THE HORRORS

Of Situation at Port Arthur Increase

DEPTHS OF HELL

IS ONE MAN'S DESCRIPTION OF FORT'S PLIGHT.

No Anaesthetics, And Wounded Suffer Torture—Much Disease—British Ships Run Blockade With Cargo Of Beef—A Cossack Charge.

Special to the Whig.

London, Nov. 5.—The reports received from Chefoo, concerning the situation at Port Arthur, are conflicting, it being alternately declared that the assault is still going on vigorously, and that it ceased on Thursday. It is said that the Japanese captured the Erhrlung Shan, and some of the Kekwanshan forts. Other reports say that the assaults on these positions, and on the Shanshushan fort failed. It is declared that the Itzshan fort was captured after a whole battalion of Japanese had been slaughtered. This fort commands the Tiger's Tail fort, and its possession by the Japanese means the fall of the entire fortress. It is stated that the Japanese have blown up the Peiquishan magazine, and destroyed a quantity of provisions, which seriously weakens the defenders.

The Daily Mail's Chefoo correspondent cables a long letter received from a Russian, at Port Arthur, from which place it was despatched on October 27th. The letter deals mainly with past events, and likens the position of the besieged to being in the depths of hell. The writer says that the principal forts are uninjured, but most of the town is in ruins. The harbor works are in a sad plight. Some of the ships have been injured by falling shells, and it is impossible with the scant resources to repair them. The hospitals are crowded with men suffering from sickening wounds. There is not a single bottle of anaesthetic in the place, and the wounded endure agonies. Food is of the coarsest description, and is beginning to be scarce. There is much disease.

The Chefoo correspondent of the Daily Telegraph says the czar has left full discretion to Gen. Stoessel regarding his future, but the message cannot be delivered. His majesty says that Russia is satisfied with the heroic stand that has been made, and now merely hopes for the best. The correspondent believes that Gen. Stoessel will keep his word, and will not surrender.

British Ran Blockade.

Shanghai, Nov. 5.—The British steamship Victoria, has run the blockade of Port Arthur with a full cargo of beef. The Japanese blockaders overhauled the Victoria on October 9th, off Wei-Hai-Wei, but allowed her to proceed, when they found that she was bound from Japan to New Chwang.

A Cossack Charge.

Mukden, Nov. 5.—On Monday, on the Russian extreme right, a squadron of Don Cossacks, charged a battery of Japanese artillery, near Lidantoun. The Cossacks went forward at a gallop through a field of uncut millet against the fire of a battery, and had almost reached the guns, when a couple of companies of Japanese infantry rose and poured in several volleys, compelling the cavalry to ride out of the field at an even faster pace than they went into it. The Cossacks lost about twenty-five men.

TO MEET IN PARIS.

Russia Will Have To Pay Heavily.

Special to the Whig.

Paris, Nov. 5.—Foreign Minister Delcasse announced to the council of ministers the details of the approaching session of the Anglo-Russian commission of the North Sea incident. The session of the commission will be held in Paris, beginning about November 16th, or as soon after that time as a full attendance can be secured. The commission will be composed of British, Russian, French, and American admirals, one from each country, these four to select a fifth admiral.

To Pay A Heavy Bill.

London, Nov. 5.—The Central News says that Russia will be asked to pay more than $500,000 for indemnity.

Has Left For Far East.

Tangier, Nov. 5.—The Russian Baltic fleet is again en route for the far east.

A Veteran Dead.

Special to the Whig.

Port Huron, Mich., Nov. 5.—The body of William Harper, eighty years old, was found, last evening, floating in Black River. The old man disappeared on October 20th. Harper's widow, seventy-eight years of age, is in the City Hospital, a hopeless paralytic, with her mind almost gone. The old man was a veteran of four of Great Britain's wars, having fought under the Union Jack in the Sepoy mutiny, the Crimea and twice on the South African veldt.

Except Toronto and St. John—with one conservative seat each in Montreal and Hamilton—the large cities are solidly liberal. Halifax, Quebec, Kingston, London, Ottawa, Winnipeg, Vancouver and Victoria elect liberals. The cabinet ministers, except Mr. Aylesworth, are all returned. Without Quebec at all, the government has a majority. With seven constituencies to elect members at later dates, the ministerial majority is about sixty-seven. When the vacancies are filled the majority will exceed seventy.

ALDERMAN WALSH WILL RUN.

Expects To Poll Large Majority.

Special to the Whig.

Montreal, Nov. 5.—The first candidate announced in this section for the provincial house, in the approaching contest, is Ald. M. J. Walsh, who has represented St. Ann's ward in the city council for the past three years. He has received a requisition signed by 500 electors of St. Ann's ward, where he is confident that he can poll as large a majority as did Ald. Gallery in the federal contest, and that he will be much better in the west and centre wards. If Dr. Guerin, who was elected in 1900 by acclamation, to represent the division, decides to contest the seat, Ald. Walsh will run as an independent liberal.

KILLED A MAN.

He Stepped In Front Of a Car.

Special to the Whig.

London, Ont., Nov. 5.—An unknown man was killed by a Pottersburg street car, last night, at London Junction, two miles east of the city. The car was bowling along and when near the Governor's Road, the unfortunate man stepped in front of the car. Before the motorman had time to slacken speed, the man was under the wheels. The man apparently was a working man about forty-five years of age.

SIR WILFRID AT MONTREAL.

Will Be Given Reception In Montreal.

Special to the Whig.

Montreal, Nov. 5.—Sir Wilfrid Laurier arrived at Place Viger station, this morning, from Quebec, in his special car, and at once proceeded to the Windsor hotel, where he is receiving his friends. Sir Wilfrid declined to make any statement on public matters. He will leave for Ottawa at four o'clock, where a big reception is being prepared in his honor.

BOGUS BOXES.

Belleville People Say it Was Tory Plot.

CAN FIND LITTLE.

THINK "NIGGER IS IN THE FENCE."

Ballot Box Story From West Hastings Has The Appearance Of Being a Conspiracy—Denial By The Liberals.

Belleville, Nov. 5.—Liberals here will fully investigate the conservative roorback, when E. Gus Porter charged the liberals with introducing bogus ballot boxes into the campaign. Just as the polls opened he entered the police station with a ballot box. At the same time the Belleville Intelligencer issued dodgers, headed, "Grit bogus ballot boxes seized," and the ink was dry, as if printed the night before. The Belleville Ontario then came out with a dodger, "Porter's Lie," and saying that "Porter is the only person known to have a ballot box in his possession."

Both Mr. Lott, the candidate, and his brother deny Porter's allegation, and Returning Officer William says: "No bogus ballot boxes were seized in the hands of any of the deputies. Porter deposited five bogus ballot boxes, not issued by me, and declined to give information to me as to where they were obtained."

Five boxes in all were seized by Mr. Porter and his cohorts. No search warrant or other legal document was offered as authority for their taking, and people here generally seem to think that a large-sized Ethiopian is lurking in the political woodpile.

Mr. Porter is very reticent, and claims to have knowledge of other boxes than the ones seized. One box was taken from the police station, Thursday, and has mysteriously disappeared. The chief of police says the box was taken in his absence, and he says he does not know who took it, or where it went, but it is said here that it was taken to Trenton and used as an exhibit to injure Mr. Lott's cause.

Prominent reformers are working hard to find out where they came from, and sensational developments are hourly expected. The crown prosecutor, P. J. Manderson, says he has received no complaints nor information in the matter.

SHOT PREACHER DEAD.

Drunken Wedding Guest Angered By Calling Down.

Birmingham, Ala., Nov. 5.—At Dolomite, during a negro wedding last night, a drunken guest raised a disturbance, and when the negro minister remonstrated with him he shot the preacher dead.

Within the past fifteen hours three other men have been killed and one fatally wounded in personal altercations in the Birmingham district. At Lewisburg, Jack Yarborough, a merchant, and J. V. Phillips, a miner, quarrelled over a game of cards. Yarborough was killed instantly and Phillips died several hours later. At Cardiff, W. M. Mulkin, a white mine striker, applied an epithet to Percy Burns, a negro miner, and a pistol duel followed. Mulkin was shot through the brain, but lived four hours. Burns will die.

THE STOLEN COPE.

J. Pierpont Morgan Has Returned The Valuable Relic.

New York, Nov. 5.—The ancient ecclesiastical cope which was stolen from the cathedral of Ascoli, Italy, two years ago, and later purchased by J. Pierpont Morgan, has been presented to the Italian government by Mr. Morgan through Baron Edmondo Dell'Angelles, the Italian ambassador. The cope is now in the Victoria and Albert museum at South Kensington, England.

Women's Institute.

Special to the Whig.

Toronto, Nov. 5.—The reports of the Women's Institute of Ontario, just issued, shows that the membership in June last was 5,433, compared with 4,565 at the end of the corresponding month last year, an increase of nineteen per cent. The number of meetings held was 960, an increase of 241, and the attendance increased from 22,013 to 44,698. Superintendent Putnam in his introduction to the report says: "There seems no doubt that the women's institutes are giving real and valuable help to the women of the country in the best way by enabling them to help themselves."

RUSSIA ACCEPTS DRAFT.

Points Of Russia's Case From Inspired Sources.

Special to the Whig.

St. Petersburg, Nov. 5.—Russia has accepted the telegraphic draft of the Anglo-Russian convention for the commission of inquiry into the North Sea incident, submitted to Russia on Wednesday, and the final exchanges will be ratified in London. Four points of the Russian case which bear evidence that they came from inspired sources are as follows:

1. Information which reached Vice-Admiral Rojestvensky as he was leaving Danish waters showed that suspicious vessels were in the North Sea, navigating first under one flag, and then under another.

2. The transport Kamtchatka's report, by wireless telegraphy, some time before the incident occurred, that she had seen "two torpedo boats (the Kamtchatka being then thirty miles behind the squadron).

3. Later the receipt of a suspicious wireless message signed "Kamtchatka," asking for the exact latitude and longitude of the squadron, which it was afterwards ascertained was never sent by the Kamtchatka.

4. The appearance of two torpedo boats alongside the squadron, which could not have been Russian, as all the Russian torpedo boats were then in the English channel. The squadron did not fire until the torpedo boats were seen.

5. The fact that only seven torpedo boats are now with the squadron, whereas eight left Libau, is explained by the fact that one of them broke down before the squadron left Danish waters, and was towed back to Libau by the Russian ice-breaker Ermak.

British Warships Ordered To Sea.

Gibraltar, Nov. 5.—The battleships Victorious, Magnificent, Illustrious and Jupiter have been ordered to put to sea immediately. It is believed they will proceed westward.

Organized An Attack.

St. Petersburg, Nov. 5.—A sensational report is current here, attributed to the highest authority, that Russia will undertake, before the international commission, to prove that the Japanese minister at The Hague actually organized an attack on the Russian squadron, and will produce a message sent by the minister containing complete evidence that such was the case.

HURRY TO ENGLAND.

More Powerful Boats To Replace Them.

Special to the Whig.

Victoria, B.C., Nov. 5.—H.M.S. Grafton and H.M.S. Flora have received orders to leave, immediately, for England. The Grafton will sail to-day. The Flora, now at Coquimbo, will proceed without waiting for the Grafton. The unexpected depletion of the Pacific station of two of its largest vessels is explained, at Esquimalt, on the grounds that more powerful vessels are on the way from England to this station, which, since the friction with Russia became acute, has suddenly sprung into prominence as a naval base.

The departure of the Grafton and Flora leaves on the Pacific station the cruiser Bonaventure, the sloop-of-war Shearwater and the naval survey vessel Egeria.

Seeking Reconciliation.

Florence, Italy, Nov. 5.—The former Crown Princess of Saxony, Louise of Tuscany, the divorced wife of the King of Saxony, has arrived here, desiring, it is said, to be nearer Rome in order to facilitate the negotiations with the vatican, with the object of bringing about a reconciliation with the king. This is here considered to be more probable now, owing to the death of the late King George, who was implacable.

Bought More Papers.

London, Nov. 5.—C. A. Pearson, proprietor of the Daily Express, of this city, and other newspapers authorizes the announcement that he has purchased the London Morning and Evening Standard. He said the purchase was purely a business and not a political transaction.

Cheats Justice With Gun.

Burlington, Ia., Nov. 5.—The body of Jacob Graves, who mysteriously shot and killed Thomas Layton, was found in his cabin on Frys Island by officers who were pursuing him. There was a bullet hole in the head. Death was the fulfillment of a threat to elude justice by suicide.

Lemieux Declared Elected.

Special to the Whig.

Gaspe, Que., Nov. 5.—Beaudry, the conservative candidate for Gaspe county, has withdrawn. Lemieux will likely be declared elected by acclamation.
