MOFFAT'S VEGETABLE LIFE MEDICINES,

These celebrated medicines are indebted for their fame to their manifest efficacy in purifying the springs and sensible actions in promoting the springs and vigorous health, and comforting them with renewed vigor. In many hundred certified cases which have been made public, and in almost every species of disease to which the human frame is liable, the effects of Moffat's life Pills and Phœnix Bitters have been gratefully and publicly acknowledged by the persons benefited, who were previously unacquainted with the beneficial properties upon which they are common fully philosophy upon which they are common pounded, and which they constitute and cures unknown and thus lives in disease of every form and description. Their first operation is to loosen from the coats of the stomach and bowels the various impurities and crudities constantly settling around them, and to remove the hardened masses which collect in the convolutions of the intestine tubes. Other medicines only unnatural evacuations, and leave such collected masses behind as to produce habitual costiveness, with all its attendant evils, or sudden diarrhœa, with its attendant dangers. This fact is well known to all regular practitioners, who examine the human bowels after death; and to cover the production of those well-known evil consequences resorted to quack medicines, or medicines prepared and administered to the public by ignorant persons. The second effect of the Life Medicines is to cleanse the kidneys and bladder and by this means the liver and the lungs, the healthy action of which entirely depends upon the regularity of the urinary organs. The blood which takes its red colour from the agency of the liver and the lungs, before it passes into the heart, being purified by them, and nourished by food coming from a clean stomach, courses freely through the veins, renewing every part of the system, and triumphantly mounts the banner of health in the blooming cheek.

Moffat's Vegetable Life Medicines have been thoroughly tested, and pronounced a sovereign remedy for Dyspepsia, Flatulency, palpitation of the Heart, loss of appetite, heartburn and headaches, heaviness, all types of anxiety, languor and melancholy, costiveness, diarrhœa, cholera, fevers of all kinds, gravel, worms, asthma and consumption, scurvy, ulcers, inveterate sores, scorbutic eruption, and bad complexions, salt rheum, erysipelas, common colds, and influenza, and various other complaints which afflict the human frame. In Fever & Ague, particularly, the Life Medicines have been so eminently successful, so much so, that in the fever and ague districts, physicians almost universally prescribe them. Moffat's Medical Manual, designed as a domestic guide to health. This little pamphlet, edited by W. B. Moffat, 375 Broadway, New York, has been published for the purpose of explaining more fully Mr. Moffat's theory of diseases, and will be found highly interesting to persons seeking health. It treats upon the prevalent diseases and the causes thereof, price 25 cents—for sale by Mr. Moffat's agents generally.

The above valuable Medicines are sold by N. PALMER, who, in addition to every General and Extensive Assortment of Drugs and Medicines, keeps a general and extensive assortment of English and American Fancy and Common Stationery, Books, Perfumery, &c. &c. &c.

Kingston, 29th April, 1841.

MOFFATT'S LIFE PILLS AND PHŒNIX BITTERS.—The perfectly safe, unerring, and successful attention of all to almost every species of disease by the use of MOFFATT'S LIFE MEDICINES, is no longer a matter of doubt, as a reference to the experience of many thousand patients will satisfactorily prove. During the present month, some nearly one hundred cases have come to the knowledge of Mr. Moffat, where the patient has, to all appearances, effected a permanent cure by the exclusive and judicious use of the Life Medicines—some eight or ten of them had been considered beyond all hope by their medical attendants. Such happy results are a source of great pleasure to Mr. M. and induce him with new confidence to recommend the use of his medicines in his following catalogue.

The LIFE MEDICINES are a purely VEGETABLE preparation. They are mild and pleasant in their operation, and at the same time thoroughly acting rapidly upon the secretions of the system—carrying off all acrimonious humours, and assimilating with and purifying the blood. For this reason, in aggravated cases of Dyspepsia, the Life Medicines will give relief in a shorter space of time than any other prescription. In Fever and Ague, Inflammatory Rheumatism, Fevers of every description, Sick Headache, Heartburn, Dizziness in the head, Pains in the Chest, Flatulency, impaired appetite, and in every disease arising from an impurity of the blood, a disordered state of the stomach, the use of these Medicines has always proved to be beyond doubt, greatly superior to any other mode of treatment.

All Mr. Moffat asks of his patients is to be particular in taking them strictly according to the directions. It is not by a newspaper notice, or by anything that he himself may say in their favor, that he hopes to gain credit. It is alone by the results of a fair trial. In the reader an invalid, and he wishes to know whether the Life Medicines will cure him, let him call or send to Mr. Moffat's agent in his place, and procure a copy of the Medical Manual, designed as a Domestic Guide to Health, published gratuitously. He will there find authenticated very many extraordinary cases for cure, and perhaps some exactly similar to his own. Moffat's Medical Office in New York, 375 Broadway.

MOFFATS VEGETABLE LIFE PILLS AND PHŒNIX BITTERS.—The high celebrity which these excellent Medicines have acquired in curing almost every disease to which the human frame is liable, is a matter familiar with almost every intelligent person. They became known by their fruits—their good works have testified for them—they did not thrive by the faith of the credulous.

In cases of Costiveness, Dyspepsia, Bilious and Liver Affections, Asthma, Piles, Settled Pains, Rheumatism, Fevers and Ague, Obstinate Headaches, Impure State of the Fluids, Unhealthy appearance of the Skin, Nervous Debility, the Sickness incident to Females in Delicate Health, every kind of weakness of the Digestive Organs, and in all general Derangements of Health, these medicines have invariably proved a certain and speedy remedy. They restore vigorous health to the most exhausted constitutions. A single trial will place the Life Pills and Phœnix Bitters beyond the reach of competition, in the estimation of every patient.

☞ The Life Pills are sold in boxes—Price, 25 cents, 50 cents, and $1 each, according to the size; and the Phœnix Bitters in bottles, at $1 or $2 each, with full directions.

Prepared and sold, wholesale and retail, at WM. B. MOFFAT'S Medical Office, 375 Broadway, New York.

N. B. None are genuine unless they have the fac simile of John Moffat's signature.
