(Canadian Press Despatch)

Toronto, Oct. 27.—Ontario political situation reports circulatitng in Toronto to-day, say ahat Sir Adam Beck, who has been prominently mentioned as probable leoder of the Labor-U.F.O. coalition and next premier of Ontario, and who was defeated as Independent Conservative, in London, last Monday, has been offered the opportunity of running in any one of three seats, namely, Port Arthur, East Hamilton and Seat "B" South-East Toronto. Brig.-Gen. D. M. Hogarth, Conservative, is the member-elect for Port Arthur, George Halcrow is the Labor member in East Hamilton, and John O'Neill is Liberal member-elect for Toronto.

USE ANTHRACITE ONLY BY PERMIT

Fuel Administration Will Limit Consumption By Factories.

Toronto, Oct. 27.—With a strike of the miners in the bituminous fields due to start in another week, H. A. Harrington, of the Provincial Fuel Administration, has already taken steps to guard the supplies of anthracite in order to prevent suffering. In a statement on Saturday, Mr. Harrington, referring to the threat of a tie up at the mines, announced that industrial plants were to be restrained from using anthracite, except with written consent of the Fuel Administration. The statement follows:

"The coal situation throughout the Province, requires that immediate steps be taken to ensure the comfort and safety of our communities, and to this end it is found imperative that the provisions of the order-in-Council, No. 3004, under date of December 7th, 1918, be strictly enforced. Particular attention is called to paragraph 8 of the regulations regarding importation, sale and delivery of coal as follows:

"'Anthracite coal of what is commonly known as prepared sizes shall not be used by any industrial consumer for heating or power purposes, except with the written consent of the Fuel Administration.'

"All industries are warned that failure to comply with the provisions of this paragraph will be summarily dealt with.

"The earnest co-operation of the public is necessary, it being essential that in order to secure adequate supplies of domestic coal, a proportion of pea coal must be ordered. Users of bituminous coal, who have not, as yet, secured their supplies are urged to take immediate steps so to do."

VISIT OF THE PRINCE TO WASHINGTON

Will Arrive In U.S. Capital About Nov 10th and Remain Three Days.

Washington, Oct. 27.—With preparations completed for the arrival here to-day of King Albert, Queen Elizabeth and Prince Leopold of Belgium, arrangements are being made for the second visit of European royalty—that of the Prince of Wales.

The heir to the British throne, it was learned to-night unofficially, is expected to arrive in Washington about November 10th or 11th. The exact date of the Prince's visit has not been announced by the State Department, however. Because of President Wilson's illness it has been stated officially that the Prince's visit would be curtailed, probably extending over a period of three days, the same length of time that the Belgian rulers will spend in Washington.
