THE SPORT REVIEW

WHAT IS TRANSPIRING IN MANY CIRCLES.

The Ice Boat Kestrel Has Been Purchased By Toronto Parties —Hockey Put on a Fine Basis at Picton.

"Reddy" McMillan is said to have signed with the Shamrocks of Montreal.

That Canadian Soo team will be a great credit to the town if it should win the championship—just look at its home bred composition.

Picton Gazette: Hockey, it is predicted, is going to boom this winter in Picton. A company has been formed of Picton's leading business men, and at a meeting, held last evening, B. R. Hepburn reported that the negotiations carried on by him with the Messrs. Boulter & Sons, were satisfactory in every particular.

Discussing the prospects for hockey in Ottawa, the Free Press, of that city, says: "What the Ottawas look like this winter is no mystery. LeSueur will be in goal, although Bouse Hutton's name has been mentioned as a possibility, if he turns out. Armstrong will have to be an awfully good man to beat out Art Moore, and his preliminary work will be watched with interest. Some aver the Smith's Falls man will not be able to stand the pace with the local bunch. Moore's ability as a defence player will stand to him, even though Armstrong is acknowledged to be a better skater. Then will follow the old brigade, Pulford, Westwick, McGee, Alfred and Harry Smith. It looks like the Stanley cup again."

General Sport.

Toronto's iceboat fleet will be scant this year. Capt. Joe Godwin will, however, have a new one, Kestrel, of Kingston, the champion of that place, has been purchased by Ely Bros. Kestrel is a racing craft, pure and simple.

A western football coach is out with the suggestion to the rules' committee to change the shape of the ball. By lengthening it a couple of inches, and giving the sphere more tapering ends, with a bulge in the centre, this expert says, fumbling could be reduced, punts could be driven much further, and forward passes could be made longer and more accurate.

An Edinburgh paper says: A Scottish foursome has been arranged between players over eighty years of age. The match will take place at Musselburgh. The players and ages are: Robert Thomson, ninety years old; William Currie, eighty-seven; James Barnett, eighty-five; and James Doleman, eighty-one. The combined age, 343 years, is four years more than that of the octogenarians of "Westward, Ho!" fame.

Next Tuesday Willie Hoppe, the boy billiard champion, and George Sutton, a veteran of the green covered table, will play in New York, for the championship of the world at eighteen-inch balkline, two shots in. Hoppe is the challenger, Sutton the defender of the title. The youth already holds and has successfully defended the 18.1 title, the highest honor in the billiard world. This will be the third big billiard match to be held in New York since Hoppe went to Paris and captured the title from Maurice Vignaux.

Galt Reporter: The junior clubs, with the exception of Hamilton and Petrolia, were in favor of retention of the snap-back rules for the junior series, but there were only a few delegates present and their wishes were outvoted. The legislation will no doubt kill the game locally, as it has been hard enough to get twelve men out for a team, let alone fourteen, which will now be necessary.

The year just closing has been a tough one on champions teams. Ottawa lost the hockey championship and the football honors; Smith's Falls dropped the Federal championship, Shamrocks the lacrosse leadership, and Toronto Varsity the Canadian football honors.

YOU NEED STRENGTH.

Vitality is Lacking and You Must Have a Bracing Tonic at Once.

You're sick and need medicine.

Not an emulsion to sicken the stomach, not a "dope" cure, nor bitters—but a nourishing tonic that will increase weight, strength and spirits.

Try Ferrozone and watch the result. Because it gives instant effect and steadily builds up new flesh, it is used by thousands in ill-health.

No other medicine contains more nutriment, supplies better building material, makes you feel well and strong as quickly as it did Mrs. Charles Benny, of Cloyne, Ont.

HER STATEMENT.

"I was sick.

"I was broken down, had no strength, couldn't eat. I was sleepless.

"My nerves were irritable. I was thin-blooded and continually unhappy.

"I tried Ferrozone.

"It gave me new energy, force, vim. It brought me comfort, strength—it made me well."

It's by making the appetite good, by instilling iron and ozone in the blood, by fortifying the system with reserve strength, that Ferrozone accomplishes so much.

You'll have a new life in a week, in a month you'll be like a new being. Try Ferrozone, it always justifies itself, 50c. per box or six for $2.50, at all dealers.

FROM KINGSTON AUTHORESS.

Studies of Plant Life in Canada. Wild Flowers, Flowering Shrubs, and Grasses. By Mrs. C. P. Traill, author of "The Backwoods of Canada," etc., etc. New and revised edition. Toronto: William Briggs. Pp. xvii-227. $2.

The nature study, much in vogue in schools, will immeasurably enlarge the vision and enhance the pleasures of young people. Most of us go to the woods and meadows without knowing the names of their familiar denizens. It is not hard with a good guide like this book to study the names and habits of the flowers, ferns and even common weeds that beautify woods and fields. Mrs. Traill makes an appeal to the mothers of Canada "to teach their children to know and love the wild flowers springing in their path, to love the soil in which God's hand has planted them, and in all their after wanderings through the world their hearts will turn back with loving reverence to the land of their birth, to the country endeared to them by the remembrance of the wild flowers which they plucked in the happy days of childhood."

Mrs. Traill is herself an example of the joy and gladness brought through the ministry of flowers. She was one of the pioneer settlers in the backwoods of Canada, transplanted from the culture and refinement of an English home to the privations and hardships of a settler's cabin. Yet through her long life of nearly ninety years she has derived perpetual delight from the study of flowers. She gives the brief biographies of many scores of Canadian flowers and flowering shrubs arranged in the order of time in which they appear, together with beautiful plates, many of them colored, of fifty specimens—an ideal book for the holidays and for all days.

AN ARTIST AND BILEANS

Says They Cured Him of Pain After Food Constipation and Weakness.

One of the most impressive cures of indigestion and allied ailments ever reported has just been effected by Bileans in Toronto. The subject is Arthur R. Hand, a prominent teacher of painting on china, leather, glass, etc., residing at 2 Woodgreen Place, Toronto.

As a teacher of painting, Mr. Hand has made for himself a wide reputation, but his work was interfered with considerably by acute attacks of digestive disorder. He says:

"I suffered agonies for months previous to taking Bileans, resorted to all kinds of remedies, but found only temporary relief. The indigestion came on quite suddenly, soon after eating, and caused me terrible pain. There was a constant feeling of uncomfortable fullness in the stomach, pains in the chest and under the shoulder blades and rifting and belching of gas.

"I had constipation so badly that no medicines seemed to have any effect on the bowels. I dieted a great deal, but the slightest food brought the same distress. After taking a few Bileans I experienced ease and comfort after meals, so I purchased a supply of this vegetable remedy and left all other remedies alone. Bileans cured me. Now my food digests very nicely and my bowels act quite naturally.

"Before I took Bileans my food did me no good, and I was losing weight rapidly. In a few months, through the use of this valuable remedy, my weight increased from 125 to 165 lbs. This increase, too, is not useless fat, but sound, healthy flesh."

Not only for indigestion, but for constipation, piles, general debility, anemia, female ailments, rheumatism, blood impurities, liver and kidney complaint, headache, dizziness, wind, etc., Bileans are widely recommended. They are purely herbal and do not merely relieve these ailments—they cure them permanently. All druggists sell Bileans at 50c. a box, or post free from the Bileans Co., Toronto, on receipt of price. Six boxes for $2.50.

ROBBERS GOT GREAT HAUL.

Russians Carried Off $14,500 From Bank Premises.

Odessa, Dec. 13.—One of the most daring robberies of recent times in South Russia was committed at the Petersburger International Bank, yesterday, when a number of robbers escaped with $14,500, the entire cash of the bank. Half a dozen armed men suddenly appeared at the counter, ordered the clerks to throw up their hands, and shot the policeman on duty. They then rifled the cash drawers and ran off. A force of Cossacks speedily was mustered, pursued the robbers, and captured five of them, but the rest got away with the money.

Woman Killed Defamer.

Hazelhurst, Miss., Dec. 13.—Mrs. Angie Birdson was, yesterday, found guilty of manslaughter for killing Dr. Thomas Butler, and was recommended by the jury to the mercy of the court. Mrs. Birdson, who is twenty-two years of age, and a member of a leading family, in November, 1905, shot and killed Thomas Butler. She alleged that he had boasted of illicit relations with her and his boasts were untrue.

WEDDING AT NAPANEE.

Manitoba Man Takes Away Miss Embury.

Napanee, Dec. 13.—A wedding of much interest to Napaneeans took place, yesterday morning, at eleven o'clock, At the home of the bride's sister, Mrs. W. H. Boyle, East street, Miss Minnie Embury was united in marriage to James Harvey Elger, of Souris, Man. The ceremony was performed by Rev. Mr. Strike, of Deseronto, cousin of the groom, in the presence of immediate friends, and was very quiet owing to the recent death of the bride's mother. After the ceremony, a wedding breakfast was partaken of, daintily served in the dining-room, which was decorated with pink and white carnations and smilax. The ceremony was performed in the drawing-room under a floral bell. The bride was attended by Miss Blanche Elger, of Souris, Man., sister of the groom, and the groom was supported by Harry Boyle, cousin of the bride.

The bride was attired in her travelling suit of navy blue cloth, trimmed with leather and wore a becoming hat of Amethyst velvet, with tan feathers, navy blue crown and Dresden ribbon. She carried white carnations, and the bridesmaid pink carnations. Miss Hypatia Fox played the wedding march. The groom's favors to the bride were a pearl sunburst and a magnificent set of sable furs, and to the bridesmaid a sable muff, and to the groomsman a gold locket. The newly wedded couple left on the noon train for a honeymoon in Los Angeles, Cal., where they will spend the winter, and in the spring will reside in Souris, Man., where the groom is a most prosperous farmer.

John Girvin, Deseronto Road, left this week for Calgary, Alberta, where he will reside. Earl Caldwell left yesterday for Edmonton, Alberta, where he will spend the next six months for the benefit of his health.

Coat Of Broadcloth Or Velvet.

The sketch shows a belted Eton, cut away in front over a vest of embroidered broadcloth, the tiny revers on each side of the front being faced with corded silk, the model being of brown velvet, the best being in shades of ecru, brown and gold. The buttons used on the coat were of gilt. The three-quarter length sleeves were cut in sections, the undersleeve being of the embroidered cloth finished with lace.
