York Regional Council

Support bus safety petition

YORK REGION - A motion asking the Highway Traffic Act be amended to allow school bus drivers to actuate flashing lights in zones under 35 m.p.h. has been unanimously endorsed by York Regional Council.

The request follows a petition circulated by a Victoria Square mother who became alarmed when she discovered that school buses were not allowed to use their flashers in 35 m.p.h. zones.

In a report to the Engineering Committee, Commissioner Dennis Bosworth described the situation along Don Mills Road as 'particularly dangerous'.

"Children have no protection whatever while crossing Don Mills Road after they leave the bus", he told Council.

Traffic counts in the area indicate that approximately 800 vehicles pass along Don Mills Road between 3:00 and 4:00 p.m. when school children are on their way home and approximately 1000 between 8:00 and 9:00 a.m. when they are on their way to school.

The report points out that in urban areas zoned 35 m.p.h. there are crossing aids such as stop lights, crosswalks and school crossing guards. But in built up sections or rural areas, the same situation does not exist.

"It appears logical that a child would be as severely injured or even killed by a vehicle going 35 m.p.h. as one going 40 m.p.h. If protections is warranted at 40 m.p.h. or over, it is also warranted at lower speeds."

The Engineering Committee had considered raising the speed limit to 40 m.p.h. in the danger areas. But that proposal was turned down after it was discovered there were 52 entrances within eight tenths of a mile in the Buttonville area alone. "Any increase in the speed limit would create additional hazards to the users of these entrances," the report states.

The Regional Solicitor has been authorized to make application to the Minister of Highways to amend the Act while the motion will be circulated to other areas for support.

Winter over?

STOUFFVILLE - Winter over?
Don't be so sure.
Road Superintendent Ernest Davis can recall the day, 30 years ago when seven bulldozers were required to clear the snow-clogged roads in Whitchurch Twp. He said the last machine had just been loaded onto a float when the sky suddenly darkened and down it came.
"I parked my car in Cliff Lemon's driveway and never got it out for a week", he told members of council.
The date - March 23, 1941.
"There's still time yet", he warned.
