The total number of failures in Canada this week, was fourteen, against seventeen last week, and twenty this week last year.

In Uruguay sheep for freezing cost an average of $3 a head, and cattle $23 to $30 in gold. The River Plata can easily furnish from 3,000,000 to 4,000,000 quarters of beef for export.

It is expected that a good deal of new Ontario winter wheat will be offering next week. The first car was offered at Toronto on Thursday at 78c. west, which dealers consider rather high.

Prices of Canadian prints for next spring and summer, just issued by the Canadian mills, are the same as last year. Advances of 10 to 15 per cent. have been made in the prices of British and continental fine wool goods.

Hop growers of Washington state are more than pleased with the prospects of great profits from their yards this year. Twenty and twenty-two cents a pound are now currently offered as contracting figures, it being the first time in a number of years that these figures have been reached. The rise is so pronounced and seems so well founded upon substantial market conditions that many of the growers believe they are justified in waiting for still higher figures.

REV. J. E. HUNTER

Had to Undergo an Operation on His Eyes.

St. Thomas Times.

Rev. J. E. Hunter, the well-known evangelist of this city, underwent an operation in Toronto, on Friday last, and had a film removed from his eyes. The reverend gentleman found his sight affected, and it became necessary to have the operation performed. A letter received by a relative here on Monday, said, the ordeal was undergone successfully, and Mr. Hunter expected to return to Muskoka on Tuesday.

Skill Of An Indian.

Mr. Hurley, ex-M.P. for East Hastings, showed a Whig reporter a remarkable profile of Sir Wilfrid Laurier, cut out of a dark, brown mineral stone, by Joel Johnston, a Tyendinaga Indian, who used only a common jack knife to make the bust. The redman is a warm friend of Mr. Hurley, and having seen a picture of the "Great White" premier, determined to make a "little monument" of him, and finding a stone capable of being whittled, he turned it, like a sculptor, into a piece of art. The likeness is a splendid one of Sir Wilfrid, and reflects the highest credit upon "the poor Indian." Mr. Hurley received it from his red friend only a few days ago, and treasures it highly.

Dried Potatoes.

Potatoes have been added to the list of dried fruits and vegetables, which come in so handy for the housekeeper. The South Carolina Agricultural Experiment Station has successfully produced them. The potatoes are boiled, peeled and evaporated and will keep in good condition for years. The Charleston News predicts that the new product will be a good thing for the farmer.

ARE SEEKING AN ENTRANCE

FOR A RAILWAY IN THE CITY OF TORONTO.

The American Express Company has Ambitions to Cut Into the American Trade—Machinists' Strike Settled.

Toronto, Aug. 2.—A well-defined report is current in commercial and railway circles that United States capitalists are seeking entrance into Toronto from the west for a railway. The scheme is said to be disguised under the form of a plan to enter Toronto as an electric line and later to operate steam cars from Toronto to a connection with United States lines at Hamilton. The conception of the plan is attributed to the interests backing the American Express company, which desires to cut into this territory, and to secure a more direct share of the rich express transportation business which originates in the Toronto territory. At present the American Express Co. reaches Hamilton and operates practically over its own United States connection both ways into the States, via the Niagara Falls route and Detroit. It uses the Toronto, Hamilton and Buffalo RR., the Toronto end of which has never been acquired.

The machinists' difficulty over the wage question, which has extended over several weeks, has been settled. The settlement is in the nature of a compromise, by which the machinists receive an advance all around of about seven and one-half instead of the fifteen per cent., which was asked, which brings the minimum to about twenty cents an hour. The hours of labor remain the same as heretofore, fifty-five per week.

INCIDENTS OF THE DAY.

Miss Nellie Milroy, Rinebeck, N.Y., is a guest at the home of J. A. Goodearle, University avenue.

The Benjamin wheel factory at Yarker has shut down for a few weeks, during which time repairs will be made.

A. C. Scott, of Yarker, a special agent of the Imperial life insurance company, was in the city to-day on a business trip.

At Antwerp yesterday the home team defeated Canton by six runs to one in the St. Lawrence International Baseball league.

Miles McKim, Westbrook, has the record for memory. He recognized John Carrington, Sr., of Picton, after sixty years intermission.

William Abernethy, contractor for painting the roofs of city buildings, has already completed the roof of the Ontario street fire station.

A large crowd of excursionists from Tweed and Napanee arrived in the city this morning over the Bay of Quinte railway, and embarked on the steamer Varuna for Thousand Island Park and other river points. They will return on Monday morning.

Rev. Dr. Courtice, editor of the Christian Guardian, Toronto, suffered a paralytic stroke which rendered his left arm and left leg temporarily useless. He is now recovering at Mortimer's Point, Muskoka. The statement that he had resigned the editorship of the Guardian is denied.

PARENTS UNITED.

David Parent Did Not Know he Was a Father.

Windsor, Ont., Aug. 2.—Twenty years ago David Parent of this city was married to a young woman. A few months later they quarrelled and separated. The wife went to live in Detroit. She drifted entirely out of David Parent's life. A few days ago a young man called on Parent, who had continued to live in Windsor and carry on his gardening business. The young man announced himself as David's son. He had never heard that he was a father. After some conversation young Parent told his father that he wished his parents would live together. He pleaded hard with the father, and finally gained his consent to a reconciliation with his wife. The son brought his mother back to Windsor. Explanations followed. Both were willing to shoulder part of the blame, and it was finally arranged that Mrs. Parent should come back to her husband's home, which she did yesterday.

Memorial Service In Old Church.

Doylestown, Pa., Aug. 2.—The annual service in the ancient edifice belonging to the Augustus Lutheran church, of Trappe, will be held to-morrow. The Rev. Henry Melchoir Muhlenburg, great-great grandson of the founder of the church, will officiate. Since the sesquicentennial of the church on September 26th, 1893, this memorial service has been held. As this unique edifice was projected and finished in 1743 it is now the oldest Lutheran church in America, remaining in its original condition.

Saturday's Good Market.

Saturday's market was one largely attended by the farmers and gardeners, and great quantities of fine vegetables and flowers were temptingly exposed for sale. The buyers, however, were not out in as large numbers as is usual. The hot weather evidently kept them at home. The prices showed little change from last Saturday.

New York Clergyman Drowned.

Plymouth, Mass., Aug. 2.—Rev. Edward L. Atkinson, of the Church of the Epiphany, New York city, formerly rector of the Church of the Ascension, Boston, was drowned in Boot pond yesterday. He went out rowing and fell overboard. The body has been recovered.

At Campbell Bros. To-Night.

Big reductions in fine hats.

BARRIEFIELD BRIEFS.

Protection Should be Afforded the Farmers.

Barriefield, Aug. 1.—The township council meets on Monday. Some of the money used in paying for council meetings would serve the public better if paid to a constable to protect people's orchards and fences, and cut down the weeds that the roadmaster leaves to flourish all over the streets, and to inspect the pig pens. Those things are an every day annoyance to the tax payers and public. What are the council put in for if not to check such community nuisances?

Farmers are stacking their hay and are badly in need of more help. The women have turned out bravely and are assisting all they can on every farm. The strawberries and raspberries have been a washed out crop and are not like the sweet fruit of a drier season, nor as plentiful either. Mr. Turner, Barriefield, who carried the record for fall crop of rye, has a second crop now, measuring five feet two inches. S. McKain is harvesting R. Dunlop's crop of hay on shares. The greatest crop of hay in the memory of the oldest resident is on the ground this year.

The last three hot days started all who could go down the river. Two vans returned from Kingston Mills, loaded with boys one night, shrieking like come-at-the-Indians, waking up all the children and tired residents in a disgraceful manner.

J. D. McGall, of the treasury department, Washington, is visiting his sister, Mrs. James Moran. John Bailie and daughter, of Saginaw, are at his mother's, Mrs. T. Bailie. Mrs. A. Dednan, of Montreal, is on a short visit to Miss Ryan. Mrs. Wright and Mrs. Clark, of North Augusta, are visiting their aunt, Mrs. D. McLean; Miss Dinnihan, Montreal, at Miss McCallum's; Miss Toner, Gananoque, at W. Toner's; Mrs. Pugh left for a visit to Quebec. Mrs. Skiffington, of Detroit, is here to see her brother, R. Dowler, now very ill. Miss Woods is visiting Miss Katie Allen. Miss Bella Hutton, nurse-in-training, returned to Watertown, and Miss Maud Hutton is visiting in Toronto.

Sergt. Jordon, wife and sister, visiting from Quebec, are camping at Barker's Point.

THE B. OF Q. EXTENSION.

New Connection Between Napanee and Deseronto.

Napanee Express.

The line has been surveyed between Napanee and Deseronto for the building of a piece of the Bay of Quinte railway, direct from Napanee station to Deseronto. This gives a direct and level road-bed between the business part of Deseronto and Napanee railway station, avoiding a grading which now exists of forty-one feet within about two miles, between Deseronto and Deseronto Junction. They purpose to do away with Deseronto Junction as a station and also the line between Deseronto and Deseronto Junction, and the rails and siding will be used in completing necessary yard room at Napanee and in the building of the new road. Napanee will become the only junction between the railway systems and Deseronto. It is proposed to continue a service between Napanee and Deseronto, similar to that which is now maintained between Deseronto and Deseronto Junction, a suburban train meeting and connecting with all passenger trains at Napanee, taking all passengers through to Deseronto. This will give twelve or thirteen trains a day between Napanee and Deseronto.

Some Surprising Questions.

Sure. Can a chimney swallow?—Chicago Tribune.

Certainly. Ever hear a ginger snap?—Topeka Capital.

Yep. Ever see a bed spring?—Kansas City Journal.

Of course. Can a rail fence?—New York World.

To be sure. And wouldn't a railroad tie? How about a crash suit?—Baltimore American.

First rate. But isn't the weather vane?—Philadelphia Telegraph.

Maybe. But did you notice the hose reel?—Hamilton Herald.

Verily. And were you surprised to see the water spout or see a-bundance on the plate?

Visitors At The Y.M.C.A.

J. McLaughlin, secretary of boys' work in the Buffalo Y.M.C.A., is spending a week as the guest of J. A. Lawrence, the local secretary. The two were class-mates at college. Stanley Foster, Brooklyn, N.Y., who is also interested in association work, was a visitor at the city Y.M.C.A. building yesterday.

Took Good Precaution.

The "undesirable element" were excluded from the moonlight excursion conducted by "A" Co., 14th Regiment, last evening. A number who had tickets were refused admittance at the gate, and their money refunded. This action on the part of the managers was appreciated by the hundreds of highly respectable people who attended.
