Well Known in Kingston.

Miss Dorothy Cotton, who has succeeded Miss Vivian Tremaine as the matron of the I.O.D.E. Hospital at Hyde Park, London, England, is a daughter of the late Brigadier General Cotton, who lived in Kingston some years ago.

THE NOBLESSE IN CANADA

WHO SHALL PRESUME TO ATTACK HEREDITARY TITLES?

An Ottawa Writer Says That W. F. Nickle Is Of the Bourgeoisie, Which Has a Corporate Existence In Canada.

A writer in the Ottawa Journal says: Is William Nickle, M.P., of Kingston, aware of the extent of the array of emblazoned shields against which he has presumed to draw his lance in his assault on hereditary titles in Canada? Has he looked to the buttresses against which he is butting? Surely he has not, or he would be glad that intervention has ended his futile fight ere he splintered his lance in vain against armour tempered by the mildew of centuries.

As for that, by what right does William Nickle, of Kingston, presume to wear a lance? Surely he forgets himself. William Nickle has skipped some letters in the alphabetical index to the rank of citizenship. He is out of the bourgeoisie—in rank just above the peasant or the plebe.

No bourgeoisie or peasantry in Canada? Does he protest? He deceives himself. "Canada has a royal European constitution with king, noblelesse, clergy, and bourgeoisie as factor." If he doesn't believe it let him ask the College of Arms of the Noblesse of Canada, whose representatives he will find in the Archives Department here in Ottawa.

It is not just Baron Shaughnessy, Baron Atholstan, and Sir Joseph Flavelle, Baronet, that William Nickle, bourgeoisie, has in the lists against him. He has entered combat with the Order of the Noblesse of Canada. If there is doubt as to the identity of the Order of the Noblesse of Canada, let it be known from the College of Arms of Canada that "the inhabitants of Canada are divided into I the Noblesse, II the Clergy, III the Bourgeoisie, and IV the Peasantry," and that, "the Noblesse is a self-governing order of the state founded on Aryan race distinction with treaty rights" and that "it has precedence next after the King had a legal right of representation in the Government."

The order consists of "the descendants of European military and civil officers of royal commission who held rank in the country before 1760 when, up to that date, commissions were given only to those of birth and instruction. These were allowed heraldic distinction and honorable rank in the Order of the Noblesse by the Royal Edic of 1760 which had been incorporated in the Constitution of Canada."

How far is presumption being carried against this noble order? For, according to the College of Arms of the Noblesse of Canada, "the authority of the King in Canada is personal according to the Treaty of Cession of 1763, signed by the Kings of France, Spain and Great Britain and cannot be delegated to a Cabinet of Ministers whose place depends solely on the votes of ignorant and irresponsible multitudes whose intereference in the Government is implicitly forbidden by the terms of the treaties by which Canada is held by the British Crown."

Mr. Nickle, being a lawyer, is definitely of the bourgeoise, which has a "corporate existence" and which consists of the professions, proprietors, merchants, manufacturers, and financiers. Just below him in rank is the peasantry, which consists of laborers of city or country, artizans, domestics, barbers, petty shop-keepers, valets, servants, chaffeurs, etc.

From this and other information contained in "Public Document No. 4 of the Constitution of Canada," issued by the College of Arms of Canada it would appear that Mr. Nickle of Kingston, had bit off a pretty b'g chew.

GUS HILL'S MINSTRELS

Provided Fine Entertainment at the Grand on Wednesday.

Lovers of the ever-popular minstrel show had their innings at the Grand on Wednesday, when Gus Hill's minstrels held the boards for the matinee and night, and put in a fine entertainment. An old-time minstrel show, brimful of good singing and dancing, with an abundance of real live jokes, was put on in a manner that pleased all who were present. "Eddie" Mazier, George Wilson and W. H. Thompson got off some real funny things, and the audience was kept in roars of laughter. The show was divided into three parts. Part one consisted of some "minstrely up to date," the second consisted of James Gorman's creation, "Somewhere in France," and a clever monologue entitled, "Some Job," by "Eddie" Mazier and W. H. Thompson. The Musical Cates and a song and dance sketch, "Scenes in Blockville." The final curtain was given over to "The Black Politician," in which a dozen or more of the artists took part. Three of the song hits were "Somewhere in Ireland," by John Burke; "Wild Irish Rose That God Gave Me," by Jack McShane, and "It's a Long, Long Trail," by Thomas Hughes.

CUTTING DOWN TREES AT ABOUT $4 A CORD

Will Not Cost Above $6 a Cord When Sawed Into Small Lengths.

At the Board of Works meeting on Wednesday evening City Engineer McClelland stated that last week the cutting down of trees on the streets had cost at the rate of about four dollars a cord, including the haul to the fair grounds. Later the wood will be sawed into small lengths. It is not anticipated that the total cost will be over six dollars a cord.

James McFadden was awarded the contract for supplying men and horses for street watering. For a man and team the price is fifty-five cents an hour and for a man and single horse thirty-five cents an hour.

In attendance at the meeting were Alds. O'Connor (chairman), Couper, Litton and J. W. Smith.

A Wonderful Flag.

A wonderful flag is being mounted at the Royal Military College. It is 24 x 18 feet and will be hung conspicuously in the building. It is to be adorned with green maple leaves, 1,100 of them, each bearing the name of an R.M.C. lad. In the centre will be red maple leaves bearing the names of those who have made the supreme sacrifice.

DIZZY SPELLS, INDIGESTION

Napanee Man Could Scarcely Walk at Times, He Was So Dizzy — Indigestion and Kidney Trouble Overcome By This Treatment.

Napanee, Ont., Apr. 11. — The experience of Mr. Nolan of this town will interest all who suffer from indigestion and accompanying derangements of the liver, kidneys and bowels.

Indigestion is such a common trouble that many suffer for years without knowing how readily they could obtain relief by using Dr. Chase's Kidney-Liver Pills to arouse the action of the liver, kidneys and bowels and thereby remove the cause of much discomfort and suffering.

Mr. John P. Nolan, Dundas street west, Napanee, Ont., writes: "For some time I was troubled with weak kidneys, and used to have a scalding, burning sensation in my stomach. This was accompanied by dizziness, and occasionally it would be so severe that I would stagger while walking. I commenced using Dr. Chase's Kidney-Liver Pills and in a very short time my kidneys were in normal condition. Then I tried Dr. Chase's Nerve Food for the dizzy spells, and am glad to say that under this treatment they gradually disappeared. At present I am enjoying good health, and am pleased to recommend Dr. Chase's Kidney-Liver Pills and Nerve Food."

This statement is endorsed by S. Casey Denison, Mayor of Napanee.

Dr. Chase's Kidney-Liver Pills, one pill a dose, 25c a box, at all dealers, or Edmanson, Bates & Co., Limited, Toronto. Do not be talked into accepting a substitute. Imitations only disappoint.

BALL PLAYERS ACTIVE

MET WEDNESDAY EVENING AND FORMED A LEAGUE.

C.L.C. and Athletics Entered in the Senior Series—The Junior Series Also Filled.

The City Baseball League organization meeting was held in the Y. M. C. A. rooms on Wednesday evening. The resignation of P. J. Moran as president was accepted. He was appointed vice-president and B. Booth was appointed president. The promotion of Mr. Booth left the position as secretary-treasurer vacant, and Frederick Beaudry was elected to the vacancy.

The C.L.C. junior and senior teams were entered by William Wilson. Oscar Olson entered the Athletics. In the senior series the Ponies and Victorias may enter this year. The entries will close next Monday evening. The junior league was filled by the entry of the C.L.C. and the Y.L.C.B.A. by W. Hammond, and the Red Sox by Garnet Esford. This latter team won the cup last year, and a plate with the name Red Sox will be put on it.

Because of the new daylight saving scheme going into effect, there is a possibility that double-headers may be run off in the afternoon without trouble, and this will likely be arranged.

Weak, Anaemic Girls

Bloodlessness is the trouble of many girls who ought to be full of life and good spirits. Instead they are pale, their lips have no color, they have no appetites, their digestion is poor, and if they walk fast, either in the street or going up stairs they are so tired and out of breath that their hearts beat as if to burst. Almost always such girls are thin, flat chested, and sallow, with nothing attractive about them. If they do not get better they will have a cough in the winter and then, not unlikely, consumption, that most hopeless of all diseases will develop.

No girl should be like this. She should be plump, rosy-cheeked and full of life, able to walk fast and to stand exertion without being breathless and palpitating. To be in this healthy, happy condition she must have plenty of good, rich, red blood, as it is only through the blood that the body can be healthy. And the only medicine that will keep the blood supply rich and red and pure is Dr. Williams' Pink Pills. Their effect upon the pale, weak girl who gives them a fair trial is wonderful. They improve the appetite, backaches and headaches disappear, the glow of health tinges the cheeks, the eyes sparkle and the step becomes light and elastic. Thousands of girls throughout Canada owe their health and attractive appearance to Dr. Williams Pink Pills and do not hesitate to say so.

You can get these pills through any medicine dealer or by mail at 50 cents a box or six boxes for $2.50 from The Dr. Williams Medicine Co., Brockville, Ont.

Theatrical News

(Continued from Page 8.)

"Mrs. Wiggs of the Cabbage Patch."

One of the outstanding features of the present theatrical season is the great number of revivals. This is due to two reasons; firstly a great scarcity in good plays that are new; secondly a growing realization that plays of exceptional worth should not be offered merely for a tour or two, seen by a small part of the population at the most, but should be kept in existence until the public by failure to attend give vivid evidence that they had had enough. David Warfield, for instance, we find doing greater business than ever in that most beautiful play "The Music Master." "Ben Hur" still finds thousands who see in it a superiority to the later offerings. In comedy drama lines "Mrs. Wiggs of the Cabbage Patch" is with us again offered frankly as "superior to any present day play," and when one considers the remarkable combination of humor and pathos, the opportunity for character work among its large cast, one fails to recall any other comedy drama its equal. Book stores have no present day offerings that find as large a sale as did this volume, and, in fact, it still among the big sellers. You can see Mrs. Wiggs at the Grand on Saturday, April 13th, matinee and night.

LEFT 127 DESCENDENTS

French-Canadian Woman Is Dead, Aged 104 Years.

Salem, Mass., April 11.—Mrs. Auralie Marchand Lavoie, a native of Canada, died at her home here yesterday at the age of 104 years, leaving 127 descendents. Mrs. Lavoie was interested in public affairs and followed the war news in the newspapers up to a few days ago, reading without glasses.

More Drastic Censorship.

Ottawa, April 11.—Certain amendments to the censorship regulations are under consideration by the Censorship Committee of the Cabinet. The nature of these changes has not yet been made known, but it is believed that they will strengthen the hands of the Chief Press Censor in dealing with newspapers which, in his opinion, transgress the law by the publication of articles calculated to injure the cause of Britain and the allies, in this country.

To Represent Province.

Toronto, April 11.—The Ontario Government has appointed R. C. Harris, Provincial Fuel Controller, and A. A. Cole, the well-known T. and N. O. engineer, to represent the province upon the Federal committee that is taking under its consideration the development of the peat and other fuel industries in Canada.

A request is made that the Dominion Government assist a project to give a Canadian "wing" of five squadrons of airplanes to the Royal Flying Corps by contributing two of the squadrons.

CATHOLIC BISHOPS OPPOSE.

Protest Against Conscription in Ireland Without Consent of People.

Dublin, April 11.—The Irish Catholic Bishops' committee at a meeting held, which was presided over by Cardinal Logue, passed by an unanimous vote a resolution protesting against conscription in Ireland and declaring that to enforce conscription without the consent of the Irish people would soon inevitably end in defeating its own purpose.

"What between management and mischief-making," said the resolution, "this country already has been desperately upset, and it would be a fatal mistake, surpassing the worst blunder of the past four years to furnish a telling plea for desperate courses by an attempt to enforce conscription."

HAVE PURE BLOOD

Hood's Sarsaparilla Makes Pure, Rich, Red Blood.

Your heart works night and day without a pause. It is the principal organ of the circulation of your blood. It is of the utmost importance that it should do its work well. The quality and quantity of your blood have much to do with its action. If this fluid is pure and abundant, your heart and other vital organs act with more energy than when it is defective in quality or deficient in quantity.

Hood's Sarsaparilla makes the blood pure and abundant. It is the one old reliable medicine, that has been sold for forty years, for purifying the blood. There is no better blood remedy, appetizer, stomach tonic. It embodies the careful training, experience and skill of Mr. Hood, a pharmacist for fifty years, in its quality and power to cure.
