[illegible] Brockville, and [illegible] to defeat the attempts of Canada [illegible] Brockville to [illegible] a Protectionist Association. We [illegible] will next get up an association for [illegible] watches. If they do they will not [illegible] a more rational part, than the absurd [illegible] the make a protectionist doctrine popular, [illegible] that we cannot altogether excuse Sullivan in this matter. Of course we [illegible] suppose that the honorable gentleman [illegible] very hard in getting up this Association, but he lately delivered a lecture in Hamilton on the connection between Manufactures and Virtue!" the animus of which leaned to the side of protection. Mr. Sullivan is [illegible] speaker on any subject; he is eminent as a Barrister; and a very able minister of the Crown; but we submit he is not a good political economist. It will take several years to completely eradicate the false notions set forth in that lecture. The Brockville Protectionist Association has hired a lecturer in the person of a Mr. Abraham Duncan, whom we shall be reduced to the necessity of writing down, if we can get hold of any one of his lectures. It is sheer insanity to attempt to get up a protectionist cry in Canada. We have nothing to fear from protectionist doctrines: only we might have been spared the trouble of refuting them for the thousandth time.—*Toronto Examiner.*

The Assizes for this District closed on Wednesday evening, the 17th inst., after a continuance of seven days. Ephraim Turner, an Indian, was tried for the murder of John Mathieson, a colored man—Verdict, not guilty.

Three presentments were made by the Grand Jury and the parties held in bail for their appearance at the next Assizes, viz:

George Browne, for libelling Col. Prince.
G. W. Boggs, for a libel against Magistrates.
James Daniell, for perjury.

The convictions were as follows:

James M. Long, misdemeanor, to pay a fine of five pounds.
John McCrunch, forgery: imprisoned 4 months in District Gaol, at hard labor.
William Craig, misdemeanor; fined five pounds, and to stand committed till fine paid.
Abigail Pigee, larceny; imprisoned 2 months in District Gaol.
Alfred Cutter, aged 16, burglary and larceny; imprisoned one week in District Gaol for larceny, and seven years in Penitentiary for burglary.
Peter Walsh *alias* Maglen, was discharged by proclamation.—*London Times, C. W.*

☞ The Queen's Birthday.—Preparations are making in most of the towns throughout the Province to celebrate Her Majesty's birthday, (which happens on Wednesday next, 24th May,) with unusual demonstration of loyalty. London, we trust, will not be behind other places in giving a suitable prominence to the occasion, in testifying that attachment to Her Majesty's person and Government, which the present posture of affairs in Britain seems to claim at our hands—*Ib.*

☞ Her Majesty's Birthday.—The Committee are industriously proceeding with the arrangements for the celebration. It has been decided that a procession of the different National Societies, and the inhabitants generally shall take place, to organize at noon on the Court House Square, and march through the principal streets to the bay, where the splendid steamer *Magnet* will be in readiness to convey passengers on an excursion round our magnificent bay, at the low charge of 7½d each. Upon landing the procession will be again formed, to march as before, and break up at the place of starting. A public dinner, to be prepared by Mr. Rosch, will take place at five o'clock. Tickets 5s each. And to close the festivities, a display of fire works will come off on the property of Peter H. Hamilton, Esq. This part of the business will be a treat indeed, as a gentleman has made the necessary arrangements in Rochester, and the subscription is already large. The 24th of May will be long remembered in Hamilton, and we can assure our country friends that the enjoyment will more than repay a long journey.—*Hamilton Spectator.*

☞ The English Puseyite party, headed by the Bishop of Exeter, having failed in their "High Church" exactions against the learned Bishop of Hereford, have, at length agreed to acknowledge his Lordship as Bishop *Hampden*, but not as Bishop of *Hereford!* A step farther and a step deeper! So his consecration as a Bishop is good, but his election to the See invalid! And thus we have men, who over and over again, declared his Lordship's doctrine heresy, not acknowledging the *Heretic* as a *Christian* Bishop! When will the vanity of such men cease?—*Statesman.*

☞ We are truly happy to learn that, the Rev. Edward Ellis, with regard to whose banishment from the Puseyite "Diocesan Theological Seminary" at Coburg, a correspondence was some time ago published, has been ordained by the Lord Bishop of Down, Connor and Dromore, to the Curacy of Warrenpoint, in the County of Waterford, Ireland. The Revd. Mr. Hellmuth (the other gentleman who was driven from Coburg with Mr. Ellis,) was ordained by Dr. Mountain, the Bishop of Montreal and appointed at Lennoxville, in that Diocese. Good shepherds are every where springing up, to guard the fold of Christ, who will not be guided by the Theology of the Coburg Diocesan Seminary—*Ib.*

☞ The portion of the 19th Regiment remaining in Quebec will embark tonight for Montreal. The Courier says—"The Regiments at present in Canada, are, at present, at Quebec, the 23rd, and Reserve of the 2nd Battalion of the Rifle Brigade; At Montreal, the 77th and Reserve Battalion of the 23rd; on the South side of the St. Lawrence, the Reserve Battalion of the 71st; in Canada West, the 20th, (two Battalions,) and the 2nd Battalion of the Rifle Brigade. Besides these there is the Royal Canadian Rifle Regiment, in detachments in various places. The only regiments going home are the 77th and 93d; the former of these will be immediately replaced by the 19th, the latter somewhat later in the year by the 79th. It is not yet decided whether the company of Artillery quartered at London, C. W., will go home this year or not; if it goes home, it will be replaced by another from England"—*Quebec Mercury, 19th inst.*

☞ Inquest.—On Thursday morning last, information was received by Telegraph that a man had been found dead in the vicinity of Queenston, accompanied by a request that Wm. Duff Miller, Esq., coroner, would proceed thither to hold an inquest, the coroner of that place being absent—Accordingly a jury was summoned, and on an examination of the body, the name of the deceased was ascertained to be Patrick O'Connor. The verdict was, "That Patrick O'Connor, on the 10th day of May inst., on the side of the mountain above the ferry rock, in the township of Niagara, was found dead: That he the said Patrick O'Connor, had both wounds and bruises on his body and head, supposed to have been caused by falling over the precipice; but how, or by what means, he fell over the precipice, is unknown.—*Mail.*

☞ Amazonian Revenge.—The report of a very tragical affair which occurred near Natchez a few days ago, is mentioned in the New Orleans *Delta*. Mr. Charles Jones, who was originally from Red River, and has practiced law in Louisiana, was shot at his residence on Black River near Natchez, by a highly respectable lady, said to be a relative of his. It is said that the lady drove in a carriage to Jone's residence and called him out. As he approached the carriage she fired a revolver at him, the ball taking effect in his abdomen. As he bent down, under the effect of the wound, she fired two more barrels, the balls from which took effect upon his head. By the last accounts Jones was lying in a hopeless condition, but not quite dead.

Exportations of Wheat.—But a week or two since, there were conveyed, from this side, we believe from Port Hope, to Rochester, 22,000 bushels of wheat, by the "Jane Ann Marsh," "Ann Jane Brown," and "Maid of the Mill;" in exchange for which not less than £3300 were probably left among our farmers or merchants.

Since the above was put in type we have seen a statement which makes the receipts of wheat, at Rochester, from Canada, to have been 25,000 bushels, and at Oswego about the same amount which has, in general, been purchased at 4s. per bushel and on which a duty of 3d. per bushel has been paid.—*Newcastle Courier.*

☞ It was reported in town yesterday that Mr. Malcolm Cameron had resigned his office in the Board of Works, and that he is about to proceed to England; but we dare say there is no truth in the rumor.—*Mont. Cour.*

☞ We observe amongst the arrivals by the last steamer, the names of our little friend Stewart and three children. The Theatre positively opens on the 24th of next month.—*Montreal Courier.*

GOVERNOR:

THE RT. HON. THE EARL OF ELGIN AND KINCARDINE,
Governor General of Canada.

THE Directors solicit attention to the following *advantages* offered by the Colonial Life Assurance Company:—

I.—SECURITY.

The Company possesses a very large subscribed Capital, divided among a numerous and influential body of Proprietors,—and the absolute security so essential to a Life Assurance Society is afforded in its most substantial form.

II.—PREMIUMS.

The Premiums, which are very moderate, may be made payable *yearly, half-yearly, or quarterly.*

III.—DESPATCH OF BUSINESS.

The Board in Montreal being invested with full powers to examine into, and accept of Proposals, Assurances may be effected with the utmost despatch on his life *immediately*, without incurring the delay to which Life Assurers in this Country have hitherto been subjected, from the sanction of the Head Board being required to complete the transaction, *the deliberance of the Board at Montreal being final and irrevocable.*

This arrangement gives to the Colonial all the facilities of a Company essentially local. The Board meets weekly for the despatch of Business.

IV.—TRAVELLING LICENSE.

The Assured are at liberty to cross from any North American port to any European port, at any time of the year, without extra charge or without being required to give any intimation (as in other Offices) of their intention to cross the Atlantic.

V.—HALF CREDIT SYSTEM.

According to this arrangement, parties can pay HALF of the Annual premium for the first Five or Seven Years, the remaining half with interest to remain as a debt on the Policy, and paid off when convenient, or, at the option of the Assured, to be deducted at settlement of the claim; or, the Company will grant Assurances on the following plan: One-third of the Annual Premium to remain for life in the hands of the Policy-holder, the proportion of premiums thus reserved to be deducted with Interest, when the sum assured becomes a claim upon the Company.

The Company pays its own Medical Officer, and no expense whatever is incurred by parties effecting Assurances.

J. SWAIN & CO.'S
HYGEIAN MEDICINE,
OR, WORSDELL'S
VEGETABLE RESTORATIVE PILLS,

FULLY established as the best Family Medicine now in use, by the astonishing cures it has performed, under the blessing of an all-wise Providence, who has filled the earth with Vegetables suitable for the cure of every Disease incident to the Human Frame; and which, as Dr. Anderson says, "has been the means of sending thousands back to society cured, who had given up all hopes of being recovered."

J. S. & Co having so successfully established their reputation, as regards these Pills, and having been solicited to prepare other Medicines, beg to inform their Friends and the Public, that they have, after long and anxious research, succeeded in preparing an excellent Stomachic, which they call

THE HYGEIAN BITTERS,

And which they have full confidence in recommending in all cases of Debility, whether arising from Nervous or other causes; in assisting Digestion; strengthening the Stomach and general System; curing Cramps, Cholic, &c.; removing the obstructions to the Urinary Passages—proving a most useful auxiliary to the Pills, in renovating the System and purifying the vital principle of life—the Blood.

J. S. & Co. can now supply any quantity of their already celebrated Ague Pills and Vegetable Herculean Mixture, which has been proved to be a safe and effectual remedy for the worst cases of *Fever-and-Ague.*

J. S. & Co. particularly recommends to Mothers their HYGEIAN UNIVERSAL INFANTS' RESTORATIVE as an efficacious remedy for Diseases peculiar to children, and also for the Summer
