The Quickest, Simplest Cough Cure
Easily and Cheaply Made at Home. Saves You $2.
This recipe makes 16 ounces of cough syrup—enough to last a family a long time. You couldn't buy as much or as good cough syrup for $2.50.
Simple as it is, it gives almost instant relief and usually stops the most obstinate cough in 24 hours. This is partly due to the fact that it is slightly laxative, stimulates the appetite and has an excellent tonic effect. It is pleasant to take—children like it. An excellent remedy, too, for whooping cough, sore lungs, asthma, throat troubles, etc.
Mix 2 cups of granulated sugar with with one cup of warm water and stir for 2 minutes. Put 2½ ounces of Pinex (50 cents' worth) in a 16 oz. bottle and add the Sugar Syrup. It keeps perfectly. Take a teaspoonful every one, two or three hours.
Pine is one of the oldest and best known remedial agents for the throat membranes. Pinex is the most valuable concentrated compound of Norway white pine extract, and is rich in guaiacol and all the other natural healing elements. Other preparations will not work in this formula.
The prompt results from this recipe have endeared it to thousands of housewives in the United States and Canada, which explains why the plan has been imitated often, but never successfully.
A guarantee of absolute satisfaction, or money promptly refunded, goes with this recipe. Your druggist has Pinex or will get it for you. If not, send to The Pinex Co., Toronto, Ont.

# THE SPORT REVIEW

## QUEEN'S STILL HOPEFUL OF BEATING 'VARSITY.

### The Presbyterians as Strong as Last Year When They Almost Beat a Much Stronger 'Varsity Team—Notes on Sport.

When Queen's met 'Varsity in Toronto a year ago, it came very nearly defeating the team that later won the Canadian rugby championship. 'Varsity won by "the skin of their teeth," for Elliott, of Queen's, stopped the great Lawson throughout the game. That 'Varsity half-back never got a chance to shine, for he was nailed before he could get going. This fall, Queen's is just as strong as a year ago. The only difference is that Leckie is doing the kicking formerly done by "Ken." Williams, the long distance punter. Queen's wings and scrimmage are as good as those of 'Varsity, and the back division is pretty strong, too. If 'Varsity is superior, it will be in the way of coaching, for the Toronto team has certainly an expert in H. Griffiths, who is a college rugby veteran. It would certainly be delightful if Queen's was to overthrow 'Varsity on the Rosedale grounds. The intercollegiate championship will be decided by this game.

### 'Varsity is Peevish!

The Toronto Star says: "Queen's University has taken a peculiar stand in regard to officials for the Queen's-Varsity match here. To-day Queen's wired Varsity: 'Will not accept any officials you name.' The Varsity authorities are very peevish about the wire, in as much as they had not yet suggested any names. The telegram of the Presbyterians is very much at variance with the decision of the Intercollegiate Union to use home-and-home officials for each game. Dr. Hendry and Dr. Wright were the men Varsity were about to name."

In the first place, the Intercollegiate executive did not decide that home-and-home officials were to be used for the games. It merely suggested this. Queen's have asked the vice-president of the union to appoint the officials for Saturday's game. Their intimation to Varsity was very timely, and merely indicated that the Presbyterians would prefer the executive to name the officials for this decidedly important contest. It is doubtful, however, if more capable officials could be secured than Drs. Hendrie and Wright. They have always proved themselves square.

### Queen's Best R.C.H.A. at Soccer.

R.C.H.A. and Queen's second soccer teams clashed on Queen's lower campus, yesterday afternoon, and in one of the closest games seen here this year, the students managed to win from the soldiers by the score of 1 to 0. The soldiers have always had a reputation for good kicking, and never did they do better work than at the campus, yesterday afternoon. Their combination work drew forth the admiration of the large number of spectators who gathered to witness the battle. The students' aggregation proved too much for the soldiers and in the second half by a nice bit of team work, they kicked the ball under the bar. Queen's were kicking with the wind in the first half, and when no score resulted they thought the game was lost, but in the last half when kicking against the breeze was the time they scored. They lined up as follows:

Queen's—Goal, Casselman; backs, Blakesley and Montgomery; halves, Seeley, Longmore and Sutherland; forwards, Whitehead, Yake, Hardiman, Warerner and Carmichael.

R.C.H.A.—Goal, Stinson; backs, Sergt. Harte and Finney; halves, Richardson, Sergt. Harrison and Robertson; forwards, Aldridge, Gr. Harrison, Gilmore, Laherty and Owens.

Referee—Carey, of the C.L.C.'s.

### To Have Another Race.

A meeting of the committee in connection with the Y.M.C.A. road race, run Thanksgiving Day, was held in the parlors of the building last evening. Those present were, Ralph Bowron, Frank Kinnear and Frank Williams, officials of the race; Gr. Biloden, representing the R.C.H.A. team; Adams representing the Y.M.C.A. team, and Kerr representing Queen's team. The meeting was called to consider a protest laid by Kerr, claiming that he did not get a square deal. The protest arose over a misunderstanding on the part of the runners as to where they should turn, whether it should be at Alfred street or Albert street. Adams and Jackson turned at Alfred street, while the remainder of the runners went on to Albert street. Kerr came in second within a short distance of Adams, notwithstanding the fact that he was four blocks behind at the start. Upon investigation it was found that the course pursued by Cadet Watts went about two feet beyond the crossing at Frontenac street and as the runners were striving to lower the time made by Watts, they would have to run over the track taken by him. After a great deal of discussion it was decided that the only thing to do under the circumstances was to run the race over again at some future date. The results of last Monday's race will stand as they are and prizes will be awarded accordingly, while other prizes will be given for the next race which will come off on Nov. 19th in the afternoon. The race run on Thanksgiving Day will not be regarded as the championship race, but as a special race while the one in two weeks time will be the championship one.

It is expected by those who saw the way Kerr ran the other day that he will come in first in the next race. It is stated that he has made the five miles in twenty-eight minutes, which is two minutes and twenty-five seconds under the record made by Cadet Watts. He is a freshman at Queen's and should he be able to run the way he is said to be, the will smash all records on the 19th.

### All Kinds of Sports.

On Saturday, November 12th, Varsity's three rugby teams play the return games in Kingston.

The American and National Baseball Leagues have spent nearly $400,000 for new players for next season.

"Buck" Irving's "pro" hockey league will embrace Peterboro, Belleville, Picton and Port Hope, according to the promoter.

Hamilton Tigers, confident that they have the Interprovincial championship cinched, are preparing for the play-off for the Dominion championship.

"If Queen's beat us on Saturday they can tie-up for first place in the Intercollegiate series," said a Varsity official, "and if they win from us a week from Saturday, when we meet them on their own grounds, they'll win the series."

"If the football rules remain as they are," said a former coach, "when will Harvard and Yale score touchdowns against each other? They have not made a touchdown in their annual game since 1907. Harvard won, 4 to 0, by a goal from the field in 1908, and Yale won, 8 to 0, by two field goals and a safety last year."

Toronto World: There will be three college rugby games in Toronto on Saturday. It will be "Kingston" day at Varsity, for all three teams are coming from Kingston. The big game in the afternoon will be with Queen's University, while in the morning Varsity II will meet the R.M.C. team, and Varsity III will line up against the Kingston Collegians.

As Johnson has not signified his willingness to accept any of the various challenges that Langford has hurled at him from many different sections of the country in the last few months, the Boston negro has decided to become a champion by laying claim to the middleweight title. According to Langford, the death of Stanley Ketchel, the champion, leaves him the undisputed king of the middleweight division.

Hamilton Spectator: "Ben" Simpson was discussing the system of play in vogue on the Tiger back line a few days ago, and said: "The boys don't kick enough when their wings are down the field. If they would punt oftener into the open field the wings would not have so much useless chasing to do, and would not be so badly used up. Save your wings, and they will give you all the protection needed." "Ben's" system was the one used against Montreal. The results are self-evident.

"Jack" Williams gives an absolute denial to the charges from Hamilton alleging professionalism against him. "I did play for the Kingston Ponies, but they were then an amateur ball team," declared Williams. "We played several matches at Ogdensburg and elsewhere, but I never received a cent for my services. Every other member of the Pony team that I played on was an amateur and our opponents we also regarded as such." "Jack" challenges investigation, and states that he is willing to establish his good standing at any time should the Big Four governors see fit to require him to do so.

Alfred Shrubb, the little English professional runner, has completely recovered from the injury to his leg, and is planning a busy winter campaign at the indoor games. He wanted to enter in the twenty-mile international team race which is to be held at Madison Square Garden, New York, next Friday night, but could not secure for a partner an Englishman whom he thought was fast enough or possessed of sufficient staying qualities to go through such a gruelling contest. Shrubb is coaching at Harvard now, but has sent out a challenge to race any man in the world over a distance of ten, twelve or fifteen miles, winner take all. Both Hans Holmer, who is teamed with "Bill" Quealy in Friday night's event, and Gusta Ljungstrom, who has John Svanberg for a partner, say they will take up Shrubb's defy should they succeed in carrying off first honors in the coming race.

The cost of farming lands in Argentina, even in the unsettled parts, is rapidly rising.

DOCTORS TELL HOW "CUTICURA" CURED SKIN DISEASES
One says, "I have Great Faith in Cuticura Remedies." Another, "They Always Bring Results."
"I wish to let you know of a couple of recent cures which I have made by the use of the Cuticura Remedies. Last August, Mr. ——— of this city came to my office, troubled with a severe skin eruption. At first I could not understand the nature of the case. I finally traced it to his occupation, as he was a painter and decorator. It was dermatitis in its worst form. It started with a slight eruption and would affect most parts of his body—thighs, elbows, chest, back and abdomen—and would terminate in little pustules. The itching and burning was dreadful and he would almost tear his skin apart, trying to get relief. I recommended all the various treatments I could think of and he spent about fifteen dollars on prescriptions but nothing seemed to help him.
"In the meantime my wife who was continually suffering with a slight skin trouble and who had been trying different prescriptions and methods with my assistance, told me she was going to get some of the Cuticura Remedies. But as I did not know much about Cuticura at that time I was doubtful whether it would help her. Her skin would thicken, break and bleed, especially on the fingers, wrists and arms. I could do nothing to relieve her permanently. When she first applied the warm baths of Cuticura Soap and applications of Cuticura Ointment she saw a decided improvement and in a few days she was completely cured.
"I lost no time in recommending the Cuticura Remedies to Mr. ———, and this was two months ago. I told him to wash with warm baths of the Cuticura Soap and to apply the Cuticura Ointment generously. Believe me, from the very first day's use of the Cuticura Remedies he was greatly relieved and to-day he is completely cured through their use. I have great faith in the Cuticura Remedies and shall always have a good word for them now that I am convinced of their wonderful merits." (Signed) B. L. Whitehead, M.D., 108 Dartmouth St., Boston, Mass., July 22, 1910.
As though in confirmation of this most convincing statement, G. M. Fisher, M.D., Big Pool, Md., writes: "My face was afflicted with eczema in the year 1897. I used the Cuticura Remedies and was entirely cured. I am a practicing physician and very often prescribe Cuticura Remedies in cases of eczema, and they have cured where other formulas had failed. I am not in the habit of endorsing patent medicines, but when I find remedies possessing true merit, such as the Cuticura Remedies do, I am broad-minded enough to proclaim their virtues to the world. I have been prescribing medicine for twenty years, and must say I find your Remedies A No. 1. I still find the Cuticura Remedies as good as ever. They always bring results."
Cuticura Remedies are sold by druggists everywhere. Potter Drug & Chem. Corp., Sole Props., Boston, Mass. Mailed free, on request, latest 32-page Cuticura Book on the speedy treatment of skin diseases.

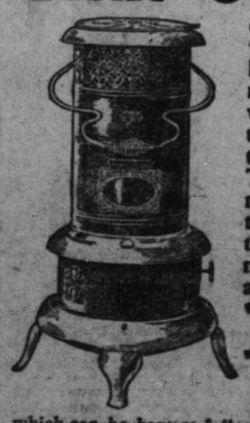
Sole Manufacturers: J. T. DAVENPORT Ltd., LONDON, S.E.
Wholesale agents, Lyman Bros. & Co., Limited, Toronto.

That Cold Room


on the side of the house where winter blasts strike hardest always has a lower temperature than the rest of the house. There are times when it is necessary to raise the temperature quickly or to keep the temperature up for a long period. That can't be done by the regular method of heating without great trouble and overheating the rest of the house. The only reliable method of heating such a room alone by other means is to use a
PERFECTION SMOKELESS OIL HEATER
Absolutely smokeless and odorless
which can be kept at full or low heat for a short or long time.
Four quarts of oil will give a glowing heat for nine hours, without smoke or smell.
An indicator always shows the amount of oil in the font. Filler-cap does not screw on; but is put in like a cork in a bottle, and is attached by a chain and cannot get lost.
An automatic-locking flame spreader prevents the wick from being turned high enough to smoke, and is easy to remove and drop back so that it can be cleaned in an instant.
The burner body or gallery cannot become wedged, and can be unscrewed in an instant for rewicking. Finished in japan or nickel, strong, durable, well-made, built for service, and yet light and ornamental. Has a cool handle.
Dealers Everywhere. If not at yours, write for descriptive circular to the nearest agency of the

THAT TIRED WHEEL
In all ages the only natural and mechanical and scientific way of working iron is by heating it and sticking it while it is hot. That also stands good in the matter of setting tires, as everyone must admit that the most natural and mechanical and scientific way of setting tires is by heating and getting them on while hot. Then you have a perfect job. More on this subject next change.
