WARNED HIS PEOPLE

AGAINST SEVENTH DAY ADVENTIST DOCTRINE.

Rev. John Webster Preached on Christ's Second Coming, Which Will Not Occur Till the Whole World is Christianized.

On Sunday evening Rev. John Webster, pastor of Brock Street Methodist church, preached a pointed sermon, warning his congregation against the teaching of Seventh Day Adventists. He scored them as teachers of heterodoxy. The main objection the speaker found with the adventists was their teaching of the coming of Christ in the clouds to reign for a thousand years. One place he had known them to fix a day for the great event and they donned white robes and went up on top of their houses to be handy when the Lord came. Mr. Webster held that Christ was reigning now, and would reign until he had suppressed all the evil in the world. He took as his text, "For He must reign till He hath put all things under His feet. The last enemy that shall be destroyed is death."

Christ reigns now, said Mr. Webster, in a two-fold sense, first as Lord of the universe and second as our mediator. As Lord, He has unlimited power, guarding the interests of the church and extending its bounds on the earth, and as Mediator, He intercedes for us with His Father.

The end of the world cannot come, said the preacher, until God's word is fulfilled. The gospel must circle the globe, and put down all the enemies of Christ, such as idolatry, which is being uprooted in dark lands by the gospel of Christ. Anti-Christ, or whatever opposes Christ, is another enemy which must be put under Him. No spirit, angel or virgin, said he, will be allowed to take the place of the Lord Jesus. There is, says God's holy word, "one God and one Mediator between God and man, the Man Christ Jesus." All other mediators must be put out of the way as enemies of Christ. Another enemy is war, which lays waste as much of what is fair and good and causes the spending of so many millions that might be applied to the work of Christianizing the world.

WILL PAY OFF DEBT

OF GRACE METHODIST CHURCH, GANANOQUE.

Senator George Taylor's Gift in Honor of His Wife's Birthday—Water in Gananoque River Unfit for Drinking.

Gananoque, July 15.—The congregation of Grace Methodist church was treated to a very pleasant surprise at the morning service, yesterday, when the pastor, Rev. Melvin Taylor, read a communication from Senator George Taylor, offering as a thank-offering in honor of Mrs. Taylor's birthday, on Saturday next, July 20th, to pay off the entire debt on the church, with the accrued interest. The debt at present is somewhat over five thousand dollars. The offer is, therefore, a very generous one, and should be marked by the appreciation of every Methodist in Gananoque. Best of all there are no restrictions connected with it. This will place Grace church on a good solid financial footing.

D.D.G.M. Allan Lemmon installed these officers of Gananoque lodge, No. 114, I.O.O.F., last week: J.P.G., J. W. Anderson; N.G., George S. Masten; V.G., George A. Baker; R.S., A. L. Knight, P.G.; F.S., N. R. Gardner, P.G.; treasurer, A. E. Meggs, P.G.; warden, Frederick Lloyd, P.G.; conductor, James McKellar, P.G.; O.G., Joseph Munden; I.G., Cecil McIntyre; R.S.N.G., D. Baker; S.W., J. H. C. McIntyre; scribe, R. P. Kemp, P.C.P.; treasurer, R. H. Allen; J.W., W. J. Young; guide, N. R. Gardner, P.C.P.; 1st W., S. Mullins; 2nd W., D. Buck, P.C.P.; 3rd W., Joseph J. The T.I.R. has received a fine new locomotive for work on the line, of medium G.T.R. proportions, and it is expected will be able to handle the traffic satisfactorily, as the work of ballasting and re-railing has been completed.

Dr. J. P. Sinclair, medical health officer, has had his attention called to the condition of the water in Gananoque river, and considers that the water is unfit for bathing purposes. Nearly every morning at the upper dams there is a coating of greenish powdery substance resembling Paris green, caused from the action of the intense heat on decaying aquatic plants. As this is a favorite resort for the school boys for swimming, a warning will probably be posted.

The Gananoque Water Power company have notified the local manufacturers that they will require to have the water shut off for two weeks; for necessary repairs to dams, canals, etc. Considerable work will also have to be done at Marble Rock. This will be started early in August. The work here will be commenced after the completion of the orders. This will bring it the latter part of August probably.

Quite a large encampment of gypsies with their usual quota of horses, dogs, etc., have located near the western boundary of the town.

Half Moon Bay, the popular Sabbath evening resort for divine worship, drew a large number from town and the adjacent islands and resorts last evening.

Rev. James Allen and family have opened up their cottage at Sylvan Island for the season.

Lawrence Shelby and Leonard La France spent the past few days in a pleasant outing at Gananoque Lake. Mr. and Mrs. W. G. Triest, New York, spent the past few days with the latter's father, Charles Macdonald, at "Blinkbonnie," where their children have been for the past few weeks. Dr. and Mrs. J. J. Davis and young daughter, spending the past ten days with the former's parents, Mr. and Mrs. Thomas G. Davis, London, have returned, accompanied by the doctor's sister, Miss Davis, who will spend some time here.

Dr. and Mrs. A. H. Mabee and Miss Helen Mabee have returned from a two weeks' holiday trip west. T. Douglas Ryan, of the staff of the Toronto bank at Lyndhurst, spent yesterday here with his parents, Chief of Police and Mrs. E. J. Ryan. Mrs. A. A. Alford and family, of Dundas, are spending some time here with the former's parents, Mr. and Mrs. D. Byron. They were accompanied by Miss Gertrude Byron, who had been visiting there for the past year.

The Making of the Hair Net.

Hair nets are not simply nets for the hair, but are made of hair, and the only cities where they are sold in important amounts are Strassburg in Germany, and Vienna in Austria. It is estimated that Strassburg sells annually 12,000,000 hair nets, but as the style has changed during the last year, there has been a falling off. The whole family makes the hair net, the children tying the knots and the older children, women and men weaving the nets. A worker must tie about 12,000 knots to earn nineteen cents. Gray hair nets are the most expensive and those making them are paid the most. A great deal of the hair for the nets comes from China, and is prepared in Paris.—St. Louis Globe-Democrat.

His First Move.

It was a shy young curate who was once asked to take a class of girls about fifteen or sixteen, which had formerly been taken by a woman. The young clergyman consented, but insisted upon being properly introduced to the class. The superintendent accordingly took him to the class for the purpose, and said:

"Young ladies, I will introduce to you Mr. Chris, who will in future be your teacher. I would like to tell him what your former teacher did, so that he could go on in the same way."

A miss of sixteen rose and said: "The first thing teacher did was to kiss us all around."

YOUR GRAY HAIRS QUICKLY VANISH

A Harmless Remedy, Made From Garden Sage, Restores Color to Gray Hair.

A feeling of sadness accompanies the discovery of the first gray hairs which unfortunately are looked upon as heralds of advancing age. Grey hair, however handsome, it may be, makes a person look old. We all know the advantages of being young. Aside from the good impression a youthful appearance makes on others, simply knowing that you are "looking fit" gives one courage to undertake and accomplish things. So why suffer the handicap of looking old on account of gray hairs, when a simple remedy will give your hair youthful color and beauty in a few days' time?

Most people know that common garden sage acts as a color restorer and scalp tonic as well. Our grandmothers used a "Sage Tea" for keeping their hair dark, soft and luxuriant. In Wyeth's Sage and Sulphur Hair Remedy we have an ideal preparation of Sage, combined with Sulphur and other valuable remedies for dandruff, itching scalp and thin, weak hair that is split at the ends or constantly coming out. A few applications of this valuable remedy will bring back the color, and in a short time it will remove every trace of dandruff and greatly improve the growth and appearance of the hair.

Get a fifty cent bottle from your druggist, to-day, and notice the difference in your hair after a few days' treatment. All druggists sell it, under guarantee that the money will be refunded if the remedy is not exactly as represented. Agent, G. W. Mahood.

Cost Sir Henry $140,000.

In 1856, Sandford Fleming, since Sir Sanford, bought the 200 acres at the north-west corner of Keele and Eglinton avenue, two miles north of where Toronto extends to now, subdivided it, laid out streets lined with trees, and sold some of the lots.

Last week Sir Henry Pellatt bought the property to add to his extensive holdings Weston way and in a very few years, say sixty years from the time Sir Sandford laid it out in lots, Sir Henry will sub-divide the property. The 200 acres cost the soldier-financier $140,000.
