IN TEN DAYS

Britain's Ultimatum To Turkey Will Cease.

BRITISH CRUISERS

SAIL FOR THE PIRAEUS TO JOIN BATTLESHIPS.

France and Italy Support Britain, and Germany Said to Be Counselling Withdrawal of Turkey From Tabah.

London, May 5.—Great Britain's ultimatum to Turkey, demanding the withdrawal of Turkish troops from Egyptian territory, according to the Exchange Telegraph company, will expire in ten days. It is brief, and does not mention indemnity.

A despatch from Malta states that the British cruisers, Carnarvon, Barham, Suffolk and Venus, and the special torpedo boat, Vulcan, with destroyers, are proceeding to the Piraeus.

The battleship Formidable, the flagship of Vice-Admiral Lord Charles Beresford, the battleship Irresistible, and the cruiser Leviathan, have arrived from a cruise.

A cabinet council was held late yesterday afternoon to discuss the eventualities which may arise as a result of the ultimatum.

The Ultimatum's Text.

Cairo, May 5.—Great Britain's note to Turkey demands the delimitation of the frontier on the basis of the agreement of 1892, and that pending the delimitation, Tabah be evacuated.

France Supports Britain.

Paris, May 5.—It is officially informed that France is supporting Great Britain's demands at Constantinople, in connection with the Tabah incident. The influence of Italy and Russia, also, is given to Great Britain. The officials here expect an adjustment without serious Anglo-Turkish breach.

Germany Counsels Withdrawal.

London, May 5.—A Constantinople telegram says that the sultan's only object in occupying Tabah was because the Egyptians had built block houses on what he considered to be Turkish territory, and also because it is absolutely necessary that Turkey should control the direct route from Syria to Hedjaz and Yemen, enabling Ottoman troops to move throughout the empire without leaving Turkish territory.

The Constantinople correspondent of the Times says absolutely no evidence is to be obtained there of any German intrigue. He has been assured that the German ambassador, Honcemore, told the grand vizier that the only sensible thing for the Turks to do is to withdraw their troops from Tabah as quickly as possible.

KILLED A MAN.

A Collision on a Railway Line in Montreal.

Montreal, May 5.—A Grand Trunk shunting engine struck a Centre street car of the Montreal street railway at St. Patrick's crossing, on Wellington street, near the south end of the canal bridge, shortly before seven o'clock, this morning, and one workman, whose name has not yet been learned, was instantly killed and a number of others shaken up. The engine struck the car with considerable force, swung the car around and carried it up the track in a westerly direction for about 100 yards. The dead man was taken to the morgue, but has not yet been identified.

CONFESSES AND SKIPS.

Postal Clerk Found to Be Short $10,000.

Peoria, Ill., May 5.—Short nearly $10,000 in his accounts, Harvey B. Hutchinson, money order clerk in the Peoria post-office, confessed. Speculation, he said, caused the losses.

Hutchinson made his confession and left the city for Indianapolis before the postal authorities could get hold of him, saying that he intended to raise the money among relatives and repay the full amount.

Ordered To Report.

Scranton, Pa., May 5.—The United Mine Workers' convention of delegates from the three anthracite districts, will declare itself finally and definitely to-day. The entire situation now is believed to rest with President Mitchell, although theoretically it is in the hands of the general scale committee, the body to which, yesterday afternoon, it was decided to refer the entire question, with instructions to report recommendations to the convention to-day at ten o'clock.

To Save Ten Hours.

Montreal, May 5.—The Canadian steamship companies—which carry the Atlantic mails have petitioned the Britidh government to do away with the custom of putting the mails on steamers from England at Moville and to deliver them to the steamers at Liverpool instead. A saving of over ten hours will be affected by the change.

Charles Emmons, a stone mason, was run down by a street car in Ottawa and killed.

RARE CHINESE MONKEY

Tailed and Hairy-Eared in London Zoo.

London, May 5.—A fine specimen of the Chinese Rhesus monkey, an extremely rare hairy-eared monkey of the macaqui family, has been added to the collection of the Zoological Garden. It was in 1868 that the first specimen arrived in the gardens, the then superintendent, the late A. D. Bartlett, noticing that it differed from all other monkeys in many respects, notably in its powerful build and the absence of a tail, took it to Dr. J. E. Gray, of the British museum, who described it as new to science. It lived for two years in the gardens, and when it died its skeleton was examined, with the result that it was discovered to be not a naturally tailless animal, but one that had its tail cut off. While alive an examination of the animal was impossible, as it was too fierce to handle.

The arrival of a second specimen, in 1880, confirmed the result of the necropsy on the first, and the third specimen, which came in 1881, also had a tail. The Chinese Rhesus is larger and more powerful than its common Indian cousin, and has longer hair, which is of a generally brownish yellow, with greenish tinge and shades of red on the flanks. The face is pale flesh color. In the winter the coat becomes very dense, to protect it from the rigorous climate of its haunts. Its habits, like those of most Chinese wild animals, are but little known, but they are probably similar to those of the common Rhesus.

WORKING GRAFT.

Oshkosh, Wis., May 5.—Five lumbermen and bankers, representing aggregate wealth of over a million dollars, have been arrested here by federal officers, charged with conspiracy to defraud the government by means of alleged land frauds in Oregon.

THE ZULU REVOLT.

British Magistrate, Ambushed and Shot.

Pietermaritzburg, May 5.—An outrage which may have serious consequences has occurred in Zululand. Mr. Stainbank, the British magistrate at Mahlabitini, Zululand, was killed by Zulus, while collecting taxes near that place. Mr. Stainbank and a party including Mrs. Stainbank, the magistrate's wife, a lady companion, and some mounted police, were caught in an ambush by hostile natives, who fired a volley at them. The magistrate and one of the policemen were fatally wounded. Mr. Stainbank and the two ladies managed to reach Mahlabitini, where the magistrate died of his wounds. Mahlabitini lies to the westward of the forest where Bambaata, the insurgent chief, formerly the regent of the Greytown district, Natal, who has been in arms against the local authorities for a month past, had been hiding, and it is asserted here that there seems to be no doubt that he has succeeded in inducing another tribe of Zulus to join in the revolt.

WILL WORK WITH IT.

Government to Be Guided By Parliament.

St. Petersburg, May 5.—M. Schwanback, former minister of agriculture, controller of the empire, in the new cabinet and Premier Goremykin's chief lieutenant, has issued an official note in which he says that the emperor, and the premier, M. Goremykin, have the full honorable intention of carrying through the idea of national representation with all it implies. There is no intention of dissolving parliament, it being the government's purpose to work with parliament.

A CONVICT ESCAPES.

Man Who Assaulted London Constable Gets Away.

London, Ont., May 5.—Another escape from the Middlesex county jail, was effected yesterday. Albert Summers a prisoner doing a term for assaulting a policeman, was employed with several other trusties outside the building, and during a brief absence of the guard, he made a dash over the Dundas street bridge through west London. He was provided en route with a suit of clothes, which he hurriedly donned in the place of his prison garb, and at last accounts no trace of him could be secured.

These Painful Ailments.

Rheumatism, neuralgia, locomotor ataxia, etc., are due to morbid, poisoned conditions of the blood. The poisons must be neutralized and expelled and the blood enriched in order to cure. Wade's Iron Tonic Pills do the things necessary to cure and to cure thoroughly.

They are a great nerve strengthener and blood maker. In boxes, 25 cents, at Wade's drug store. Money back if not satisfactory.

An Organist Dead.

Brockville, May 5.—Prof. W. G. Craddock, a well-known church organist, and musical director, passed away yesterday. He had been ill for one week with pleurisy and pneumonia. He had presided at many church organs throughout Canada, and at the time of his death was organist of Trinity church here.

Blew Out The Gas.

Rochester, N.Y., May 5.—Mrs. C. H. Lent, of Wolcott, about fifty-five years of age, was suffocated by illuminating gas, last night, while a guest at the Atlantic hotel, in this city. It is supposed that she blew out the gas when she retired.

A CLEVER SKIP

Condemned Polish Soldier Effects Escape.

THE ARMED SENTRY

PATROLLED CORRIDOR, BUT WAS OUTWITTED.

Convict Tied Bedclothes Into Shape of a Man, Putting It in Bed—Dropped Through Hole in the Floor.

Berlin, May 5.—Facts has just come to light, which throw a clear light on the clever manner in which a Polish soldier named Rosinski, escaped from the prison in Posen. Rosinski was under sentence of death for murdering and robbing a wealthy landowner. The condemned man was guarded most carefully, an armed sentry patrolled the corridor into which the cell of Rosinski opened, and was instructed to keep constant watch on the prisoner's doings through a peep-hole in the cell door. In spite of all this, Rosinski escaped, and for a while it seemed inexplicable how he could do it. Since then, however, a careful investigation has brought to light all the facts in the daring escape.

Rosinski tied his bedclothes and spare body linen into the shape of a man, and placed it in the bed, under which he crept. The sentry was thus deceived, and, actually under the eyes of the guard, Rosinski scraped a hole in the floor, presumably with a nail, which was afterwards discovered. He had found a place where the floor had been repaired, and the material used was so soft, that he could make a hole large enough to drop through into the cell underneath. This was unoccupied, and the door, consequently, was unlocked. Rosinski calmly walked out and reached the courtyard unobserved in the darkness. The wall was too high, but he managed to reach the top of it with the aid of the window sills, and dropped down on the other side in safety and freedom. His hymn-book was found, covered with blood on the top of the wall.

The sentry had heard a noise in the cell, but fancied it came from the lower tier cells. At three o'clock, however, he called the inspector and the flight was discovered. Although Rosinski wore the uniform of his regiment, the soldiers who scoured the surrounding country for many miles were not able to find the slightest trace of the escaped criminal. The police authorities throughout Germany have been notified and requested to watch out for the fugitive.

MAKING THREATS.

Sailors, of Anti-Militarist, Views, Write Letters.

Paris, May 5.—It is reported on good authority that the naval authorities are receiving constantly threatening letters from sailors of anti-militarist views. A warning has reached the government that the anarchists of Toulon were boasting that they had selected six men from among the seamen, engine room hands and gunners on board of each battleship and cruiser of the Mediterranean squadron, who had taken an oath to render the ships useless at a given signal by tampering with some vital part.

It is said that these men have also been directed to steal ammunition when possible and cause explosions. Special measures have been taken by the naval authorities to prevent the carrying out of these plans. The torpedo lieutenant of every ship has been ordered to keep all detonators and cartridges and caps under lock and key in his own cabin. All suspected persons are closely watched.

SCANDAL IN HIGH LIFE.

Stolen Hotel Silverware Found in Closet.

Berlin, May 5.—A society scandal has become known through the dismissal of a servant by Prince Von Wrede during a tour of Spain. Returning to Germany, the servant stated that the table silver in the prince's household at the Castle of Bas Edo, contained many pieces that had been stolen. Public Prosecutor Gestrow searched the castle in the absence of the prince. The silver chamber was found to be locked, but it was opened, and it was found a large quantity of plate, apparently stolen from various hotels. It has not been explained yet how it got there. An official enquiry has been opened.

BUILDING IN MONTREAL.

Looks as if Present Year Would Make Record.

Montreal, May 5.—It is expected that 1906 will be a record year for building operations in Montreal. Since the 1st of January, 635 permits have been issued for new buildings, the value of which is estimated at $1,457,711, while $184,719 worth of alterations have been authorized. The month of April shows a record, 356 permits being issued, representing a total value of $871,940. The list comprises 196 tenements, 418 dwellings, 9 storeys, 2 warehouses, 8 factories, 1 church, 1 office building, 7 stables and 44 sheds.

On Tuesday, May 8th, Heintzman & Co's. expert piano tuner, Mr. Baker, will be in the city. Leave orders at once at McDermott Bros'.

Ten persons are reported killed and many injured in a head-on collision of two passenger trains in Cutoff, near Williamsburg, on the Pennsylvania railroad, on Friday night.

A MIGHTY CRASH.

Two of the Fastest Trains Crash Together.

Altoona, Pa., May 5.—A disastrous accident in Pennsylvania railway occurred, last night, at eleven o'clock, on the St. Petersburg branch, near Clover Creek Junction. The Chicago mail, east-bound, and the Chicago and St. Louis Express, west-bound, two of the fastest trains on the system, going at full speed met head-on. Seven cars were wrecked and both engines badly damaged. Nine persons were killed and about twenty-seven injured. The killed include the four postal clerks, a brakesman, a baggage man, Mrs. Trinkle and J. D. Conover, travelling salesman of New York.

SHORT IN STRAWBERRIES.

The Frost Has Played Havoc With Beds.

Ottawa, May 5.—There will be few or no strawberries in the Ottawa district this year. The unusual winter has completely destroyed the plants and immense beds are a total loss ruin at the central experimental farm, and in private gardens. The fate of the orchards will not be known for two or three weeks yet. All exotics are also destroyed. The Ottawa market for small fruits will be dependent on importation and, fortunately, reports received at the farm indicate a bumper crop of berries in the west. In the Montreal district the crop is reported one-half ruined.

Distributing Fry.

Sandwich, Ont., May 5.—According to statistics sent out by the Sandwich fish hatchery, more than twenty-five million white fish fry have been distributed at points along the Detroit river and in Lake Erie. The fry were divided in lots of 1,000,000 each. Allotments were made to Bois Blanc, Fighting Island, and Sarnia. Six allotments were placed in the river near the hatchery, the remainder being distributed among the Lake Erie ports. In a short time a million of pickerel spawn will be distributed among these points.

Death Of A Comedian.

New York, May 5.—William F. Owen, a Shakespeare comedian, who had appeared in companies with Booth, McCullough, Forrest and Mrs. Fiske, died on Friday at 26 West 61st street. He was sixty years old, had been on the stage forty years, and was a member of the Players' Club, Actors' Order of Friendship and the Actors' Church Alliance.

Guests Of King Haakon.

New York, May 5.—A special cable to the Sun from Copenhagen says: The Politiken learns that Mr. and Mrs. Nicholas Longworth will be among the guests at the coronation of King Haakon VII. and Queen Maud of Norway, on June 22nd. They are expected to arrive in their own yacht a day or two before the beginning of the festivities.

Loss $3,000,000 At Santa Rosa.

Oakland, Cal., May 5.—Governor Pardee has received a despatch from Santa Rosa, stating that the property loss caused by the recent earthquake will amount to $3,000,000. It will cost at least $150,000 to clear away the wreckage.

Sentence Deferred.

Belleville, Ont., May 5.—John Lucas, charged with stealing grain and flour from G.T.R. bonded cars, at the station here, was, this morning, found guilty in the police court. Sentence was deferred for a week, at the request of the prisoner's lawyer.

Got Away from Buffalo.

Buffalo, N.Y., May 5.—The Western Transit steamer Buffalo, left this morning. She has a cargo of package freight and was manned by non-union mates and firemen. The boat got away without confusion.

Better Rates.

Windsor, Ont., May 5.—A general re-adjustment of freight rates from Windsor to Canadian points and west is hoped for as a result of the hearing before the railway commission here on Friday and to-day.

No Change In Condition.

Hamilton, Ont., May 5.—No change is reported in Mr. Hendrie's condition this morning.

The only drug store that sells candy which is the choice of royalty. McConkey's are sold at Gibson's Red Cross drug store. 'Phone 230.
