THE CITY COUNCIL

N. C. POLSON'S PETITION FOR DRAIN GRANTED.

Tender for $22,000 Debentures Awarded a Toronto Company —The Auditor's Report on Accounts He Has Held Up.

At the city council meeting last evening were Mayor McFarlane, and Aldermen Angrove, Carson, Givens, Harkness, Hoag, Kent, King, Mallen, McCann, McKay, Meek, Mowat, Ross, Sands, Sears and Toye. The following communications were read and referred to committees:

Communications.

John W. Oldfin applying for position in gas department.

G. H. Smythe for R. G. Armstrong, objecting to payment of personal taxes for 1902-03.

A. Lanigan asking for $2 paid by him in November, 1901, for scrubbing.

L. Guess asking for remission of a dog tax.

Hugh Cameron offering a road roller for sale.

N. C. Polson & Co., asking for the immediate construction of a drain in Ontario street.—Granted.

Local board of health recommending the construction of the above drain as a local improvement.

P. E. Marchand & Co., offering services as electrical engineers.

John W. Dickinson & Co., asking for information in reference to the establishment of an iron works in Kingston.

City Engineer Craig reporting on the drain at the corner of King and Johnston streets.

County Clerk Edwards asking council to appoint a delegation to confer with the county council on November 16th, with reference to the abolition of market tolls.

C. Martin asking that two trees in front of his house on Balaclava street, be cut. Referred to the city engineer and Ald. Ross with power to act.

Petition Granted.

N. C. Polson addressed the council in reference to a sewer which is required in Ontario street to drain his business premises. His company wishes to increase its business, but before an addition can be built to the premises, good drainage must be had in order to comply with the factories' act, with reference to employees. Immediate action was required, so that the firm could begin building operations at once.

Ald. McKay moved, seconded by Ald. Carson, that the petition of N. C. Polson & Co., be granted. The motion was carried on the necessary two-thirds vote. Later in the evening a by-law was passed regarding the construction of the drain.

There was a brief discussion as to the county clerk's communication about a conference concerning abolition of market tolls. The matter was referred to the property committee. The proposed conference with the county committee is set for November 16th, at 11 a.m.

The Finance Report.

The following recommendations of the finance committee were adopted:

That the auditor having satisfied himself that the accounts of the Dominion Wire Manufacturing Co., $23.35; Eugene F. Philips' Electric Works, $74, and Charles J. Bogue, $29, were lawfully contracted, he has certified the same for payment.

That tenders for $20,000 light debentures and $2,000 Collegiate Institute debentures, were asked for and nine tenders were received. Your committee recommend that the tender of the Dominion Securities Corporation, Limited, Toronto, of $21,703, delivered in Kingston, be accepted, being the highest.

That the taxes of Mary Arniel for 1902-03-05 be remitted on account of poverty.

That the request of W. J. Crothers for permission to submit a by-law to the electors in January next, fixing the assessment on his biscuit factory, be granted.

On the communication of S. Arniel, asking for the remission of his dog tax for 1905, no action.

That the auditor has declined to certify the following accounts:

Water works, for putting in a hydrant and removing one $89.53; Bell Telephone Co., 100 gravity zincs, $37; A. McIlquham, cab for Earl Grey reception, $5; Silas Grimshaw, work in the parks, $23.50.

Your committee recommend that the account of the water works department, $89.53, be paid, the committee having provided the necessary funds; that the account of the Bell Telephone Co., for $37, be referred back to the committee on fire and light; that the account of A. McIlquham, $5 for a cab for the governor-general's reception, be paid; and that the account of Silas Grimshaw for work in the parks be referred back to the committee on parks.

Committee Reports.

The city property committee recommended that Geo. Adsit be appointed caretaker of the fair grounds in place of S. Conley, who resigned.—Adopted.

The board of works and light committee reports as published were adopted.

There was no report from the property committee on the city buildings improvements, as a quorum of the committee had not attended the meeting in the afternoon.

For the Children

To succeed these days you must have plenty of grit, courage, strength. How is it with the children? Are they thin, pale, delicate? Do not forget Ayer's Sarsaparilla. You know it makes the blood pure and rich, and builds up the general health. Sold for 60 years. We have no secrets! We publish the formulas of all our medicines. J. C. Ayer Co., Lowell, Mass.

According to the report of the auditor, the committees have the following sums on hand, November 6th: Board of works, $406.98; fire and light, $589.97; property, $269.01; parks, $213.47; printing, $448.90; contingencies, $334.96.

The Auditor's Report.

The city auditor in compliance with motion of council submitted a report showing the accounts he had refused to pass, why he refused to pass them, and how they were disposed of. In all, he had refused to pass about twenty accounts, of which several are still unpaid.

Concerning the light and power committee's connection with the accounts the auditor had held up, Ald. King said there were four accounts of this committee which were not in accordance with the by-law in regard to payment. He credited Mr. Miller with having performed careful work by which the city had profited. He claimed that there was not yet one light committee account that had passed the council and not been signed by the auditor.

Ald. Meek said that the object of his motion to get the report presented by the auditor was not inspired by anything from the light and power committee, but from something that was in the finance committee's report a month ago. It was concerning livery accounts that the auditor had not countersigned. His object was to get the council to put its accounts through with regularity as required by the by-law.

The following motion of Ald. Meek seconded by Ald. Toye, was adopted: That the special report of the auditor be printed in the minutes and that the city solicitor be requested to report in writing whether the council can legally pass any account to which the auditor objects, because it is contrary to by-law. No. 484, without the said by-law being suspended or repeated.

A Case In Point.

By-law No. 484 was read, and it was shown that the parks' committee could spend as much as $60 without calling for tenders. Ald. Angrove was on his feet in an instant, claiming that the account for repairs to park benches, $23, held up by the auditor, because the parks' committee had authorized tenders to be called for, and because they were not—was all right and should be posted. Ald. Meek explained that the auditor went by the committee's resolution for tenders. But, Ald. Angrove, using the argument of ex-Mayor Thompson, claimed that the creator was greater than the created, or in other words the council was greater than the parks' committee. The council had passed a certain by-law, and the auditor should follow it rather than any resolution of a committee. Ald. Angrove will doubtless have the account in question put through without further delay.

Two by-laws were passed—one for the construction of the drain asked for by Mr. Polson and the other for the partial exemption from taxation till the end of 1905 of the Davis tannery. The council adjourned at 9.30 o'clock.

INDIAN BRASS BAND

Will Be a Parade, on Wednesday Afternoon.

Lincoln J. Carter's border drama, "The Flaming Arrow," comes to the Grand on Wednesday, November 8th. It is said to possess the true Western melodramatic flavor, depending for its success upon its brisk action, exciting climaxes, and stage mounting, together with an adroitness if dramatic conception, and an excellent plot. An exciting four horse race is the feature of the first act. Interest is increased in the second act by a realistic council fire, pow-wow and ghost dance by the Indians of the company. The third act contains a number of humorous specialties, including a genuine Indian brass band. The company is said to be one of the largest that will appear at the Grand this season, numbering some forty people. Much care has been given the piece and an excellent mounting above the Carter standard, is promised. A grand street parade will be given at four o'clock.

Sherlock Holmes.

Dr. Conan Doyle's novel, "The Sign of the Four," which introduced famous detective of literature, Sherlock Holmes, affords excellent material for a thrilling drama, one that has something besides time-worn situations to recommend it. The play, which is being produced this season by Edward E. Rice, will be seen in this city, at the Grand on Saturday, November 11th afternoon and evening.

"The Yankee Consul."

That delightful Blossom-Robyn musical satire, "The Yankee Consul" with its quaintly humorous situations and delightful catchy melodies will be seen at the Grand on Tuesday, November 14th.

Insanity Is Increasing.

Statistics show that asylums are overcrowded with patients suffering from despondency and mental collapse, due to low vitality and impoverished blood, which cannot keep the brain healthy. Wade's Iron Tonic Pills stimulate the brain cells and nerves, restore vitality and make new, rich blood. In boxes, 25c., at Wade's drug store. Money back if not satisfactory.

An Admirable Book.

An old Queen's man, who has taken a place in the ranks of authorship with Ian Maclaren and Ralph Connor is Rev. Robert Knowles, of Galt, whose book, "St. Cuthbert's," is in its third edition since its issue a month ago. Nearly 800 copies were sold in Galt. "St. Cuthbert's" is a story of the manse, and deals with a Scottish-Canadian congregation. It is full of pathos and humor and is a welcome addition to Canadian literature.

Took Up A Collection.

A collection was taken up in Picton, on Sunday, amounting to $300, for the benefit of the wife and two young children of Portland Saunders, who committed suicide last week.

QUEEN'S PROTESTS

UNION HAD NO AUTHORITY TO CALL A DRAW.

And the Intercollegiate Body May Have to Meet to Reconsider Its Action—The Latest Sporting Notes.

Montreal Gazette.

Ottawa College may yet have a run for the intercollegiate championship with Toronto Varsity.

In the College-McGill game in Ottawa, Gleeson, centre-half-back for College, succeeded in touching the ball as McGill kicked a goal after a try. The referee, Dr. Dalton, of Queen's, ruled that the goal should not be counted even though the ball went clean over the bar. McGill objected, and at a meeting of the union in Montreal, the objection was sustained, and the game was declared a drawn nine all instead of nine to eight, in favor of College. This gave each team a point.

Queen's University are now backing up their referee and claim that the union had no authority to change or interpret a rule without first notifying the intercollegiate members to that effect. As a result of the protest now made by Queen's the union may be called to meet in Montreal, November 17th, to reconsider the matter.

College hopes to be able to defeat Toronto in the two games yet to play and should the decision of Dr. Dalton be sustained, Ottawa and Toronto would then be tie.

A Kingstonian Won.

The best races witnessed in Delormier Park, Montreal, were held on Saturday. There were two flat races for the runners, and a steeplechase. They were very interesting. Large fields were in each of the races. The horses closely contested. The first race, fifth-eighth heats, was won by J. J. Patterson, formerly of Kingston, with Gold Cockade. She ran a beautiful race, winning easily, with Marston Moore, a good second. Two Many won the mile dash. The steeplechase was won by J. J. Patterson's bay stallion, Siorster with Mr. Patterson up. He rode beautifully. This is the first steeplechase J. J. ever rode. Mr. Patterson lived in Kingston till a year ago, when he moved to Montreal. We are glad to hear of his success.

Ottawa Press Views.

Ottawa Journal: Compared with the other games in which Ottawa College has played this season, the game was marked by heavier work on the line and somewhat harder tackling, but roughness as usual in the intercollegiate games, was most noticeable by its absence. There were some players ruled off, it is true, but that was for infractions of the offside rule, offside interference chiefly. In size and weight, the visitors had all the advantage. Queen's had a new set of signals, but apparently they failed to work. Their criss-cross passing behind the scrimmage worked several times, notably with success, for fumbles resulted in dribbles, which cost them many yards of territory, and sometimes the possession of the ball.

Ottawa Free Press: Good football was played, the kind everyone wishes to see—fast and exciting, clean and sensational, just like a horse race, hard going from start to finish. It was a game where combination failed to beat individualism. Considering the poor interference Queen's line gave her half-backs, the latter did remarkably well. The college scrimmage held the Queen's back pretty well and easily excelled in interference, but the Kingston boys were adepts at stealing the ball.

Ottawa Citizen: For Queen's the bright stars were Patterson and Turner, the latter securing two touchdowns while the Queen's captain played a magnificent wing game that inspired his men as nothing else could. Patterson, moreover, never lost his temper and kept his smile working all afternoon. The work of Leo Gleeson and Williams was always prominent. "Marty" Walsh got few opportunities and seemed to be out of place at left half.

Push For The Game.

In the event of but one game between the Rough Riders and Hamilton Tigers for the dominion championship, Kingston should push her claims for the match being played here. A more central spot could not be hit upon and the gate from the city and surrounding district would equal that found anywhere.

Col. Strange On Council.

At the Lake Yacht Racing Association meeting in Rochester, N.Y., it was voted not to take any action in regard to recognizing the three smaller classes of boats until the rules are prepared and submitted. Watertown was admitted to membership. The next meeting will be held at Hamilton, Ont. E. S. Noyes, Hamilton, was elected president; T. A. E. World, K. C., vice-president; M. R. Gooderham, R.C.Y.C., secretary. Council, F. A. Strange, K.Y.C.; J. W. Rutherford, R. C.Y.C.; J. T. Mott, O.Y.C.; C. Van Voorhis, R.Y.C.; Crescent Y.C., open Delegates to Y.R.U.—J. W. McMurray, George Owen, J. B. Pritchard.

NOURISH

the body, don't dose it with medicine. Scott's Emulsion is the best nourishment in existence. It is more than a food; you may doubt it, but it digests perfectly easy and at the same time gets the digestive functions in a condition so that ordinary food can be easily digested. Try it if you are run down and your food doesn't nourish you.

SCOTT & BOWNE, Toronto, Ont.

Sporting Notes.

Hackenschmidt, the Russian lion, defeated Alec Munro, the Scottish champion wrestler, at Glasgow.

The gate receipts at Saturday's McGill match in Toronto amounted to $1,200, the best on record for Varsity.

Two teams from Halifax will play the English rugby game on the Soldiers' Field at Harvard on November 11th.

A team composed of members from Regiopolis College and St. George's have decided to enter in the Junior O.H.A. this winter.

Dr. Clarke and D. L. Darroch are the candidates for the O.H.A. presidency. Secretary Hewitt and Treasurer McPherson are re-elected by acclamation.

The secretary of the 'Varsity Association football team is in communication with the University of Pennsylvania team, relative to a game in Philadelphia on December 2nd.

The Hamilton trotters, Mary Scott, 2.14, and Jennie Scott, 2.14¼, have been sold for $5,000 to F. A. Crabtree, of New York, for Speedway purposes. They are full sisters, by Bryson; Aetna, by Aberdeen.

"Bill" O'Hara, the clever outfielder, is lost to Toronto, having accepted the terms offered him by the Baltimore Club, and will play with the Birds next year. O'Hara will receive $350 a month, and in addition a bonus of $375 for signing a contract.

F. W. Woodworth is a candidate for vice-president of the O.H.A. and the local representatives might do worse than support "Woody's" claims to the position. He has always been an enthusiastic supporter of amateur athletic sports and there is perhaps no better authority thereon in the dominion to-day.

President Harry L. Taylor, of the Eastern Baseball League, said relative to published statements intimating that he might lead a movement looking to the combining of the Eastern League and American Association by taking four of the strongest clubs of each association, and forming a new league, that there was nothing in the story. His object, he said, would be to keep the Eastern League intact. Several of the clubs needed strengthening and it would be his earnest endeavor to help them along so that the fight next year would be a more equal one.

Some of the big American college teams were surprised by the results of their games on Saturday. At Princeton the alleged Tigers were beaten 6 to 0, by Dartmouth, and at Philadelphia the Pennsylvania team were lucky to get a draw—6 all—with Lafayette, Swarthmore shut out Cornwall, 14 to 4. It was only a blocked kick that saved Pennsylvania from being shut out like Princeton. Harvard beat the Carlisle Indians, but the red men scored eleven points against the crimson. The worst beating Columbia ever had was when Yale won on Saturday by 53 to 0.

Eckersall, the wonderful quarter back of Chicago University, never wears protection of any sort, appearing in every game without nose guard or headgear. His jersey is not even padded, and the pads in his trousers are as light as they can be made and give any protection at all. He wears the lightest football shoe that can be secured, and thus he is ready at all times to give the Maroons the benefit of his great speed. He seldom gets into a hard scrimmage, never being asked to carry the ball, except in a trick play, in returning punts, and in carrying the ball back, after the kick-off. Coach Stagg has built his team up around this one player, and a Maroon defence is always ready to save Eckersall from injury when he is tackled and thrown.

MARINE INTELLIGENCE.

What is Going on About the Harbor.

The freight out of Picton, this fall, is so far in excess of other years that it is expected the tow-barge Rob Roy will take a cargo to Montreal.

Craig's wharf: Steamer Alexandria, down, last night; steamer Niagara, up, to-night; propeller Cuba, due, down, to-day; propeller Michigan, up, to-day.

Swift's wharf: Steamer Rideau King, from Smith's Falls, to-night; steamer Picton, due, down, to-day; steamer Belleville, up, last night; SS. Waconda, from Montreal, up, yesterday; SS. Neepawah, with flour, from Fort William, last night.

M. T. company: Tug Tompson and three grain barges, cleared for Montreal; tug Hall and three grain barges, for Montreal; propeller Westmount, from Fort William, wheat; tug Emerson and two coal barges, for Charlotte.

During the high wind last week the steamer Mary was blown from her dock at Waddington and swept against one of the abutments of the bridge. A hole was stove below the water line and she filled and settled in shallow water, was pumped out and floated. The Algona is running on the Mary's route while the latter is being repaired at Ogdensburg.

The Rutland Transit company, Ogdensburg, N.Y., has let a contract to the American Shipbuilding company, Detroit, for the building of two steel freight carriers, Welland canal size, to be delivered to the company June 15th. Their capacity will be 2,100 tons each. The steamer Averell, of the Rutland line, has been libelled in the sum of $3,375 in connection with a collision which occurred in the St. Clair river in July, in which the wooden barge Magnetic was damaged.

Fine Furs.

We sell our furs for what they are, not a single article is misrepresented, and the values we are showing in fine furs cannot be duplicated outside our store. See our large range of Alaska sable scarfs at from $7 to $30. Campbell Bros., the manufacturing furriers.

Yes! there was a market this morning—if you could call the small turnout of women and farmers a market. There were but a very few dozen of eggs offered, selling at 30c. Butter and fowl were likewise scarce. Saturday's prices ruled.

Wednesday to Saturday, sale of Men's fine shoes. Read advertisement on last page. The Lockett Shoe Store.

THE DAY'S EPISODES

LOCAL NOTES AND THINGS IN GENERAL.

Occurrences In The City And Vicinity—Other Brief Items of Interest Easily Read and Remembered.

Say, this weather is a hummer.

Dr. A. W. Winnett has returned from a trip to Mexico.

Mr. and Mrs. G. W. Allen were in Brockville over Sunday.

All was peace and good-will at the police station this morning.

To take away a man's good character, is to give him a bad one.

Don't overload your horse. A merciful man is merciful to his beast.

Dr. O'Connor has returned from a two weeks' stay in New York City.

A. C. Smith left this morning for a few days' hunting around Collins Bay.

William Bermingham, Sault Ste. Marie, Ont., is in the city for a few days.

Harold Buck, junior clerk in Wade's drug store, left to-day on a hunting tour.

The Whig has had to hold over several interesting letters for to-morrow's issue.

It will be time enough next spring to pass judgment on the cement sidewalks built this year.

Remember Grange concert and assembly city hall, Tuesday, November 7th. James Fay, entertainer.

Patronize the school children's bazaar in aid of the General Hospital, City Hall, November 9th and 10th.

Everybody knowing Alfred Goodearle, will wish him a delightful time on his wedding trip to Bermuda.

Bandmaster Walker, Chatham, has been appointed bandmaster of the 14th regimental band and will arrive to-night.

The Toronto Star says two Kingston men are under arrest for raising $10 bills. It is generally safer to raise hens or cabbages.

So far we have not heard of any Kingstonian being shot for a deer, but the season is young yet for the citizens carrying guns.

Dr. Sheriff, a graduate of Queen's, who now resides in Ottawa, and is one of the stalwarts on the Rough Rider team, is in the city.

James Johnson, in the hospital at Bexhill-by-the-Sea, suffering from a paralytic stroke on the left side, has been unconscious for days.

A. J. Jackson and Miss Sadie Jackson, Detroit, Mich., are visiting their daughter and sister, Mrs. Joseph Silver, at 102 Princess street.

During the past year the debt on "Snug Harbor" has been reduced by $1,700, or one-half the debt, besides interest and cost of maintenance.

The Toronto University sermon on Sunday morning was preached by the Bishop of Ontario. "I have blotted out thy transgressions and thy sins," was his text.

W. J. Fair has removed the office of the North American Life Assurance company to corner Clarence and Wellington streets, to the office recently occupied by John Bell Carruthers.

Meetings of the teachers in the different grades of the public schools are being held each evening to talk over with Inspector Kidd work for the coming month.

The Belleville Intelligencer says that no letter should ever have been written, or sent from the attorney-general's office except to inform Mr. Ashley his successor had been appointed.

The cadets gave a splendid dinner on Saturday night to the visiting McGill football team. Covers were laid for 118 and a fine time was enjoyed with songs, recitations and speeches. Lieut.-Col. Taylor, commandant, presided and sang two capital songs.

The advertisement for a superintendent of the House of Industry brought forth ten applicants, by Saturday, the last day for entries. The office of the superintendent became vacant by the death recently of T. Countryman. A meeting of the board of directors is to be held next week to make an appointment, though same of the directors are in favor of retaining the services, for the winter at least, of the matron, Mrs. Countryman.

Victoria School.

The following are the marks obtained by the pupils of the junior fourth class on the weekly examinations held during September and October. Marks obtainable, 400: F. Shannon, 374; E. Downey, 360; A Bond, 260; L. Murray, 359; L. Sparks, 355; C. Calvin, 353; L. Greenwood, 347; M. Booth, 345; B. Chown, 344; K. Ettinger, 344; I. Lipman, 343; F. McCarthy, 343; L. Cruse, 342; F. Peters, 340; W. Cunningham, 339; H Bedford, 338; G. Hooper, 333; D. Crawford, 333; R. Downey, 326; M. Dewey, 322; W. Gilbert, 321; F. Fair, 321; S. Daryaw, 320; F. Callaghan, 315; H. Sargent, 311; F.
