The general and detailed Plans, Specifications, Forms of Tenders, &c. of the three former, may be seen after first June next, on applying to Antoine Polette, Esq., Warden at Three Rivers; and of the latter at the La Chine Canal Office, at Montreal. They may also be all seen at this Office, where such further information, as may be required, can be had. This early notice is given in order that persons who may desire to tender, may have an opportunity of examining the several Rivers, and informing themselves of the rates at which may be had the necessary timber, much the greater portion of which will be pine.

MOFFAT'S VEGETABLE LIFE PILLS AND PHŒNIX BITTERS.—The high celebrity which these excellent Medicines have acquired in curing almost every disease to which the human frame is liable, is a matter familiar with almost every intelligent person. They become known by their fruits—their good works have testified for the use—they did not thrive by the faith of the credulous.

In cases of Costiveness, Dyspepsia, Bilious and Liver Affections, Asthma, Piles, Settled Pains, Rheumatism, Fevers and Ague, Obstinate Headaches, Impure State of the Fluids, Unhealthy appearance of the Skin, Nervous Debility, the Sickness incident to Females in Delicate Health, every kind of weakness of the Digestive Organs, and in all general Derangements of Health, these medicines have invariably proved a certain and speedy remedy. They restore vigorous health to the most exhausted constitutions. A single trial will place the Life Pills and Phœnix Bitters beyond the reach of competition.

The Life Pills are sold in boxes—three sizes, 25 cents, 50 cents, and $1 each, according to the size; and the Phœnix Bitters in bottles, at $1 or $2 each, with full directions.

Prepared and sold, wholesale and retail, at WM. B. MOFFAT'S Medical Office, 375 Broadway, New York.

N. B. None are genuine unless they have the fac simile of John Moffat's signature.

FOR GRATUITOUS DISTRIBUTION—An interesting little pamphlet entitled "Moffat's Medical Manual, designed as a Domestic Guide to Health—containing security information concerning the most prevalent diseases, and the most approved remedies—by WM. B. MOFFAT." Apply to the Agents.
