THE RUGBY OUTLOOK

AT QUEEN'S IS DECIDEDLY PROMISING.

Most of the Old Players Will Be Back—Limestone Probabilities —Two New Kingston Players For the R.M.C.

It will not be many days now until the old slogan of Queen's will be heard and the boys will be out in their tri-color uniforms, getting in shape for the football season. Queen's worked in hard luck last season, losing numerous games by very narrow margins and by bad flukes. This year, under new management, the team should show up well and if the players start in in the right way should land the championship.

As near as can be learned now Captain Turner has not been idle by any means and is doing all in his power to secure a good bunch for this season. Two men will be down from the west, not as coaches but as trainers. These two men, Campbell and McMahon, know their business thoroughly and will be a great aid to the ball squad. Russell Britton will act as coach and will, it is hoped, be in a position this year to give quite a little of his time to coaching the team. He is certainly a good man and Queen's is fortunate in securing his services.

A few of last year's team have graduated and are now scattered in different parts of the dominion, but a large number remain, and with one or two good recruits a strong line can be put out. "Puck" Crawford, the sturdy little full back, will be in line again. By his work last season he was acknowledged one of the best full backs in the Intercollegiate, and many times he pulled his team out of very tight places. At present four or five half-backs are available. "Ken." Williams, Elliott, Cook, "Curly" Campbell and Marshall will all be back and they all proved their worth last season. Williams is the best punter in the Intercollegiate union and is always in condition. Elliott and Marshall were new men last year and both showed up well. Marshall played only one or two games with the seniors but Elliott played the whole season, and he certainly made good. With a little careful coaching he will make one of the sturdiest halves in the business. At quarter both Dobson and Chartrand will be back again. "Dobby" is a wonder at hockey and is as good at chasing the pig-skin. He played quarter last year and made a name for himself. Gibson, Wiles and Lawson will be available for the scrimmage and there will be plenty of heavy men for this position, as they are needed. On the wing line one or two new men will be required. Turner, Macdonnell, Murphy, Thompson, McCann and "Bill" Pecos will likely be back again and this bunch are all tried and true. Turner has secured a new man in Hamilton named Simpson, who is supposed to be a good one. He will enter college this fall. He was a member of the champion Hamilton basketball team that toured Canada last fall. From the above list a fine team can be drafted and if they get the proper coaching and training they should come out on the top of the ladder.

City Rugby Prospects.

The city teams have not commenced to get busy yet and it is not known whether there will be a senior team or not. If the Limestones get together again and enter a team they will likely go in the senior series, and tackle the same teams they did last season. They had a little hard luck last year but should pick up better this season if given a fair show. There is plenty of good material around the city for a star team, if players would only take enough interest in the game to get out and help things along. Last season the Limestones were a little too late in starting work and they felt the need of practice when they played their first game in Westmount last September. They cannot get together too early for their own good.

R.M.C. Prospects.

The Royal Military College have lost a number of their best players. Quite a few of the senior team were last year men and now they have left the college. Fred. Carson was their star man, and practically the back bone of their team for three straight seasons. He was one of the best quarters in the business and his loss will be greatly felt by the soldier boys. Two local boys are going in this year that should catch a place, "Ken" Mundell and "Jim" Stewart. Both are husky big boys and have played ball for quite a few seasons. The R.M.C. bunch will be at work on the campus next week, as college opens a week from Wednesday.

Baseball Season Ending.

The baseball season is all but over and the city teams are beginning to hang up their bats and gloves in a safe place until next season. No more city league games will be played and at the next meeting of the executive the senior cup, presented by James Baker, will likely be handed over to the champion C.L.C. team, who went through the season without once being defeated in a league game, although they lost one or two exhibition matches during the summer.

Lacrosse Practice.

The lacrosse team had a good workout at the cricket field on Monday evening. The team will play in Gananoque on Thursday afternoon at a big picnic being held there. The boys have not done much work since the civic holiday but are in fairly good condition. They defeated Gananoque here once this season and should be able to do it again. MacIntyre is back after his holidays and his work will be of great benefit to the team.

Baseball Correction.

Kingston, Aug. 25.—(To the Editor): Please correct statement in yesterday's issue of your paper re baseball game at Locomotive picnic where you state that the Irishmen have lost two league games to the C.L.C. The Irishmen and C.L.C. have only played one league game and that was one by C.L.C. There remains two league games to be played yet. The same teams have played two exhibition games and both were won by the Irishmen.—W. PALMER, Manager Young Irishmen Baseball Club.

Junior Rugby Teams Practice.

Some of the junior football teams are already at work in the cricket field. On Monday evening quite a number were out and some of the "kids" are showing that they understand the game from start to finish and will make good material for a senior team before many years are past.

Arranged A Game.

At a meeting of the sports committee of the Trades and Labor council, held last night, arrangements were made for a game of baseball on Labor Day, between the Triple Links and Irishmen, the game to be put on in the afternoon. Both teams are in good form, and should put up a good exhibition. The committee is now arranging for water sports on that day.

Y.M.C.A. Events.

The Y.M.C.A. open air events at the athletic grounds on Monday, Wednesday and Friday evenings are now drawing to a close, as the evenings are getting rather short. The only event pulled off on Monday night was a half-mile relay race, four men running 220 yards each. The four winners, Lailey, Fleming, Max Orr and E. Davis covered the distance in 1 minute and 55 seconds.

Marathon Race.

Physical Instructor Thompson, of the Y.M.C.A., received a letter on Monday from a runner named O'Brien from Gananoque, enquiring about the race. Runners will also be here from Belleville, Brockville, Napanee and other places for the Labor day race. The locals are working hard and if they keep up as they are doing now, they should land among the list of winners.

Deafness Cannot Be Cured.

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces. We will give One Hundred Dollars for any case of Deafness (caused by Catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

WATERWORKS COAL

COSTS TWO CENTS A TON LESS THIS YEAR.

The Tender For 1,200 Tons of Soft Slack Awarded to James Swift & Co., at $3.13 a Ton—Business Done By the Committee.

The water works committee met on Monday afternoon with Alds. Craig (chairman), Chown, Carson, Couper, Kent and Hanley in attendance.

Six tenders for 1,200 tons of soft coal were received. That of James Swift & Co., offering 1,200 tons of Reynoldsville at $3.13 a ton was accepted. The other tenders ran as high as $3.55, according to the quality of the coal tendered upon. The coal recommended by the superintendent would cost ten cents a ton more, and the committee did not feel like expending the extra amount of money for it. Last year $3.15 a ton for coal was paid by the water works committee.

As the city council refuses to erect a concrete shed to shelter the coal, the committee has had the ruins of the old shed planked on each side so that the new coal may be stored. The old danger still exists there, of the coal catching fire.

The committee decided to grant the request of Mr. Wilkinson for water service on Alfred street, and that of George Kemp for service on Division street beyond the quarry.

On request the water rate of Queen's gymnasium was reduced, making it the same as that of the engineering building.

A Kingston Pilot.

Winnipeg Free Press.

Angus McDonald, who took down the Regina, is one of the best known St. Lawrence pilots, partly on account of the fame of his father, perhaps the oldest pilot of them all. Like all pilots he had a personality distinctly his own and was not sparing of the captain in his remarks on his ability to handle a boat unless he had miles of sea room on both sides of him. The captain was equal to the occasion, however.

"What do you know about sailing a boat any way?" he remarked dryly. "You steer by the trees and wouldn't know where you were if some one was to come along and cut down your tree here and there."

IN GANANOQUE TOWN.

The 8th Field Battery Coming Full Strength.

Gananoque, Aug. 25.—The work of blasting and clearing away for the foundation of the Gananoque Canoe Club's new club house has altered the appearance at the river front considerably. Tenders for the contract for the construction of piers and of the club house building, have been called for.

The inspection of horses for the use of Gananoque Field Battery at their annual encampment which will be held this year at Barriefield, August 31st to September 11th, took place at the gun sheds on Saturday afternoon last. The following officers will be in command: Major John B. Robinson, commanding; Capt. Russell H. Britton; Lieuts. C. A. Gibson, A. R. Gillies, John A. Bulloch; Sergt.-Major Walter Kane; Q.M.S. Sidney Mullins. It is expected that the 8th will be up to its full strength.

After being closed down for some months past, the works of the Toronto Bolt and Forging company were opened up for work, to part of their force Monday evening. On account of the repairs being made by the water power company to the upper dam the firm will have to use steam power until the completion of repairs.

Visitors in town: E. Alkins, Cornwall; Mr. and Mrs. Colin Brennan, Cleveland, O.; Mrs. M. Massey and Mrs. G. Tooke, Montreal; Mr. and Mrs. H. H. Baker, Allandale; Mr. and Mrs. Callaghan, Kingston.

Mrs. C. W. Taylor and daughter are home from Quebec; Mr. and Mrs. W. Brown, visiting at Merrickville; G. H. Stoliker secured a position in Montreal; Mrs. Ella Stewart, visiting in Toronto; Mrs. J. A. Bullock back from Perth.

During the past week a number of Gananoqueans have left for points in the western provinces. Among them: Ross Pennock for Emerson; Adial Parmenter for Brandon; Patrick Sullivan for Saskatoon; Gilbert Root for Edmonton.

HAVE LEFT THE CITY.

Two Men Who Are on "Indian" List.

Two men, who are on the "Indian list," and on whom summonses were to have been issued, for drunkenness, have left the city. Some person or persons informed them that they would be summoned, or perhaps they themselves had an idea that they would receive a summons for the police court.

Two other cases are pending until Magistrate Farrell returns, they having been adjourned from time to time.

Synopsis of Canadian Northwest HOMESTEAD REGULATIONS.

ANY even-numbered section of Dominion Lands in Manitoba or the Northwest Provinces, excepting 8 and 26, not reserved, may be homesteaded by any person the sole head of a family, or male over 18 years of age, to the extent of one-quarter section, of 160 acres, more or less.

Application for homestead entry must be made in person by the applicant at a Dominion Lands Agency or Sub-agency. Entry by proxy may, however, be made at any Agency on certain conditions by the father, mother, son, daughter, brother or sister of an intending homesteader.

An application for cancellation must be made in person. The applicant must be eligible for homestead entry.

DUTIES.—(1) At least six months' residence upon and cultivation of the land in each year during the term of three years.

(2) A homesteader may, if he so desires, perform the required residence duties by living on farming land owned solely by him, not less than eighty (80) acres in extent, in the vicinity of his homestead. Joint ownership in land will not meet this requirement.

(3) If the father (or mother, if the father is deceased) of a homesteader had permanent residence on farming land owned solely by him, not less than eighty (80) acres in extent, in the vicinity of the homestead, or upon a homestead entered for by him in the vicinity, such homesteader may perform his own residence duties by living with the father (or mother).

(4) The term "vicinity" in the two preceding paragraphs is defined as meaning not more than nine miles in a direct line.

SYNOPSIS OF CANADIAN NORTH-WEST MINING REGULATIONS.

COAL.—Coal mining rights may be leased for twenty-one years at an annual rental of $1.00 an acre. Not more than 2,560 acres can be leased to one applicant. Royalty, five cents per ton.

QUARTZ.—A person eighteen years of age and over having made a discovery may locate a claim 1,500 feet by 1,500 feet. Fee $5.00. At least $100.00 must be expended on the claim each year, or paid to the mining Recorder. When $500.00 has been expended or paid and other requirements complied with the claim may be purchased at $1.00 an acre.

PLACER MINING CLAIMS generally, 100 feet square. Entry fee, $5.00.

DREDGING.—Two leases of five miles each of a river may be issued to one applicant for a term of 20 years. Rental, $10.00 a mile per annum. Royalty, 2½ per cent after the output exceeds $10,000.
