TO BURN SHEDS.

Strikers Stood By and Hooted Firemen.

Fort William, Ont., Oct. 2.—Attempts have been made to burn the Canadian Pacific freight sheds, but the blaze was discovered early and was put out without serious damage. While the firemen were at work the strikers stood by and hooted at their efforts. Special officers have since been placed at all the property of the Canadian Pacific. Freight handlers at the Canadian Northern docks, 150 in number, have not yet gone out. It is possible the Fort William coal dock employees will go out. Seven boats are now waiting to unload, the Arabian and Monarch having arrived on Monday.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to Cure. Send for list of testimonials.

INCITED MURDER

PEASANTS TRIED FOR DEVASTATING ESTATE.

Over Sixty Were Sent to Prison and Others Were Acquitted—A Night of Horrid Atrocities Committed By the Authorities Upon the Peasants.

St. Petersburg, Oct. 2.—M. Levroff, the author of an anti-Jewish pamphlet, entitled "Measures for Rooting Out the Evil in Russia," published in March last, and calling for the extermination of the Jews, and who has been described as an official of the ministry of the interior, has escaped with a fine of $50.

It was established at his trial that the pamphlet was printed in a typographical establishment of the ministry of the interior. The pamphlet urged on the population that it is their sacred duty to kill Jews on sight.

Treatment Of Peasants.

Kherson, Oct. 2.—Ninety-seven peasants were tried here, yesterday, on the charge of having devastated the estate of M. Krivoshein, ex-minister of railroads. Sixty-three were sentenced to imprisonment, while thirty-four others were acquitted.

The trial brought out a recital of the horrible atrocities committed by the authorities upon the accused. The chief of the district, accompanied by Cossacks reached the estate soon after the devastation. All the peasants on the grounds at once were gathered in. No investigation was made. The chief invited priests to administer the last sacraments to the prisoners and then ordered the Cossacks to beat them all to death. The butchery lasted for four hours. Twenty-three peasants were killed and 130 mutilated. The Cossacks, then thoroughly tired out, compelled the peasants to continue flogging each other and men had to beat their own brothers, sons and fathers. The victims of this slaughter were innocent, those really guilty having escaped by flight. In spite of these revelations the court found sentences as related above.

Sold Frontier Plans.

St. Petersburg, Oct. 2.—There is good reason to anticipate the disclosure of a grave military scandal, a colonel of engineers having been arrested in alleged connection with the sale of important frontier plans to the agents of a foreign power.

A DARING HOLD-UP.

A Night Watchman Gagged and Robbed.

Rochester, N.Y., Oct. 2.—A daring hold-up was perpetrated in the Mount Morris jail yesterday. Two strangers attacked James Cleary, the night watchman, bound and gagged him and locked him in a cell, after robbing him of some money, a revolver and a flashlight. He managed to get the gag out of his mouth and his cries for help attracted attention. The fire alarm was rung and the whole town turned out to hunt for the thieves. When Richmond's jewellery store was opened, it was found that the safe, in which there was four thousand dollars, was loaded with fuse, powder and soap. The men are supposed to be Yeggmen, and it is believed that the ringing of the bell frightened them away.

DESERTED HIS SON.

A Little Boy is Stranded at the Sault.

Sault Ste. Marie, Ont., Oct. 2.—Leslie Ferguson, ten years old, is stranded in the Soo because his father mysteriously deserted him at Saxon, a station on the south shore, in Wisconsin, while travelling from the Canadian North-West to Collingwood. The father gave the boy two dollars and got off the train after telling the boy to come to the Soo and wait for him. All efforts to locate him have proved unavailing. The boy is being cared for in an hotel here.

WALKED STREETS TWO DAYS.

Could Get No Employment in Detroit.

Detroit, Oct. 2.—An eighteen-year-old girl, who says her name is Lizzie Allen, and that she recently came from Windsor in search of employment in Detroit, was picked up on the street in a fainting condition, last night. A doctor said she had collapsed from lack of nourishment. The girl is now in St. Mary's hospital. She is too weak to give any details, but she says she had been walking the streets two days.

Big Steamer Founded.

Barcelona, Spain, Oct. 2.—The captain of the steamer Liga, which arrived here, yesterday, reports having observed, off Oporto, a big steamer which had foundered. The vessel was surrounded by floating bodies. No details of the disaster were obtainable.

"It's a good reason" why so many sciditz powders are sold at Gibson's Red Cross drug store. Fresh there.

SOME CUBAN STUDENTS

Make An Anti-American Demonstration.

Havana, Oct. 2.—The first anti-American demonstration occurred in Havana, last evening, when 150 academy students and other youths straggled through some of the down-town streets shouting "Viva the Cuban republic" and "Down with the American control." This demonstration was not treated seriously. The crowd received few accessions.

The executive committee of the moderate party has issued a manifesto, strongly inferring that the American commission is to blame for the intervention.

A MIGHTY TYPHOON.

Wrought Severe Damage at Pakhoi, China.

Hong Kong, Oct. 2.—The South China Morning Post reports that Pakhoi suffered from a destructive typhoon, on September 20th. More than 1,000 lives were lost, and eighty per cent. of the fishing boats and junks were sunk or destroyed. One vessel that was sunk had 200,000 Mexican dollars aboard. The Chinese of the port suffered heavily financially.

AGE OF INDECISION

A DOCTOR'S REASON FOR GREAT DISASTERS.

He Says That Between the Ages of 55 and 62 There is a Temporary Loss of Will Power and Judgment.

New York, Oct. 1.—The Sun has the following cable from London: Writing in all seriousness a doctor develops a curious theory to explain the errors which are responsible for disasters on land and sea, such as the Grantham railway disaster, the collision of Admiral Tryon's flagship Victoria with the Camperdown in 1893 and various episodes in the South African war.

According to the writer, at some time between the ages of fifty-five and sixty-two men lose their will power and judgment in a moment of crisis. The loss is only temporary, the psychological change taking place between the meridian of life and the commencement of age. Business men, according to this theorist, who says he has collected data to substantiate the point, show similar signs of weakness, irresolution and suspicion at the same time of life, but when they are a little older they are again reliable and wiser in counsel. Rest and patience are needed.

BRANTFORD ASSESSMENT.

Place Going Back—Population Decreasing.

Brantford, Oct. 2.—Assessment figures announced have proven a disappointment. Population returns show only 19,104 persons, a decrease of 639 as compared with last year, and of 392 with two years ago. Assessment Commissioner Thorburn sprung somewhat of a sensation when he announced that last year's list had been padded. The value of real property business assessment and income is this year $10,478,644, an increase of $839,752 over last year.

HORRID CRIME.

Drunken Italians Knife Two Ranchers.

Calgary, Alta., Oct. 2.—H. E. Hewitt and Edward Cole, two prominent ranchers, riding near Cochrane, were fatally stabbed, Sunday, by a gang of thirty drunken Italians. Cole was ripped to pieces so that his vital organs were exposed, while Hewitt was found with two inches of a heavy dagger imbedded in his spine. The mounted police arrested thirteen members of the gang. They are C.P.R. bridge workmen.

Offers Of The Priests.

Ottawa, Oct. 2.—A vigorous crusade for local option is being conducted in Carp, Carleton county, by the Rev. Fathers McPhail and Holland of St. Ann's parish, Montreal, and the Rev. Mr. Raney, the Methodist minister at Carp. Threequarters of the voters have already promised to vote against licenses. People who feared that closing the saloons would increase their taxes Father Holland assured it would really save them money and those who feared they would be refused stabling for their horses when they drove to town were told that they were quite at liberty to put up their horses in the priests' barns, where they would find ample accommodation without pay, and be at the same time free from the temptations of the hotels.

To Send In Another Note.

Constantinople, Oct. 2.—The foreign ambassadors met at the German embassy, yesterday, and signed an amended collective note with reference to the three per cent. increase in the Turkish customs dues. The note will be presented to the porte, to-day.

Picquart Promoted.

Paris, Oct. 2.—General Picquart, who was dismissed from the army on the occasion of the first Dreyfus trial, and who was appointed general of brigade, three months ago, has been named general of a division.

Marriage Of Daughter.

Wheeler, Ala., Oct. 2.—Miss Currie Payton Wheeler was married today to Gordon M. Buck, of New York. Miss Wheeler is the daughter of the late Gen. Joseph Wheeler. The wedding was a very quiet one. Miss Wheeler is the youngest of the four daughters of the renowned fighter. She is still in her teens and is pretty and talented. She was the sponser for the south at the reunion of the confederate veterans at Louisville last summer and her appearance in the hall with her aged father was the signal for a memorable demonstration. Mr. Buck is also a southerner although he has resided in New York city for some time. He is a lawyer and a member of a number of clubs and the southern society.

The diet is asked to vote $135,000,000, of which $12,000,000 will be used to repair present vessels, among them the former Russian vessels captured and raised. Many of the vessels now in service will be replaced.

A WARRANT OUT.

Revivalist Said to Have Three Wives.

Brandon, Man., Oct. 2.—A warrant has been issued for the arrest of Leader Ford, who has up till lately been teaching school at Kenmay, charging him with bigamy. Last June or July, Ford, in company with a Miss Burns, daughter of a well-known farmer at Kenmay, came to Brandon, and were married. Mr. and Mrs. Ford returned to Kenmay. Stories went the round of Ford's past, and it ended in the young man disappearing. It is now said this was Leader's third time for getting married, with his other wives still living. He is reported to have one in the maritime provinces and one in Boston. He was very prominent in the revival meetings which were held here last winter.

IT IS A LIE.

No Disagreement Between Senator and Wife.

New York, Oct. 2.—United States Senator Thomas C. Platt said, today, that there was no truth in the report of an estrangement between Mrs. Platt and himself. The story, he said, was a malicious lie.

Mrs. Platt, the senator's wife, said: "There is no truth in the story. It is all a lie. There is no trouble between Mr. Platt and myself."

The report to which Senator and Mrs. Platt referred was to the effect that there had been severe disagreements between them and that a suit for divorce was about to be instituted.
