasions the doctors encased me in plaster of paris, but it did no good. My limbs kept getting weaker and weaker, with a twitching motion and I dragged my feet when I tried to walk. Finally I lost all power of locomotion and absolutely all power of feeling from the waist downwards and I was as helpless as a piece of wood. In this half dead and half alive condition I laid in bed for eleven months not able to help myself in the least. Physically I did not suffer much but mentally the agony of those long weary months cannot be described. I was at last told by the doctors that there was no hope for me, and that I was doomed to pass the remainder of my days a helpless, half lifeless piece of humanity. Providentially soon after this I read of a case similar to mine cured by the use of Dr. Williams's Pink Pills. It gave me new hope and my friends got me a supply of the pills. After the use of a few boxes life was slowly returning to my limbs. I continued using the pills gradually getting stronger and stronger, until now, after the use of thirty-two boxes I am able to walk about smartly and can do light work, and I feel that I am gaining new strength every day. Words cannot express the thankfulness that I feel at again being able to go about actively after passing through that terrible ordeal, and I sincerely hope that my experience may be the means of bringing back hope and health to some other sufferer."

Dr. Williams' Pink Pills strike at the root of the disease, driving it from the system and restoring the patient to health and strength. In cases of paralysis, spinal troubles, locomotor ataxia, sciatica, rheumatism, erysipelas, scrofulous troubles, etc., these are superior to all other treatment. They are also a specific for the troubles which make the lives of so many women a burden, and speedily restore the rich glow of health to sallow cheeks. Men broken down by overwork, worry or excess, will find in Pink Pills a certain cure.

Sold by all dealers or sent by mail, post paid, at 50 cents a box, or 6 boxes for $2.50, by addressing the Dr. Williams' Medicine Company, Brockville, Ont., or Schenectady, N. Y. Beware of imitations and substitutes alleged to be "just as good."

PUBLIC LIBRARY.

The Annual Meeting of this important institution was held on Thursday night last and though not as well attended as might be, the interest manifested and the work done is not behind former years.

Evening Classes in the Com. Course were conducted successfully during the winter, the Reading Room with its splendid array of Magazines and newspapers is more and more commending itself, and the directors hope that during the coming year its benefits will be more largely made use of, the Library itself with its nearly 4000 volumes is largely used as the following statistics will show, though the membership of this year is not yet up to the last.

The number of books taken out is 3760, No. of members about 190, receipts for the year over $200. Paid for books Papers, &c. $190.

The election of officers resulted as follows.

Dr. Gunn was re-elected President, Rev. Mr. Pomeroy 1st. Vice Pres., Rev. Mr. McGregor 2nd. V. P., Jno. Kelly, Treas; C. Ramage Secy., the directors are: C. L. Grant, A. Jackson, H. Parker, C. McArthur, N. W. Campbell, Thos. Allan, W. Vair, S. Todd, B. Chadwick.

Mrs. McRae is again appointed Librarian.

Town members as well as country members may now receive two books at once if desired.

VIEWS OF A ROMAN CATHOLIC PRIEST.

Rev. R. C. Lihmann, of St. Mary's R. C. Church, Hamilton, Ont.: Tells of the Good Services of Dr. Agnew's Catarrhal Powder.

It is not the case that cold in the head or catarrhal difficulty, is unknown in the summer. Many are suffering today and in some cases the disease takes the shape of Hay Fever. Dr. Agnew's Catarrhal Powder is a most effective remedy in all such cases Readers of this paper know of the many prominent clergymen of all denominations, who have felt it their duty to recommend this remedy. Added to the recommendation of the Rev. Father Hinchey, of Hamilton, comes that of the Rev. R. C. Lihmann, of St. Mary's R. C. Church, of the same city. Ever devoted to the interests of his parishioners, this faithful priest feels that he is doing them a kindness in telling how this remedy benefitted him in the case of catarrhal trouble. It never fails to benefit anyone. Sold by McFarlane & Co.

BENTINCK CENTRE.

Most of the farmers in this vicinity are done seeding. The weather continued so favorable that there has been no drawback in the work since starting. Mr. Wm. Boyce finished here some time ago and is now busily engaged on his farm on the 12th.

Miss Cassie Smith, of Aberdeen, attended service here last Sunday.

Miss A. O'Neil has returned home after visiting friends in Hanover.

Mr. Sandy McDonald drove over to Lambsh to hear the great lady preacher there.

Mr. J. McLean was visiting at his uncle's, Mr N. McCallum, lately.

Mr. H. McKinnon has completed his contract of erecting a porch to the Corinth School. Hugh is a hustler and a genial good fellow, being a general favorite, especially with the fair ones.

Mr. P. McL., of Mull Corners, is now a regular attendant at the Corinth Church, and after service may be seen wending his way southwards as he has now pitched his tent on the banks of the old Saugeen, and camps many a pleasant hour there. Donald seems quite comfy in order to secure a mate.

MR Duncan McKinnon has completed his contract and has taken in his boys a couple of weeks work, which is bad business, and while they are the men of the contract, and have made money, they have to pay wages to others, and the profits go to those who do not work for them.

THE GLOBE & REVIEW.

For three months a lively interest will be taken in public affairs. A session of the Dominion Parliament comes shortly after the elections. Everyone should keep posted on National and Local matters, and to do this no better way can be found than by keeping close to the W. Globe and the Review. We furnish both 3 months for 30 cts. to any address in Canada or the States. The Globe is one of the first and the fairest papers in Canada, and the Review, while battling for and advocating Liberal principles is unsparing for the welfare of the great producing classes of this country, will not, as is too often the case, sell out for a mess of pottage. If you want a good Clean Paper, send your subscription to the office of publication in Toronto.
