RAISED TO RANK OF EARL.

Albert Stanley, Formerly of Detroit, Among Baronets.

London, June 23—The King's birthday honors are announced. The list includes a number of barons and baronets, but there are few notable names in it. Lord Kitchner of Khartoum, his majesty's agent and consul-general in Egypt, is made an earl.

Sir Herbert Cozens-Hardy, Sir Edgar Vincent, Major-General John Fielden Brocklehurst and Sir Leonard Lyell are raised to baron. Among the baronets is Albert Stanley, manager of London underground railways, who is English born but was raised in the United States.

Mr. Stanley came to London from Detroit and assumed his British citizenship last year. For a number of years he was connected with the Detroit United railways and the public service railway commission of New Jersey.

Sir T. Van Sittart Bowat, lord mayor of London, also received a baronet. Among the Knights Bachelor named is Douglas Mawson, the explorer.

TAKEN TO TORONTO.

Convict William Huckle to Appear at Osgoode Hall.

Detective Newton, of Toronto, was in the city on Monday and left on the noon train for Toronto with William Huckle, a convict in the penitentiary. Justice Britton some few days ago granted a writ of habeas corpus directing the warden at the penitentiary to produce Huckle in court on June 23rd. Counsel for Huckle secured his release on the claim that the convict was deprived of good marks by penitentiary officials and that he should have been released on June 5th. The judge will endeavor to ascertain if unfair discrimination was shown towards Huckle.

ALL WIRELESS OPERATORS

Must Have License—Must Listen For Stop Signal.

Ottawa, June 23—Elaborate regulations have been issued by the naval department governing the issuing of licenses and the control of operation of all radio-telegraph equipments in Canada, whether in the hands of amateurs of for commercial purposes, either on land or in Canadian registered vessels. The regulations are based on the uniform rules drawn up two years ago by the International Radio-Telegraph convention. They apply not only to the "professional" wireless operator, but also to the hundreds of amateur operators throughout Canada, whose indiscriminate sending out of wave-lengths would if uncontrolled lead to serious interference with the work of governmental or commercial stations.

Hereafter every wireless operator must have a license from the Naval Service department, and must comply with all the conditions of such license, on penalty of a fine not exceeding fifty dollars or three months' imprisonment. For a limited coast station license the annual charge is $10; for a public commercial license, $50; for a private commercial license, $10; for an experimental license, $5; and for an amateur license, $1.

Provision is made in each license for the character of the wave-lengths to be used and the range allowed. All amateur operaors are required when operating to listen for the signal "Stop," which will indicate that they are interfering with commercial business. If that signal is heard the operator must stop until it is cancelled by a duly authorized government station. A distinctive call for each station is allotted with the license, and no station must be worked by anyone not holding at least an amateur experimental certificate of proficiency secured from the Naval Service department.

For ocean-going vessels, it is provided, that there must be an emergency source of power for operating instantly available, and hours are specified during which the operators must be constantly "on watch."

RUSSIAN LAWYERS JAILED.

25 Were Too Outspoken Over Trial of Beiliss.

St. Petersburg, June 23—The trial of twenty-five lawyers on a charge of insulting the ministry of justice during the trial of Mendel Beiliss ended today in the conviction of all the defendants. Two of them, M. Sokoloff and M. Kereuski, were sentenced to eight months imprisonment, and the others to terms of six months each. At the time of the trial of Beiliss the lawyers drew up a strong protest, in which it was alleged that the ministry of justice and the court at Kiev, before which Beiliss was tried, were inspired by racial and national enmity. The sentences imposed on the lawyers deprive them of their political rights, but do not interfere with their civil rights.

Shot a Philanthropist.

Paris, June 23—Henri de Rothschild was shot and wounded in the leg in front of a boulevard cafe. His assailant was the former owner of a creamery, who, when arrested, declared that he had been ruined by the establishment by M. de Rothschild of a creamery designed for philanthropic purposes.

Five shots were fired by the man, but only one took effect.

Henri de Rothschild is a doctor of medicine, an author of note and a large contributor to charity.

It has not been determined as yet if the reason given by his assailant for the attack is the real one. Dr. de Rothschild has recently established a number of creameries for the use of the poor.

St. Mark's, Barriefield.

Confirmation was administered in St. Mark's church, Barriefield, on Sunday evening, by the bishop of Kingston. Seventeen candidates were presented by the rector, Rev. A. O. Cooke. The parish church was appropriately decorated and was filled to the doors. His lordship, in the course of his sermon, pointed out very clearly and forcibly the necessity of professing Christ in this world by their daily life. The service was one which will be long remembered. The organist and choir did well in making the musical part of the service such a success. The anthem, "Send Out Thy Light," was sung.

Joseph E. Gravelle, Renfrew, won his degree of bachelor of philosophy and three medals at Ottawa University.

Peter Dougall, formerly of Renfrew, died in Winnipeg, on Saturday, aged ninety years.

Baby Eczema Becomes Chronic

Causing Great Suffering and Anxiety—Prompt Relief and Cure by Dr. Chase's Ointment.

This is one reason why every mother should know about Dr. Chase's Ointment, since it is an unfailing cure for all itching skin diseases.

Mrs. F. Clarke, Belmont, Man., writes:—"My baby had eczema on her ear. The sore was very bad, and nothing seemed to do her much good. Hearing of the remarkable cures Dr. Chase's Ointment was making, we sent for some, and after the third application the sore began to heal. I am glad to say that it is quite well now, and we give the credit to Dr. Chase's Ointment. We cannot recommend this preparation too highly."

Here is another letter, which tells of the cure of a five-weeks-old baby: Mrs. Wallace Mingon, River John Road, Colchester County, N.S., writes: "My little girl took eczema when she was five weeks old. Though we doctored her until she was nearly a year old, she got no better. I was advised to use Dr. Chase's Ointment, and this treatment completely cured her."

ODD FELLOWS DECORATE

GRAVES OF DEPARTED BRETHREN AT GANANOQUE.

Board of Education Needs $14,000 for School Purposes—Garnocks Defeat Kingston Victorias by 12 to 7.

Gananoque, June 22.—Gananoque Lodge, No. 114, I. O. O. F., celebrated its memorial day yesterday. A committee of the local lodge went to Willow Bank cemetery during the morning and decorated the graves of their deceased brethren there with flowers. The formal service was held during the afternoon at Gananoque cemetery, when addresses were given by D. D. G. M., J. H. Donevan, and Rev. Walter Cox, N. G. There was quite a large attendance.

Town Clerk Samuel McCammon, has given out his official count of the ballots polled on Monday last, at the voting on the by-law to grant a bonus of $2,500 for the Gananoque Arnprior R. R Total for 251; against 72. The total freehold vote in Gananoque is 731 and it will be seen that the vote polled was less than fifty per cent. of the total.

The steamer Britannic took out an excursion party on Saturday evening to Clayton under the auspices of the Young People's club of Christ church. A fair crowd enjoyed the trip.

At the meeting of the Board of Education it was decided that it would be necessary to ask the town council for a grant of $14,000 for this year's needs. This is $1,000 in excess of last year.

Frederick Mullins, who was operated on for appendicitis recently at Kingston General hospital, has returned here to recuperate with his parents, Mr. and Mrs. Sidney Mullins, Brock street.

THE SPORT REVIEW.

Johnson the Favorite in the Paris Contest.

E. B. Butler, the Toronto sculler, denies the report that he is going to meet Eddie Durnan this week in a race off the Exhibition grounds. Butler is leaving this week for Nelson, B.C., where he will take part in the international regatta from July 13 to July 18.

The Rochester club owners state that they have no intention of being frozen out of the third major baseball league, and declare that the personnel of the league should be determined by the attendance that each club have had in its city since the season opened. The Rochester magnates declare that Rochester has played to more people than any other club in the International.

The Royal Military College cricket team had a successful trip, winning all their games, defeating in turn U. C.C., Highfield, Ridley and an eleven of the Toronto club. At Hamilton on matting A. G. Dobbie, hit up 228, not out. This is only ten short of the Canadian record, held by G. S. Lyon. The R.M.C., total was 357 runs against Highfield's 206. They beat Ridley 160 to 65, and Toronto 205 to 152.

Jack Johnson has publicly announced in Paris his intention to take out on Frank Moran, ample satisfaction for "all the slurs and insults heaped upon me by the Americans." The big black is doing a tremendous amount of earnest training, doing twelve miles on the road each day and sparring with half a dozen partners. He is losing his embonpoint and is actually approaching fine physical shape. Frank Moran has been compelled to eliminate boxing, owing to a gash over his eye suffered in collision with his sparring partner's head, but otherwise is in fine shape. His camp is hopeful, but the betting will be all on Johnson.

Ontario Must be English.

Drumbo, June 23—In the course of an address Saturday night, Mr. Rowell said:

"This is an English-speaking province, and an English-speaking province it will remain. The regulations of the Education department should be framed, and the department administered in full recognition of this fact. That has been our stand from the start. That is our stand today. It was in view of this that in the very first address I gave, as leader of the liberal party, I stated our policy as follows: "To insure under proper regulations that the pupils in every school in the province receive a thorough English education." Is there any wobbling, any equivocation in that declaration?"

Wins Red Cross Prize.

Washington, June 23—Miss Doras Lippmann, a girl scout of Savannah, Ga., has been awarded by the National Red Cross Society a prize of $50 for heroic conduct. A man had been overcome by gas while digging a well and Miss Lippmann, through the prompt application of the rules taught her by the organization, revived him. This is the first award made to the girl scouts by the National Red Cross Society.

At a meeting of the Mitchell high school board, the resignation of W. K. Foucar, as principal, was received. Mr. Foucar has been appointed principal of Morrisburg Collegiate Institute at a salary of $1,800.
