THE WESTERN SKIN GAMES.

The Saturday Sunset, published at Vancouver, B.C., and an independent, politically, is exposing the speculations into which some people have been skilfully inveigled. In its last issue it thus breaks forth:

"Only the other day, Hon. George E. Foster, as president of the Ashnola Coal company, as rank a wildcat as ever was put on paper, notified his shareholders that, as there was no money in the treasury, the company had decided to forego its licenses, and thus passes into history another game, one of those by which British Columbia investments have in times past got a black eye. Yet the same thing is going on in British Columbia to-day, and will continue to go on until we have on our statute books a law which will take these thieves by the nape of the neck and drop them into the jail."

There has been some attempt at a defence of Mr. Foster for his participation in the land deals, which the insurance commission uncovered. They turned out well, to the ex-minister's comfort, but there are some who cannot go so far as the editor of the Montreal Star and see that there was very much difference between him and another gentleman who suffered for his misdirection of trust funds.

The charge that he is now a promotor of a skin game at the coast is the latest surprise, and accounts perhaps for his absence from the Borden party when it is touring through British Columbia.

COMMISSION NOT IN FAVOUR.

A recommendation of a special commission—one of the headsmen of the Ontario government, who baulked in his job—is that the Deaf and Dumb Asylum, at Belleville, and the Blind Asylum, at Brantford, be visited by local advisory and supervising committees. The sense of it has not been apparent to any one, and public opinion, as expressed through the papers, is strongly against it. It turns out, however, that the suggestion grows out of a blunder by the government. It transferred these institutions from the provincial secretary's department to the department of the minister of education, and made no provision for the inspection of them. That matter should be easily adjusted. In place of the inspectors of charities doing the work, as formerly, the inspector of the high schools should do it. The deaf and dumb asylum and the blind asylum are educational institutions, and the transfer of them to the educational department was quite proper. But to have them without inspection is an inexcusable oversight. The defect should be remedied at once, but not in the manner suggested by Commissioner Stone. The people are wearying of commissions and advisory councils and object to them undertaking duties which should devolve upon the regular officers of the government.

McBRIDE AS A DEMOGOGUE.

A new phase has been given to the discussion of the Asiatic emigration question by revelations which affect the attitude of Mr. McBride, the premier of British Columbia, upon the subject. For years he has led in a clamour against the yellow men, not because the Chinese have not been good workers, or because the capitalists have not been willing to accept of the service of the Japanese, and even Hindoos, but because it has been embarrassing to the federal government which he simply hates.

At the last session of the British Columbia legislature he had enacted a law which was supposed to be a reprint largely of the Natal Act. It aimed to refuse admission to the province of any one who could not, when requested to do so, make an application therefore in his own handwriting, and in English. The immigration of any other, it was intended, would "not be lawful."

The amazing part is that the premier later intimated to the imperial governor, Hon. Mr. Dunsmuir, that the act should be disallowed, and it was disallowed accordingly. Then there was the row. Public feeling was turned against him, by conservative partizans, and when Mr. Dunsmuir was asked to report to the federal government, or its state department, the facts came out.

The premier of British Columbia has sought to protect himself from the charge of duplicity by declaring that there was an error in the act and that it was unworkable. The phase "shall not be lawful" was printed "shall be lawful." That did not warrant him in advising the lieutenant-governor, apart from the error in the measure, and before it was discovered, against its disapproval. He could have been manly about the business, and he need not have played the demagogue.

EDITORIAL NOTES.

The Mail says the explanations with regard to the Japanese treaty are unsatisfactory. Very, so far as Mr. Borden is concerned.

The inspectors of Montreal report that there are 20,642 cases of disease in the public schools. Most of these affect the teeth and skin. There is need of medical inspection.

Pending the Prevost-Nationaliste libel suit the minister of colonization in the Quebec government, has resigned. Why do this now? How does the resignation of office affect the suit?

A railway brake has been invented which never fails. It cannot be interfered with in any way, and its operation is always effective. If it prevents accidents and saves life it will be worth millions.

At Brockville, the conservative candidate for the vacant seat in the legislature denounced the "spotters" which the provincial secretary has sent out in behalf of the license department. He characterized the work as unBritish, unfair and unmanly.

The humour of the day is the chiding of the Ottawa Citizen by the Ottawa Journal on the question of tariffs, the instruction of the venerable conservative organ by the recent convert from independence on the subject of protection.

The cure for overwork on the railways is not an appeal to the attorney-general of Ontario, but to the managers of the roads. The operators, engineers, and trainmen, who have too much to do, should put a protest in where it can do some good.

The Montreal Gazette says that Sir John Macdonald worked for less salary than Hon. Mr. Borden. And Sir Wilfrid Laurier, while leader of the opposition, gave his service to the country freely, and Mr. Borden gets $7,500 a year.

Mr. McBride, too, has been playing fast and loose on the immigration question, eh? When passing through Ottawa, en route to London, he told the secretary of state that he had advised the lieutenant-governor to disallow the local bill, incorporating the provisions of the Natal Act. What do you think of that?

Cows Are Happy.

Crow Lake, Oct. 1.—Service on Sunday was very small on account of the steady rain. Apples are quite plentiful but small on account of the very dry weather. Rev. Mr. McIntosh and Kenneth Smith and Miss Maud Davis were the guests of Mr. and Mrs. John Hicks, on Sunday last. Mr. and Mrs. William Perkins, Westport, and Mr. and Mrs. John Beadle, Antwerp, were the guest of Mr. and Mrs. John Knapp last week. Mrs. John Knapp has returned home after visiting her friends at Mallorytown and Lyndhurst also taking in the fair at Delta. The few little showers have started up the after grass which makes the cows give a good flow of milk. The salesman paid off for the month of August, $1 per cwt. This made the patrons wear a smile. John W. Knapp and John Ritchie are finishing building a stable.

Love And Attempted Suicide.

Paris, Oct. 2.—M. and Mme. Barthet of l'Avenue du Maine, in Paris, had invited a few friends in honor of their daughter's engagement to M. Momber.

The gaiety was in full swing when suddenly the young woman's cousin, Henri Mage, startled every one by exclaiming, "I love my cousin, but she is going to marry another, so farewell!"

He then raised his glass of wine and drank off the contents, which he had mixed with poison. He was at once taken to the hospital, and there are hopes that he may recover.

Part With Corns.

You need not keep a single corn you care to part with because Peck's Corn Salve will take them off every time. In big boxes, 15c., at Wade's drug store.

Mrs. Roxanna Nolan Green, who eloped with her husband's farm hand, Frank Green, from New Haven, last year, has had the latter arrested on the charge of attempted murder. The woman had twenty-one children, all of whom she left when she eloped.

Wives and Mothers Suffer With Backache

Unfortunately They Fail to Recognize the Dangerous Cause of the Trouble.

Constantly on their feet, attending to the wants of a large and exacting family, women often break down with nervous exhaustion.

In the stores, factories, and on a farm are weak ailing women, dragged down with torturing backache and bearing down pains.

Such suffering isn't natural but it's dangerous, because due to diseased kidneys.

The dizziness, insomnia, deranged menses and other symptoms of Kidney complaint can't cure themselves, they require the assistance of Dr. Hamilton's Pills which go direct to the seat of the trouble.

To give vitality and power to the kidneys, to lend aid to the bladder and liver, to free the blood of poisons, probably there is no remedy so successful as Dr. Hamilton's Pills. For all womanly irregularities their merit is well known.

Because of their mild, soothing, and healing effect, Dr. Hamilton's Pills are safe, and are recommended for girls and women of all ages. 25c. per box at all dealers. Refuse any substitute for Dr. Hamilton's Pills of Mandrake and Butternut.

SPIRIT OF THE PRESS

Mums The Word.

Hamilton Herald.

It is easy for Mr. Borden to blame the Dominion government for the influx of Japanese immigration, but he will find it more difficult to explain how it was that when the Japanese treaty was before parliament for ratification he never made the slightest objection to the clause granting the Japanese free entry into Canada.

Challenge Not Answered.

Toronto Globe.

As a commentary on the sincerity of Mr. Borden's purity campaign Mr. Pugsley declares that the conservative campaign fund in last election amounted to $500,000, and he challenges Mr. Borden to deny the statement. Half a million dollars to promote purity!

After The Big Fellow.

Ottawa Journal.

The operating officials of Canadian railways have been undergoing severe condemnation and punishment for individual breaches of duty, but that no serious attempt has been made to locate and punish the higher officials whose measure of responsibility for the system under which the accidents occur is apparent to the first thinker. Unless something is done to make those "higher up" accept their share of the responsibility for accidents other juries may follow the example of the jury which Justice MacMahon rebuked.

Laurier Endorsed.

Hamilton Herald.

The Toronto World approves of Sir Wilfrid Laurier's preference policy and regards his speech to the manufacturers on that subject as "unanswerable." On the question of contributions to the British army and navy it also says, "the good common sense of Canada will endorse the declarations of the prime minister." Moreover, it declares that the majority of the people of Canada are with him in the "all-red" line matter, and "the majority is so vast that the project cannot become a party question." Now, will those tory organs that have been ridiculing the "all-red" line project sit up and be good?

One Kind Of Anarchy.

Brockville Recorder.

There is an anarchist who disregards law, and there is another who permits laws to be disregarded. If there is a difference between the two, it is in favor of the former. The latter is the more contemptible, and the more to be feared. The fact that he may be a man cultured, refined, reputable, only adds to the danger and to his civic sin. If he is safe himself, then he should help to save others.

Against this subtle anarchy let us guard. Hamilton can only attain its best and largest life when each citizen in it recognizes his individual responsibility in the enactment and enforcement of law in the interest of good citizenship. Apathy is anarchy. It is to be justified only in the dead.

Laborer Is Ignored.

Hamilton Spectator.

In the East Hamilton bye-election Mr. Studholme, the labor candidate, defeated the tory candidate, one of the chief issues being the violation by the Whitney government of its pledges on the prison labor question. After proclaiming eternal antipathy to contract prison labor on the hustings, the present government, without consulting the legislature proceeded to make one of the most courageous contracts with a pet firm by which they were handed over prison labor at three cents an hour. This was denounced by manufacturers, who have to compete with this cheap labor and by labor organizations throughout the province. Mr. Studholme's labors scathingly exposed the outrage imposed on free labor by this scandalous contract.

Evening Dress For Young Girl.

The drawing depicts a very simple but becoming model for a young girl's evening frock. The gown from which the sketch was taken was of white silk mull, trimmed with three-inch bands of fine white lace insertion. The deep cape over-sleeves were made of the same insertion invisibly joined together. The bottom of the skirt and the trimming bands on the waist were of soft white silk folded on the bias.

In St. Mark's church at Prescott, Monday morning, Monsignor Masterson united in marriage a former Brockville boy, Thomas Presley O'Toole, and Miss Ruby Helen, third daughter of Mr. and Mrs. James Wilkin, Prescott.

Robert H. Lindsay, Brockville's well-known artist, was united in marriage at Carleton Place, on Monday to Miss Margaret Ellen, daughter of William Boucher, of that place, and formerly of Brockville.

At Wilkesport, Samuel Meade, formerly of Brockville, was ordained into the ministry of the Baptist church and will have charge of the church at Wilkesport.

S. R. Rudd has purchased the furniture and undertaking business conducted for the past number of years by B. V. Stafford & Son, Arnprior.

SKIN SORE 8 YEARS CURED IN A WEEK

Spent $300 on Doctors and Remedies Which Gave No Relief—Skin on Limbs and Feet Rough and Sore—Work Often Impossible.

TRIES CUTICURA, WELL IN SEVEN DAYS

"Cuticura Remedies have entirely cured me after all other remedies had failed. Up to a week or so ago I had tried many other remedies and several doctors, and spent about three hundred dollars, without any success, but this is to-day the seventh day that I have been using the Cuticura Remedies (costing a dollar and a half), which have cured me completely, so that I can again attend to my business. I went to work again to-night. My trouble was as follows: Upon the limbs and between the toes my skin was rough and sore, and also sore under the arms. I am a chef for a large café on Broadway, and I had to stay at home several times because of this affection. I had been suffering for eight years and have now been cured by the Cuticura Remedies within a week. I am much indebted to Cuticura, and shall certainly recommend it to all my friends and colleagues in the kitchen. Fritz Hirschlaff, 24 Columbus Ave., New York, N. Y., March 29 and April 6, 1906."

HAIR FALLING OUT

Very Bad Dandruff on Scalp, Pimples Cover Face, Cuticura Cures.

"I used the Cuticura Remedies with great success. My face was a mass of pimples and the dandruff was so bad on my scalp that my hair all began to fall out, and a friend of mine told me of Cuticura and I began to use Cuticura Soap and Ointment. Before a month I saw a great change for the better, and now I am entirely cured. I had no physician in charge. My little girl is now four years of age, and knows the use of no other than Cuticura Soap. Her skin is perfect and her hair remarkable for her age. Mrs. W. C. Howard, 132 N. Tenn. Ave., Atlantic City, N. J., Jan. 22, 1906."

Complete External and Internal Treatment for Every Humor of Infants, Children, and Adults consists of Cuticura Soap to Cleanse the Skin, Cuticura Ointment to Heal the Skin, and Cuticura Resolvent (or in the form of Chocolate Coated Pills, in vials of sixty) to Purify the Blood. Sold throughout the world. Potter Drug & Chem. Corp., Sole Props., Boston, Mass.

Weak Kidneys

Weak Kidneys, surely point to weak kidney Nerves. The Kidneys, like the Heart, and the Stomach, find their weakness, not in the organ itself, but in the nerves that control and guide and strengthen them. Dr. Shoop's Restorative is a medicine specifically prepared to reach these controlling nerves. To doctor the Kidneys alone, is futile. It is a waste of time, and of money as well.

If your back aches or is weak, if the urine scalds, or is dark and strong, if you have symptoms of Brights or other distressing or dangerous kidney disease, try Dr. Shoop's Restorative a month—Tablets or Liquid—and see what it can and will do for you. Druggists recommend and sell
