"How Shall I Know I Have Kidney Trouble?"

Do just as every doctor does when he suspects that a patient has Kidney Trouble——EXAMINE YOUR URINE.

In the morning, see if the urine is highly colored—either reddish or deep orange. (Natural urine is a light straw color). Notice if the odor is strong or foul. If highly colored or offensive in odor, your Kidneys are certainly in need of attention—and AT ONCE.

Get a box of GIN PILLS now, and take them regularly.

If you have a Pain In The Back—if the hands and feet swell—if you suffer with Rheumatism, Sciatica or Lumbago—if you have deposits of reddish matter like brick dust or mucus in the urine in the morning, you may be sure that your Kidneys are not as strong as they should be, and need the help of GIN PILLS to be well.

Crookston, Ont., Dec. 4th.

"A few years ago, I was a great sufferer from Rheumatism. I had frequently read that Gin Pills were effective in cases like mine. I got a box and after taking them for a short time, the twinges became less frequent until they finally disappeared. Rheumatism is a terrible affliction and it is a blessing to know of a remedy like Gin Pills that will drive it out of the system and relieve the sufferings."

JOSEPH STEVENSON.

Don't put off this treatment. If your Kidneys show any of the signs given above, you need Gin Pills. To delay taking them is only inviting Bright's Disease, Stone in the Bladder, chronic Rheumatism or some other terrible form of Kidney or Bladder Trouble.

Gin Pills are sold at all dealers—50c. a box, 6 for $2.50. Gin Pills are "Made in Canada". Sold in U.S. under the name "GINO" Pills. Trial Treatment free if you write

GERMANY SUPPRESSED

TEXT OF CZAR'S MESSAGE TO THE KAISER.

The Official Text Is Now Made Public By the Russian Embassy at Washington.

Washington, Feb. 25.—The Russian embassy yesterday made public the official text of the telegram sent by Czar Nicholas of Russia to Kaiser Wilhem of Germany, on July 29th, and in which the former proposed to the latter that the Austro-Serbian dispute which precipitated the present war in Europe might be submitted to The Hague conference. If this proposal which was made three days before the war actually began, had been accepted, it is possible that the conflict might have been averted.

After the war began the German government made public through a brochure issued at Berlin with official imprint, the text of various telegrams that had been exchanged between the czar, the kaiser and the king of England in the efforts they appeared to be making during the closing days of July to avoid the conflict. This brochure did not contain the text of the telegram in which the Russian czar indicated his willingness for the submission of the Austro-Serbian dispute to The Hague. The fact that such a telegram had been sent was disclosed a few weeks ago in news despatches from Petrograd.

The Russian ambassador has now received the text of the official statement published by the Petrograd government in its official Messenger on January 31st, which gave the text of the suppressed note with the following comment:

"The German government has published several telegrams which the czar exchanged with Emperor Wilhelm before the war. Among these telegrams, however, was not published a message from the czar, dated July 28th, 1914 (six days after the Austrian note to Serbia), containingta proposal to submit the Austro-Serbian dispute to The Hague Tribunal. It, therefore, appears that it was desired in Germany to pass over in silence the attempt to avoid the approaching collision which the czar made three days before the declaration of war by Germany.

"In view of this the ministry of foreign affairs is authorized to publish the telegram mentioned, of which the following is the text:

"'Thanks for your telegram, which is conciliatory and friendly, whereas the official message presented to-day by your ambassador to my minister was conveyed in a very different tone. I beg to explain this divergence. It would be right to give over the Austro-Serbian problem to The Hague conference. I trust in your sincerity and friendship.'"

FLORENCE NIGHTINGALE

First Woman Honored By Statue In London.

London, Feb. 26.—A statue of Florence Nightingale was unveiled on Wednesday. It is the first instance in which a statue of a woman, aside from royalty, has been erected publicly in London. On account of the war there were no ceremonies in connection with the unveiling.

The figure, which bears a lamp in the right hand, forms a part of the Crimean memorial group in Waterloo Place, the cost of which was provided for by small subscriptions, largely from nurses, soldiers and sailors.

1,033,000 WAR PRISONERS

In Germany and Austria, Says Frankfurter Zeitung.

Frankfort-on-the-Main, Germany, Feb. 26, via London.—The Frankfurter Zeitung estimates that the prisoners of war in Germany and Austria now number 1,033,000. This number, it says, is divided as follows: Russians, 690,000; French, 237,000; Serbians, 50,000; Belgians, 37,000; British, 19,000. About 75 per cent. of the total is held by Germany.

THE SPORT REVIEW

McGILL EXPECTS TO WIN ASSAULT-AT-ARMS.

With Queen's and 'Varsity In Toronto—Billington, Formerly of McGill, Comes East To Enlist As a Private.

Montreal Gazette: One of the strongest athletic teams that has ever represented McGill will leave for Toronto to-night to compete in the boxing, wrestling and fencing championships in the annual intercollegiate assault-at-arms. Last year McGill won seven points out of thirteen in the intercollegiate meet which was held in Montreal, thus counting more points than Queen's and Toronto together. The local collegians only lost one wrestling event and won their share of the boxing bouts. The team this year is thought by many to be the strongest that has ever represented the college and it looks as if the championship is going to stay with McGill another year.

The N.H.A. standing is:

Clubs.	Won.	Lost.	Goals For	Goals Agst
Ottawa	12	6	67	60
Wanderers	11	6	115	75
Quebec	10	9	78	78
Torontos	8	10	68	74
Shamrocks	6	11	71	91
Canadiens	6	12	61	72

—Postponed game to be played off March 6th.

Saturday games: Quebec at Torontos, Shamrocks at Ottawa, Canadiens at Wanderers.

O.A.C. defaulted its Intercollegiate union intermediate game with University of Toronto.

The location of the Johnson-Willard bout for the heavyweight championship may now be considered definitely settled for Havana.

John H. Ganzel has come to terms with the owners of the Rochester International League Club, and will manage the team for the coming season.

"Bill" Sherring, of Hamilton, winner of the Olympic Marathon at Athens in 1906, has enlisted in the Army Medical Corps and will likely go away with the second contingent.

The mild weather is playing havoc with the O.H.A. semi-finals, and Varsity-Lindsay game is the only one that will likely be decided this week.

Regina, which won the Allan cup last year from the Winnipeg Monarchs, only to lose it this season to Melville, is going on a tour next week, and wishes to arrange an exhibition game with one of the senior O.H.A. teams at the Toronto Arena.

Eric Billington, famous McGill centre half, has volunteered his services in any capacity to the McGill overseas company, to go with the 28th Battalion, under the command of Captain Gregor Barclay. Billington was engaged in mining engineering work at Coleman, Alberta, and will arrive to enlist as a private in the course of a day or two.

HEARS OF BRITAIN'S WORK.

Russia Public Appraised of Great Task At Hand.

Petrograd, Feb. 26.—The Novoe Vremya has a leading article entitled, "The Army of England." For the first time the Russian public is made aware of the tremendous efforts put forth by England to turn out a great continental army besides creating non-existing armies with all equipment.

England, it says, has had to provide for colonial armies all over the world. Her arms and ammunition factories, originally based on the very small requirements of the forces existing before the war, have been extended so as not only to equip fully huge armies on a continental scale raised by the splendid patriotism of her people, but also to provide largely in various directions for the special needs of her allies.

The Novoe Vremya congratulates the British government on having decided promptly to undertake the gigantic task of equipping millions of men to fight Germanism. It further notes that the lead has been given by the British aristocracy of the old school who have been among the first to fall for their country, exemplifying the priceless value to a fighting force of those lessons learned primarily by Englishmen in the field of sport.

This article will have an admirable effect upon civil population grumblers in Russia. It never has been needed in any quarters in the Russian armies, but among the civil population, and especially in the large cities of Russia, certain reptile influence has been at work for a long time past which the Novoe Vremya's article, based upon French official information, will effectively counteract.

WAR AND THE UNIVERSITY.

Bill In British House Calls for Financial Aid.

London, Feb. 26.—To what extent university students in England are showing their patriotism by responding to the call to the colors was indicated yesterday when Sir John Simon introduced a bill in parliament giving emergency financial powers to the universities on account of their sudden loss of revenue. It was stated that many were being used as military or for billeting, and about two-thirds of the students in Oxford and Cambridge had enlisted. The majority of the students remaining in residence are unfit for service.

Cornwall Calls Rev. Hugh Monroe.

Cornwall, Ont., Feb. 26.—At a meeting of the congregation of St. John's Presbyterian Church at which Rev. D. Harkness, of Knox church, moderator pro-tem, presided, it was decided to extend a call to Rev. Hugh Munroe, Toronto, to succeed Rev. A. B. MacLeod, who resigned the pastorate in November last.

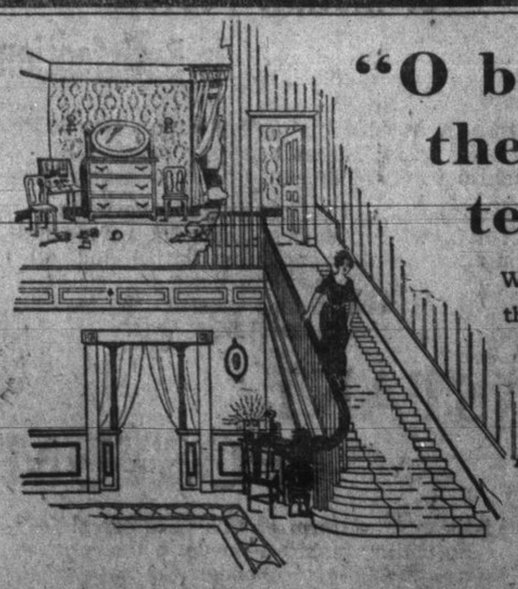
"after every meal" C8

"O bother—there's the telephone!"



Why run down stairs when the telephone bell rings? It is a prodigal waste of both time and strength.

We venture to say that if this lady knew that for a trifle over *two cents a day* she could have : : :

An Extension Telephone

upstairs, so that whether she happened to be upstairs or down when the bell rang she could answer immediately, she would cease unnecessary stair-climbing.

The convenience of *an extension telephone* far outweighs its cost. You can call or answer from either instrument.

Call our Contract Department to-day!

Every Bell Telephone is a Long Distance Station.
