A WARM SUBJECT
There's nothing in the world we're so much interested in as Coal at this time of the year. It may sound queer to speak of coal buying and selling as a science, but that's what we've made it. Two important discoveries we have made are that complete satisfaction to our customers pays best, and that the way to win business is to deserve it.

Told in the Twilight

Mrs. Edward Ryan had a perfect day for her garden party, at "Rockwood House," on Saturday. The lovely grounds were looking their loveliest, and the flowers their prettiest, the many birds which haunt the groves there sang their sweetest, and a summer breeze from over the lake blew its balmiest. In addition, the welcome of the hostess and her young visitor, Miss Dorothy Wright, of Jamestown, N.Y., was of the brightest and kindliest. As Mrs. Ryan's American guest is young, all those at the tea were the young girls. The tea table was laid on the lawn, a large mirror in its centre reflecting not only a large vase filled with pink Canterbury bells, but the surrounding trees. Five smaller vases, with the pretty bells, were also on the table. Mrs. Herriman poured the tea and Mrs. Charles Morrison the coffee, while at another table Mrs. J. M. Platt and Miss S. E. Winch dispensed ices and lemonade. Miss M. Gibson, Miss Evelyn Dickson, Miss Annie Scott, Miss Edna Webster, and the hostess' daughter, Miss Kathleen, helped to distribute the refreshments. Tea was made very comfortable indeed, as seats, rugs, cushions, and hammocks had been placed on the lawn. Among the guests were: Miss Muriel Webster, Miss Mildred Cooke, Miss Frances Sullivan, Miss Vera Grey, Miss Josephine Brown, Miss Rowan, Miss Bull, Bloomfield; Miss Irene Swift, Miss Florence Williamson, Miss Muriel Fages, Miss Etta Ward, Miss Jean Scott, Miss Clyde Dickson, Miss Vera Mundell, Miss Lorraine Dalton, and Miss Rush, of Peterboro.

Hutch For The Blood.
When one eats a lot and crams a lot of food in the stomach the process of digestion is not complete. The food remains in chunks and ferments. This fermentation produces poisonous acid, which, when it enters the blood causes impurities and produces the humiliating evidences so well known. It is necessary before one attempts to clean the blood to clean those organs of the body on which the blood depends for its purity and healthiness. Hutch will clean the body, assist the digestion so that it will be complete and it will purify the blood and skin. Hutch is a doctor for ten cents.

Rules For Quakers.

The Society of Friends in Great Britain have decided to insert in their official revised "Book of Rules and Discipline" the following advice on gambling and drink:

"Avoid and discourage every kind of betting and gambling, and such speculation in commercial life as partakes of a gambling character.

"In view of the manifold evils arising from the use of intoxicating liquors, prayerfully consider whether your duty to God and your neighbor does not require you to abstain from using them yourself or offering them to others, and from having any share in their manufacture or sale."

Attorney Announces in Court That Captain Will Not Take Advantage of Law Which Forces Persecutors to Pay Him Damages.

Paris, July 10.—Capt. Alfred Dreyfus demands only the restoration of his honor and his rehabilitation as an officer of the army of France. He does not seek vengeance. In proof of this it was announced in the supreme court to-day that Dreyfus positively refused to take advantage of the law which gives to the victim of judicial mistakes the right to collect damages from the authors of his prosecution.

This attitude of the victim of the most infamous military cabal in history was made known by Maitre Mornard, who told the judges who now hold the captain's fate in their hands that his client, in spite of advice to the contrary, would not take proceedings against any one in connection with his trial, conviction, and condemnation to Devil's Island.

Had A Duel About It.

Paris, July 10.—M. Gonse, formerly chief of the general staff, and Col. Picquart fought a duel, yesterday, at Tour de Villebon. Gonse fired and missed, and Picquart fired in the air. The duelists then left the grounds unreconciled. The duel resulted from letters sent by Gonse to the president of the court of cassation, which is now reviewing the Dreyfus case, declaring that a statement, by Picquart, reporting an alleged conversation in November, 1896, about Dreyfus, was a lie.

Remarkable Surgery.

New Zealand surgeons have accomplished a remarkable feat. Harley Williams of Wellington was hurt in an accident which destroyed his right foot so that it was impossible for it to heal without a new skin. The surgeons strapped the soleless foot closely to the inside of the left thigh and allowed it to grow there. After the foot had grown on to the thigh it was cut away, the skin of the thigh adhering to the foot. The patient recovered.

"THE OLD SCRATCH."

How the Evil One Came to be Popularly Known as "The Old Scratch."

One of the many familiar names of his satanic majesty is "The Old Scratch." It is undoubtedly due to the fact that scratching is so disagreeable that people thought it no worse than the evil one. A scalp full of dandruff keeps one scratching all the time; not only disagreeable, but considered very inelegant in polite society—as it should be—because one ought to keep the scalp so clean that it would not itch. To cure the scalp of dandruff effectively, use Newbro's Herpicide. It kills the germ that creates the dandruff, which is preliminary to falling hair, and, finally baldness. No other hair preparation kills the dandruff germ. Herpicide also is a very delightful and effective hair-dressing. Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich. G. W. Mahood, special agent.
