NO GREASE OR DANGEROUS DRUGS.

In "Herpicide," the New Scientific and Successful Dandruff Treatment.

Have you dandruff? Then you have a contagious parasitic disease, unpleasant, unhealthy and one that will eventually lead to baldness. To cure it you must destroy the parasite that eats at the root of the hair. The only preparation for destroying these germs is Newbro's Herpicide. Charles Klein, of Laramie, Wyo., says: "Herpicide allayed the itching, cured the dandruff and stopped my hair's falling out, and it is bringing a new crop of hair." Herpicide is free from grease or dangerous drugs, and makes hair glossy and soft as silk. One bottle will convince you of its merits. Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich. G. W. Mahood, special agent.

Catarrh of the Stomach

A Pleasant, Simple, But Safe and Effectual Cure For It.

COSTS NOTHING TO TRY.

Catarrh of the stomach has long been considered the next thing to incurable. The usual symptoms are a full or bloating sensation after eating, accompanied sometimes with sour or watery risings, a formation of gases, causing pressure on the heart and lungs and difficult breathing, headaches, fickle appetite, nervousness and a general played out, languid feeling.

There is often a foul taste in the mouth, coated tongue and if the interior of the stomach could be seen it would show a slimy, inflamed condition.

The cure for this common and obstinate trouble is found in a treatment which causes the food to be readily, thoroughly digested before it has time to ferment and irritate the delicate mucous surfaces of the stomach. To secure a prompt and healthy digestion is the one necessary thing to do and when normal digestion is secured the catarrhal condition will have disappeared.

According to Dr. Harlanson, the safest and best treatment is to use after each meal a tablet, composed of diastase, aseptic pepsin, a little nux, golden seal and fruit acids. These tablets can now be found at all drug stores under the name of Stuart's Dyspepsia Tablets and not being a patent medicine can be used with perfect safety and assurance that healthy appetite and thorough digestion will follow their regular use after meals.

R. S. Workman, Chicago, Ills., writes: "Catarrh is a local condition resulting from a neglected cold in the head, whereby the lining membrane of the nose becomes inflamed and the poisonous discharge therefrom passing backward into the throat reaches the stomach, thus producing catarrh of the stomach. Medical authorities prescribed for me for three years for catarrh of stomach without cure, but to-day I am the happiest of men after using only one box of Stuart's Dyspepsia Tablets. I cannot find appropriate words to express my good feeling. I have found flesh, appetite and sound rest from their use."

Stuart's Dyspepsia Tablets is the safest preparation as well as the simplest and most convenient remedy for any form of indigestion, catarrh of stomach, biliousness, sour stomach, heartburn and bloating after meals.

WOLFE ISLAND NEWS.

No Let Up to the Hay Business.

Wolfe Island, Nov. 19.—The funeral of the late Mrs. Daniel Taggert took place, on Tuesday at nine o'clock, to the church of the Sacred Heart, in Marysville, where a requiem mass was sung for the repose of her soul. She leaves a husband and three sons to mourn her loss. The funeral of the late Mrs. Mary Kyle took place from the city on the 11.30 boat, on Sunday to the island. She had been living with her son-in-law, Robert Sexsmith, 129 Lower Bagot street, for some time past. Her death was due to paralysis. The deceased was born in Ireland sixty-seven years ago. The service was held in Trinity church, Marysville, of which she was a member. Hugh Taggert was taken from his home here last week in the ambulance to Hotel Dieu, suffering from typhoid fever.

The steambarge Navajo arrived here on Saturday with a cargo of 250 tons of coal for W. A. Allinson. W. Horne, H. D. Hinckley, H. Morrison are home from their hunt of two weeks in the wolds of Kaladar. They shot five deer, bringing three with them. Mrs. Michael Lacey is on the sick list. Dennis Griffin, formerly of the island, and now of Watertown, N. Y., took unto himself a young lady of the above place last week. There will be a dance in the village on Thursday evening, tendered by two young ladies. The boat will leave the city at eight o'clock, on a special trip for the convenience of city people. Those who left here on Queen's excursion for Toronto on Friday, were Mrs. E. Bricland, Miss Mamie Wafer, and Frank and D. J. Cosgrove.

There still seems to be no let up to the hay business here, as there is a new buyer, Mr. Adams, at the foot, with two more presses. Patrick Hawkins has purchased a new steel frame low down press. Our village is certainly coming up in the sporting line there were two pool tables installed the past week in the Masonic hall by L. H. Card. Stanley Cassel is wearing a smile these days; it's a boy.

Avoid Lung Trouble.

Take one-half ounce Virgin Oil of Pine (Pure), two ounces of glycerine and eight ounces of good whiskey. Shake well and take in teaspoonful doses every four hours. It is said to break up a cold in twenty-four hours, and cure any cough that is curable.

An eminent authority on lung trouble says if this simple and effective formula was known and generally used throat, lung and bronchial affections would seldom reach an acute stage. Care should be used in selecting pure ingredients, and to avoid substitution it is best that they be purchased separately and mixed in your own home.

The Virgin Oil of Pine (Pure) should be purchased in the original half-ounce vials put up expressly for druggists to dispense. Each vial is securely sealed in a round, wooden case, with engraved wrapper, with the name—"Virgin Oil of Pine (Pure)"—plainly written thereon. Only the cheaper oils are sold in bulk, but these produce nausea and never effect the desired results.

Saved By Alarm Clock.

Brockville, Ont., Nov. 20.—The family of D. J. McDonald narrowly escaped asphyxiation with coal-gas. An alarm clock, which went off at an early hour, awakened Mr. McDonald, who discovered his own condition in time to avert fatal results. His three children were very ill and Mrs. McDonald was unconscious. She is still unable to leave her room, but is out of danger.

TO FIGHT A PLAGUE

HAMILTON WOMEN FOLLOW PRINCESS' EXAMPLE.

Mrs. P. D. Crerar Gives An Inspiring Talk to the Daughters of the Empire Here—Enthusiasm a Necessity.

"The white fire of a great enthusiasm is the strongest motive power in the whole world." Mrs. P. D. Crerar put her "text," as she called it, in the middle of her convincing talk to the Daughters of the Empire, and others in St. Andrew's hall on Tuesday, on the work the Hamilton chapter, of which she is regent, has done. Mrs. Crerar has a very charming personality, clear of thought and speech she is, a worker, with wit to see that the graces of life count mightily, in the world's work, "Irish,—partly"— as she naively said.

Hamilton chapter spent $300 on colors for the 13th, later $300 more for colors for the 91st Highlanders, $500 for the South African aid fund, a good sum for the graves of our dead on the veldt. It has also given flags to fifty-two of the eighty-six schools in the county of Wentworth, and the Daughters have gone to the flag raisings. Then the chapter settled down to the nice, lady-like occupation of meeting to hear essays on patriotism. "Of course, we spelt it with a big "P," laughed the speaker, "and it looked better that way." Knowing, however, that true patriotism went deeper, down to doing good to humanity, the regent got leave for the Hamilton chapters to begin the work of care for tuberculous patients. How that work succeeded, when spurred on by the incentive which came from working unitedly in the cause of suffering humanity, is told by the sanitorium on the mountain the numbers of cured consumptives sent from it, the many incurables whose end is made easier, the education crusade against the deadly scourge. All praise to the Ambitious City.

If in 1206 the beautiful Princess Elizabeth of Hungary began the attempt to rid her husband's domains of the loathsome plague of leprosy, and dying at twenty-six, left a record that she had nursed 900 suffering creatures, and if that effort in that far-off time has resulted in stamping the disease out of Europe, what might not Canadian women, with modern science at their back, do to wipe out the white plague from this their own fair land? All that is wanted is the motive power, and that is "the white fire of a great enthusiasm."

Mrs. E. T. Taylor, regent of the Kingston chapters, brought the apologies of Mrs. Nordheimer, regent of the provincial chapter, who had been prevented from attending the meeting, which was a very representative one.

A $1,000,000 POST-OFFICE

For Vancouver—Children Crowd the Schools There.

Vancouver, B.C., Nov. 12.—(To the Editor): Occasionally we see a description in the newspapers of "The Meanest Man," and usually he is a personage who has not, according to the editor's conception of the matter done his whole Christian duty toward the paper, and truly this is bad enough; but the man who carries the distinction in Vancouver, to-day, is, or should be, the young man who wooed and won the minister's daughter, and then led her up before her father and had the ceremony performed, thus saving the usual fee.

It is stated that the provincial house dissolves on Wednesday. Everybody is preparing for the fight. There is the usual uncertainty about how this faction or that one will go, but time and money is all that is required to bring them all in line. The labor party and the socialistic party have crossed swords, and now just to show that they are not be overlooked the last named party has agreed to furnish men and elect them to all the important offices, both civic and provincial. They are coming out in their might to show their weakness.

Capt. Griffin cried at the termination of the long continued and worrisome trial, at which he was held for manslaughter, as Judge Henderson pronounced him "Not Guilty." Capt. Griffin, it will be remembered, was manding the Princess Victoria when she struck and sunk the Chehalis going out of Vancouver harbour some three months ago, drowning eight persons. The captain felt keenly the seriousness of the charge, and when the judge handed down his decision in the matter tears rolled down his cheeks as he breathed a sigh of relief.

"Where do they come from, and what are we going to do with them?" is the question asked by superintendent of schools, Argue. He is referring to the school children, and it certainly is a perplexing question. Vancouver is building new schools every year, and yet the schools are always crowded. It is a healthy sign though, and if people will not crowd us too hard we will try to cope with the situation. The future of any place depends upon the young, and if they keep pouring into Vancouver for the next few years as fast as they have done in the past few, we will certainly have to extend our limits.

The dominion government rises to the occasion, and is erecting a million dollar postoffice, which is truly a credit to the city, as well as to the country. If, however, the city keeps on growing for the next ten years as she has done for the last five, this postoffice will be too small.

Real estate is continually soaring upwards, and where it will end I really cannot tell. A lot that could have been bought three years ago for $200 is worth $12,000 to-day, and others in proportion.—E. H. NEWTON.

The Grand Trunk Pacific dock at West Fort William collapsed carrying 800 tons of steel rails into the river.

The tasteless preparation of cod liver oil is sold at Gibson's Red Cross drug store, 75c. not $1.

The Paragraph Pulpit

Unitarian.

REV. C. W CASSON, OTTAWA.

The Unitarian Message To Men.

Thousands of men in Canada are practically out of the Christian church. Its message to them has lost its power and persuasiveness. It may receive their financial support, but it does not command their sympathy of heart and head. To these men the Unitarian church has a new and convincing message. It declares that the main thing in religion is not the acceptance of any special salvation scheme, but the living of a life. It teaches that religion is life, strong, sane, pure, manly, helpful life. It insists upon character, as the absolute essential in righteousness.

VENNACHAR TIDINGS.

Death of a Lad—His Mother Seriously Ill.

Vennachar, Nov. 19.—The Lansdowne Hunting club got their full number of deer, two each by the 10th inst. William Burns, Lansdowne, lifted lambs and sheep here on the 12th and started on the 13th to drive his flock of 350 to Lansdowne. Harry Snider took a load of deer to Lavant last week for the hunters. Stanley Gregg lost his driving horse, Harry, last week. S. A. Buffam made a business trip to Denbigh. J. McLaughlin visited at Robert Comers last week. George W. Jackson and Miss Grace Irish were married on the 14th by Rev. Hugh McLane, Matawatchan, after which they returned to the bride's former home and a wedding dinner was served to a large number of invited guests. The numerous useful presents bespoke the respect in which the community held the new married couple. Their future home is to be with the groom's parents, Mr. and Mrs. John Jackson, who are in very poor health at present. Mrs. Williams Goodrich and Mrs. John Gregg, who were on the sick list, are able to be around again.

Oliver Bebee, twelve years old, died on the 15th. The funeral was held on Saturday and conducted by Rev. D. L. Gunter. The mother, Mrs. Alfred Bebee, is at the present in very poor health. Visitors: F. C. Anderson, public school inspector at the school, and reports the school in a prosperous condition; Arnold McGinnes and Mrs. Charles Ball, Oconto, at M. and Fred. Ball's.

They've Got Indian Summer.

Morven, Nov. 19.—Weather mild and Indian summer weather prevails. Those who have been north on a hunting expedition have returned with their usual amount of game. The sale of farm stock and implements of George Clapper, takes place on Tuesday. The funeral of Ezra Dunbar was held in the Brick church on Thursday, conducted by Rev. Mr. McCamus, Odessa. Frank Denyes is busy ploughing on the farm he bought from Mr. Clapper.
