Killed mowing lawn

A 22 year old former Stouffville man died tragically, last week at his home in Beeton.

While information remains sketchy, it is believed David Tremblay Jr., was electrocuted while mowing grass. The family once lived on Fairview Avenue.

He leaves his wife, Ramona; one daughter, Michelle; one sister, Rosemarie and his parents, David Tremblay Sr., and Wilma (Mrs. Gordon McLean).

Funeral service was held at Bradford, Thursday, with interment, Bond Head Cemetery.

Reject abattoir

GORMLEY — An application for an abattoir has been denied by Planning Board for the second time in two years, despite the assent of about twenty neighboring residents.

The slaughter house was to have been located on a 13 acre parcel of land west of Woodbine Avenue, south of Gormley Road. The property is part of 75 acres owned by John Guizzetti.

"Once the by-law is approved, we have no control," said Councillor Bill McNalley.

"Relinquishing authority to another government body leaves Council helpless to act should problems arise," he said.

"We know when jurisdiction is in the hands of another level of government," Mayor Eldred King added, "it's difficult to control the situation."

"I can't see any problems with it," owner John Guizzetti told Planning board members. "The Ministry of Health is strict. It has to be cleaner than an ice cream place."

The property is 2,300 feet from the nearest residence and 2,455 feet from Woodbine Avenue. "I can't see it interfering with anyone," Mr. Guizzetti said. Councillor Bill Kamps agreed.

"If there's some kind of legal agreement that will give us control over future owners, I could support it," said Councillor Jim Doble.

But Mayor King said a recent Supreme Court ruling won't allow municipalities "to control the extent of an operation with a site plan agreement."

"There must be some kind of legal agreement we can prepare," replied Councillor Doble.

Mayor King told Mr. Guizzetti, "The future development of the hamlet (Gormley) must be considered. I don't think your land is the place for a slaughter house. Its intended use is rural."

Supporting the mayor, Councillor Jim Sanders pointed out the abattoir site is located across from a scrapyard.

He fears approval of another commerical enterprise in the area would encourage a sudden build-up on property he considers viable farmland.

Mayor King voiced concern over traffic the operation might generate.

Mr. Guizzetti told members the business would only require on truck. He said he can only slaughter animals twice a week due to provincial regulations. On one day he can kill about 30 cattle or about 75 goats or sheep.

When planning board rejected the proposal, Mr. Guizzetti told planners, "There are many black market operators. The Health Ministry told me my operation is the type they'd like to have."
