DR. JAYNE'S EXPECTORANT.—This invaluable medicine is daily effecting some of the most astonishing and wonderful cures that have ever been known. All who have ever used it for Asthma, Cough, Spitting of Blood, Hooping Cough, Croup or Hives, Consumption, Chronic, Pleurisy, Hoarseness, pain and soreness of the Breast, difficulty of Breathing, and every other disease of the Lungs and Breast, can and do attest its wonderful virtues. Bronchitis, a disease which is annually carrying thousands upon thousands to a premature grave, under the name of Consumption, is always cured by it. The usual symptoms of this disease (Bronchitis) are Cough, Soreness of the Lungs or Throat, Hoarseness, difficulty of Breathing, Asthma, Hectic Fever, a spitting of Blood, [illegible] the lining membrane of the bronchial tubes, or the inside of the whole of the windpipes or air vessels which run through every part of the Lungs. This Expectorant immediately suppresses the Cough, Pain, inflamation, Fever and difficulty of Breathing, and produces a free and easy expectoration, and a cure is soon effected.

It always cures Asthma—two or three large doses will cure the Croup or Hives of Children, in from 15 minutes to an hour's time. It immediately subdues the violence of Whooping Cough, and effects a speedy cure. Hundreds who have been given up by their physicians as incurable with "Consumption," have been restored to perfect health by it.

Rev. Jonathan Going, D. D. President of Granville College, Ohio, says "he was labouring under a severe cold, cough and hoarseness, and that he felt difficulty of breathing was so great that he felt [illegible] tion, but was perfectly cured by using this expectorant"——Mrs. Dilkes, of Salem, N. J. was cured of Asthma, of ninety years standing, by using two bottles of this medicine;——Mrs. Ward, also of Salem, was cured of the same complaint by the same medicine.——A young lady, also of Salem, who was believed by her friends to be far gone with Consumption, was perfectly restored by three bottles.——Dr. Hamilton of St. Pauls, North Carolina, was greatly afflicted by a cough in his throat and soreness of the lungs, and obtained a bottle of this medicine, found permanent relief.

"The [illegible] the Methodist Society, dated Modest Town, Va. August 27, 1838.

Dr. Jayne—Dear Sir—I have been using your Expectorant, extensively, in my practice, for the last three months, and for all attacks of colds, inflammation of the lungs, consumption, asthma, pain, and weakness of the breast, it is decidedly the best medicine I have ever tried.

Very respectfully yours,
R. W. WILLIAMS, M. D.

Numerous other certificates might be added, but the above are considered sufficient evidence of its great usefulness.

Prepared only by Dr. D. Jayne, No. 20 South Third Street, Philadelphia. Price $1.

For sale by E. M. LUFF, General Agent, Sackets Harbour, and by WM. MACKINTOSH, Chronicle & Gazette Office Kingston, U. C.

HOOPING COUGH.—To Parents.—*Jayne's Expectorant* is, without exception, the most valuable preparation in use. It completely controls Hooping Cough into a mild and [illegible] disease, and shortens its duration more than one half, and produces a certain and speedy recovery. From half to one teaspoonful, will certainly cure Croup in infant and young children in half an hour to an hour. The lives of hundreds of children will be saved annually, by always keeping it on hand ready for every emergency. For sale at No. 20 South 3d street, Philadelphia, and also by Wm. Mackintosh Chronicle & Gazette Office, Kingston, U. C.

MOFFATT'S VEGETABLE LIFE MEDICINES.—These Medicines are indebted for their name to their manifest and sensible action in purifying the springs and channels of life, and conducting them with renewed tone and vigour. In many hundred certified cases which have been made public, and in almost every species of disease to which the human frame is liable, the effects of Moffat's Life Pills and Phenix bitters have been gratefully and publickly acknowledged by the persons benefited, and who were previously unacquainted with the beautifully philosophical principles upon which they are compounded, and upon which they constantly act.

The Life Medicines recommend themselves in diseases of every form and description. The first operation is to loosen from the coats of the stomach and bowels the various impurities and crudities constantly settling around them, and to remove the hardened fæces which collect in the convolutions of the smallest intestines. Other medicines only partially cleanse them, and leave such collected masses behind as to produce habitual costiveness, with all its train of evils, or sudden diarrhœa, with its imminent dangers. This fact is well known to all regular anatomists, who examine the human bowels after death; and hence the propriety of those well informed men against quack medicines or medicines prepared and recommended to the public by ignorant persons. The second effect of the Life Medicines is to cleanse the kidneys and bladder and by this means the liver and the lungs, the healthful action of which entirely depends upon the regularity of the urinary organs. The first effect which takes place will be felt from the agency of the liver and the lungs influence pass to and the heart, to engage [illegible] them, and manifested by best coming from a clean stomach, current [illegible] through the system and [illegible] the blood rushing through.

Moffat's Vegetable Life Medicines have been thoroughly tested, and pronounced a sovereign remedy for Dyspepsia, Flatulency, palpitation of the Heart, loss of appetite, heartburn and headaches, restlessness, all irritability, anxiety, languor and melancholy, costiveness, [illegible], cholera, fevers of all kinds, gravel, worms, asthma and consumption, [illegible], [illegible] and scrofulous eruptions, and bad complexions, salt rheum, erysipelas, common colds and influenza, and various other complaints which afflict the human frame. In Fever & Ague, particularly, the Life Medicines have been most eminently successful, so much so, that in the fever and ague districts, physicians almost universally prescribe them. Moffat's Medical Manual, designed as a domestic guide of health. This little pamphlet, edited by W. B. Moffat, 375, Broadway, New York, has been published for the purpose of explaining more fully Mr Moffat's theory of diseases, and will be found highly interesting to persons seeking health. It treats upon the prevalent diseases and the causes thereof, price 25 cents—for sale by Mr. Moffat's agents generally.

MOFFATS CELEBRATED LIFE PILLS AND PHOENIX BITTERS.—The high celebrity which these excellent Medicines have acquired in curing almost every disease to which the human frame is liable, is a matter familiar with almost every intelligent person. They increase known by their fruits—their good works have testified for them—they did not those by the faith of the credulous.

In cases of Costiveness, Dyspepsia, Bilious and Liver Affections, Asthma, Piles, Settled Pains, Rheumatism, Feversand Agues, Obstinate Headaches, Impure State of the Fluids, Unhealthy Appearance of the Skin, Nervous Debility, the Sickness incident to Females in Delicate Health, every kind of weakness of the Digestive Organs, and in all general Derangements of Health, these Medicines [illegible] exhausted constitutions. A single trial will place the Life Pills and Phœnix Bitters beyond the reach of competition, in the estimation of every patient.

☞ The Life Pills are sold in boxes—Price, 25 cents, 50 cents, and $1 each, according to the size; and the Phœnix Bitters in bottles, at $1 or $2 each, with full directions.

Prepared and sold, wholesale and retail, at WM. B. MOFFAT'S Medical Office, 375 Broadway, New York.

N. B. None are genuine unless they have the fac simile of John Moffat's signature.

FOR GRATUITOUS DISTRIBUTION—An interesting little pamphlet entitled "Moffat's Medical Manual, designed as a Domestic Guide to Health—containing accurate information concerning the most prevalent diseases, and the most approved remedies——" WM. B. MOFFAT.

Kingston, September 30th, 1840.

MOFFATS LIFE PILLS, AND PHENIX BITTERS.—The principally sale, unerring, & successful treatment of almost every species of disease by the use of MOFFAT'S LIFE MEDICINES, is no longer a matter of doubt, as a reference to the experience of many thousand patients will satisfactorily prove. During the present month alone, nearly one hundred cures have come to the knowledge of Mr. Moffat, where the patient has, to all appearance, effected a permanent cure by the exclusive and judicious use of the Life Medicines [illegible] bitter results are a source of great pleasure to Mr. M. and inspire him with new confidence to recommend the use of his medicines to his fellow citizens.

The LIFE MEDICINES are a purely VEGETABLE preparation. They are mild and pleasant in their operations, and at the same time thoroughly acting rapidly upon the secretions of the system—expelling all acrimonious humours, and invigorating with and purifying the blood. For this reason, in aggravated cases of Dyspepsia, the Life Medicines will give relief in a shorter space of time than any other preparation. In Fever-and-Ague, Inflammatory Rheumatism, Eruptions of every description, Sick Headache, Heartburn, Dizziness in the head, Pains in the Chest, Flatulency, impaired appetite, and in every disease arising from an impurity of the blood, a disordered state of the stomach, the use of these Medicines has always proved to be beneficial and greatly superior to any other mode of treatment.

All Mr. Moffat's Life Medicines are to be particular as taking them strictly according to the directions. It is not by a newspaper puffer, or by any thing that he himself may say in their favour, that Mr. Moffat rests his credit. It is alone by the real of a trial—let the sick and suffering, and those who wish to know whether the Life Medicines will suit their case, [illegible] Moffat's agent in their place, and procure a copy of the Medical Manual, designed as a Domestic Guide to Health, published gratuitously.—He will there find recommended every thing extraordinary cures for cure, and perhaps some exactly similar to his own. Moffat's Medical Office in New York, 375 Broadway.

The above valuable Medicines are sold by N. PALMER, who, in addition to a very General and Extensive Assortment of Drugs and Medicines, keeps a general and extensive assortment of English and American Fancy and Common Stationery, Books, Perfumery &c. &c.

ALBANY LOCK HOSPITAL.
SYPHILIS
Omnes Principia obsta.

ENCOURAGED by the uniform success attending his peculiar method of treatment, for the prevention and cure of venereal complaints, and confirmed by the experience of many years in a widely extended practice; sensible also of the happy effects resulting to the community, from having confined himself entirely to the study and cure of a class of diseases which there is every reason to deplore are too prevalent

Dr. COOKE

Continues to direct his undivided attention to the treatment of every disorder that arises from impurity, whether under the influence of intemperance or any other parental circumstance, and to the cure of those dreadful maladies, which too often arise therefrom. These consequences commence in a most simple form, and through neglect or improper treatment afterwards assume a more aggravated state of disease, accompanying abscess, ulceration, impure matter of the bones, pimples, syphilis, cancer, premature old age, and too often end in a protracted incurable state of miserable existence.

Dr. COOKE,

Though professing exclusively the study and cure of those particular complaints, deems it proper to inform his friends and the public in general, that he has the professional character, that he is properly educated and regularly initiated in every branch of the profession as a general practitioner in Europe.

Dr. COOKE

May be consulted therefore at all times, as usual at his offices, which are properly fitted up and arranged for confidential consultation. Country patients residing at a distance—and all other patients who prefer writing instead of personal interview—can be treated with equal success on describing minutely their case by letter and enclosing a remittance for advice and medicines. There will be no difficulty in sending medicines with safety to any part of the United States, and they will be securely packed, carefully protected from observation, and sent without a mark, by the place appointed.
