# Kingston and Vicinity

**Garages Will Be Busy.**

The garages will be kept busy on Tuesday keeping all the automobiles running for the purpose of carrying the voters to the polls.

**Resigned Position.**

Henry Lawson, who has been caretaker at Sydenham street Methodist church for some years, has resigned that position. Peter Moffat has been appointed in his place.

**A Heavy Rain Storm.**

Kingston had quite a heavy rain storm on Friday. The rain was accompanied by a lively wind storm, and altogether it made quite a disagreeable day for pedestrians.

**Save What You Can.**

Money is very scarce, so if you want to save from $3 to $5 on Boys' and Men's Overcoats see our range. We have a large stock to choose from; we guarantee to save you money. Prevost Clothing House, Brock street.

**Committed For Trial.**

Harold Dingman, Belleville, was committed for trial on a charge of negligence. It is alleged that he was driving a motor, which struck Miss Josephine Parker while she was crossing Pinnacle street.

**Street Is Blocked.**

All traffic on Stuart street between the General hospital and lower Gordon street is stopped on account of workmen putting in the concrete tunnel to connect the new central heating plant with Queen's University and the General hospital. A big trench is made across the street.

**Road in Bad Shape.**

People living on Princess street between Barrie and Alfred street are anxiously waiting to see the Board of Works department make some very necessary repairs to the track allowance in connection with the pavement. Unless some repairs are made immediately, the city will be called upon to pay damages for wheels of waggons and automobiles catching in the ruts.

**Wants Police to Investigate.**

James Hounslow, a Barrie street butcher, the victim of a worthless cheque artist a few days ago, and reference to which was made in the Whig on Thursday, wants the police to investigate the matter. In a letter to the Whig he says he was: "Villaniously exploited by the pranks of a scoundrel who committed a breach of the law and order of oor dumain."

**Burglars at Prescott.**

On Tuesday night or Wednesday morning burglars entered the store of C. H. Thompson, dry-goods merchant, Prescott, and stole a quantity of clothing, furs, boots and shoes, etc., and some cash. The entrance was effected through a window in the rear of the store by cutting a pane of glass through which a small person climbed inside and removed the shutters. The burglars made their escape.

**Gift For Mgr. Hartigan.**

After mass at St. Vincent de Paul church, Deseronto, the congregation presented Mgr. Hartigan, their popular incumbent with a well-filled purse and a neatly worded address. The address was read by J. C. Burns and C. J. Brennan made the presentation. Mgr. Hartigan and Miss Hartigan who left on Thursday to assume his new pastorate at Prescott made many friends in Deseronto and district.

**Mail for Overseas.**

A very large mail for overseas left the Kingston post office on Thursday night. Now is the time to post Christmas parcels for overseas, so as to avoid the big rush the last few days before the finals mails are sent off.

**Isn't This Rich?**

The Napanee Express says: Richard Joyce, Paisley House, would like to have the people of Napanee understand that he did not steal a pair of ladies' rubbers from the overcoat pocket of Edward Conger, son of William Conger, while travelling on G.T.R. from Napanee to Kingston, although he was detained for two hours. However, if Mr. Conger will call at the office of the Paisley House he will receive the money to buy another pair or rubbers, the money being contributed by the boys of the town.

**Rushing the Plastering.**

H. W. Wats, mason contractor, who is in charge of plastering the walls at the new skating rink at Queen's University, is making great headway. This is ideal weather for the masons and they are certainly taking advantage of it. The north and west walls have been finished and the men expect to finish the south wall by Saturday noon. It will take a couple of days to do the east end of the rink.

On Friday, the carpenters were busy putting in the floors for the dressing and club rooms. The tea room, which will be located in the building, will be a great attraction.

**Winter in Algonquin Park.**

Algonquin Park is just the out-of-the-way sort of place for a holiday, or for rest and recuperation for those who are run down and need a change. At an altitude of 2,000 feet the air here is pure and bracing. All winter sports are indulged in at the Highland Inn, which will be open from December 15th, 1921, until March 15th, 1922. The Park is 200 miles north of Toronto and 170 miles west of Ottawa, and is reached by the Grand Trunk Railway. An illustrated booklet telling you all about winter in Algonquin Park sent free upon application to, J. P. Hanley, C.P. & T.A., G.T.Ry., Kingston, Ont.

**On "Hike" Across Continent.**

Joseph McIntosh, who is making a "hike" across the continent, was a visitor at the police station on Friday afternoon. He is travelling from the western coast eastwards, and got into Kingston from Napanee about 2 p.m., and went to the police station in order to have his papers signed. Mr. McIntosh is a veteran of the great war. He served in one of the Scottish battalions, and is making his long walk in uniform. He was wounded four times, but is now in good health and says that he has enjoyed his trip very much so far. He had dinner at a down-town restaurant, and will start for the east as soon as the weather is favorable.

**In His Favorite Car.**

Inasmuch as Sir Harry Lauder rides in his own Ford Sedan when he is at home, his joy can well be imagined when he was met at the Grand Trunk station here on Thursday noon, by President "Joe" Stewart and fellow Rotarians, with a car of this type, and conveyed to the quarters of the Kingston Rotary Club. Following the club's luncheon, Sir Harry made a tour of the city in the Ford Sedan. He enjoyed his stay in Kingston very much, and especially his visit with the Rotarians, at luncheon. The members of the club also enjoyed the visit of the distinguished Scottish singer and comedian, and will be glad to welcome him on the occasion of his next visit to this city.

**The Late Mrs. Frederick Finch.**

A message has been received in Brockville of the sudden death in Winnipeg on Tuesday of a former resident of Brockville in Mrs. Frederick Finch. She had been in her usual health until fatally stricken. The deceased was a daughter of the late Mr. and Mrs. Donald McDougall and was born at Glen Elbe. She went to Brockville early in life and was married to Frederick Finch, a well known G.T.R. employee, who predeceased her. She leaves one son, Walter Finch, Winnipeg. She also leaves three brothers and one sister, Messrs. Alex. McDougall, Elizabethtown; James McDougall, Duncan McDougall, and Mrs. S. T. Wickware, Brockville.

**Y. M. C. A. Work in India.**

An interesting account of the variety and diversity of the life of the Christian student in British India, has been received in the city by Secretary F. J. Wilson, of the local "Y", in the copy of a letter from H. C. Herman, Y. M. C. A. secretary in Madras. 'During the past thirty days," he writes, "probably a hundred were refused admission to one of the dormitories in the college there for lack of room. Among the men now living in our dormitory, are twelve members of the old Syrian church, which has been in existence on the west coast of India since the third century. Thirteen are members of Protestant churches, eight are Hindus, four Mohammedans, two Brahmins, one Theosophist and one a Roman Catholic. Six different languages are represented among the residents, although of course, English is spoken by all with remarkable ability. We American are often embarrassed by the fluency and extensive vocabulary of our Indian friends."

**The Matter Was Arranged.**

T. H. Gothard and Lieut.-Col. Bywater got into trouble over property on Trenton waterfront Mr. Gothard thought he was on government land when he placed his scales and office in their present position. The wood was placed as an obstruction to Mr. Gothard's operations by Col. Bywater's orders, and the work was done at night. The scrapping ensued, one side throwing the wood away from the scales and the other side throwing it back. The chief of police called a halt and demanded the group to go to the police station. The magistrate considered the case. Col. Bywater produced the patent to the government portion of Lot N. on which the office stood, and then he and Mr. Gothard came to an arrangement whereby the scales will be placed in a position that will enable Mr. Gothard to carry on his coal business in a satisfactory manner.

**The Late Edward Merritt.**

The funeral of the late Edward Merritt took place on Thursday afternoon, from his late home, 215 Earl street, to Cataraqui cemetery, and was attended by a very large number of friends of the deceased, who was held in very high esteem by his wide circle of friends. Members of the Oddfellows and the moulders' union were represented. The Oddfellows had charge of the funeral. Rev. W. S. Lennon, of Queen street Methodist church, conducted the service at the house, and the Oddfellows officiated at the grave. The pallbearers were William Saunders, John Evans, Henry Stratford, John Percy, Frank Hamilton and Thomas Mills. The chief mourners were an only son, Gilbert, a brother-in-law, J. G. Bastow, and three sons-in-law, James H. Mills, Lionel Reed, and Charles Hall. The casket was banked with a very beautiful collection of floral tributes, including a large anchor from the Collingwood Shipbuilding Company. Deceased was for many years foreman in the Kingston foundry.

**At Lee Valley.**

Lee Valley, Nov. 21.—On November 15th, Mr. and Mrs. Walter Molleson, Sr., had a silver wedding dance in the hall. A fine group of young and old were there. Charles Capes brought his phonograph. Fred Root the guitar and Clifford Root a violin, and all had a fine time. Mr. and Mrs. Molleson received some very nice presents. Mr. and Mrs. "Jack" Willemere are elated over the birth of a son on Thursday, Nov. 17th. They are calling him Ian Bernard.

MOTHER!

Your Child's Bowels Need "California Fig Syrup"

Hurry Mother! A teaspoonful of "California Fig Syrup" will now thoroughly clean the little bowels and in a few hours you have a well, playful child again. Even a cross, feverish, constipated child loves its "fruity" taste, and mothers can rest easy because it never fails to work all the sour bile and poisons right out of the stomach and bowels without griping or upsetting the child.

Tell your druggist you want only the genuine "California Fig Syrup" which has directions for babies and children of all ages printed on bottle. Mother, you must say "California." Refuse any imitation.

CATARRHAL DEAFNESS MAY BE OVERCOME

If you have Catarrhal Deafness or head and ear noises or are growing hard of hearing go to your druggist and get 1 ounce of Parmint (double strength), and add to it ½ pint of hot water and a little granulated sugar. Take 1 tablespoonful four times a day.

This will often bring quick relief from the distressing head noises. Clogged nostrils should open, breathing become easy and the mucus stop dropping into the throat. It is easy to prepare, costs little and is pleasant to take. Anyone who has Catarrhal Deafness or head noises should give this prescription a trial.
