Colds

How often you hear it remarked: "It's only a cold," and a few days later learn that the man is on his back with pneumonia. This is of such common occurrence that a cold, however slight, should not be disregarded.

Chamberlain's Cough Remedy

has gained its great popularity and extensive sale by its prompt cures of this most common ailment. It always cures and is pleasant to take. It counteracts any tendency of a cold to result in pneumonia.

SPORT REVIEW.

FOUNDATION OF RUGBY IS THE SCRIMMAGE.

Choynski Will Be On The Ring Again To Play Off With R.M.C. Adopted The L.Y.R.A. Rules.

The management of the Canadian Soo hockey professional team is on the hunt for players in Winnipeg this season.

In one of the fiercest games of football ever seen at West Point, Princeton defeated West Point, Saturday, 12 to 6. Over 10,000 persons witnessed the contest.

Joe Choynski, the veteran western heavyweight fighter, has reconsidered his determination to retire from the ring, and has accepted terms for a bout with Jack O'Brien, in Philadelphia on November 14th.

President J. Ross Robertson has appointed James G. Merrick of the Argonauts, as a member of the Ontario Hockey Association executive, to fill the vacancy caused by the death of the late A. B. Cox, of St. John's A. C., London.

JOE CHOYNSKI.

The final game in the western section of the intermediate Intercollegiate Union, between Varsity II., and McMaster University, went to the latter by the one-sided score of 20 to 1. McMaster will now play off with the Royal Military College.

Hamilton intends to challenge Ottawa College for the Canadian championship, provided they win the O.R.F.U. championship. They are already practising a scrimmage with this end in view, and will be prepared to play under Quebec Union rules.

Eugene Tremblay has accepted the defi issued by Tom Burrows, and the pair will meet Thursday night at Sohmer Park, Montreal. The match will be a mixed one, and whoever wins a fall in the shortest time will have choice for final style, if a third fall be necessary.

Many a famous half has achieved his greatness behind a splendid scrimmage and strong inside wings. If they had to labor with a wobbly lot in the pivotal position their names would not go down in football lore. The foundation of rugby is the scrimmage.—Exchange.

Cooney, of the Princeton football team, kicked ten goals from touchdowns against Lehigh, October 22nd, but his accomplishment was put in the shade the very same day by Curtin, of Michigan, who kicked eighteen straight goals from touchdowns in the game against West Virginia.

Clarence Forbes, of Chicago, and Harry Cobb, of Detroit, fought ten rounds to a draw at Detroit, Friday night. For five rounds Forbes was easily master of the situation, but Cobb evened up matters in the seventh and ninth, having Forbes in a tired condition at the end of the eighth. In the tenth honors were even.

The adoption of the Lake Yacht Racing Association twenty-foot class by the Interlake Yacht Racing Association is another step toward the uniformity of classes on the great lakes. The western yachtsmen have been fostering a class of twenty-one-foot racing machines. The folly of such a step was remarked at the time the class threatened to become popular, but the western men preferred to learn by experience. Now they know.

NO ARGUMENT NEEDED.

Every Sufferer From Catarrh Knows That Salves, Lotions, Washes, Sprays and Douches Do Not Cure.

Powders, lotions, salves, sprays and inhalers cannot really cure catarrh, because this disease is a blood disease, and local applications, if they accomplish anything at all, simply give transient relief.

The catarrhal poison is in the blood and the mucus membrane of the nose, throat and trachea tries to relieve the system by secreting large quantities of mucous, the discharge sometimes closing up the nostrils, dropping into the throat, causing deafness by closing with Eustachian tubes and after a time causing catarrh of stomach or serious throat and lung troubles.

A remedy to really cure catarrh must be an internal remedy which will cleanse the blood from catarrhal poison and remove the fever and congestion from the mucous membrane.

The best and most modern remedies for this purpose are antiseptics scientifically known as Red Gum, Blood Root and Hydrastin, and while each of these have been successfully used separately, yet it has been difficult to get them all combined in one palatable, convenient and efficient form.

The manufacturers of the new catarrh cure, Stuart's Catarrh Tablets, have succeeded admirably in accomplishing this result. They are large, pleasant tasting lozenges to be dissolved in the mouth, thus reaching every part of the mucous membrane of the throat and finally the stomach.

Unlike many catarrh remedies, Stuart's Catarrh Tablets contain no cocaine, opiate or any injurious drug whatever and are equally beneficial for little children and adults.

C. R. Rembrandt, of Rochester, N. Y., says: "I know of few people who have suffered as much as I from catarrh of the head, throat and stomach. I used sprays, inhalers, and powders for months at a time with only slight relief and had no hope of cure. I had not the means to make a change of climate, which seemed my only chance of cure.

"Last spring I read an account of some remarkable cures made by Stuart's Catarrh Tablets and promptly bought a fifty cent box from my druggist and obtained such positive benefit from that one package that I continued to use them daily until I now consider myself entirely free from the disgusting annoyance of catarrh; my head is clear, my digestion all I could ask and my hearing which had begun to fail as a result of the catarrh, has greatly improved until I feel I can hear as well as ever. They are a household necessity in my family.

Stuart's Catarrh Tablets are sold by druggists at 50 cents for complete treatment and for convenience, safety and prompt results they are undoubtedly the long looked for catarrh cure.

ADMITTED MANY THEFTS.

George Servie Captured By Ogdensburg Police.

Ogdensburg, N.Y., Nov. 8.—The police have run down what they believe to be the band of thieves which has been committing robberies throughout the city and surrounding country. G. Servie, their leader, was locked up in the city jail and confessed to numerous thefts. His little daughter told a piteous tale of having been forced to tramp many miles over the country roads at night to stand watch and assist in carrying off booty. She was sent to the city orphanage. The police expect to make other arrests.

HIS EYE DESTROYED.

Cartridge Explodes In Face Of J. Penny, Dead Creek.

Jay Penny, who lives at Dead Creek, near Arden, met with a serious accident on Monday, which resulted in the loss of his left eye. He was removing the cartridges from a gun, with the muzzle pointing towards him. The last cartridge exploded, striking him around the left eye and making a severe wound. The injured man was brought to the Kingston General Hospital, where Dr. J. C. Connell removed the eye, which had been destroyed.

JUDGES ARE SCARCE.

And The Trials Are Consequently Delayed.

Special to the Whig.

Sault Ste. Marie, Ont., Nov. 8.—On account of the difficulty in getting judges to sit on the adjourned bribery cases no definite date can be set for the trial now. Justice Osler is of the opinion that it will require two judges to try the case. These probably will be Chancellor Boyd and Justice Teetzel who heard the election protest in September. The trial likely will be taken up again in the fore part of December.

CONJUGAL WOES.

Husband Of a Day Begins Suit, Alleging Alienation.

Watertown, N.Y., Nov. 8.—James Stratford, a blacksmith of Cape Vincent, has begun an action against John Larock, caretaker at the Cape Vincent breakwater, to recover damages for the alleged alienation of the affections of the plaintiff's wife, who is said to be now living with her mother at Depauville. At the time of the alleged alienation Larock was single, but he was married the day before this action was begun.

EXCITES THEM.

COUNCIL DISCUSSES MRS. LEE JORDAN'S CHOICE.

Great Indignation Aroused By Report That Society Woman Is To Wed Man Of Alleged Negro Blood.

Macon, Ga., Nov. 7.—Such is the indignation of the people of Macon over the engagement of Mrs. Lee Jordan to Senor Don Louis F. Corea, Nicaragua's minister to the United States, that the matter has been brought before the common council and has been repeatedly discussed by that body in conference with the mayor since the report was first circulated that Corea is of negro blood.

MRS. ILAH DUNLAP JORDAN, OF MACON, GA.

Other charges have been made against Corea, notably that he has a wife and child in Nicaragua, but these are not considered matters that would call for public action. The belief that Mrs. Jordan was to marry a man supposed to have negro blood in his veins was a matter in which the common council regarded itself as clearly justified in discussing.

Mrs. Jordan is of one of the best families in the state, and for this reason is under obligations to the state which she cannot evade, in the opinion of the people of Georgia. Nowhere else is the principle of noblesse oblige regarded as so nearly approaching a divine injunction. For a woman of caste, a woman of Mrs. Jordan's station in life, to marry a man of negro blood would have caused every Georgian of her class to blush. Before her marriage to Lee Jordan, Ilah Dunlop was regarded as the most beautiful woman in Georgia. The man she married was much older than herself, and looked on as the richest man in the state. After her marriage she retired from society and but little was seen of her by her old friends.

SENOR LUIS F. COREA.

The statement that she was to be married again revived great interest in Mrs. Jordan in Macon and throughout the state, and when this was followed by the report that her intended husband was of negro blood the feeling of the people of Georgia changed to indignation.

Mrs. Jordan has received a letter from a New York woman who spent three years at Granada, Nicaragua, where Senor Corea was born. Being thoroughly familiar with the lineage of the minister, and knowing his family well, she has stated to Mrs. Jordan that she knows Senor Corea to be of the best blood of Spain, and that his family is one of the best in Nicaragua.

WHY DOES A BABY CRY?

Because it is either hungry or in pain. Properly nourished it will usually grow up right and be comfortable—that's the principal thing for a baby. If its food lacks strength and nourishment add Scott's Emulsion at feeding time. A few drops will show surprising results. If a baby is plump it is reasonably safe. Scott's Emulsion makes babies plump.

GRANT HALL OPENED.

(Continued from page two.)

and free from churchiness. The color scheme and design in glass has been carefully carried out on antique lines, the walls being of moss green, with Venetian dado, and ceilings of ochre. The pillars and piers of imperial red, with well marked bases and caps. The entrances will be treated to harmonize with the main hall.

The kindly assistance of the building committee has enabled W. L. Symons, the architect, who personally designed the work, to obtain results that will make a fitting memorial to the late Principal Grant. The contractors deserve the highest praise. The work of Messrs. Free & Litton for masonry, Henry Wilmot for carpenter work and Robinson Bros. for decorating is especially creditable, not only to themselves, but to the people of Kingston. Their work has been done with a spirit of honesty and unselfishness, not often met with in these self-seeking days, and the money spent by the trustees shows a result rarely obtained.

The cost of the building, about $45,000, exclusive of seating, will be entirely, almost, met through the generosity of the students and alumni of the university.

The building will not be fully completed for another month. Last night the seating was only temporary, and the lighting apparatus is not yet all arranged. The hall, with its seating capacity of 1,700, is larger than anything in Toronto, outside of the great Massey Hall.

The Bishop of Ontario preached three times on Sunday in Camden East parish. His lordship finished his fifth visitation tour on his fourth anniversary.

Dr. Wilson Herald, of Assinaboia, after spending two months in Liverpool and Glasgow, visited his relatives in Kingston, en route for his home in Walsh, where he is a prosperous ranchman. He also spent a couple of days of the last week of October in Goderich, the guest of his wife's parents, Mr. and Mrs. John Ralph.

Mrs. Bridget Robinson, wife of Samuel Robinson, Cannifton Road, died at Belleville hospital as the result of a fall. She was a native of Ireland and was seventy-nine years old. She lived in Kingston for several years, and was a devoted member of the Church of England and a most kindly soul. Mrs. James Delph, Stephen street, is a daughter.

Y.M.C.A. ITEMS.

The Meetings Are Most Successful.

Yesterday was a day of blessing. Eight men met at the 12:30 to 1:30 noon prayer meeting and had a waiting time before God. This noon meeting ought to be well attended, as it is vital to the success of our services. Men interested are invited to drop in even for a few minutes.

After the evening service, which was well attended for a Monday night, the evangelist, Mr. Cameron, had a profitable consultation with those present regarding the meetings. Each one present left determined to use his influence with God and man to make the meetings a success.

With pleasure we beg to acknowledge the gift of "The Epworth Era" for a year from R. J. Chown. This is quite an acquisition to our reading room.

The Court Of Revision.

The court of revision met yesterday afternoon and made the following decisions regarding assessment appeals:

IS RELEASED.

Freedom Is Provided For The Diamond Queen.

Special to the Whig.

Atlanta, Ga., Nov. 8.—Mamie de Cris, famous all over the country as the "diamond queen," will be freed from the Georgia penitentiary tomorrow, when her term of imprisonment will expire. This young woman first acquired a reputation by the marvelous tales she related while a guest at a hotel in this city. These tales dealing with imaginary runaway accidents in which prominent persons were said to have been injured, attracted much attention, and through them she gained a great deal of notoriety. This notoriety proved unlucky for her, however, as it led to her arrest. The publication of her picture in an Atlanta paper fell under the eye of a jewelry firm in Savannah, which had been cleverly defrauded out of valuable diamonds and other jewelry and they recognized the picture as that of the young woman who had perpetrated the swindle. An investigation followed and Mamie de Cris was arrested, tried, convicted and sent to the state farm at Milledgeville.

A little later she again leaped into public notice on account of a whipping given her by the prison official. This was the sensation of the hour for a time and was discussed in newspapers throughout the country. Several of the prison employees lost their positions as a result of the investigation following disclosures. Petitions asking her pardon rained upon the governor, but in consequence of her long record as a dangerous criminal the woman was obliged to serve out her sentence.
