A CHARGE OF THEFT

AGAINST A GANANOQUE YOUNG MAN IN COURT.

Spring and Axle Co. Suffers Breaking of Shaft—Bell Telephone Company is Painting Poles on Streets.

Gananoque, Aug. 1.—James Cowan was arraigned in the police court, Saturday afternoon, on a charge of stealing eighteen dollars from Wilbur Gray, liveryman, Charles street. The case is peculiar, hinging in the main on circumstantial evidence. Cowan had a rig out and returned it rather late, and was afterwards seen going back to the stable. The next morning he told a friend that Gray had been robbed of eighteen dollars the night before. The friend repeated it to an employee of Gray's, who asked Gray if there was any truth in it. He owned that there was, but stated he had told no one. Chief Ryan investigated the case and placed Cowan under arrest. The latter denied all knowledge of the affair. In the meantime a brother of accused went to Gray, and, on his promise to drop the prosecution, was paid the sum taken from him while he was asleep in his office. After hearing the evidence, the case was adjourned until Friday next, and Cowan allowed out on his own recognizance of $200.

The Gananoque Spring and Axle company had the misfortune to suffer a break of its main shaft, on Friday morning, compelling the closing down of the works until the shaft is repaired.

In the squad shoot at Seeley's Bay, Messrs. W. A. Lewis, E. P. Wright, R. Tullock, A. D. Brown, F. J. Willis and S. Meggs won the prize for the Thousand Islands Gun Club, of this town, by a score of 108 to 103.

The Bell Telephone company, following a request from the town council, has a gang of men here engaged in painting the poles along the main streets of the town.

The Messrs. Connor, Hall and Cannem, who have for the past two weeks been enjoying an outing on Hay Island, at N.R.A.D. camp, broke camp the latter part of the week and returned in the launch Togo to their homes in Kingston.

Miss Madeline Davey, of Brampton, spending a few weeks with Mr. and Mrs. C. R. Cotton, Hickory street, rendered two excellent solos in Grace church yesterday. Miss Davey is only fourteen years of age, but possesses a remarkable voice.

James Roberts, who moved here from near Huntingdon, Que., some time ago, to accept work in the local quarries operated by D. J. Gordon, sold out his household effects by public auction, on Saturday, and returns to his former home early this week.

Rev. Benjamin H. Spence, secretary of the Dominion Alliance, conducted the Alliance's field day at Gananoque yesterday, preaching in St. Andrew's church in the morning and in Grace church in the evening.

Rev. J. T. Pitcher, pastor af Grace church, conducted the evening service in St. Andrew's church, yesterday, dealing to a large extent with the proposed union of the sister churches.

The big steel freighter Dunelm, of Sunderland, Montreal to Fort William, up, unloaded a big consignment of shovel steel for the D. F. Jones Rolling Mills, yesterday afternoon. The big steel freighter, Corunna, of the Inland Lakes line, was in port yesterday afternoon, and took on a large consignment of bolts from the Canada Bolt and Nut company, billed for Winnipeg.

John A. Webster made another big shipment of some 750 boxes of cheese, billed for Montreal, on the Brittannic, on Saturday.

The news of the death of Rev. James S. Evans, pastor of the Methodist Episcopal church, Athens, Tenn., which occurred at Brockville general hospital, recently, was learned with deep regret. Deceased was born in Elizabethtown, and was a brother of Mrs. William Clow, John street, with whom he visited only a few weeks ago.

PLACED BOY IN A CAGE

To Keep Him From Undesirable Playmates.

Frankford, Ind., Aug. 1.—Charged with keeping their son in a cage and otherwise neglecting him Ora Lewis and wife are in jail. Probation officers also state they found the boy nearly starved. The defence is that the father wanted to keep the boy away from undesirable children.

Protecting the Ears of Gunners.

Scientific American.

The ears of gunners are often seriously injured by the detonation of great guns, the tympanum of the ear has invented a simple device. Mariotti being frequently ruptured. Mariotti prevents these injurious effects without diminishing the sharpness of hearing.

The protector consists of a solid mass of glass of such form as to fit accurately the external ear, into which it is inserted. It is traversed horizontally by a perforation, the inner end of which almost touches the tympanum. The outer end of this horizontal passage does not quite reach the outer end of the mass of glass, but connects with a vertical passage which communicates freely with the atmosphere above and below. The violent disturbance of the air caused by the artillery discharge produces an aspiration in the horizontal passage and consequently a rarefaction of the small mass of air confined between the tympanum and the glass protector.

In consequence of this rarefaction the force of the aerial vibration transmitted to the tympanum is very greatly reduced. This effect is produced only by violent compressions of the atmosphere, so that the sensitiveness of the ear for ordinary sounds is not diminished.

At the Hindu demonstration in memory of King Edward nearly 20,000 poor were fed, seated on either side of the streets of Calcutta for over a mile.

An English factory recently turned out a hat which was made to fit a mythical man fifty feet tall.

Wants the Intercolonial.

Hamilton Spectator.

Wm. McKenzie, of the C. N. R. says that he wants the Intercolonial road to complete his transcontinental line to the eastern seaboard. He is frank in stating the case and seems to have an idea that he will be able to get what he wants when he is ready for the Intercolonial government owned it. If it should happen that under Hon. George Graham's railway policy and controlled road becomes a paying institution, Mr. McKenzie will have trouble. The people would seriously object to the sale of a paying public service to a private corporation. Perhaps the Canadian Northern magnate will have to content himself with a working arrangement over the old road.

A Fair Railway Duel.

Hamilton Times.

The Laurier government, through the Dominion railways commission, exercises adequate control of rates. Nor is that all. Under the agreement with the Grand Trunk Pacific, the government reserves power to grant other roads running powers and haulage rights, not only over the National Transcontinental from Winnipeg to Moncton, but also over the Grand Trunk Pacific from Winnipeg to the Pacific coast, or any portion thereof, the government to be the arbiter of the terms. What more should the government have asked?

SWIFT'S

SYNOPSIS OF CANADIAN NORTH-WEST LAND REGULATIONS.

ANY PERSON WHO IS THE SOLE head of a family, or any male over 18 years old, may homestead a quarter section of available Dominion land in Manitoba, Saskatchewan or Alberta. The applicant must appear in person at the Dominion Lands Agency or Sub-Agency for the district. Entry by proxy may be made at any agency, on certain conditions, by father, mother, son, daughter, brother or sister of intending homesteader.

Duties—Six months' residence upon and cultivation of the land in each of three years. A homesteader may live within nine miles of his homestead on a farm of at least 80 acres solely owned and occupied by him or by his father, mother, son, daughter, brother or sister.

In certain districts a homesteader in good standing may pre-empt a quarter section alongside his homestead. Price, $3.00 per acre. Duties—Must reside upon the homestead or pre-emption six months in each of six years from date of homestead entry (including the time required to earn homestead patent) and cultivate fifty acres extra.

A homesteader who has exhausted his homestead right and cannot obtain a pre-emption may enter for a purchased homestead in certain districts. Price, $3.00 per acre. Duties—Must reside six months in each of three years, cultivate fifty acres and erect a house worth $300.00.
