WHY A MAN AGED FIFTY SHOULD INSURE

Because it is the safest method of providing for dependents. There has never been a failure of a legal reserve Life Insurance Company doing business in Canada.

The continuous instalment policy offered by the North American Life Assurance Company, is an ideal method of making absolute provision for dependents. For a payment of $369.00, and a like amount each year thereafter, a man aged 50 secures for his beneficiary, aged 45, an annual income at his death of $500.00 for twenty years, certain, and as much longer as the beneficiary lives.

The strong financial position of the North American, affording undoubted security to its policy holders, makes it a most desirable company with which to make such a contract.

The North American Life desires to engage a first class representative for the City of Kingston and vicinity, and will pay a salary of $100.00 a month to the right man.

# CHURCH WORK.

## A MILLION OF POUNDS WITHOUT APPEAL

**Muller's Orphanage is Well Sustained — Speak the Loving Words—The Methodist Membership.**

Rev. Ralph Trotter, late of British Columbia, has accepted a call to Aylmer Baptist church.

The Bishop of Huron has appointed Rev. R. S. W. Howard, B.A., Mitchell, to be rector of Christ church, London.

Prof. McKechnie will have charge of Woodstock Baptist College during a year's leave of absence granted to Principal McCrimmon.

Rev. Mr. Gelan has resigned the pastorate of the German Baptist church, Arnprior, and left with his family for Williamsport, Pa., at which place he will engage in pastoral work.

The financial meeting of Kingston Methodist district will be held at Harrowsmith on September 18th. A convention for promoting a richer spiritual life will be held on September 17th.

The Fernley lecture is now arranged for two years in advance. Next year at the Sheffield conference, Dr. Arthur Gregory's subject will be "Methodist Hymnology." Rev. Herbert B. Workman, M.A., Toronto, will be the lecturer at the Bristol conference in 1905.

Rev. George C. Moor, M.A., Ph.D., formerly a member of College Street Baptist church, Toronto, and now pastor at La Porte, Indiana, has received and accepted a unanimous call to the First Baptist church, of Champaign, Illinois.

There are in Canada 3,431 Methodist Sunday schools, with a total of 268,107 scholars, also 1,776 young people's societies, with membership of 69,606. The associations during the year contributed $29,531 to missions, an increase of $5,000 over last year's donations.

On Saturday, 5th, the Methodist church, as now constituted, reaches its twentieth birthday. Though the union did not take effect legally till July 1st, 1884, the first general conference of the uniting bodies assembled in the Methodist Episcopal Tabernacle, Belleville, on September 5th, 1883.

Let us speak ont the loving words now when the hearts of those beside us might be touched, and wait not till they lie cold in the dust. Now is the time when men need sympathy. Let us give them that sympathy now. Love's quality is measured by what it will do, what it will give, what it will suffer.

Wesley, a Methodist, wrote "Jesus, Lover of My Soul"; Toplady, an Episcopalian, "Rock of Ages, Cleft for Me"; Fawcett, a Baptist, "Blest Be the Tie That Binds"; Bowring, a Unitarian, "In the Cross of Christ I Glory," and Cardinal Newman, who afterward became a Catholic, "Lead, Kindly Light."

The Methodist general conference statistician, Rev. George H. Cornish, announces that he has just completed his enumeration of the membership of the eleven conferences of Canada Methodism, which show, including the 2,786 in the Japan conference, an aggregate of $296,437. This is a total increase for the year of 4,542.

Mr. and Mrs. R. Broomhall, so long and intimately connected with the China Inland Mission and the work of God in China, are making another offering to that great work in the sending of their youngest son, B. C. Broomhall, a young surgeon of great promise, to take up work in Shansi, North China, where Mr. and Mrs. Piggott laid down their lives.

For the year ending June 30th, 1903, the entire missionary income of the Methodist church, from subscriptions, collections, Epworth Leagues, and Sunday schools amounts to $261,439, the largest contribution in the history of the church, and $23,035 ahead of last year's figures. These figures do not include the contributions to the special emergency fund, which has been gradually growing into respectable proportions.

Close observers of the Wesleyan conference proceedings, says the London Christian World, will have noticed how the tenacity of the three years' limit in circuits is becoming more and more relaxed. Twenty-seven applications for a fourth year were granted out of twenty-nine, one for a fifth year, and one for an eighth year. Circuits are beginning to discover that they have rights and priviliges as much as missions, and conference cannot logically resist the appeal. This sort of thing cannot go on indefinitely, and before long there will be another agitation for a general extension of the three years' term.

The orphanage at Ashley Down, Bristol, founded by the late George Muller, received £41,792 last year "simply in answer to believing prayer," making in round numbers £1,120,000 since the beginning, "without any appeal, verbal or printed, to the public, or solicitation for help addressed to one single individual." James Wright, who issues the report, refers to a prediction made when Mr. Muller died, in 1898, to the effect that the work would now have to be carried on by new methods. "Yet for five years this work has gone on, and is going on to-day, on precisely the same lines on which it was conducted for the previous sixty-four years."

### MADE ENQUIRY.

**Into Death of a Lad at Deseronto.**

Belleville Ontario.

The inquest, Wednesday, before Coroner Pasemore, at Deseronto, to enquire into the cause of the death of Joseph Gartland, a four-year-old boy, was adjourned until Friday next. A postmortem examination will be held. On Tuesday last the little boy was in his usual good health. He ate a hearty dinner and about two o'clock his mother left him with a half-sister while she went shopping. The girl says she rocked the little fellow to sleep, carried him upstairs, and put him to bed. A short time after she heard a noise and went upstairs. The little boy turned over, gave a long sigh, and was dead. Dr. Newton was called but could give no reason as to the cause of death. This is the third death in the family since June last. In June two twin boys died suddenly.

Dr. Newton made the postmortem examination. The organs, including the brain, lungs and heart, were found to be in a healthy condition, and no reason could be found that would cause death. The stomach was sealed and will be sent to Toronto for analysis.

### Have Now A Fair School.

Strathcona, Sept. 2.—Harvesting is pretty well over. Help was rather hard to get during the rush. The Cement Works company and paper mill are running their full capacity. The shock of the explosion at Tweed was felt and heard here. Mrs. and Miss Dunlap, who spent a few weeks visiting friends in New York state, have returned. Thomas Sweet, ill for a long time with consumption, died on August 20th, and was buried the following Sunday. He was about fifty years of age. Mrs. Johnson, East Angus, Que., is visiting Mrs. G. and Mrs. E. Rook. Miss Baker is the guest of her sister, Mrs. Rickson. Mrs. Alfred Knight, with her sister-in-law, Mrs. Hawley, Trenton, were callers of Mrs. Lott, Sunday. Mrs. Martin went to Manitoba per excursion, to visit friends. Hugh Davy is somewhat better. Mrs. Davy has also been ill. Their daughter, Mrs. D. Thompson, is with them. Many farmers were forced to thresh before all their grain was in. There has been a very heavy harvest in this section. Mrs. W. Rook has broken up housekeeping in Newburgh, and come to live with her parents, Mr. and Mrs. W. Russell. Mr. and Mrs. Martin Kehoe entertained a few friends last evening; all enjoyed themselves very much. P. D. Shorey, who has had charge of the school here for two years, has secured Newburgh public school. His brother, William Shorey takes his place here. The schoolhouse has been enlarged and the roof raised, so the junior department is now taught in the upper storey. The roof is covered with metallic roofing; there is one large door for the main entrance, instead of the two narrow ones. The wood work newly painted and the building, which is of stone, is now a very handsome one. The cost of improvement was about $1,400.

### To Clean Children's Teeth.

Berlin, Sept. 4.—The municipality of Strasburg has voted to build an $80,000 dental hospital for school children. Every pupil in the school is to be submitted to a dental examination on entering and twice during school time until the age of thirteen. The municipality had come to the conclusion that a large proportion of the ills young people suffer come from bad teeth and lack of proper dental attendance.

### View The Famous Lost Channel.

Steamer America leaves Saturday, 3 p.m., making her last special tour of the Islands.

If you should live to be the age of Methusaleh you will never again have the opportunity of seeing as fine a collection of attractions as have been gathered together for Kingston's big fair next week. The whole of Canada has contributed towards making the undertaking an attractive success.

NURSED THE SICK, RUINED HER HEALTH

For Months Mrs Myles Lay a Helpless Sufferer From Nervous Prostration and Was Cured By

Dr. Chase's Nerve Food.

Mrs. John Myles, Sr., of South Woodslee, Essex county, Ont., is well known throughout the surrounding country because of her work among the sick and suffering, and it was on account of overexertion in this regard that her health broke down and she lay weak and helpless, a victim of nervous prostration. Doctors could not help her and she resolved to try Dr. Chase's Nerve Food. As a result she has been thoroughly restored and by recommending this treatment to others has been the means of bringing back health and happiness to many a weakened and discouraged sufferer from diseases of the nerves.

Mrs. Myles writes: "When I began the use of Dr. Chase's Nerve Food I was confined to my bed with what the doctors said was nervous prostration. My stomach was very weak and I could not sleep at all for any length of time. Nervous chills and trembling would come over me and at times I seemed to be getting weaker and weaker all the time. There were also pains on top of my head which caused me much suffering and anxiety.

"After using half a dozen boxes of Dr. Chase's Nerve Food I began to gain in weight and to feel stronger. Since then I have been gradually restored to health and in looking back can say that the improvement has been something wonderful. I used in all [illegible] boxes of this preparation and feel it a duty as well as a privilege to recommend it to all who are suffering from nervous disorders. Several persons to whom I have described my case have used it and been cured and I am sure that I owe my present good health, if not life itself, to Dr. Chase's Nerve Food."

Mrs. James Hurst, 159 Pine street, Kingston, Ont., states: "I frequently had distressing dizzy feelings in my head with pains in my back. About two months ago I began a treatment with Dr. Chase's Nerve Food and it was not long before I noticed a great change in my condition. I rest and sleep well now and get up refreshed in the mornings. The pains in my head and back do not bother me any more. I am firmly convinced that this preparation is thoroughly and permanently curing me and that my system is much benefited by its use."

Dr. Chase's Nerve Food, 50 cents a box, 6 boxes for $2.50, at all dealers, or Edmanson, Bates & Co., Toronto. To protect you against imitations, the portrait and signature of Dr. A. W. Chase, the famous receipt book author, are on every box.

Fit-Reform
READY TAILORED CLOTHES

Fall Fashion Foibles.

Fall styles are ready. "FIT-REFORM" WARDROBES are style expositious, these days. Everything is here that Dame Fashion approves—that good taste commends.

Rich, elegant woollens that Scotland sends us—the ever popular English Cheviots—Friezes and Coatings from the Emerald Isle—Choicest Domestics—well, stop in and see for yourself just what is proper for fall wear—and the changes in style since last season. It's an invitation we hope you will accept. It implies no obligation to purchase.

These are looking-around-days for most men, and most men won't overlook "FIT-REFORM" WARDROBES—where new styles, proper styles, exclusive styles, make their debut to Canadian men.

FIT-REFORM CLOTHING

Suits and Overcoats, $12 to $30.
Trousers, $3, $4, $5 and $6.

Sole Agent,
E. P. JENKINS,
Princess Street, Kingston.

FIT-REFORM CLOTHING

### TORTURED IN JAIL.

**Inhuman Treatment Suffered by Prisoners.**

Vienna, Sept. 4.—A letter received here from a student of the Technological institute of St. Petersburg, a son of a well-known personage, describes the fiendish ill-treatment which he and sixty-eight fellow prisoners suffered at the hands of the warders in the great or political prison, of the Russian capital.

The father of the student affirms that these cruelties are inflicted with the knowledge and at the instance of the minister of justice.

For a trivial offence, that of talking too loudly, the prisoners were set upon by a hundred and nine warders, throttled, kicked, beaten, dragged head downward to the underground cellars, and strait-jacketed, fettered, and handcuffed. There they lay on the stone floor from seven in the evening to eleven in the morning, the cold being such that the jailers in their woollen suits were shivering.

The prisoners' threats to complain were met by taunts of "Who saw it? Who will believe you?"

One of the victims of these outrages which happened on June 24th, is M. Bogatsvo, editor of the monthly, Russkoje, and an author. Another is a state official of eleven years' service, imprisoned by error. Another is a doctor.

And while the sufferers lay in the cellars they heard prayers being said and vespers being sung overhead.

### "The Ocean Has No Pants On."

New York, Sept. 4.—Mrs. Langtry and Signor Marconi were dining at different tables in a restaurant the other night. The actress saw the inventor for the first time.

"What a wonderful man he is," Mrs. Langtry said, "What he has done seems marvellous. Only I can't say that my own experience with the wireless telegraph was a complete success. I had dined with a friend the night before I left London, and when we passed a vessel I telegraphed by the new method, 'The ocean does not part us.'

"Ten days later I had the telegram back from my friends with a request to explain what it meant. It read, 'The ocean has no pants on.'"

### This Enoch Arden Rebels.

Paris, Sept. 4.—Lieutenant Remay, who went with the French army to Madagascar eight years ago, returned home to find himself a French Enoch Arden, his wife having married again, believing herself a widow. Unlike the original Enoch, he insists on his rights, and under the French law the second marriage can be pronounced illegal.

See Them Now.

$3.50 men's box calf lace boots, with rubber heels for only $2.50, at Abernethy's.

How "Dewey did it" without seeing Kingston's big exhibition next week is a mystery. Take a look in at the fair and see the fine showing of live stock, etc.

The Proper Treatment For a Sprained Ankle.

As a rule a man will feel well satisfied if he can hobble around on crutches two or three weeks after spraining his ankle, and it is usually two or three months before he has fully recovered. This is an unnecessary loss of time for in many cases in which Chamberlain's Pain Balm has been promptly and freely applied, a complete cure has been effected in less than one week's time, and in some cases within three days. For sale by all druggists.

### WOULD NOT SUBMIT.

**Death Rather Than Lose His One Hand.**

New York, Sept. 4.—Rather than lose a hand by amputation Thomas P. Coughlin, a fish dealer, killed himself at his home. Coughlin in cleaning a fish ran the fin of a fish in his hand. He neglected the wound. Then, as the hand began to swell from blood poisoning, Coughlin went to a hospital. There he was told that the only thing to do was to have the hand amputated. He left the hospital promising to return. He was very despondent.

At night a man with whom he had worked for fifteen years called to see how his chum was getting along.

"I've got to lose my hand," Coughlin said.

"Well, you'll have one left," said Walsh, trying to cheer his friend.

Coughlin went into the kitchen.

Walsh followed him and saw him swallow a small bottle of carbolic acid. Coughlin died before an ambulance surgeon arrived.
