Your Doctor Will Tell

THAT THE ACIDITY FOUND IN THE OZONE TREATMENT IS DUE TO THE PRESENCE OF OXYGEN.

It gives me much pleasure to inform you that I have been completely cured of a very severe dyspepsia trouble from which I have suffered for over four years. I tried many remedies but none gave me any relief. I had used your preparation for piles, and I was cured after taking three bottles and this gave me courage. I continued using Powley's Liquified Ozone until I had taken nine bottles and I am happy now to inform you that I am completely cured of dyspepsia. I was a little bit afraid of the acidity, but I found by practical experience that it did not harm me in the least. It did me good.
(Signed) Mrs. Octave Larose,
19 St. Andre Lane, Montreal, P.Q.

MRS. OCTAVE LAROSE, MONTREAL

Most people fancy that Powley's Liquified Ozone is a strong acid when they take it, and are sometimes afraid that it will affect their stomach. There are different kinds of acidity. We'll tell you of two; that caused by fermentation and that produced by a natural element, that possesses a natural acid reaction. To this latter class does Ozone belong. The acid taste you discover in Ozone is due to the presence of oxygen which your druggist or doctor will tell you possesses a marked acid reaction. You needn't be at all alarmed about this kind of acidity affecting your stomach. It is natural and just what your system needs.

In the different uses of Ozone some people see a "cure-all." Powley's Liquified Ozone simply cures those diseases that find their cause in poor depleted condition of the blood. If you will take it regularly the increased vitality together with its antiseptic action will cure you of any disease caused in the manner indicated. You can obtain a bottle at your druggist's, two sizes, 50c. and $1.

You take chances with your health and spoil your baking when you use ingredients of doubtful purity.
If you use
Empire Soda
best for baking
the result will be light, healthful, delicious baking.
One part Empire Soda and two parts cream of tartar makes the strongest and most healthful leavening agent you can use. Cheapest too, for Empire Soda only costs 5c. a packet.
Ask your grocer for Empire Soda and insist on getting it.

Our cheese factory has been turning out five cheese daily during the past week. So far there have been no cuts in quality, which speaks well for our cheese-maker. Our local sportsmen should be out with their guns and weapons now, as a bear has been seen by J. Patterson in his woods.

Improving The Road Bed.

Arden, June 3.—Timothy Steel was married on Sunday to Bernice Lee, a daughter of the late Charles A. Lee, for many years collector of taxes for this township. Dr. Helm, on account of the loss of his sight, went to the Kingston hospital a short time ago, with little hope of recovery. News has reached the village that his sight is improving. The C. P. R. is about making improvements on their line by avoiding the heavy grade near the village, and straightening the curves. This will make work for many, and business brisk. Mrs. F. Williams has purchased the old stand, lately occupied by G. R. Mounds, postmaster. Severa, who left this township in the early spring to work in New York state, have returned home. Martin Wood and wife are back from Faraday, where they have been visiting for some time. Outlet, June 3.—The annual picnic for the Dulcemaine Sabbath school will be held on Greer's Point Thursday, June 5th. A goodly number are enjoying the bright waters of the lake at this early date. Mr. and Mrs. William Mitchell, Mitchellville, were guests of Mr. and Mrs. Albert Greer on Sunday. George Bradley, Lyn, visited friends in this vicinity on Friday and Saturday. At Dulcemaine church on Sunday morning, May 25th, Rev. Mr. Stillwell preached to the Orangemen a very impressive sermon. Mr. and Mrs. Dunham and baby, Toledo, were guests of her parents, Mr. and Mrs. John Earl, for the past few days. Miss Ida Bradley has gone to spend a few weeks with friends at Lyn and Brockville. Mr. and Mrs. Alexander Steacy and children, Seeley's Bay, visited relatives at Warburton on Sunday and Monday. On Monday, June 2nd, about 1,300 pounds of milk had to be sent home from Warburton cheese factory as the vats were all filled. Twenty-five cheese were manufactured that day.

Edward Wilson is engaged at Sexton Washburn's sinking a well with his drilling machine. R. J. Green, overseer of highways, has a gang of men hauling stone to be crushed by a crusher owned by the Warren Bros., Lansdowne. Thirty-three cheese were made in Island City factory, No. 2, on Monday. John Nixon has purchased the gravel pit recently owned by the Brockville and Westport railway. Jerbun Suffel is building a fine new pig-house. William Johnston, Oak Leaf, is doing the work. Rev. D. Earl will give his farewell address on Sunday next. His many friends will be sorry of his removal to another field. Mrs. Robert Young, Brockville, is the guest of William Young, Lake street. One of our young men of the lake shore will take unto himself a life partner on Wednesday of next week. Our teacher, Miss Kelly, is very busy preparing students for the coming examinations.

Dampness Causes Piles.
Here Is an Example of a Severe Case of Itching Piles—The Only Absolute Cure Is
DR. CHASE'S OINTMENT.

Teamsters, drivers, farmers, and all persons who are much exposed to dampness and sudden changes in temperature, are especially liable to suffer from piles, than which there is scarcely a disease which brings with it more acute misery.

John Tuttle, expressman, 107 Stewart street, Kingston, Ont., states: "Like most men who do much driving, sitting a great deal, and often exposed to dampness, I have been a great sufferer from piles. As a matter of fact, I had piles for a number of years and tried nearly everything I could hear of in a vain effort to get cured, but only succeeded when I used Dr. Chase's Ointment. The first application of this grand preparation brought me relief from the dreadful itching, burning sensations, and less than two boxes made a perfect and permanent cure. I am grateful for the freedom from suffering, and desire others to benefit by my experience with Dr. Chase's Ointment."

You hear of all sorts of treatments being tried in vain as a cure for piles, but never hear of Dr. Chase's Ointment failing. So certain is this preparation to bring prompt relief and lasting cure that it has come to be considered the only positive and actual cure for this dreadful ailment. Sixty cents a box at all dealers, or Edmanson, Bates & Co., Toronto.

First Meal With Brigands.

Miss Stone's Narrative, in McClure's Magazine.

Now the men were concerned to bring us food, some milk in a kettle with a couple of wooden spoons, and in one of her own towels they brought to Mrs. Tsilka the crumbled remains of some pastry which her mother had given her for the journey. That brought the tears. Dear mother; did she yet know that her daughter had been carried off and perhaps killed? Would she ever know that we had actually eaten of her good things?

They also brought a woolen homespun bag containing apostabrets of pork (cured in a pig's stomach) and a large piece of another one. This is a speciality in the Raglug district, and the Tsilkas and several of the teachers had provided themselves with a supply for the winter. They gave us pearl cornel berries, red tart and astringent, and pressed them upon us in far greater quantities than we could eat. One brought a pretty tin box empty, which Mrs. Tsilka knew was filled with honey for the journey, but some of the brigands, not being able to resist the temptation of such a tid bit, had eaten it. We were thankful, however, for the box.

POST-CAMPAIGN YARNS.

The Wild And Reckless Yarns Set Afloat.

Hamilton Herald.

Although the political campaign is over, the campaigning lying continues. Wild and reckless stories are being printed about electoral fraud and corruption. How little foundation is necessary for the building up of such charges is seen from two stories told about election methods in Hamilton—one story told by the Hamilton Spectator, and the other by the Toronto World.

The Spectator alleges fraud on the part of an East Hamilton returning officer because, in his division, 201 votes were polled out of a total of 202. The fact is that in this division the total vote is 252.

Here is the Toronto World's story: "In practically every subdivision in West Hamilton a number of ballot papers were supplied to the deputy returning officers, and by them handed to voters, from which the name of mayor Hendrie, the conservative candidate, had been omitted. This is the most brazen fraud yet resorted to by the machine."

The fact is that one such ballot paper was discovered. It is also reported that two ballot papers did not contain the name of Mr. Colquhoun. To attribute these irregularities to wilful fraud is nonsensical. They were the result of careless printing. As the names of the candidates were printed in different colors, four separate impressions were necessary in getting out the West Hamilton ballots; and under such conditions it is easy to understand how one of the names might inadvertently have been omitted. But suppose mayor Hendrie's name had been wilfully omitted, what an idiotic attempt at fraud that would have been! Would any voter who desired to vote for Hendrie mark his ballot for one of the other candidates because he couldn't find Hendrie's name on the ballot paper? What he would do in such a case would be to hand back the defective ballot paper to the deputy returning officer and demand a good one.

The library committee of the board of education is scheduled to meet this evening.

BACKACHE?
Men and Women Who Suffer Intensely From Pains in the Back Have Kidney Disease and It Should Not be Neglected.
WARNER'S SAFE CURE
Cures All Forms of Kidney, Liver, Bladder and Blood Disease.

Test your kidneys: Put some morning urine in a glass or bottle; let it stand for twenty-four hours. If then it is milky or cloudy or contains a reddish brick-dust sediment, or if particles or germs float about in it, your kidneys are diseased. This is the supreme moment when you should begin to take Warner's Safe Cure to arrest all these unnatural conditions, for they are the unmistakable symptoms of kidney disease. If, after you have made this test, you have any doubt in your mind as to the development of the disease in your system, send us a sample of your urine, and our doctors will analyze it and send you a report with advice free.

COMPLETELY CURED.
Mrs. A. M. Leland, of Muscongus, Maine, suffered so much from kidney disease that the doctors gave her up to die; she took Warner's Safe Cure and is now thoroughly well and does her own housework. What Warner's Safe Cure did for Mrs. Leland it will do for all who are suffering from kidney disease.
WARNER'S SAFE CURE is purely vegetable and contains no narcotic or harmful drugs; it is free from sediment and pleasant to take; it does not constipate, and is sold by all druggists, or direct, at $1 A BOTTLE. Warner's Safe Pills taken with Warner's Safe Cure move the bowels gently and aid a speedy cure.
Refuse substitutes. There is none "just as good" as Warner's. Insist on the genuine Warner's Safe Cure, which always cures. Substitutes contain harmful drugs.
TRIAL BOTTLE FREE.
The manufacturers so firmly believe that WARNER'S SAFE CURE will absolutely and permanently cure any diseased condition of the kidneys, liver, bladder or blood they will send postpaid, without any cost to you, a large trial bottle, if you write Warner's Safe Cure Company, 44 Lombard street, Toronto, and mention having seen this liberal offer in the Kingston Whig. Write the medical department for advice, medical booklet, diagnosis and analysis, which will be sent you free of charge.
