POST OFFICE CIRCULAR.

Montreal, 13th June, 1847.

SIR,—I have to acquaint you that, with reference to a recent Act of Congress, Newspapers posted in Canada to be sent through the United States Mails, will for the future be subject to the following charges and Regulations:

Newspapers published in Canada and sent from the office of publication to any place in the United States, or from the publishers to an Agent in the United States for distribution, may be sent on pre-payment of the Provincial Rate of one penny each.

Newspapers posted in Canada by others than the Publishers, addressed to places in the United States, must be pre-paid an American rate of 3 cents or 2d. cy. each, in addition to Provincial rate,—making a total charge *to be pre-paid* of 3d. each.

Newspapers posted in Canada addressed to Foreign Countries, to be sent through the United States Mails, Ditto.*

Newspapers posted in Canada intended to be forwarded to New York by American Steamships to any place on the continent of Europe, Ditto, and an addition Sea Rate of 3 cents each,—making a total pre-paid charge on each paper of 5d.

Unless the above postages are paid at the time of posting, Newspapers cannot be forwarded to the United States or through the United States Mails.

I am Sir,
Your most obedient Servant,
W. H. GRIFFIN,
A. D. P. M. Gen.

*Except *Bremen*, in which newspapers may be sent on pre-payment of 3d. each.

ARREST OF A MURDERER.—A few days since two of the Irish Police arrived in this city on business of importance, which, until the other day, was a mystery; the particulars are now made public, and we give them as correct as possible. Too much cannot be said in praise of our Police force, and of Mr. Allen, the High Bailiff, for his exertions not only on this but on many other occasions.—When the circumstance was made known to the authorities, they took steps to secure, if possible, the accused, which we are happy to state, resulted in the capture of the proper party. He was arrested by Police Constables Trotter and Dill, at the house of his brother in the neighborhood of Streetsville. The following are the particulars of the murder:—

Patrick Walsh, son-in-law to Edward Brophy, the party arrested, was murdered by Brophy on or about the 3d May, in consequence of some dispute arising from a partition of property, promised to Patrick Walsh as the marriage portion of Brophy's daughter, to whom he (Walsh) had been married in the month of February last. Brophy, immediately after the murder of Walsh, proceeded to Dublin, accompanied by the wife of Walsh and a younger daughter, from whence he sailed in the ship Georgiana, on the 8th May after the murder had been committed. The body was taken by another son-in-law to Brophy, named Keating, and buried in a small creek, where it was discovered on the 12th of May, by two boys tending cattle—a sudden rain having washed away the gravel by which the body had been covered. Keating was then arrested by the Irish Police, and, in order to extricate himself from the suspicion which attached to him, gave the authorities the information criminating Brophy; and, upon this information, the Government sent out a head constable named Michael Fox, and a serjeant of the same force, named Conner, in search of Brophy, whom they learned had brothers in the Gore of Toronto, to whom it was likely he would come; and, assisted here by the High Bailiff and Police force of the City, they have succeeded in arresting him, after tracing him there."

The unfortunate man has been very unwell since he was taken, and is now in jail, but is confined to the hospital. The circumstances of the murder are quite revolting.

Toronto Standard.

MASONIC.

We have to congratulate the members of the "Craft" throughout the Province on the progress which Masonry has made since the re-establishment of the Provincial Grand Lodge in Canada West.

During the last year two new lodges have been formed in this City, and are now working under dispensations from the Provincial Grand Lodge, viz:—the "Zetland" and "Ionic" lodges.

On Tuesday the 8th inst., W. Br. F. Richardson, P. G. Secretary, was installed Master of the "Ionic" Lodge. This imposing ceremony took place in the new Lodge Room, Wellington Buildings, King Street, and was performed by the Rt. W. D. P. Grand Master, Thomas G. Ridout, Esq., assisted by a large number of P. Masters. After the W. Masters was conducted to the chair, the lodge was thrown open to the junior members, when the following Officers were invested:—

Br. Kivas Tully, P. G. Sup. Works, *S. W.*
" Augustus B. Sullivan, *J. W.*
" William M. Gorrie, *Treasurer.*
" Charles FitzGibbon, *Secretary.*
" Robert Wells, *S. D.*
" James Keiller, *J. D.*
" William B. Jarvis, *M. C.*
" Matthew Craig, *I. G.*
" A. H. Coulson, } *Stewards.*
" R. S. Denoird. }
" D. McLean, *Tyler.*

At the conclusion of the business of the evening, the Brethren present retired to Mr. Mirfield's, where refreshment was provided, and having spent a short time in conviviality the members separated. Among the visitors were several of the leading brethren of the Niagara Lodge, and many of the members of the Sister Lodges in this city who are distinguished for their zeal and love for masonry. We wish the "Ionic Lodge," and the "craft" generally, every prosperity.—*Toronto Canadian.*

THE TWELFTH OF JULY IN TORONTO.

ORANGE PROCESSION.

The Anniversary of the Battle of the Boyne was commemorated in this city by a public procession, composed of the members of the various Lodges of the Loyal Orange Association. The assemblage took place in the Bowling Green, near the terminus of the College Avenue; the arrangements were conducted by R. B. Miller, Esq.; and the number of Brethren that assembled may have been about 350. Each Lodge having formed under its respective banner, the procession, preceded by a band of music, proceeded down the Avenue to Queen Street, and thence through the principal streets of the city, returning to the place of formation. All the members, with but two or three exceptions, were uniformly dressed—white trousers, black coat, and hat. Although the standards of nine different Lodges were displayed, less than one half of the members of the Association in this city were actually in the procession, the majority holding conscientious or other scruples as to its propriety. On their return to the Green, the brethren formed in circle, and the standard-bearers advanced to the centre. The effect at this period was decidedly imposing, and was considerably heightened by the extreme loveliness of the amphitheatre on which they assembled, surrounded as it is by fine trees in their richest foliage. The addresses were then addressed by R. B. Miller, Esq., and others, who complimented them on their general appearance, and the orderly manner in which they conducted themselves. Three deafening cheers were given for Her Majesty the Queen, and three for the Memory of the late Lord Metcalfe. The various Lodges then moved off, and afterwards dined at their respective Lodge Rooms. All passed over quietly—no breach of the peace occurred—no persons attempted to interfere with them, and they interfered with no person.—*Com. Canadian.*

MEETING FOR THE RELIEF OF DESTITUTE EMIGRANTS.—Last night a meeting was held in the Old City Hall, it was respectably, but not numerously attended. Alderman Gurnett was in the Chair, and Mr. M. P. Hayes acted as Secretary. The chief object was to procure an Asylum for convalescent emigrants after they leave the Hospital, until they are able to proceed to their places of settlement; and also for destitute relatives of those who have died. Motions were made by the Chief Justice, Dr. Connor, W. A. Baldwin, Esq., and other gentlemen, introduced with suitable remarks, and much valuable information was afforded by the Chairman, and Mr. McElderry, the active and excellent agent for Government. It appears that so indefatigable have been the exertions of the latter gentleman, that of 16,000 or 17,000 immigrants, only 238 remain at Toronto, exclusive of those in the hospital, and a few in the House, waiting the recovery of their sick friends; and of this small number 60 will leave Toronto to-morrow.

Subscriptions were commenced before the close of the Meeting. The Irish and Highland Relief Committees, with some other gentlemen were appointed to manage the business. Andrew T. McCord, Esq., City Chamberlain, was appointed Treasurer. It is earnestly hoped that a liberal subscription will be realized.—*Toronto Globe.*

THE EMIGRANTS.—Every steamer brings large numbers of poor people, many of them sick and destitute, to our city, and the Hospital is crowded. The main building was found insufficient long since, and a number of temporary wooden buildings have been erected on the grounds, where the invalids are accommodated, and are regularly attended by our physicians, whose exertions are very great, and made at the imminent risk of their own health. The attention and management of the Emigration Agent, Mr. McElderry, is highly praiseworthy; and by continuing to adopt better means, we hope the city may be spared the spread of disease. The weather has fortunately moderated, the heat being less excessive. A meeting was held yesterday evening in the City Hall, for the purpose of taking into consideration the necessity of taking steps for the relief of the families of deceased emigrants, and those who may be unable to labour. The early hour at which we are compelled to go to press prevents us from giving a further notice.—*Toronto Canadian.*

The Guelph Advertiser, in alluding to the burial of Coghlin thus writes:—

COGHLIN'S FUNERAL.—On Saturday last, the body of this unfortunate man was committed to the earth, in the Roman Catholic burying ground. We had previously been informed that great preparations were making for a general turn out amongst those who held the same creed, but the attendance far exceeded our expectations, there being a procession which reached from the gate of the burying ground through the Market Square, around Brock's corner, and some distance down Woolwich Street, the numbers being stated to us variously at from 400 to 650, in wagons, on horse back, and on foot. The Assemblage on the occasion would rather have induced us to suppose that one of our greatest benefactors had died, or some martyr had evidenced the truth of the Gospel by his death, than that a culprit was about to be buried; but we believe that almost every Roman Catholic viewed him as a sacrifice and not as a murderer. We have always been of opinion that it would have been far better to have sent Coghlin to the Penitentiary for life, and more consonant with the modern administration of justice, than to have executed him; in which view we are supported by great numbers, who hold murder in utter detestation; although to persons at a distance a contrary feeling might be more general.

DEFEAT OF THE MINISTRY.—"An Act to amend an Act for the disposal of public lands, and to allow further time for making certain claims under the same," &c. &c., was lost in the Legislative Council, on the 15th inst., by a majority of six. The Hon. Robert Sullivan displayed great ability on this occasion, and pointed out in a very forcible and eloquent speech, the corruption and favoritism which had been practised by the prodigal and wanton manner in which the public land had been frittered away. He spoke of the losses which the country had sustained by the glaring mismanagement of this portion of the public revenue, and attributed the present prosperity of the United States to the more judicious and equitable manner in which their policy respecting public lands had been characterised. The votes stood as follows:—

NAYS—Hon. Messrs. Sullivan, Joliette, Macaulay, Ferrie, Dionne, Walker, Irving, Pinhey, Ferrier, Mathewson, Boulion—11.

YEAS—Hon. Messrs. Morris, Fraser, Crooks, Knowlton, Sherwood—5.—*Ib.*

Facts and Scraps, original and select.

CITY BUSINESS.—His Worship, the Mayor, returned from the Seat of Government on Monday, whither he had gone to see where the money was to come from to defray the present very heavy expense of the Immigrants, healthy as well as sick. The general order from the Provincial Secretary was so ambiguously worded, that there was a difference of opinion, whether Government intended to pay for aught more than the Daily Rations of the Immigrants. To set this matter at rest, and for other purposes, his Worship made a special visit to Montreal. Report says, that with some difficulty, the Mayor obtained £1000 from Government towards the expenses already incurred, with an assurance that all proper expenditures would be reimbursed to the City, which is highly satisfactory in the present state of things. Yesterday afternoon, the Board of Health and *Assistants* had a meeting, whereat a Committee was appointed, to wait on the Forwarders to know whether in future they would be willing to land all Immigrants at Hover's Point, Long Island, to which place it is proposed a small steamer shall ply every hour.

THE HEALTH OF THE CITY.—With the exception of those suffering from Ship Fever, the town was never, in summer time, more healthy than at present. And with the exception of a few scattering cases about the city and its suburbs, Ship Fever is entirely confined to the General Hospital. The number of deaths is certainly large in proportion to the number of invalids, but not frightfully so. All the medical men are still in the enjoyment of good health, in despite of their incessant exertions; and among the numerous clergymen, of all denominations, who crowd round the sick and dying, offering them the consolations of religion, we hear of only one gentleman being laid up. Les Sœurs de Charité are unremitting in their endeavors to alleviate misery. On the whole, the health of Kingston is not so bad as the alarmists would make out.

THE GLOBE.—Hitherto, we had considered the *Globe* as an example to the Press of Western Canada, in diction and courtesy, in spite of the high tone of its radical politics. But when it indulges in such coarse personality as the following, it descends to the level of the worst paper in the Province. Speaking of Mr. Cayley, the *Globe* of the 10th instant says—"Slowly and sadly the Inspector General got on his legs—his lisp and his abominable affectation were gone for once—puppyism was defunct."

THE WEATHER has again become most tremendously hot, and were it not for a fresh breeze which blows from off the lake, during the day time; it would be positively unbearable. As it is, the weather is so very sultry, as wholly to incapacitate man from the performance of his daily duty. At least, the heat prevents us from paying that attention to our tasks which many of our readers may have the cruelty to require.

A measure is now before Parliament for the division of the Huron District, with the thriving little village of Stratford as the District Town. The proposed new District is to be called Peel. We are aware that many suffer a great inconvenience in the Huron District from the great distance they have to travel to attend the Courts and other business at Goderich; but whether they would not find it more inconvenient to raise the necessary funds for the support of the various Public Offices, the erection of a Court House and Gaol, is a question which we would not like to determine. There is no doubt, but such a measure in time, would be very desirable, and even practicable but at present we should think the movement premature.—*Guelph Herald.*

BOARD OF HEALTH.—This body have been incessantly occupied for the last fortnight, in providing for the sick emigrants, now crowding our shores. Over 400 sick are now in Hospital. They are housed in long frame sheds erected on the Hospital grounds, the building havings very much the appearance of rope walks. Dr. O'Brien was appointed medical officer during Dr. Grassett's illness. He will probably receive the permanent appointment. Dr. Edward Henwood has been appointed assistant Medical attendant and Physician, and Mr. John McKenzie has been appointed assistant steward. One death from Typhus occurred in town.—*Toronto Globe.*

FUNERAL OF LIEUT. COL. MACKAY.—On Wednesday last, the remains of the much lamented Lieut. Colonel MACKAY, of the 82d Regiment, now stationed in this Town, were conveyed to their last resting place, and interred with the military honors due to his rank. The Children of the Regimental School accompanied the procession, attired in emblems of mourning for the occasion, and also the women and children belonging to the Garrison, to testify the regret for the loss of him who was considered by all as the father of the Regiment. The inhabitants of the town also attended in great numbers, to pay their last tribute of respect to the late worthy officer.—*London Times (C. W.)*

MAGNETIC TELEGRAPH.—Mr. Wood, the Superintendent of the Toronto and Montreal Telegraphic Line, is again in town. We learn from Mr. W. that we shall be in connection with Coburg and Port Hope early in the coming week, with Kingston in about ten days, and with Montreal on the 14th proximo.

Toronto Colonist.

The *Canada Gazette* contains a Proclamation declaring the village of Edwardsburgh, in the Johnstown District, a Port of Entry and Clearance, under the name and style of Port Edwardsburgh; and Prince Edward's Bay, in the District of Prince Edward, has had like privileges afforded, under the name of Port Milford.

The small pox has again broken out in an aggravated form on board the troop ship Apollo, which was to have conveyed the 52d Regiment, now in garrison, to England. The departure of the Regiment has been put off in consequence.—*Montreal Pilot.*

MELANCHOLY ACCIDENT.—It is our painful task to record a most deplorable accident which occurred on Thursday, and which resulted in the death of two promising young men, (Messrs. Cutler and Shaw,) students of Bishop's College, Lennoxville. Near the confluence of the Massawippie and St. Francis, there is a small Island detached from the main land by a narrow passage or channel containing under ordinary circumstances, only two or three feet of water, which however, and become both deep and rapid owing to the late heavy rains and the state of the two streams. The young men having occasion to pass the island, unfortunately trusted themselves on a hastily constructed raft, which being carried by the current against a projecting branch, was, as is supposed, disarranged, and in a few seconds they were seen struggling in the water in contact with each other, and floating outwards into the main stream, where before assistance could be rendered, they sank to rise no more. We regret to say that all attempts to find the bodies, have as yet proved unsuccessful. The sad event has cast a gloom over the whole neighbourhood.—*Sherbrooke Gazette.*

LAUNCH.—IRON STEAMER.—On Saturday last, a new and beautiful Iron Steamer was launched at Niagara. She is called the *Magnet*, and is intended to ply between this City and Montreal, which will afford great accommodation to the community in this section of the country. She is to be commanded by Capt. Sutherland, who is well known as one of the most gentlemanly captains on the Lake,—he is also the owner of a number of shares in the vessel. The day passed off in the most agreeable manner, the weather being exceedingly fine, and the arrangements conducted most satisfactorily. A party of Ladies and Gentlemen from this City, left in the Telegraph in the morning, in order to witness the Launch, and all speak highly of the appearance of the *Magnet*. The Niagara Dock Company deserve much credit for the very workmanlike manner in which they have built this noble vessel. To Capt. Sutherland much credit is due for his spirit and enterprise, and to him will the Hamiltonians be chiefly indebted for this magnificent Steamer,—and we but express an universal feeling, in wishing the Captain and his vessel every possible success.

Hamilton Gazette July 8th.

GOVERNOR'S OFFICE,
Montreal, 17th July, 1847.

Kingston, July 21, 1847.

Read the following voluntary tribute to WISTAR'S BALSAM, from the Kinderhook, N. Y. Sentinel, dated July 31, 1845:

"HOPE NEVER DIES."

The extraordinary virtues of Wistar's Balsam of Wild Cherry, in the cures of pulmonary consumption, have been attested by so many persons, that to doubt its efficacy must be on truth a very sceptic. A remarkable case of Consumption has recently been effected by this medicine in the town of Chatham, in this County, and which was related to us by Dr. Hendrick, an eminent physician of that town, to whom we have permission to refer. A young lady who had long laboured under an affection of the lungs, and who had been under the care of several physicians without experiencing any relief, was considered by her friends as beyond the reach of medicine, and she was informed by her medical attendant that she must die. All her arrangements, also pointed to the grave. Fortunately she was induced to try a bottle of the Kinderhook Wild Cherry Balsam. Her recovery was rapid, she experienced great relief and two more bottles were successively procured and administered. She is now happy in the restoration of health and blesses the day when she first resorted to the use of the healing Balsam.

None genuine, unless signed I. BUTTS on the wrapper.

For sale at the Atheneum Book Store, and by Druggists generally throughout the Province.

Arrivals at the British American Hotel.

July 16.—Geo. William Southwich, New York; Mr. and Mrs. Verner, and servant, Brockville; J. H. Daley, Daley's Hotel, Mr. Donegans, Donegans's Hotel, Montreal; R. J. Doors open at half past 7 o'clock, Concert to commence at 8 o'clock precisely.
For particulars see small Bills.
Kingston, 21st July, 1847.

OPINION OF THE PRESS.—We had the pleasure of listening to the Musical entertainment given by these two young gentlemen at Washington Hall, on Wednesday evening of last week. As singers, we have heard but of one expression as regards them. They are sure to arrive at a most honorable distinction as amateurs, for they have all the elements of success: a good taste, fine voices, a discriminating judgment, and most amiable, retiring and engaging manners. Although there was not so large an audience as we should have been glad to have seen in attendance, the Concert did great credit to the Messrs. PRIDE. We commend them to the especial favor of our friends at the North, whether in the States or the Canadas, and doubt not but that they will give the utmost satisfaction as singers, as performers, and as gentlemen.
Democratic Union, Watertown.

Kingston, July 16, 1847.

Patent Anti-Combustible
SOLUTION,
For the Prevention and Extinction of Fires.
THE Subscriber, Inventor of the above named Liquid, hereby notifies the Public, that he is now prepared to saturate all Frame Houses and Building Materials, with his Patent Anti-Combustible Solution, which after many years' trial and experience, has been proved to be fully adequate to the purpose for which it was invented.
The Patent Anti-Combustible Solution is Sold in barrels, by the gallon, and can be used by any person who will give himself the trouble to follow the directions of the Inventor; or it will be applied by the Subscriber in person, to all Houses, Sheds, Stables, Fences, &c. where it may be needed, at the expense of 3d. per square yard.
For further particulars, apply, if by letter, post-paid, to the Subscriber, at the Old Brewery, Green Bay—near Kingston; or at the Atheneum Book Store.
JOHN MONTGOMERY.
Kingston, July 1847. 57-3m

Sale of Real Estate.
BY virtue of a power of Sale contained in an indenture of bargain and sale by way of Mortgage, dated the 1st day of January, one thousand eight hundred and forty-two, and made between BENJAMIN OLCOTT, late of the City of Kingston, deceased, of the one part, and WILLIAM M. HERCHIMER, of the same place, of the other part, the following parcels of LAND (unless previously disposed of by private sale,) will be sold at
PUBLIC AUCTION,
On Saturday, 31st day of July next,
At 12 o'clock, noon, at the Auction Room of Mr. JAMES LINTON, Auctioneer, Kingston, viz:—
Lot No. Three Hundred and Seven, in the City of Kingston, (exclusive of twenty-six feet, on Princess-street, extending through the whole depth of the lot,) and
Lot No. Three Hundred and Eight in the said City—which lots are more particularly described in the said Indenture.
FRANCIS M. HILL,
Attorney for the Mortgagee.
Dated at Kingston, the 23rd day of June, 1847.

MIDLAND DISTRICT,
To Wit:
THE following additional Rule for the Regulation of Tavern Keepers within the Midland District, is now published for the information of all concerned.
Resolved, That no Innkeeper shall permit or suffer any body of persons to assemble on or about their Premises with Banners, Emblems, Flags or Symbols, previous to, or after marching in any procession, which is made illegal by Act of the Provincial Parliament, 7 Vic., Chap. 6, entitled "An Act to restrain Party Processions in certain cases." That any Inkeeper transgressing this Rule shall not receive a renewal of his or her certificate for a License to keep an Inn.
By order of the Court of General Quarter Sessions, July 14, 1-17.
JAMES NICKALLS,
Clerk of the Peace.

TO FARMERS!!
ALBERT YOUNG'S
METALIC COIL SPRING TOOTH
HORSE RAKE,
Commends itself not only to Farmers who have level farms, but to those who cultivate the rugged hills, because it will rake clean on rough, uneven and stony surface, that cannot be raked by any other Horse Rake in use. It saves a great proportion of the most fatiguing labor necessary to securing hay. It also saves much of the time usually devoted to raking which may be used for mowing. By the ordinary exertion used at the approach of a shower, the use of made hay can be secured in 15 minutes. It enables them with their accustomed number of hands to cure their hay crop in much less time, and much more of it from rains.
The Subscriber having purchased the Patent, and become the *sole owner of the right to make and vend* the above Rakes, so far, as relates to the Midland and Prince Edward Districts, begs to inform the Public and especially the *Farmers*, of said Districts that he is now having from 500 to 1,000 of said Rakes manufactured by Messrs. Baber and Detlor, at Napanee, which will be ready for delivery in time for the Harvest. *Price* $10.—A sample of said Rake will be forwarded to the Different Towns and Villages in both Districts, before the end of May, when parties will have an opportunity to examine and leave their order for the same.
JOHN D. PRINGLE.
Belleville, July, 1847.
P. S.—All orders left with the Proprietor in Belleville, or the Manufacturers in Napanee, will be strictly attended to.

Wanted,
FOR A RETAIL ESTABLISHMENT in Town, a YOUNG MAN, who has been accustomed to Book Keeping, and would make himself otherwise useful.
Apply by letter addressed Box 147, Kingston Post Office.

Forwarding Notice.
THE *Union Forwarding Company* hereby give notice that their new and fast sailing Iron Steamers
EMERALD AND OREGON,
WITH THE
UNION RAIL-ROAD,
Are now in operation, and plying as under:
STEAMER EMERALD,
CAPT T. CUMING,
UPWARDS—Leaves Aylmer every *Tuesday, Thursday* and *Saturday*, at 7 o'clock, A. M.
DOWNWARDS—Leaves the Rail-Road immediately after the arrival of the Cars from the steamer Oregon, and arrives at Aylmer at 4 o'clock, P. M.
STEAMER OREGON,
CAPT. R. MCDONALD.
DOWNWARDS—Leaves Portage du Fort every *Tuesday, Thursday* and *Saturday*, at half-past 6 o'clock, and arrives at Aylmer, touching at Village immediately after the arrival of the Cars from the steamer Emerald.
Both Boats touch at all stopping places en *route* each way.
They also give notice that no Freight will be received on board their Steamers if not properly Marked and Way-Billed; and not after eleven o'clock, P. M., at Aylmer, on the night previous to sailing—any coming to hand after that time must remain in store until the ensuing trip. They do this to prevent property being loosely and carelessly thrown on Board by owners without Bill or Mark—consequently not entered.
They will not be responsible for any property without being duly entered, and a receipt granted.
THOS. CUMING,
Agent Union Forwarding Company.
Aylmer, 1st July, 1847.
