SYNOPSIS OF CANADIAN NORTH-WEST HOMESTEAD REGULATIONS.

Any even numbered section of Dominion Lands in Manitoba or the North-West Province, excepting 8 and 26, not reserved, may be homesteaded by any person the sole head of a family, or male over 18 years of age, to the extent of one-quarter section, of 160 acres, more or less.

Application for homestead entry or inspection must be made in person by the applicant at the office of the local Agent or Sub-agent.

An application for entry or inspection made personally at any Sub-agent's office may be wired to the local Agent by the Sub-agent, at the expense of the applicant, and if the land applied for is vacant on receipt of the telegram such application is to have priority and the land will be held until the necessary papers to complete the transaction are received by mail.

In case of "personation" the entry will be summarily cancelled and the applicant will forfeit all priority of claim.

An applicant for inspection must be eligible for homestead entry, and only one application for inspection will be received from an individual until that application has been disposed of.

A homesteader whose entry is in good standing and not liable to cancellation, may, subject to approval of Department, relinquish it in favour of father, mother, son, daughter, brother or sister, if eligible, but to no one else, on filing declaration of abandonment.

Where an entry is summarily cancelled or voluntarily abandoned, subsequent to institution of cancellation proceedings, the applicant for inspection will be entitled to prior right of entry.

Applicants for inspection must state in what particulars the homesteader is in default, and if subsequently the statement is found to be incorrect in material particulars, the applicant will lose any prior right of re-entry should the land become vacant, or if entry has been granted it may be summarily cancelled.

Duties.—A settler is required to perform the conditions under one of the following plans:—

(1) At least six months' residence upon and cultivation of the land in each year during the term of three years.

(2) If the father (or mother, if the father is deceased) of a homesteader resides upon a farm in the vicinity of the land entered for by such homesteader the requirement as to residence may be satisfied by such person residing with the father or mother.

(3) If the settler has his permanent residence upon farming land owned by him in the vicinity of his homestead, the requirement may be satisfied by residence upon such land.

Before making application for patent the settler must give six months' notice in writing to the Commissioner of Dominion Lands at Ottawa, of his intention to do so.

SYNOPSIS OF CANADIAN NORTH-WEST MINING REGULATIONS.

Coal.—Coal lands may be purchased at $10 per acre for soft coal and $20 for anthracite. Not more than 320 acres can be acquired by one individual or company. Royalty at the rate of ten cents per ton of 2,000 pounds shall be collected on the gross output.

Quartz.—A free miner's certificate is granted upon payment in advance of $5 per annum for an individual, and from $50 to $100 per annum for a company according to capital.

A free miner, having discovered mineral in place, may locate a claim 1,500x1,500 feet.

The fee for recording a claim is $5.

At least $100 must be expended on the claim each year or paid to the mining recorder in lieu thereof. When $500 has been expended or paid, the locator may, upon having a survey made, and upon complying with other requirements, purchase the land at $1 per acre.

The patent provides for the payment of a royalty of 2½ per cent on the sales.

Placer mining claims generally are 100 feet square; entry fee $5, renewable yearly.

A free miner may obtain two leases to dredge for gold of five miles each for a term of twenty years, renewable at the discretion of the Minister of the Interior.

The lessee shall have a dredge in operation within one season from the date of the lease for each five miles. Rental $10 per annum for each mile of river leased. Royalty at the rate of 2½ per cent collected on the output after it exceeds $10,000.

W. W. CORY,
Deputy of the Minister of the Interior.

COMMERCIAL MATTERS.

What is Going On In the Business World—The Markets.

The Grand Trunk has ordered fifty-five new engines of the Richmond compound consolidation type, to be built in Montreal.

Dominion Coal Co.'s output for nine months is reported at 2,082,194 tons of coal, against 2,354,883 tons for the same period last year.

Grand Trunk earnings for ten days, September 21st to 30th, were $1,109,613, against $1,081,876 last year, an increase of $27,737.

Montreal Street railway earnings for September have been large. For the first twenty-nine days the increase was $33,981. Daily earnings of over $9,000 have been common.

None of this year's Bean crop has yet reached this market. Prices for old are steady at $1.70 to $1.80 for hand picked, $1.50 to $1.60 for prime and $1 to $1.50 for undergrades.

A new coal discovery at Cape Breton is reported by Consul-General Holloway. A 200-foot bore hole shows a seven-foot vein under an area of possibly fifty miles. Development is in progress.

A $75,000,000 electric trolley system, with double tracks between New York and Pittsburg is a project of Joseph Ramsay, Jr., and associates. Their ultimate aim is to extend to Chicago.

The U. S. Steel corporation owns and operates a railroad trackage that would reach from New York to Galveston, or from Paris to Constantinople. It possesses 30,000 cars and 700 locomotives.

The Dutch government has brought in a bill providing that all meat for export from Holland shall bear an official stamp as a guaranty of quality. Any infraction of the law will entail severe penalties, states a London Times correspondent.

Sir Thos. Shaughnessy, president of the Canadian Pacific Railway Company, put an estimate of $180,000,000 on the lands owned by the company. Sir Thomas said further that the company had recently refused an offer of $20 per acre for 1,000,000 acres of settled lands.

The shareholders of the C.P.R. company from now on will get extra dividends from the proceeds of the land department. This extra dividend will represent the amount collected annually in the form of deferred payments on land sales and the interest thereon, and this year this amount will be equal to one per cent. on the total share capital of the company.

A bulletin issued by the Vermont agricultural experiment station says that reports received within the past few weeks from widely separated fruit growing sections of the country indicate a great reduction in the apple crop, as compared with predictions made earlier in the season. The general situation seems to be that the crop is irregular and greater below than in some localities and light in others.

Cheese Markets.

Picton, Oct. 3.—Thirteen factories boarded 1,030 boxes, all colored; 12½c. bid. All sold.

Woodstock, Oct. 3.—Two thousand two hundred colored and 1,500 white. September make, offered. Highest bid, 12½c. No sales made.

QUEEN'S REGISTRATION

Cannot Be Accurately Estimated For Some Months.

The total registration at Queen's will not be known for some months. At present, even an estimate is impossible. The various faculties allow their students until different times to register, and at this date not one third of those in attendance have taken out their class tickets. However, it is thought that the registrar's report next spring will show that the number of students at Queen's will be close to 1,200. Of this number, however, scarcely 1,000 will be in actual attendance. Queen's extra mural students number about 200, and are spread all the way from the Yukon to Cape Breton. The extra-mural system has been of immense value to those who cannot attend college.

AGAIN SOLD AT 12¾ CENTS.

Price of Cheese the Same as a Week Ago.

Kingston, Oct. 4.—At the Frontenac cheese board meeting this afternoon, the registration totalled 926 boxes, of which 395 were white and 531 colored. These factories boarded:

White—Cataraqui, 125; Forest, 80; Model, 90; Wolfe Island, 95.

Colored—Glenburnie, 64; Glenvale, 60; Gilt Edge, 50; Hartington, 56; Hinchinbrooke, 30; St. Lawrence, 50; Silver Springs, 81; Thousand Islands, 40; Elginburg, 50; McGrath's, 60.

The only bid was 12¾c., at which figure Mr. Murphy secured 665 boxes and Mr. Mackinnon, 90.

Every person should know about and try "Housekeepers' Silver Cloth"; polishes silverware, all bright metals and mountings like magic; no paste or powder required, simply rub the article to be polished briskly with the prepared cloth and a brilliant polish is secured in a clean, quick, handy way. MILITARY SCHOOLS

MAY BRING THE CADETS TO CAMP IN CANADA.

West Point and Other American Military Academies Correspond With Canadian Railway Men Over Rates — May Build Permanent Camps.

Montreal, Oct. 4.—Several large military colleges in the United States foremost among which is West Point Academy, are in communication with Canadian railway officials looking to the establishment in Canada of permanent summer clubs or homes where the summer students may be brought together for a few weeks' fishing and hunting. The exceptional attractions in some of the northern districts of Ontario and Quebec have received such extended notice abroad that they are becoming more and more popular with outsiders.

At to-day's session of the royal grain commission at the board of trade several witnesses were examined among whom were R. F. Crawford, grain inspector, and W. H. Schmidt, grain broker. The evidence adduced was very largely of a technical character respecting the grain trade and inspection act, the evidence of the gentlemen having reference to the interpretation of the grain inspection act in Toronto.

NEW ZEALAND EXHIBITION.

Low Rates Over the C.P.R.—An Attractive Land.

To the many attractions of New Zealand as a tourist and pleasure resort is this year added that of the International exhibition to be held at Christchurch, the second city of the colony, from November, 1906, to April, 1907.

Canadian products will be much in evidence, and it is expected that a large number of Canadians will take this opportunity of visiting "Maori Land," that interesting country of which most people have heard so much, and in reality know so little. Mark Twain's opinion that New Zealand "was somewhere near Australia, and you get over to it by a bridge," is shared by the great majority, who have never experienced the steady steaming across the wide Pacific necessary to "bridge" New Zealand, and her big neighbor. The democratic government, unique and progressive legislation, state-controlled industries, from railroads to coal mines, have made New Zealand so well known, as has its natural beauty, its hot lakes and geysers, outrivaling the Yellowstone, its lovely semi-tropical bush, with graceful palms and tree ferns, and gorgeous wild orchids everywhere, its majestic fiord scenery and its lofty snow-clad Alaps, all of which truly need to be seen to be appreciated. The climate is certainly the best found south of the line, and as the exhibition from November to April, covers the best of the summer months, visitors need not fear bad weather. If you have ever contemplated a trip to the Southern Seas, "do it now;" this is a good opportunity.

Special reduced rates for the exhibition are offered by the Canadian Pacific railway, with its ocean connection, the Canadian-Australian line of Royal Mail steamships. Through rates from Toronto right to Port Lyttleton, N.Z., and return are $418.90 first-class throughout, and $348.90 first-class rail and second on steamer; tickets good sailing from Vancouver on October 12th, November 9th, December 7th, 1906; January 4th and February 1st, 1907, good to return to Vancouver within six months. These steamers call at Honolulu, and passengers can tranship at Suva, Fiji, if they wish, instead of reaching New Zealand by way of Sydney, N.S.W. Splendid accommodation is provided, with a fine table and attendance, and at this time of the year a smooth passage is a certainty. Further particulars and litrature gladly furnished upon application to C. B. Foster, district passenger agent, C.P.R., Toronto.

Stole Sleepers' Clothes.

Upper Sandusky, O., Oct. 4.—The porter was asleep when two negroes entered the Detroit sleeper on the Hocking Valley road at Marion. He was asleep when they left.

The dozen passengers awoke long before the porter did. All were men. That made it less embarrassing. They had nothing to wear but their pajamas. The negroes had removed all the wearing apparel in the car; also the watches and money of the passengers. Two shockingly dirty suits of clothes were found in the wash room, but no one wanted to wear them. The porter is threatened with insomnia.

Bell Rock Briefs.

Bell Rock, Oct. 3.—The first hard frost of the season occurred on the 30th. The harvest home, which took place here on the 18th, was a success. Rev. Mr. Allin, Enterprise, and C. D. Allin, B.A., were the principal speakers. R. J. Brooks is moving from this place to his farm near Moscow. Miss Maggie Yorke is visiting at Tamworth. Mrs. A. Parker, Mountain Grove, was renewing acquaintances here last week. Visitors: Mr. and Mrs. George Wheeler, Northbrook, at J. B. Wheeler's; Mrs. French, Mountain Grove, at G. M. Sanborn's.

Salubrious Bay Quinte Climate.

Belleville Ontario.

The interesting fact was noted in Saturday's Ontario that two sisters, aged ninety-two and ninety-five years respectively, had conversed over the telephone at their homes in Gilead and on Big Island. The climate of this part of Ontario is certainly conducive to longevity, as the venerable ladies in question are but two out of a considerable number of people in the district whose ages closely approximate to their own.

Fatal Blood Poisoning.

Frequently follows the use of cheap corn salves and plasters. The safest is the best, and that's "Putnam's," which has a record of fifty years' success. Refuse substitutes for "Putnam's," which costs 25c. in every drug store.

Golden Medical Discovery is sold at Gibson's Red Cross Drug Store.

POLICE COURT DOINGS.

Liquor Still Continues to Fill Prisoners' Dock.

The police magistrate dealt with four cases this morning. The young woman arrested a week ago for being drunk was allowed to go, with a warning to cease drinking liquor, which would only land her in trouble again. A young man, who imbibed too freely yesterday, spent the night in the cells, and was asked to pay a fine of three dollars and costs or serve a month in jail. The fine was paid.

That old-timer, "Pegleg" Burns again faced the magistrate, charged with begging. He denied positively that he had asked anybody for anything. A merchant's clerk was sent for to knock out "Pegleg's" evidence, and while Police Constable Arniel went for the witness, the man in the dock asked his worship if the witness he was getting was "an honorable man." The clerk testified that Burns had come into the store and asked his employer for five cents yesterday afternoon. The request was refused, "I'll take my oath that I was never in the store yesterday," declared "Pegleg," with the lying candour of a celestial. "I'm afraid we'll have to give you free board for a month," said the magistrate. "Your worship, won't you let me go back to my work of peeling potatoes?" "Oh, there'll be lots of potatoes to peel up at the jail," was the magistrate's reply.

An Englishwoman, who has been here since July, was arrested last night for being drunk. To the magistrate she said that her husband had not had work for a fortnight. She had two children, one of whom was working. The other, a girl, was not yet at school, though eleven years of age. The magistrate said he would allow her to go, but directed that she send her daughter to school at once. He said he would have the matter followed up. The woman was advised to let liquor alone and live at peace. She displayed a bruised nose and a blackened eye, another woman having struck her.

During the past two weeks, nearly every arrest made has been occasioned by drunkenness.

THEIR REEVE HONORED

Newburghians Pleased Over Doctor's Appointment.

Newburgh, Oct. 3.—The Sunday school rally held in the Methodist church, on Sunday, was one of the finest services of the year. The schools from Wesley, Switzerville and Strathcona, joined the Newburgh school, and over two hundred Sunday school scholars took part. Rev. J. F. Mears led the service, assisted by D. A. Nesbit, B.A., C. W. Neville, A. V. Price, Byron Rose and William Paul. The Presbyterian Sunday school held their annual rally in the afternoon, Miss Ballard, Madoc, is visiting her brother, Harry Ballard. W. P. Deroche, Napanee, was in town on Thursday of last week.

The announcement last week, that Dr. M. I. Beeman had been appointed to the provincial board of health was hailed with pleasure by all classes of citizens. The government made an excellent choice in appointing our local physician, whose sterling worth as a man and practitioner is recognized by the wide circle of people in this vicinity. The doctor's wide experience and ability as a medical man will make him discharge his duties faithfully, and the village itself is to be congratulated that one of its most trusted and prominent citizens, its reeve, in fact, has been honored with the appointment when the government had the whole tory medical profession of the province to choose from.

Mr. and Mrs. P. D. Shorey and children and Miss Clara Shorey spent Sunday in Camifton. Mrs. Finkle, Napanee, is visiting Mrs. A. Madden. Mrs. Hooper and Miss Hooper, Napanee, are visiting G. B. Thomson's. Mrs. Percy of California, is visiting her sister Mrs. Hope. Mrs. Hope returned on Saturday after an extended visit with her daughters in Brockville and Bedford Mills. The annual harvest home service was held in St. John's church Sunday evening. J. J. Shorey and James Farley were in Napanee on Monday as jurymen at the assizes. Miss McKenister, Toronto, is visiting her mother.

Elginburg Echoes.

Elginburg, Oct. 4.—George Porter and E. Tolles, Jr., took in the excursion to New York. Mrs. A. McBride has returned from visiting friends at Newburgh. H. Counter and wife are spending a couple of weeks at Portsmouth. J. Reid and wife are visiting friends in Chicago. Mrs. W. Lawson is visiting her daughter at Messena, N. Graham has purchased J. H. Lake's general store. Mr. Funnell, injured by a horse kicking him, at Cataraqui fair, is much improved. Visitors: Mrs. Walker, Yarker, at E. Stover's; Mrs. Latimer and daughter and children, Michigan, at A. Stover's.

Groom And Bride Home.

Moscow, Oct. 1.—The gang of roadmakers are progressing finely. When finished we shall have a road second to none in the province. James Evans and bride returned last week. A very pleasant reception was given at the Evans' home on the evening of their return. With dancing and other amusements the time passed all too quickly, and when the clocks began to strike the small hours the guests left very reluctantly. Mr. and Mrs. Damon Wagar and Mr. and Mrs. Sidney Wagar spent Sunday at the home of F. P. Johnson. Mr. and Mrs. Chester Card spent Friday and Saturday with friends at Cataraqui.

Loughboro Council.

Sydenham, Oct. 1.—Accounts passed: Norman Davey, repairing culvert on the Harrowsmith road, $1.10; John Hogan, breaking stone near J. Koen's, $10.50; Joseph Graham, breaking stone near Spafford'on, $2; William Leeman, culvert and material near Spafford'on, $8.40; Fred Aykroyd, plank for culvert, $3.20; Guthrie & Donnell, job on the Opinicon road, $7.50; Rathbun Co., lumber and cement, $128.25; John Peters, breaking stone, $25.50. Adjourned to meet for special session at 8 p.m., Wednesday, October 10th, for the appointing of a collector of taxes.

In a fight with his brother George, in a gasoline launch, on Lake Mississippi, John Bradley, Carleton Place, was struck on the head by an oar, and died without regaining consciousness. The brother has been arrested. An inquest will be held.

James Shanks, Smith's Falls, died, on Sunday, at the home of his son, Matthew Ryan, Brockville. He was born in County Wicklow, in 1825. He has been reeve of Kitley, justice of the peace, and county councillor, and was a staunch liberal. Two sons and a daughter survive.

After the practice of the Methodist church choir, Smith's Falls, last Saturday evening, W. H. Kerfoot, on behalf of the choir, presented Mrs. J. R. Lavell, who leaves this week for Strathcona, Alta., with a beautiful pearl ring as a souvenir of her long and faithful connection with that organization.

At the home of Mr. and Mrs. Allan Cameron, uncle and aunt of the bride, in Brockville, Miss Olive Foster, daughter of Capt. and Mrs. A. Foster, Smith's Falls, was married to Clancy Marvin Buell, son of Mr. and Mrs. Charles Buell. The bridesmaid was Miss Ethel Chatem, Montreal. The bride is very popular in Brockville.

SIX MEN SENTENCED

To Various Terms at Criminal Sessions.

Toronto, Oct. 4.—Six prisoners were sentenced in the criminal sessions, this morning. They were William Maynard, wounding, one year and 364 days in Central; William Dobson, arson, one year and 364 days; Robert Morrison, indecent assault, one year and 364 days; Joseph Bosley, theft, thirty days; Samuel Smith, assaulting the police, suspended sentence; Joseph Wagner, hand-book man, $100 and costs or three months.

Says Women Cause Sin.

Chicago, Oct. 4.—"Women are responsible for most of the sin in the world," said the Rev. Joseph A. Milburn, in an address on "Literature In Life" before the Englewood Woman's Club. "They allow one standard of morals for themselves and another for their husbands. When their boys go astray they hold out their hands to help them; when their daughters sin they weep, and they make no effort to change this condition of affairs. Men should be held to the same restrictions as women, and women should be allowed the same latitude as men. Women need broader scope. They get into ruts which are suicidal."

Not Improperly Handled.

New York, Oct. 4.—The Presbyterian board of home missions has issued a statement in reply to the recent report of Frank C. Churchill, of the interior department who investigated the condition of school service in Alaska and the domestication of the reindeer. The statement accuses Mr. Churchill of being prejudiced and asserts that he did not desire to examine impartially the conditions and that the handling of the reindeer business through the missions has been a decided economy to the government.
