For Family Colds

A reliable cough and cold cure should be always in the house ready for use the moment the first symptoms appear.

It is always easier, cheaper and better to check a cold in the very beginning.

It is safer, too.

Shiloh's Consumption Cure, the Lung Tonic, has been tested for thirty-three years, and tens of thousands of homes in Canada and the United States to-day are never without it.

A dealer writes: "Shiloh's Consumption Cure is without doubt the best remedy for Coughs and Colds on the market. Cures used, my customers will buy no other.—L. Elder, Niagara-on-the-Lake, Ont."

If it were anything but the best would this be so? Try it in your own family. If it does not cure, you get back all it cost you. We take all the chances. Neither you nor your dealer can lose. Isn't that fair? 25c. is the price. All dealers in medicine sell

SMUGGLED THEM

ONLY ONE MAN OUT OF 83 NOW AT LARGE.

Men All Appear to Be Ex-Soldiers—The Suian Maru Seized—Bringing on Japanese.

Victoria, B.C., Oct. 31.—On the night of October 20th, Dr. Watt, of the quarantine station at Albert Head, discovered that the Japanese schooner Suian Maru had landed a large party of Japanese at Beecher Bay, near here. He and the provincial and city police have since been busy, and as a result of their work eighty-two of the escaped refugees are now in custody. The officers of the schooner state that the total number on board was eighty-three so there is but one more to be accounted for. Last night a party of twenty-three was brought to Victoria from Sydney, where they had been taken into custody immediately on entering the town. All appear to have been soldiers from their dress, but none can speak English.

The schooner has been placed under seizure by Mr. Newbury, collector of customs, for violation of the customs law. The captain and mate of the vessel place the full responsibility on Oikawa, who, they say, chartered the craft.

No action will be taken by the authorities until all have been captured. A representative of the Japanese consul in Vancouver is in the city looking into the matter on behalf of that official.

BARRIEFIELD NEWS.

Busy Hay Pressers—Six Weddings to Take Place.

Barriefield, Oct. 30.—R. Fowler has Mr. Nelson's hay press, and a gang of men at work, putting up thirty tons of hay a day, to ship to England. As fast as pressed teams take it to the car sheds in the city. Mr. Fowler expects to ship eight hundred tons and have enough left to feed his stock over winter. A second steam presser is working at J. Wilmot's for export to England. Presses also are engaged as far as Brockville, all along the road and through the country, to press for shipment. The prospects are that good hay will be scarce before spring.

C. Bowman has had carpenters, masons and painters at work for some weeks. His house is now improved greatly in appearance and Mr. Bowman has moved in. He intends putting one thousand dollars improvements on another building on his property, making two good tenement houses, which are much in demand in the village. Were it not for the government land blocking the way of advancement, a handsome and busy city would long since have covered our bare hills and shores with mills, foundries and shipping.

Six weddings around Barriefield will shortly come off, in which Watertown, Kingston Mills, Isle of Man, as well as Barriefield, will be interested. Mr. and Mrs. Sanders spent Sunday at her mother's, Mrs. Starnton. Mr. Kincaid is on his rounds with the tax bills. Mr. and Mrs. T. Pugh held a card party at Mrs. Cherie's. W. Vanhorn purchased all the cows and calves around Barriefield, and secured a large drove, giving good prices.

LETTERS TO THE EDITOR.

Ald. Daniel Reeves Writes From Michigan.

Marshall, Mich., Oct. 29.—(To the Editor): Looking over your paper, I see that the old city of Kingston is still on the map. Many deaths are recorded, but I failed to see where any of our leading men are alive. I see the mayor and some of the members of the city council have been chairmen of different meetings, such as the Orphans' Home, the churches, etc. This is very kind of them, and makes them popular with certain classes of citizens, but better if they got busy and did something for the dear, old city we all love so well. I have visited about twenty-five towns and cities, with populations from 3,000 to 100,000. Not one of them but has part of their streets paved. The town I am now in, population 4,000, has one mile of paved streets. The town is Marshall. All their walks are artificial stone. It makes me feel ashamed of our city to think we are paying the highest taxes and our streets are worse than those of any place I have ever visited. It seems the only thing our officials do is to build castles in the air and raise our taxes. I wrote to City Clerk Shannon for a letter of introduction. I thought in my humble way, I might gather some information from the several city officials I could come in contact with, but I suppose Clerk Shannon was so busy with his new job he overlooked the interest of our city. I will be in Detroit about November 10th. Will you please have this letter sent me, as I may have a chance to put some of the large manufacturers who want to locate a branch in Canada in touch with our mayor.—Yours, for a new Kingston, DANIEL REEVES.

SYNOPSIS OF CANADIAN NORTH-WEST HOMESTEAD REGULATIONS.

Any even numbered section of Dominion Lands in Manitoba or the North-West Province, excepting 8 and 26, not reserved, may be homesteaded by any person the sole head of a family, or male over 18 years of age, to the extent of one-quarter section, of 160 acres, more or less.

Application for homestead entry or inspection must be made in person by the applicant at the office of the local Agent or Sub-agent.

An application for entry or inspection made personally at any Sub-agent's office may be wired to the local Agent by the Sub-agent, at the expense of the applicant, and if the land applied for is vacant on receipt of the telegram such application is to have priority and the land will be held until the necessary papers to complete the transaction are received by mail.

In case of "personation" the entry will be summarily cancelled and the applicant will forfeit all priority of claim.

An applicant for inspection must be eligible for homestead entry, and only one application for inspection will be received from an individual until that application has been disposed of.

A homesteader whose entry is in good standing and not liable to cancellation, may, subject to approval of Department, relinquish it in favour of father, mother, son, daughter, brother or sister, if eligible, but to no one else, on filing declaration of abandonment.

Where an entry is summarily cancelled or voluntarily abandoned, subsequent to institution of cancellation proceedings, the applicant for inspection will be entitled to prior right of entry.

Applicants for inspection must state in what particulars the homesteader is in default, and if subsequently the statement is found to be incorrect in material particulars, the applicant will lose any prior right of re-entry should the land become vacant, or if entry has been granted it may be summarily cancelled.

Duties.—A settler is required to perform the conditions under one of the following plans:—

(1) At least six months' residence upon and cultivation of the land in each year during the term of three years.

(2) If the father (or mother, if the father is deceased) of a homesteader resides upon a farm in the vicinity of the land entered for by such homesteader the requirement as to residence may be satisfied by such person residing with the father or mother.

(3) If the settler has his permanent residence upon farming land owned by him in the vicinity of his homestead, the requirement may be satisfied by residence upon such land.

Before making application for patent the settler must give six months' notice in writing to the Commissioner of Dominion Lands at Ottawa, of his intention to do so.

SYNOPSIS OF CANADIAN NORTH-WEST MINING REGULATIONS.

Coal.—Coal lands may be purchased at $10 per acre for soft coal and $20 for anthracite. Not more than 320 acres can be acquired by one individual or company. Royalty at the rate of ten cents per ton of 2,000 pounds shall be collected on the gross output.

Quartz.—A free miner's certificate is granted upon payment in advance of $5 per annum for an individual, and from $50 to $100 per annum for a company according to capital.

A free miner, having discovered mineral in place, may locate a claim 1,500x1,500 feet.

The fee for recording a claim is $5.

At least $100 must be expended on the claim each year or paid to the mining recorder in lieu thereof. When $500 has been expended or paid, the locator may, upon having a survey made, and upon complying with other requirements, purchase the land at $1 per acre.

The patent provides for the payment of a royalty of 2½ per cent on the sales.

Placer mining claims generally are 100 feet square; entry fee $5, renewable yearly.

A free miner may obtain two leases to dredge for gold of five miles each for a term of twenty years, renewable at the discretion of the Minister of the Interior.

The lessee shall have a dredge in operation within one season from the date of the lease for each five miles. Rental $10 per annum for each mile of river leased. Royalty at the rate of 2½ per cent collected on the output after it exceeds $10,000.

W. W. CORY,
Deputy of the Minister of the Interior.

Applecuts In Order.

Leland, Oct. 27.—Apple-cuts are the order of the day. One at Mr. Brewer's Friday evening proved a great success. The school is progressing very favorably under the able management of Miss Miller. Look out for the school concert to be held in December. Practice has commenced now. Mr. Folkes preached a very interesting sermon to a large congregation on Sunday morning. J. D. Keeley, proprietor of cheese factory, Railton, No. 2, paid off at $1.14 for the month of September. Sorry to hear A. Ritchie has not been in our midst lately on account of severe illness. Look out girls for a merry cutter drive; Frank Kellar is giving his cutter a couple of coats of paint. Misses Eva and Ada Smith left on Monday, having secured a position at the mica house. Visitors: Mr. and Mrs. T. Young at J. Young's, on Monday; Mr. and Mrs. William Koen, at R. Ackerman's on Sunday evening; Mrs. H. Kellar, at W. Kennedy's; Mr. and Mrs. Cumpson, at her sister's, Mrs. Lucy's; Miss Georgina and Miss Emma Ferguson and Mr. Ferguson, at A. McFadden's; J. Young, at S. Dickinson's; L. Reynolds, at J. Young's; D. Ferguson, at W. Brewer's; P. Campbell, at J. Glass'; Mr. and Mrs. O. Cumpson, Opinicon, at I. Smith's; Mr. and Mrs. J. Smith, Inverary, at J. Young's; Mr. and Mrs. McFadden, at A. Campbell's.

Complaining Of Rain.

Stella, Oct. 31.—Farmers say too much rain has fallen for good ploughing which is not nearly completed yet. Owing to the heavy windstorm on Saturday and Sunday, the steamer Aletha had to lay over here until Monday morning. Two hay presses are at work here, seven dollars per ton, is being paid. A few farms have changed hands here. B. Wemp has bought the Patterson farm, and R. Filson takes the farm lately occupied by B. Wemp. D. T. Finlay has purchased the Rothwell farm on the Bath road. Captain H. Sanders has purchased a house in the village, and is about to retire from the farm. A. Howard has his cement wall ready for his new barn, which will be raised in a few days; ti is 110 feet long, by thirty-eight feet wide, with a sixteen-foot post on top of an eight foot wall with cement floor. A. Filson and Frederick Richards have arrived home from the west. Mrs. J. Howard and Miss Annie McDonald also arrived from the west. Visitors: Mrs. E. Allen, Picton, visiting friends here. Captain H. A. Bolton, Kingston Mills, visiting W. H. Moutrav. Mr. and Mrs. A. Reid, Kingston, visiting friends.

Universal meat choppers from $1.25 to $1.75; all guaranteed. Strachan's Hardware.

You can heat your farthest room

By installing a combination hot water and hot air heater. By this means you secure a quick warmth when the fire is started, combined with ample ventilation, while the hot water radiators in more distant apartments and at outside walls assure a uniform heat throughout the house.

BUCK'S "LEADER" Combination Heater

Is adapted perfectly to the varying seasons of this country. The smallest fire can be perfectly maintained in the spring and fall months, giving the needed warmth by hot air, while in winter weather all the advantages of hot water heating are automatically secured.

Besides, it burns less coal than any other heater, and that soon saves its whole cost.

Write for our heater catalogue. It tells a lot of things about heating that are worth knowing.
