Mrs. Cordelia Paxton Lake Resident 37 Years

Mrs. Cordelia Paxton, South Shore, Musselman's Lake, is one of the resort's oldest residents. She has been living at her well-known "Paxton-Villa" for the past 37 years.

The pretty little cottage was built by Mr. Paxton while the couple were still residents of Uxbridge. They enjoyed spending the weekends at the Lake in spite of the muddy roads over which they had to travel. For the past two years Mrs. Paxton has made Musselman's Lake her year-around home. Her husband passed away in 1926.

Although eighty years of age, Mrs. Paxton is very active. She recalls much early-lake history and remembers vividly when there were only a few scattered cottages on the South Shore and no summer homes on either Windsor Drive or the Valley Road. Mrs. Paxton believes the biggest change in the past 37 years is the amount of traffic that streams into the resort area on Saturday and Sunday. She says that the water in the Lake is much deeper now than it was thirty years ago. She noted also that the ice remained in the Lake longer this winter than any season that she can recall. The ice-cutting business, once a flourishing winter's job, is no longer profitable since the electric refrigerator has become so much a part of most summer cottages.

Mrs. Paxton remembers how Musselman's Lake was a favourite picnic ground, even before the mass contruction of cottages was begun. Appleton's and the present Patrick property were preferred locations.

Mrs. Paxton has two daughters, Mrs. W. T. Clayton of Islington, Mrs. S. Sluggitt of Timmins and one son, Victor. A sister, Mrs. M. A. Hurst from Buffalo, New York, is presently enjoying a holiday with Mrs. Paxton.

Half Million Bass for Musselman's

Musselman's Lake will be stocked with 500,000 greenmouth bass this summer, according to Game Warden, Mr. Frank Griffith, South Shore. Two years ago a like number of bass were placed in the lake waters and eight years ago, the lake was stocked with 800,000 pike.

About one week ago, one lucky fisherman pulled a three and one-half pound bass from the water. The new stock will be brought in from Bradford.

SHILLING STILL REAL MONEY

"Shilling" is one of the most widely used monetary terms, referring to coins circulated in Great Britain, Iceland, Denmark, Germany and at one time even in the 13 American colonies.

COLES ARE MY *Line*

by Neil Patrick

It has always interested me that so many of the stories involving the human side of the Royal Family involve automobiles. Prince Philip likes to take the wheel of a racy sports car now and then, and, from that we get a picture of the spirited young man he is. In New Zealand one day he drove the Royal Tour car himself, with Elizabeth beside him. After all, every man likes to take his wife for a drive.

A lot of Canadian soldiers in England during the war got lifts from a kindly old lady in a big car, and discovered later they were riding with Queen Mary.

I always remember the two Canadians who were heading up to London from the boat train after the big Vimy reunion in France before the war. Their car broke down (obviously wasn't one from our lot) and they were picked up by a young man in a big Daimler.

They exchanged notes and found they were all heading for London; so the man in the Daimler said "well, come on up and have a drink with me" — and before they knew it the big car was wheeling into Buckingham Palace. Their friend, they found, was the Duke of Gloucester, the third son of George V.

For the Royal Family, automobiles were a way to get out from under the restrictions of palace protocol. Like everybody else, they found that driving opens the way to many new adventures, new places to see and new people to meet along the way. And there's satisfaction in owning your own car, I've always thought, the satisfaction of controlling exactly where you're going, how far and how fast and when you're going to stop.

If you want to do this in a Daimler, don't see us, we haven't any. But for a wide range of used cars that any size of pocket-book can afford, drop around. Nothing like a car to give you that royal feeling.

Former Pastor at Gormley Begins Duties at Bethany

Rev. L. K. Sider officially began his duties Sunday as pastor for Bethany United Missionary Church. He succeeds Rev. H. S. Hallman, minister for the past four years, who has been placed in charge of a new congregation in Plattsville.

Rev. Mr. Sider was born in Kitchener, his father Robert Sider being superintendent of the Bethany Sunday school for many years. He attended public school in Kitchener and high school in Stayner. He received his theological training at Lorne Park College and was ordained in 1938.

The Bethany pastor comes to Kitchener with 20 years experience in the ministry. For the past two years he was minister at Zion UM Church, St. Thomas, and previously at Gormley. Rev. Mr. Sider is vice-district superintendent of the Ont. district of the United Missionary Church. He is also a member of the general board.

Mrs. Sider, the former Ruby Moyer, Kitchener, is a daughter of Mrs. Moyer and the late Rev. W. B. Moyer. A sister, Mrs. Gordon Bolender, is a missionary in Nigeria. Rev. and Mrs. Sider have three children; John, Elgin and Miriam.
