

Raiders rally twice but it's not enough

Despite coming back on two occasions to tie the game, the Georgetown Raiders ended up on the short end of an 8-5 result Tuesday in Buffalo against the West Division-leading Jr. Sabres in an Ontario Junior Hockey League contest.

The Raiders, who are trying to keep pace in the division with the Jr. Sabres and second-place Milton, rallied from 3-1 and 5-3 deficits Tuesday but the home side netted the winner with 3:39 remaining in the final frame to secure the victory.

Steve Midensky, Steve Hladin, Ryan Smith, Liam Board and John Adams tallied for the Raiders, who were outshot 37-22.

Georgetown also played host

to the Aurora Tigers Wednesday evening. Check www.theifp.ca Thursay for a game report.

Facing two of the league's weaker outfits over the weekend, the 16-12-2 Raiders managed to score four out of four points with a pair of one-goal wins.

They edged past the visiting Lindsay Muskies 2-1 on Saturday evening and then required a shootout to defeat the Cougars in Burlington Sunday afternoon.

Hladin had both goals in Saturday's triumph over the OJHL North Division's last-place club from Lindsay and goalie Michael McNiven made 24 saves for the win.

On Sunday in Burlington, the Raiders led 2-0 five minutes into

the contest on goals by Kyle Allan and Richard Court but couldn't build on that advantage and the 8-19-4 Cougars pushed the outcome into extra time.

Shootout goals by Midensky and Adams clinched the win for Georgetown, bolstered by a 34-save effort by rookie Michael Singh.

Best Buy CORRECTION NOTICE

NEWSPAPER RETRACTION FOR THE BEST BUY DECEMBER 6 CORPORATE FLYER In the December 6 flyer, pages 2 and 3, the Nikon D3200 24.2 Megapixel DSLR Camera Bundle (Red) and the Sony DSCTX30L 18.2 Megapixel Digital Camera (Blue) (WebCode: 10173222 / 10244494) were incorrectly advertised. COMMON QUESTIONS ABOUT TINNITUS - PART 2 DO WE KNOW WHAT TINNITUS IS??

The actual cause or event or mechanism of Tinnitus is not known. We know it is real; it is a symptom that something is wrong in the auditory system, but we do not know what that something is. We do know that it is not the patient's imagination; it is a physiological or neurological event. There is reason to be hopeful because current research using a Tinnitus model may provide the necessary information for identifying its cause.

IS IT ASSOCIATED WITH HEARING LOSS?
In most cases, Tinnitus is associated with some hearing loss. For example, those who have been exposed to excessively loud sounds may have a hearing loss for the high pitched tones. Usually their Tinnitus will be located as a high pitched tone in the region of the hearing loss. In some cases Tinnitus is present where there is no hearing loss and for no discernable reason. For more information feel free to call...

Scott named Niagara's top male athlete for the week

JEFF SCOTT

Jeff Scott of the undefeated Niagara College men's volleyball program (9-0) has been selected as the school's male athlete of the week.

The local native was a force for the Knights during a five-set victory over the FanshaweFalcons on Nov. 29, finishing the game with 21 points on 16 kills, three blocks and two aces.

The six-foot-four GDHS graduate native was named

OCAA Rookie of the Year and a second team OCAA All-Star in 2012-13, and this season has grown into a key leadership role with the team.

The second-year Broadcasting, Radio, Television & Film student plays the outside hitter position and serves as the Knights' team captain.

Scott serves as both a vocal, and on-court leader for a young Knights team, and

is on-pace to better his scoring number from the 2012-13 season.

He currently sits second on the team in virtually every statistical category including points (103), points-per-set (3.7), kills

(79), kills-per-set (2.82), blocks (14), and digs (56).

This marks the second time this season that Scott has earned Niagara College Athlete of the Week honours.
