ESTIMATES CONSIDERED

CIVIC PROPERTY COMMITTEE WILL ASK FOR $3,800.

Readjustment of Insurance On Buildings at Fair Grounds Will Be Asked For—Other Matters Before the Committee.

The members of the Civic Property Committee had the estimates for the year under consideration at their meeting on Monday afternoon, when it was decided to ask the Finance Committee for $3,800. This expenditure is estimated as follows:

Coal, $900; market clerk's salary, $550; salary of Horace Attwood, $400; lighting, $500; repairs to doors, $100; repairs to roof, $100; incidentals, $100; cleaning, $50; salary of firemen, six months, $260; labor, $75; scrubbing, $350; vacuum cleaner, $40; repairs to fence at fair grounds, $350; care of city clock, $40. Last year the committee secured 175 tons of coal.

At the last meeting of the committee Ald. Polson moved to have a report submitted of the revenue derived by the city from the fair grounds for the past five years. City Treasurer Bartels submitted the following report:

1911, from storage, $6; rental, $50; 1912, storage, $3.75; rental, $50; 1913, storage, $11; rental, $80; 1914, storage, $16.50; rental, $66; 1915, storage, $7.75; no revenue from rental.

Ald. Polson also asked for information regarding an agreement between the city and the caretaker of the fair grounds and the city. It was reported that there was no such agreement in existence.

On motion of Ald. Polson, it was agreed that the caretaker of the fair grounds be asked to make a return immediately to the city, showing the amount of space and how occupied by any persons at the fair grounds at the present time.

The insurance on the buildings at the fair grounds was also discussed, and it was the opinion of all the members, that there should be a readjustment. For instance it was fair that the insurance carried on the grand stand, which is utilized the most was but $500, while that on the palace, which was almost falling to pieces, was $3,400. The insurance on the other buildings was given as follows:

Agricultural hall, $1,000; poultry building, $500; fence and open pens, $800; cattle sheds, $200, a total of $6,400 on all the buildings.

Mayor Richardson and City Treasurer Bartels were appointed a committee to give the readjustment of the insurance careful consideration. It was felt that the insurance had been wrongly distributed.

The question of the fee to be charged a circus exhibiting in the fair grounds was discussed, and on motion of Ald. Chown, it was decided to recommend that the rental for a circus be $100.

It was also decided, on motion of Ald. Polson, to have the City Clerk arrange with the caretaker of the fair grounds, to appear before the committee, with a view to arriving at an agreement regarding his duties and responsibilities.

The City Engineer wrote the Committee, stating that there was no agreement between the city and the caretaker of the fair grounds.

Ald. Corbett's suggestion is that the Board of Works use the fair grounds for storage purposes, thereby saving the rental of the present yard on Ontario street. The Board of Works will be asked to consider the suggestion.

Ald. Corbett entered a strong protest over the Committee paying an account for electrical supplies from the Utilities Commission, which is handling goods for the Hydro-Electric Commission. He held that it was not at all fair to local dealers for the Commission to handle this business, and all the members of the Committee backed him up in his protest. The Committee will be heard from in the Council in this matter. It will be recalled that a deputation from the local electrical shops waited on the Utilities Commission and entered a protest, but got no satisfaction.

In the absence of the chairman, Ald. Hughes, in Montreal, Ald. Newman occupied the chair. Also present were Alds. Polson, Chown and Corbett.

KINGSTON CHURCHES WAR HONOR ROLL.

Bethel Congregational Church honor roll is as follows:

Overseas — G. Cotman, G. Smith, G. Wilson, A. Haffner, R. Bruce, R. Metcalf, W. Phillips, T. Knapp, N. Knapp, Nurse MacNamee, A. Stephens.

Preparing—R. Hamilton, R. Moxley, T. Haffner, M. Veale, G. Holland, R. Wilson, W. Bruce, F. Moxley.

Many a woman who bleaches flatters herself that she is keeping her age dark by keeping her hair light.

The wheel of fortune won't turn for you unless you put your shoulder to it.

Learned from a Sample Nineteen Years Ago

That He Could Depend on Dr. Chase's Kidney-Liver Pills to Cure Many of the Common Ills of Life.

Living eighteen miles from a drug store Mr. Carr found it necessary to keep in the house some treatment to regulate the action of liver, kidneys and bowels.

To the habit of keeping these important organs active by the use of Dr. Chase's Kidney-Liver Pills, when required, he attributes the good health of his large family.

Here, surely, is evidence of the value of these pills as a family medicine to protect the members of the family who use it from the common ills so many of which arises from constipation of the bowels and torpid condition of the liver and kidneys.

Mr. James Carr, Maynooth, Ont., writes:—"About 19 years ago I received an envelope containing two of Dr. Chase's Kidney-Liver Pills. I was doctoring at the time with two doctors, and as they did me no good I used the Pills, and by the time I had finished one box I was cured of the pain in the back and shoulders.

"We have great confidence in Dr. Chase's Medicines. I have a family of ten children and have never had a doctor in the house for any of them. We live eighteen miles from a drug store and find that these Pills cure nearly all the ordinary ills by regulating the liver, kidneys and bowels. That we are all well and sound I attribute to their use and I have recommended them to hundreds and given away many a box because I believe there is no medicine so good."

By awakening the action of liver, kidneys and bowels Dr. Chase's Kidney Liver Pills cleanse the system of poisons and remove the cause of biliousness, headaches, backache, lumbago, kidney disease and rheumatism. One pill a dose, 25 cents a box, all dealers, or Edmanson, Bates & Co., Ltd., Toronto.

Y.M.C.A. NEEDS $5,000

AND CITIZENS ARE ASKED TO CONTRIBUTE

So That the Work May Be Carried On Energetically This Year—What The Y. M. C. A. Has Done.

If the Y. M. C. A. work among soldiers and civilians is to be carried on successfully during the coming year, the citizens must contribute the sum of $5,000.

During the present week practically every citizen will be waited upon by a member of the committee in charge of the canvass and asked to give a subscription.

Although the young men and boys who are members of the association pay a subscription fee this money only covers about one quarter of the expense of running the association's work, which means that the rest must be borne by the citizens at large.

On Monday evening a large number of the members of the Board of Directors, Young Men's Cabinet and friends met in the Y.M.C.A. parlors and commenced the work of the campaign which is going to be waged during the present week. W. Hobart Dyde, Chairman of the Finance Committee, explained the scheme. The campaign this year is a combined one, that is funds must be raised for the military work and also the association work. The following statement, given out by the Secretary shows importance of giving towards the fund:

During this great national crisis this association has shown its real worth in anticipating and meeting the needs of the men in khaki. For more than a year the Kingston "Y" has been a veritable "Soldiers' Club." All men in uniform have had free use of all social privileges including reading room, writing room, piano, victrola, games, etc. Some 30,000 sheets of writing paper and envelopes have been given free to the hundreds of soldiers who frequented the rooms daily. Large numbers of soldier members from other associations have used all Physical Department privileges free, and those having no association affiliation were given full privilege tickets for six months at a very nominal rate. From time to time bathing parades of whole companies of soldiers were accommodated free of charge. In order to do this latter work successfully, extensive and costly repairs had to be made to the bath room, heating apparatus, and this expense, together with the increased expenditure for light, fuel, stationery, etc., was met by the Finance Committee with a greatly reduced budget, feeling that the year's shortage would be cheerfully met by an appreciative public when the annual canvass was made.

In addition to the work conducted in the city association, a military branch of the Y. M. C. A. is being conducted in the basement of Brock Street Methodist Church, through the kindness of the Official Board of that Church in permitting the use of their rooms.

Last fall it was found necessary to have a special secretary devoting his entire time to the different units of overseas soldiers assembled in Kingston. C. V. Farmer, Toronto, was secured for the work and since last November a quiet though effective work has been going on in the different barracks. Concerts have been arranged, song services conducted, Christmas cheer provided, etc. The Secretary has co-operated in an effective way with the different chaplains in arranging athletics, games, etc. From personal talks with the men and letters received from the different home towns, the military secretary has discovered numerous ways in which he can be a real friend to the soldier. The Military Committee have exercised great faith in undertaking such a programme without a budget, and in response to the united appeals of the City and Military Associations, the kindness and liberality of the citizens is looked for in spite of the other worthy appeals made to their generosity during the yast year.

The following is a partial list of the canvassers: Oliver Chown, Harold Davis, W. Hobart Dyde, E. P. Jenkins, Prof. W. T. MacClement, J. W. Gibson, H. W. Newman, D. A. Shaw, William McCammon, F. B. Pense, Alfred Kinch, D. W. Taylor, Frank S. Nicholson, Frank Newman, Wellington Simmons, F. J. Wilson, R. H. Ward, C. Smart, Samuel Lilley, C. R. Powers, Douglas Chown, William Joyner, C. A. Bunt, Kenneth Moncrief, Howard Kennedy, Dr. R. E. Sparks, H. E. Flynn, William Grant, Hamilton Edgar, Sanford Calvin, C. A. Macpherson, R. Uglow, W. H. Macnee, H. C. Nickle, F. G. Lockett, D. G. Laidlaw, R. J. McKelvey, Frank Kinnear, John McStephen and others.

The following is a detailed statement of the amount of money which passed through the hands of the men in charge of the Y. M. C. A. work last year:

Receipts—Balance at Dec. 31st, 1914, $537.01; subscriptions, $3,202.25; membership, $1,288; games, $236.80; lockers, $65.65; towels and baths, $222.24; miscellaneous, $40.18; deficit balance, $141.22.

Total—$5,733.35.

Disbursements — Administration, $3,052.72; operations, $1,558.59; building, $554.62; activities, $284.60; interest on loan, $97.60; miscellaneous, $123.22; 1914 assigned subscriptions not paid, $62.

Total, $5,733.35.

Total deficit for 1915, $678.23.

Quickest, Surest Cough Remedy is Home-Made

Easily Prepared in a Few Minutes. Cheap but Unequaled

Some people are constantly annoyed from one year's end to the other with a persistent bronchial cough, which is wholly unnecessary. Here is a home-made remedy that gets right at the cause and will make you wonder what became of it.

Get 2½ ounces Pinex (50 cents worth) from any druggist, pour into a 16-ounce bottle and fill the bottle with plain granulated sugar syrup. Start taking it at once. Gradually but surely you will notice the phlegm thin out and then disappear altogether, thus ending a cough that you never thought would end. It also loosens the dry, hoarse or tight cough and heals the inflammation in a painful cough with remarkable rapidity. Ordinary coughs are conquered by it in 24 hours or less. Nothing better for bronchitis, winter coughs and bronchial asthma.

This Pinex and Sugar Syrup mixture makes 16 ounces—enough to last a family a long time—at a cost of only 54 cents. Keeps perfectly and tastes pleasant. Easily prepared. Full directions with Pinex.

Pinex is a special and highly concentrated compound of genuine Norway pine extract, rich in guaiacol, and is famous the world over for its ease, certainty and promptness in overcoming bad coughs, chest and throat colds.

Get the genuine. Ask your druggist for "2½ ounces Pinex," and do not accept anything else. A guarantee of absolute satisfaction, or money promptly refunded, goes with this preparation. The Pinex Co., Toronto, Ont.

TRIBUTE "TO ONE WHO PLAYED THE GAME."

The Toronto Star's Comment Upon Capt. George Richardson's Bequest.

W. A. Hewitt, sporting editor of the Toronto Star pays this tribute to a Kingston hero:

No one acquainted with Captain George T. Richardson of Kingston, who made the supreme sacrifice for his country, expressed surprise at his last request, made public in his will, by which the children of the disabled men of his company would be assured of an education—he bequeathed the sum of $30,000 for that purpose—because that was characteristic of the man. He was a clean-living, whole-souled, unselfish, loyal young Canadian, the very best type of citizen, who of necessity made a great soldier. An athlete from boyhood, and one of the most marvelous exponents of Canada's greatest winter game, hockey, he always proved himself a thorough sportsman, clean as a whistle in his play, always considerate of an opponent, and never guilty of taking an advantage of his rivals. His reputation was national, and in civic and business life these traits of character always predominated and made him an outstanding figure, not only in his own city, but throughout the country. His death on the battlefield is one of the greatest losses sustained by Ontario, if not by Canada, since the war began.

As a soldier George Richardson proved himself to be one of the best, cool, daring, resourceful, courageous, in fact, with every attribute that a good soldier required. He was the ideal leader, and when he made a specialty of reconaissance and the patrol work in the most dangerous of all spots, no man's land, it was certainly that the work would me well and thoroughly done. The tribute of the British officers paid to the young Kingstonian is best expressed in the simple but eloquent inscription they put on the wreath they laid on his grave in France:

"To one who played the game."

That epitomizes his character, his ideals, his ambitions,—to play the game fairly and squarely, and be respected and honored by his fellowmen.

THE COUNTRY CLUB IS NOT TO CLOSE.

The Golfers Will Continue to Do Business as Usual.

The annual meeting of the Country Club was held on Monday evening in the City Council chamber with J. M. Farrell in the chair. A discussion came up as to the advisability of closing the club for the time being. Over half the male members are in uniform and the fees may have to be increased to keep the club solvent, if continued. It was decided that the Club should remain open even if the subscriptions had to be increased.

The old officers were re-elected as follows: J. M. Farrel, president; W. H. Macnee, vice-president; F. C. Ireland, treasurer, and Major P. G. C. Campbell, secretary.

25 Years ago.

To Have Fine Polo Grounds.

Over $18,000 will be expended by George C. Boldt this spring upon a new polo barn upon his property across from Alexandria Bay, N.Y. The barn will contain 18 box stalls. Upon the Boldt property is located the field of the Thousand Island Polo club, which will open its fourth season this year with a regulation size polo field.

This year the polo season will open August 19th and close on September 4th.

Efforts are to be made to have the Islanders take an interest in the club and give all of the assistance possible permanently establishing polo. The support received last season was considered satisfactory, but it is now aimed to increase it.

John Hays Hammond contributed an extra family membership and among those who already hold this form of membership are George C. Sherman and John B. Taylor, Watertown. Other distinguished members of the club are: George C. Boldt, George C. Boldt, jr., Commodore T. A. Gillespie, Clifford Sifton, and Mr. and Mrs. A. Graham Miles.

An additional nine holes have been built on the golf course and the old nine holes improved.

Now At the Front.

Capt. Dougall A. Kittermaster, young son of W. A. Kittermaster, general agent of the Canadian Pacific Railway, Freight Department, Chicago, recently arrived at the battle front with his regiment. He is with the 16th Battery, while in England. Capt. Kittermaster was second in command, Canadian Field Artillery Reserve Forces at Ross Barracks, Shorncliffe. He is a graduate of the Royal Military College.

Just Apply This Paste and the Hairs Vanish

(Helps to Beauty)

A safe, reliable, home-treatment for the quick removal of superfluous hairs from your face or neck is as follows: Mix a stiff paste with some water and powdered delatone, apply to objectionable hairs and after 2 or 3 minutes rub off, wash the skin and the hairs are gone. This simple treatment is unfailing and no pain or inconvenience attends its use, but to avoid disappointment be certain you get genuine delatone.

KEEP REPORT SECRET

PENDING THE VOTE ON QUESTION OF PROHIBITION

Provincial License Board Not Likely To Disclose Hotels To Be Refused Licenses For a Time.

Local license holders have been on the qui vive to hear the report of the Provincial License Board, regarding the hotel licenses to be cut off, but it is as stated now, that as a result of the Government's announcement of a Prohibition Bill, the Ontario Board will not make any report on the licenses to be cancelled.

If the prohibition measure is to be voted on in the summer, then the licenses for the province will likely be extended until that time, but in any case it is stated that no announcement will be made until the feeling of the people has been obtained. The Prohibition Bill should be submitted to the House towards the latter part of this week, and it will provide for a vote before harvest time.

It is extremely unlikely that any person outside of the members of the License Board, will ever know just what hotels the Board decided to cut off in granting the license for the new year.

It is understood that it was the intention of the Board to make a very substantial reduction in the bar, shop and club licenses of the province, possibly as high as 30 per cent.

A COMING EVENT.

Was Ordained Deacon Twenty-five Years Ago.

Belleville Ontario.

Twenty-five years ago Canon Beamish, rector of St. Thomas' Anglican Church, was ordained to the diaconate of the Church of England.

The Bishop of Kingston, Rev. Dr. Bidwell, will be in Belleville on March 19th to commemorate the event. In the morning he will conduct an ordination service, when one candidate, Spencer Gooding, Consecon, will be raised to the diaconate. This is a new policy which is being adopted by his lordship of having ordinations in various parishes of the diocese instead of at St. George's, Kingston.

The evening service will be special and will commemorate the twenty-fifth anniversary of the Bishop of Kingston and Rev. Canon Beamish as deacons. Bishop Bidwell will be the preacher.

Letter From the West.

William Snooks, writing to the Whig from Lestock Station, Saskatchewan, under date of Feb. 24th, says:

"We certainly had it cold and rough from Jan. 1st till Feb. 15th, but before that time and since the weather and also the roads were all that could be desired. The break in the weather will mean much to the advantage of the farmers, as the raise in the price of grain will more than pay for the expense of handling. Feb. 22nd was shipping day for hogs. A. O. Snook took in six late pigs which brought him within a few cents of $112. Messrs. Thorn and Casgar shipped also, and were well pleased with the returns. Mrs. Alfred Purdy's father, from Frobeshir, Man., made her a short visit last week. Albert Purdy visited W. Snooks one evening last week, and said all was well with them. A. Campbell visited at A. O. Snooks'. There is very little sickness through this part of the country, and it is generally known to be a healthy section.

be different from those now turned out at the existing plants.

A Tenant's Notice.

A lady writes the Whig asking what notice a tenant has to give on leaving a house, if the landlord said nothing about notice when renting the house.

The fact that the landlord did not say anything about notice does not relieve the tenant. The law fixes the notice. If a tenant takes a house by the week, a full week's notice of leaving must be given. If one takes a residence by the month a full month's notice must be given.

Get the Habit of Drinking Hot Water Before Breakfast

Says we can't look or feel right with the system full of poisons.

Millions of folks bathe internally now instead of loading their system with drugs. "What's an inside bath?" you say. Well, it is guaranteed to perform miracles if you could believe these hot water enthusiasts.

There are vast numbers of men and women who, immediately upon arising in the morning, drink a glass of real hot water with a teaspoonful of limestone phosphate in it. This is a very excellent health measure. It is intended to flush the stomach, liver, kidneys and the thirty feet of intestines of the previous day's waste, sour bile and indigestible material left over in the body which if not eliminated every day, become food for the millions of bacteria which infest the bowels, the quick result is poisons and toxins which are then absorbed into the blood causing headache, bilious attacks, foul breath, bad taste, colds, stomach trouble, kidney misery, sleeplessness, impure blood and all sorts of ailments.

People who feel good one day and badly the next, but who simply can not get feeling right are urged to obtain a quarter pound of limestone phosphate at the drug store. This will cost very little but is sufficient to make anyone a real crank on the subject of internal sanitatino.

Just as soap and hot water act on the skin, cleansing, sweetening and freshening, so limestone phosphate and hot water act on the stomach, liver, kidneys and bowels. It is vastly more important to bathe on the inside than on the outside, because the skin pores do not absorb impurities into the blood, while the bowel pores do.
