The Season's Fiction Successes

W. L. LOCKE AT HIS BEST

"In this, the most notable novel of the year, Mr. Locke has returned to the manner which in 'The Belayed Vagabond' won for him a foremost place in the ranks of novelists. After reading the morbid problem novel of the hour, the book is like a fresh breeze from the hills—it radiates the pure joy of life."—Philadelphia Public Ledger. Illustrated by Keller. $1.25 net.

THE ROCKS OF VALPRE

By E. M. DELL

Author of "The Way of An Eagle," "The Knave of Diamonds," etc. $1.25.

ADE'S FABLES, By George Ade

Author of "Fables in Slang," "Knocking the Neighbors," etc.

It isn't all in the spelling. There are any number of "humorists" who can plant capital letters all over the page and mutilate words beyond possible recognition. And there are a number of fellows who use picturesque slang. George Ade does both, and is yet in a class with neither. Here he is with another collection of his fables as whimsical and as amusing as ever.

Just out. Illustrated by John T. McCutcheon. Net $1.00.

A NEW MOTOR LEAGUE

WAS FORMED IN KINGSTON ON THURSDAY NIGHT.

With Prof. Iva E. Martin As President — An Address Given by Dr. P. E. Doolittle, President of the Ontario Motor League.

A newly-formed motor league was brought about on Thursday evening in connection with the visit of Dr. P. E. Doolittle, Toronto, president of the Ontario motor league. Dr. Doolittle gave an address in the Board of Trade rooms to a goodly number of automobile enthusiasts. The name of this newly-formed organization is to be known as the Kingston and Frontenac Automobile club. It was unanimously agreed that Prof. Iva Martin should be president. The election of the other officers included: Honorary presidents, N. F. Dupuis and Arthur E. Ross, M.P.P.; vice-president, Sandford Calvin; secretary, Harold Davis; treasurer, Dr. D. A. Black. Four committees were also appointed consisting of a legislative committee, the chairman of which is to be C. Livingston; a good roads' committee, with George Robertson chairman; an entertainment committee, W. C. Kent, chairman; a membership committee, H. Angrove, chairman.

Another meeting is to be held on this coming Wednesday evening for the purpose of organizing the different committees and otherwise getting things into shape.

This business was all transacted after Mr. Doolittle had concluded an able address which was heartily received. The chief point upon which the speaker dwelt was the improvement of roads, and he paid a warm tribute to the late Andrew Pattullo, whom he called the father of the good roads' movement. At this particular time, which was about twenty-five years ago, bicycles were the only vehicles that were adopted to good roads, and Mr. Doolittle gave several interesting stories about the times they used to encounter while upon such pleasure trips. By the combined efforts of Mr. Pattullo and Dr. Doolittle, who at this particular time was president of the Ontario Cyclists' club, necessary funds were raised to bring the matter to the attention of the provincial government, which finally ended in a highways commission being appointed. At the next meeting of the house a bill was introduced inaugurating the good roads' movement and has been pretty well carried on ever since.

Dr. Doolittle went on to show that it not only benefitted the farmer by placing the road into first class condition wherby he might haul his produce to market, but many other privileges were derived. Real estate jumped in price, and soared almost to five times its original value. Dr. Doolittle strongly advocated an extensive system of provincial highways, built and maintained solely by the government.

The speaker now came to the point of increased taxation to motorists for the maintenance of the roads, and he asserted that there is no kick coming because the taxation in this province is considerably lower than anywhere in the United States. The question of speed was referred to by Mr. Doolittle's address. Efforts are now being made to have the speed limit raised in the country from twenty to twenty-five miles an hour. The present legislation, he declared was quite unjust as on long clear stretches of country there can be no fear of accidents if the driver of the car would use viligance and care while passing through villages. The speaker was hopeful that the government will eventually concede to the demand for a twenty-five mile speed limit.

Sign boards were the next thing in order, and the speaker explained the use of them. They are very helpful to the motorist and public at large. The last point of Mr. Doolittle's address dealt with the necessity for strong organized clubs in bringing matters before the legislature. The speaker was also glad to say that the government has seen the injustice of having certain men on watch for speeders, to summon them no matter if they went over the speed limit or not, in order to make a fine haul. The government has now constables on a strict set salary for such work. Other minor points were gone into, after which the speaker took his seat, and received a hearty vote of thanks moved by J. G. Elliott and seconded by H. Angrove.

Old Eyes and New.

What a relief if we could get a pair of fresh, strong eyes in place of our old, easily tired ones. Glasses alone solve the problem. Eye-glasses or spectacles prescribed by our eye sight specialist, H. C. Brown, Oph. D., return the clear, comfortable vision of youth. No trouble to see at a distance, or to read the finest print. Eyes examined without charge at the Rodger Optical Parlors, 347 King street.

Inspection of School Cadets

The school cadets will be inspected at the cricket field on Friday afternoon, May 29th. The Board of Education has arranged to have the classes dismissed about 2 p.m. on that day in order to allow the members of the corps ample time to take part in the inspection.

BASEBALL AND SOCCER

SUNDAY SCHOOL ASSOCIATION HAS RE-ORGANIZED.

George Sullivan to Umpire City League Baseball Games — Soccer Match on Saturday at Queen's Lower Campus.

The baseball series in connection with the Sunday School Amateur Athletic Association promises to be one of the most successful in the history of the association. At a meeting of the representatives of the junior baseball teams, held in the Y.M.C.A. parlors, on Thursday evening, four teams were represented, namely, St. Paul's, Cooke's, Sydenham and St. George's. It is altogether likely that the junior series will be composed of five teams. The boys from Chalmers church have expressed a desire to enter the fold. Cooke's, St. George's and Sydenham were the only teams which were in the game last summer. St. Paul's is re-entering the association.

It was decided that all teams desiring to enter must place their entries in the hands of the executive at the general meeting to be held in the Y.M.C.A. building on Friday evening, May 22nd. The series will commence the last week in May.

At the meeting to be held on Friday evening, it will be definitely decided whether or not a senior series will be run.

City Baseball League.

The City Baseball League games are slated to open at the cricket field on Saturday afternoon. The junior game in which Regiopolis and Park Nine will play, commences at 1.30 o'clock sharp. The senior game will commence at three o'clock.

George Sullivan, a guard at the Portsmouth penitentiary, who has umpired the City Baseball League games for some years, has been granted permission to officiate at the games again this season.

Athletic Baseball Club.

The Athletic Baseball Club held a meeting, on Thursday evening, and elected these officers: Honorary presidents, James Spence, J. W. Welsh, A. W. Wheatley, Dr. J. J. Harty, W. R. Givens and J. G. Elliott; president, Neil Munsie; vice-president, J. Theriault; secretary-treasurer, W. Wilson; manager, W. Palmer; captain, W. Cotman; mascot, B. Ada.

Soccer on Saturday.

On Saturday afternoon, at Queen's lower campus, another soccer match of the City League players will be pulled off. The contestants will be C.L.C. and R.C.H.A. The former team has secured the services of one of its old players, in the person of Walter Heap, who a short time ago went to Hamilton to play on a team there. Watts and Wilkinson, two other C.L.C. players, but who have not been on the line-up for several games, will also be in uniform on Saturday afternoon.

The line-up will be:

C.L.C.—Goal, Dunn; full-backs, Carey, Tierney; half-backs, Watts, Scott, Morris; forwards, Wilkinson, Singleton, Heap, G. Harrison, Lafferty.

R.C.H.A.—Goal, McRae; full-backs, Keir, Finney; half-backs, Beckett, Sawyer, Mansfield; forwards, R. Harrison, Warburton, Norwood, Cole, McDonald.

Baseball Record.

National league—Philadelphia, 5, St. Louis, 3, 14 innings. New York, 4, Pittsburgh, 3; Chicago, 5, Brooklyn, 0; Cincinati, 6, Boston 0.

American league—Detroit, 3, New York, 1; Boston, 1, St. Louis, 0; Washington, 1, Chicago, 0; Philadelphia, 1, Cleveland, 0.

Federal league— Brooklyn, 4, St. Louis, 1; Pittsburgh, 6, Kansas City 2; Buffalo, 5, Chicago, 4; Baltimore 9, Indianapolis, 6.

International league—Montreal, 6 Providence, 2; Baltimore, 13, Toronto, 2; Buffalo, 4, Newark, 3; Rochester, 9-6, Jersey City 2-9.

TO VISIT KINGSTON

In the City Council last night a letter was read from the secretary of the governor-general stating that His Royal Highness the Duke of Connaught, Her Royal Highness the Duchess of Connaught and the Princess Patricia would pay a short visit to Kingston on the second of June. The finance committee was given authority to make all arrangements in connection with this official visit of the governor-general. The details are not yet announced, but the civic address will be presented to his royal highness in the city hall. This will be the fifth visit of the Duke of Connaught to Kingston since he took office less than three years ago.

THE ENGINEERING CAMP.

Held at Barriefield Came to End on Thursday.

A very sun-burned but happy bunch of students returned from the engineering camp, that, for the last two weeks, has been held near the quarry at Barriefield. There were about fifty-five students at the camp getting practical experience in surveying and other scientific subjects under the instruction of Prof. Alexander Macphail. The weather for the two weeks time that the engineers were under canvas was, for the most part, unusually good, for this time of the year, and a great amount of work was accomplished. This camp, though one year held at Kingston Mills, has usually been held at the Cordova mines, near Sudbury, but this year Prof. Macphail decided that the camp might just as well be nearer the university, and, disregarding precedents, held it at Barriefield, which was voted by the most of the boys to be even better than at Cordova.

Van will leave Bruce's livery, 290 Princess street, every day, except Monday and Saturday, at 2 p.m., for Cataraqui cemetery.

A Lot of Talking

About Our Shoes

Of course people are talking about their good qualities.

We do not wish to say too much ourselves but if you will try a pair of our newest models you will be so delighted with them you will talk about them to your friends.

We are showing the very newest ideas of shoemaking ever displayed in this city.

Men's shoes, women's shoes and children's shoes, too, have had our special care of selecting so we would be able to please every person's own taste. Try us for your next pair.
