THE CRICKET CLUB

HAD A RE-ORGANIZATION MEETING.

Success of the Club Depends Upon the Young Players—Would Like Queen's Lower Campus for Playing.

The re-organization meeting, in the Whig building, Wednesday evening, of the Kingston Cricket Club, was attended by less than a dozen players. W. Bampfield was moved to the chair.

The secretary-treasurer, H. W. Snelling, reported last year's subscriptions having amounted to $45, the expenditures $28.83; on hand now are $16.17, the stock and a ball.

F. C. Ireland, one of the old-time players, expressed the opinion that if the club was to succeed, it must be through active work of young members.

The following were appointed a committee to push the club forward, and to prepare for immediate playing: Sergt.-Maj. Hewgill, Clive Betts, Garfield Platt, George Richardson (captain), G. R. Tomlinson and Secretary-Treasurer H. W. Snelling.

The suggestion was made to try and get the lower portion of Queen's campus for playing inasmuch as the cricket field is considered too public. The membership fee was placed at $2.

Sporting Notes.

It is understood Henry O'Brien has two large offers for his trotting mare under consideration.

Helen D., owned by McCue Bros., of this city, was entered in the stake race run off at Eganville this afternoon.

Mrs. Adam Beck carried away $715 in prize money from the three days of the Galt horse show. In Montreal, Mrs. Beck won $700 and in Toronto $675. The total amount paid out in prize money by the Galt horse show was $2,800, the Becks winnings being a quarter of that amount.

The famous Thistle hockey team of Kenora may be disrupted. Two prominent players are leaving, Silas Griffis, Jr., is to be married, and will leave for British Columbia to reside. Matt Brown, the clever point, is going into the far west, where he is entering a lumber business. The loss of these two men will seriously affect the Thistles in their Stanley cup quest next winter.

A story was given currency to the effect that the Ottawa Capitals had signed Pat Murphy and Harry Westwick, and that these men would be on the lacrosse team against Cornwall, next Saturday. Cold water was however, thrown on the yarn when Mr. Foran, secretary of the club, stated that it was absolutely devoid of truth. Neither man, he said, had been secured, and it was certain that neither would handle a stick with the Capitals.

The Ottawa Amateur Association Football Club, has organized with sixty-five members. A great deal of enthusiasm is being shown in Ottawa this year over the kicking game, the presence of a large number of English men in the city being in a measure responsible. In September the new club will make a tour of the United States, and will play Pennsylvania and Cornell universities. Fixtures are also to be arranged with several Montreal clubs.

At Elmira, N.Y., rather than have impeachment proceedings threatened by the ministers, brought against the mayor and police board, the promoters of the Elmira baseball team announce that all Sunday games scheduled have been cancelled and that none will be played. The city officials do not recede from their position that the games as already played here are within the law, and they will permit a continuance of them and defend proceedings for removal.

Manager Bannon, of the Montreal Baseball Club, will be given in every way money and authority to secure players to strengthen the team and bring it up to the first class. This was the tenor of a letter that President Walter C. Hagar of the Montreal Baseball Club received from him. Bannon wrote the letter after an absence from the team of three days, in which time he had interviewed Frank Farrell and Clark Griffith, owner and manager respectively of the New York Highlanders, who are now leading the American league. Both these men are financially interested in the Montreal Club, and are anxious to make money out of the proposition, hence their willingness to give Bannon latitude in the way of securing new players.

At New York, Frank Pierce, a full-blood Seneca Indian, showed a fine performance in the one mile and a half handicap run, the feature event at the Pastime Athletic club's games. It was Pierce's first appearance in competition this season, and his clever victory demonstrated that he is in better condition than ever. Fourteen men accepted the handicaps allotted them, with Pierce and Souter on the scratch, and Spring, one of America's representatives in the recent Marathon race at Athens, on the forty-yard mark. McSweeney, with an allowance of 240 yards, was the limit man. McSweeney set a stiff pace in the early running, and held the rost of honor until two laps from home, when Pierce, who had gradually worked his way up, assumed command and finished an easy winner by thirty yards in the good time of 7 minutes 12 4-5 seconds. Spring, who laboured heavily during the entire distance, was fourth.

Signed Without Knowledge.

Citizens have intimated to school trustees that they signed the petition asking for fifth form classes in the public schools, under a misapprehension. They thought, as they were told, that the class would be taken out of the Collegiate Institute; they did not know that excuse would be attached and that the first form must be retained in the public schools. They were not told that the class in the public schools would cost $1,200 to $1,500, while a similar class must be maintained in the institute at equally large expense.

Does Your Stomach Bother You?
Dr. Shoop's Restorative Cures All Distressing Stomach Troubles Through the Inside Nerves.
As you value your health and happiness don't neglect to care for the slightest stomach pain—don't let it go. At the first sign of distress use Dr. Shoop's Restorative and end all these troubles. These aches are signals—they are symptoms of coming disease—is it wise to ignore them? You who never eat a hearty meal without a sense of fullness followed by a period of lassitude or drowsiness—beware. Neglect these conditions and you surely invite distressing indigestion—you'll become a sallow, miserable dyspeptic. Do you experience any of these symptoms?—distress after eating, returning of food to mouth, gnawing at pit of stomach, rumbling of wind, belching of gas, loss of appetite, headache, dizziness? If you suffer in any of these ways, your duty is clear—there is but one course open to you—strengthen the inside nerves—these special stomach nerves—shake off forever this evidence of disease. Put the digestive nerves in condition to act as nature intended they should. Don't drug, don't force—just give the inside nerves natural force, gentle tonic, nature's help. Dr. Shoop's Restorative should be taken to do this—it is the only prescription which builds up, or even attempts to restore the inside stomach nerves. Sold and recommended by

TO KILL THE DANDRUFF GERM
Is the Only Possible Way of Having An Effective Cure.
If you see a woman or a man with luxuriant glossy hair, you may be sure neither has dandruff to amount to anything. In nearly every case where women and men have thin brittle hair, they owe it to dandruff. There are hundreds of preparations that claim to cure dandruff, but not one but Newbro's Herpicide tells you that dandruff is the result of a germ burrowing into the scalp, and that permanent cure of dandruff and its consequent falling and baldness, can only be had by killing the germ; and there is no other preparation that will destroy that germ but Newbro's Herpicide. "Destroy the cause, and you remove the effect." Sold by leading druggists. Send 10c. in stamps for sample to the Herpicide Co., Detroit, Mich. G. W. Mulford special agent.

CANADA ORGANIZATION.

Life Insurance Men Form An Association.

The Dominion Underwriters' Association is the name of a new organization formed in Toronto. It promises to become very influential, and more or less national within a very short time. As is well known, the National Life Underwriters' Association of the United States, is an organization mainly of the field men. It is composed of delegates from local associations that exist in nearly all the cities of the union. These local associations have combined, and formed the National Association, which has been recognized all over the United States as an important factor in guiding recent insurance legislation.

The Canadian life insurance men have an organization of their own, which is represented by active field men, from coast to coast. Their responsibility will be great, because of their influence and experience in advising amendments to the present insurance law. The people have neither the time nor the inclination to read their policies through, much less to digest the various provisions for all the contingencies that may arise in the future, consequently they need the agent, not only to start them in the way, but to keep them going, year after year.

The agents in their organized capacity, will have the recognition of those in authority, chiefly because of their wide experience in field work. Life insurance is now passing through the most crucial period in its history in Canada, and it behooves both the legislatures, and those identified with the business, to keep in view the highest standards, consistent with the best interests of the policy-holders generally.

The actual membership of the American association is over 3,000 at the present time, and there is no reason why the Canadian branch should not increase and prosper in a corresponding ratio.

W. J. Fair, district manager for the North American Life Assurance company, in this city, returned from Toronto to-day, where he met over one hundred representative life underwriters from all over the dominion. Mr. Fair is on the executive of the new-born institution.

Not Sleeping Well.
Without sleep there can be no bodily or mental vigor, consequently sleeplessness is a dangerous condition. Nothing so surely restores sleep as Ferrozone; it's harmless—just a nourishing, strengthening tonic. Ferrozone vitalizes every part of the body, makes the nerves hardy, completely rebuilds the system. The cause of sleeplessness is removed—health is restored—you can work, eat, sleep—feel like new after using Ferrozone. Don't put off—Ferrozone costs 50c. per box at all dealers; get it to-day.
