BEER MAKES BLOOD

MALT has certain food-elements which the body can transform into healthy blood quickly and with the least digestive effort.

HOPS contain a medical principle which tones the nerves without reaction, and so supplies nervous energy and saves it as well.

BEER as brewed in Ontario is made from choicest Ontario barley malt, selected hops, and the purest of water, dealt with under conditions which insure purity and quality.

The better the blood the sounder the health, and the surer the body to combat disease effectively. Beer, by some counted an intoxicant, is not so—it is a blood-maker, with barely enough alcohol in it to help the stomach do its work far better.

Beer with meals is good for 997 people out of every thousand—and is specially good for women. Ask your own doctor about it—beer is probably good for you.

BEER is a term which covers lager, ales, porter, and stout; and in the practice of Ontario brewers, implies beverages made under most hygienic conditions from Ontario barley the best in the world; malt, hops, and pure water. 2

IT IS A PARASITE.

That Cause Itching Scalp, Dandruff, and Finally Falling Hair.

The itching scalp, the falling hair and the dandruff that annoys are the work of a parasite hidden in the scalp. That parasite must be killed to cure dandruff, and the only preparation that will do that is Newbro's Herpicide. "Destroy the cause, you remove the effect."

C. H. Reed, of Victor, Idaho, says: "Myself and wife had dandruff and falling hair several years. Two bottles of Newbro's Herpicide completely cured us, after several other preparations failed to do good." Makes hair grow glossy and soft as silk. Hundreds of other testimonials just as strong. Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich. Two sizes, 50c. and $1. G. W. Mahood, special agent.

NEWS FROM PICTON

SANITARY CONDITIONS OF CANNING FACTORIES

Fault Found With Picton Marsh—Cheese Board Meeting—Teachers' Convention—Engagement of Miss Merrill.

Picton, Oct. 14.—Sanitary conditions at canning factories have of late been absorbing the attention of the inspectors. Prince Edward's factories have just lately been visited and inspected and found for the most part in a cleanly condition. It is understood, however, some fault has been found with existing conditions around Picton marsh, which endangers the health of the town. Here the refuse is allowed to remain and for want of drainage stagnates and breeds disease. Citizens from season to season have complained of this, and still the evil remains unremedied. The health officer of Picton should get busy.

January 8th, 9th and 10th are the dates set for the annual convention of the Eastern Ontario Dairymen's Association to be held in Picton. Three hundred delegates are expected to attend the sessions.

The make of cheese continues well throughout the county, despite the lateness of the season and the cold weather conditions of a week past. A few of the cheese factories have finished work for this season, but the majority will not close down until November. On the cheese board, Saturday afternoon, there were boarded 1,210 colored cheese. Opening bid, 12¾c. At 13¼c., 845 cheese sold, the rest refusing the offer. On the hog board, the sixteen select hogs boarded were sold at 6c.

The county school teachers have been sporting a two days' holiday, Thursday and Friday, in town. The annual teachers' convention has been in session at Shire hall, with an attendance of nearly one hundred. Dr. Stevenson, of the faculty of education at Queen's College, gave two very able addresses on "The Teaching of Literature in the Public Schools," and "The Relation of Art to Practical Life." Dr. Stevenson is a very plain and convincing speaker, and his two talks were thoroughly appreciated by the audiences. The officers elected for the ensuing year are: President, Inspector Platt; vice-president, T. C. Tice; secretary-treasurer, C. J. Tully. T. B. Clark, of Bloomfield, and Miss Redmond, Picton, were elected delegates to the Ontario Education Association meeting.

The teachers were asked for some expressions regarding the proposed Teachers' Union being established, with Toronto as centre. At the concluding session of the convention, a resolution was passed in sympathy with the movement, despite the feeling of many of those in attendance "that the union savored too strongly of a labor organization."

The engagement of Miss T. Muriel Merrill, daughter of the late Judge Merrill, of Picton, to Christopher Holden, Preston, Lancashire, Eng., is announced. Pictonians are much interested in this, as Miss Merrill, now residing in Winnipeg, is particularly well known here. She is a very clever young writer, well versed in the historic lore of Eastern Ontario, and particularly her native district. Since leaving town, some three years ago, she has been associated with the provincial archives department, and more lately in journalism in the west.

Mrs. W. R. Wrinch and children, of Toronto, are the guests of her sister, Mrs. (Dr.) J. W. Wright. Mrs. J. H. Dolan and little daughter, Kathleen, have returned from a visit with Mr. and Mrs. J. Nugent, in Kingston. Mrs. (Dr.) Nugent, returned missionary from India, is the guest of Mr. and Mrs. J. H. Dolan. Capt. Weston Cameron, of San Jose, Cal., is visiting his old home, after several years' absence.

Street Costume.

The cutaway coat is the approved style for autumn wear. The skirt is cut in nine gores and laid in inverted box plaits. It fits smoothly over the hips and is made in round or short length. The above costume was developed in "Hunter's Green" cheviot, with a velvet collar to match.

NAPANEE TIDINGS.

A Budget of Personals Concerning Many People.

Napanee, Oct. 12.—H. S. Pringle, Victoria, B.C., is spending a couple of weeks with his parents, Mr. and Mrs. Ira Pringle. The young ladies of the model school class entertained their friends, on Thursday evening, in the Oddfellows' Hall. Games and dancing were the recreations indulged in. All report a good time.

J. G. Oliver is removing his grocery this week to the store formerly occupied by J. F. Knowlton, on Dundas street. W. H. Grass, grocer, on John street, will remove next week to the store on Dundas street, lately vacated by Mrs. O. A. Knight. Mrs. Carrie Fitchett leaves to-day for Sudbury to visit her son, E. A. Fitchett. Mrs. J. A. Fraser left yesterday to join her husband at Westport, Ont.

Amongst the Napanee visitors to New York, are Mrs. J. Lowry, T. B. Wallace, R. B. Shipman, the Misses Brandon, of Morven.

A. W. Grange left this week for the North-West. He will visit Brandon, Carman, Winnipeg, and other points before returning.

Spare The Blushes.

The Richmond (Virginia) Times-Express published an excellent group picture of the four members of the Canadian deputation to the Episcopal general convention, and the Journal thus speaks of the two dignitaries from Kingston:

"The Ontario prelate, Bishop Mills, a superb looking man over six feet high, well proportioned, and of most intellectual cast of features."

"Dean Farthing, clean shaven, tall, splendidly built, alert and magnetic. His hair is iron gray, his blue eyes keenly alert and his nose aquiline. One would pick him out in any crowd as the highest type of intelligence."

Which nobody will deny. They can't.

Colds Cannot Exist.

Wade's Cold Cure Tablets (Laxative) cure colds of every variety in twelve hours, if used promptly. No one can estimate the value of such a remedy, for colds are the beginning of a host of serious ailments. The remedy, by its laxative, cleansing properties, also cures Headaches, Constipation, etc. A specific cure for La Grippe also. In boxes, 25c.

For sale only at Wade's drug store. Money back if not satisfactory.

"The Call Of The Wild."

There is not another place on the continent of America to compare with the "Highlands of Ontario" for deer and moose hunting. This part of Canada still forms a portion of that small remnant of the world's pristine wilderness—not yet the abode of man and his mighty civilization.

Northern Ontario, with its rich resources, is regarded as the richest deer and moose country in the world.

Moose season in the Moose country opens October 16th, for thirty-one days. Deer season in the Deer country opens November 1st, for fifteen days.

These sections of Ontario are the places to hunt and valuable information as to how and when to get there and all particulars can be had free by addressing J. D. McDonald, D.P.A., Grand Trunk railway system, Union Station, Toronto.

Next Sunday, the annual contributions to the General Hospital will be given by the churches.

For a thing that everybody admits doesn't pay, the lie is a long time getting out of the market.

Those farmers who never thought it advisable to grow much corn or build a silo will probably do some earnest thinking during the next six months.

On Saturday evening, thirty Italians from New York, arrived here, on the steamer America, and left, by G.T.R., for Belleville, to work in the cement works.

Resolved, unanimously, that the Woman's Aid of the General Hospital take the place of the Kingston Board of Trade, and proceed to find the money necessary to erect a summer hotel.

Robert Kirk, who made cheese in Kingston factory during the past season, won the laurel at the Central Canada exhibition for colored cheese. Dairy Instructor Elliott won the syndicate prize.

An orchestra has been organized for the Union Street Baptist church Sunday school, by Alfred Oakes. Charles Plain is the leader. The members rendered able assistance at the Sunday evening service.

The patronage given the three moving picture shows is remarkable, and a surprise. One house has averaged this month over 1,000 admissions per day, and the three did well, even while the opera house and armouries were crowded.

The Woodstock Parks Commission urge co-operation in the extermination of the borer, which is damaging many shade trees. They have engaged a man to doctor all the trees that have been attacked, an excellent hint to pass around here down east.

The town council, of Shoneberg, a suburb of Berlin, with 150,000 inhabitants, taxes unoccupied land twice the rate of the taxes levied on occupied land, and the plan is being adopted in many German towns. It would be life to not a little Kingston real estate, which since Bradstreet's victory has been profitable to nobody.

A Doctor With One Patient.

Chicago, Ill., Oct. 14.—A jury has rendered a verdict against the estate of Mrs. Harriet G. McVicker, in favor of Dr. L. C. H. Ziegler, for $100,000. Mrs. McVicker died several years ago in California and Dr. Ziegler claimed $100,000 from the estate by virtue of a contract which he said he had with Mrs. McVicker to give her his exclusive attention during the remainder of her life.

Bishop Ingram In New York.

New York, Oct. 14.—Bishop Ingram, of London, who came to this country to attend the Protestant Episcopal Convention in Richmond, Va., is in town visiting the local clergy and their churches. He will sail for home next Thursday.

GANANOQUE TIDINGS.

Young Ladies Literary—Athletic Club Formed.

Gananoque, Oct. 4.—The steamharge Navajo, laden with freight, arrived here Sunday afternoon.

Rev. L. P. Boshart, bursar of Stanstead Methodist college, preached both morning and evening in Grace church in the interests of that institution and also gave a short address in the Sabbath school.

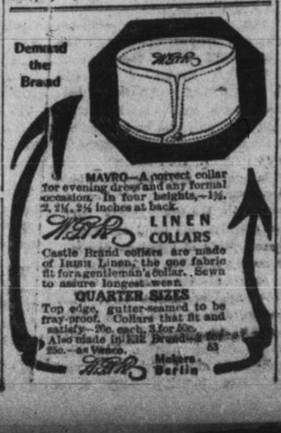
Rev. Joseph C. Cornell, of Gananoque East circuit, preached missionary sermons in Cataraqui yesterday and Rev. Reuben Stillwell acted in a similar capacity at Mr. Cornell's appointments.

The Leeds county convention of the Women's Christian Temperance Union will be held in Grace church on Thursday afternoon next. Rev. Norman McLeod, of Brockville, will give an address on the same evening on "Moral Reform."

John A. Donevan, of Amesburg, Mass., is in town for a short visit with relatives.

On Thursday evening last the young ladies' literary athletic club completed their organization and elected their officers for the present season: President, Mrs. John A. Bulloch; first vice-president, Mrs. Hodgsoth; second vice-president, Mrs. (Dr.) Fergus J. O'Connor; secretary-treasurer, Miss Pearl Latimer; first assistant, Elizabeth Corboy; second assistant, Miss McCaffrey; curators, the Misses Wiley and Mooney. The association is a strong one and their aims and objects are to encourage interest in literature, art, music, etc. So far the canvass for members has resulted in an encouraging manner, between eighty and one hundred already appearing on the list.

Mrs. J. W. Bennett, Sydenham street, is spending a few weeks with friends in Michigan and Illinois. Miss Winifred O'Brien, Stone street, spending the past two weeks with relatives in Brockville, has returned home. Mrs J. H. Finigan and son, of Oshawa, are spending a short time with the former's sister, Mrs. B. Sheridan, Charles street. Miss Lenora Smith, of Toronto, another sister, is also visiting here. Mrs. Reginald Latimer, of Gaspe, Que., who has been spending the summer here with relatives, left, yesterday, to join her husband, who is manager of the Merchants' bank at Gaspe.



THE PARAGRAPH PULPIT

Unitarian.
REV. C. W. CASSON, OTTAWA.

The Ray Direct.

The Unitarian church preaches the doctrine of the ray direct, as regards truth. Truth has thus far been held to be but a reflection from the past. The beacon lights of the divine revelation were supposed to be situated exclusively upon Sinai and Olivet. All that modern men could hope for was to catch some reflected light from the light of the past. But infinitely better is the thought of truth as the ray direct. On all the hills alike stand the beacons of God. Into every mind beams the divine radiance. God's truth is of to-day, as well as for to-day. If you are but willing to receive it, it will be yours.

Address, Mr. Casson for free literature.

At "Wonderland."

Wonderland attracted a large crowd on Saturday afternoon and evening. Two very amusing pictures were put on, "The Boy, the Bust and the Bath," and "Hypnotist, the Servant." The illustrated songs by Mr. George were especially good.
