NIAGARA FALLS SUSPENSION BRIDGE. We understand that owing to some misunderstanding between the Contractor and the Boards of Directors, on the two sides of the river, the former, some days ago, took forcible possession of the Bridge, and has been packeting the falls at the rate of several hundred dollars a day. We are not in full possession of particulars yet, but it appears to be also to inform our readers of the real nature of the matter at issue. One of the Stockholders, who has just returned from the Falls, informs us that he had a conversation on Monday last, with Lot Clarke, Esq., of Lockport, the President of the Company on the American side and was assured that the measures which the Boards were adopting would soon set matters right; and the only injury which the Stockholders would sustain, would be the loss of a few thousand dollars, collected pending the settlement of difficulties. Our informant stated that by a more summary mode of proceeding adopted by the authorities on the side, the Canadian Company was put in possession of the wheel of the Bridge on Monday, whilst the opposite wheel still remained in possession of the Contractor. As this is a great work of art, and one in which several parties in this city are largely interested, we should like to receive some official information relative to these unpleasant difficulties. That the stock is likely to prove the most valuable on this Continent, we have but little doubt. The present Bridge, though perfectly safe for foot passengers, is not intended for carriages, and will be removed altogether when the Railway and carriage Bridges are completed; notwithstanding this, and the expense of carriage less from the Falls down and up, on the two sides, the receipts during the last week, we are told, were over one thousand dollars. The expense of the present structure has not exceeded $17,000; therefore, after making allowance for cost of collection and management, and for decrease in business, when the travelling season is over, there can be but little doubt that the foot Bridge will pay for itself the first year, which would make every hundred dollars of stock worth a thousand, and yielding ten per cent.—*Hamilton Spectator.*

We have great pleasure in publishing the following notice from the *Pilot*, of the success of Messrs. Lafontaine and Sullivan, on one of the important points embraced by their late mission to Washington:—

We are gratified in being able to state that the heavy differential duty lately exacted at Chicago on certain goods, the property of an eminent commercial house in this city, was not authorized by the laws of the United States, and that it will be refunded. The actual differential duty authorized is 10 per cent *on the duty, and not on the invoice*, as was erroneously exacted. Strong representations have been made to the American Government on the subject of these duties, by the Hon. Messrs. Lafontaine and Sullivan, and we are gratified in being able to state, that instructions have been given to the Collectors of Customs not to exact discriminating duties on goods imported from Canada where similar duties are not charged in Canada. This is a most satisfactory settlement of the question.

The Steamer, *Beagle*, Walker, Master, arrived at this port on Saturday last, having on board, among other cargo, 13 cases Brandy, ex-ship *Conquering Hero*, from London, which were passed on from Montreal, to be entered for duty at the Custom House, Toronto. It is now settled, that under the new Customs Law, goods intended for Upper Canada can be forwarded direct, without the necessity of Bonding, or paying the duties, at the port of Montreal, as was formerly the case.—All that is required is, that the vessel taking the goods ex-ship at Montreal, for Upper Canada, must take a Clearance at Montreal, which is not attended with any delay or expense. For this boon to the Trade of Upper Canada, the Mercantile community are indebted to Mr. Mitchell, of the house of Ross, Mitchell & Co., through whose representations at the proper quarter, the concession has been made. Among the numerous advantages which will result to the Trade of Upper Canada, under this arrangement, will be, that our Merchants can transact their business, free from the burdens of Agency, Bank Commission, difference of Money &c., &c.; and another will be, that all for the Winter and Spring Trade, can Warehouse them at Toronto, and release them from Bond as they require them, on payment of the duties; whereas under the former system, the goods would have to be entered and the duties paid at once. The same regulation will of course apply to other ports in Upper Canada.

By Telegraph last Night.

MONTREAL, Aug. 22, 7 o'clock, P. M.

Flour steady, with moderate demand for consumption. Superfine may be quoted at 27s. We hear of a sale to-day of 150 barrels inspected at 26s. 9d. No wheat offered.—Ashes same as yesterday.

FIRE.—This morning about 2 o'clock, a dwelling house adjoining McAuley's Hotel in St. Paul Street, was discovered to be on fire. The Fire Companies quickly turned out and were successful in preventing the spreading of the fire. But little damage was done.

The *Montreal Herald* of this morning, contradicts, on undoubted authority, the rumor in circulation of the intended speedy retirement of His Excellency the Earl of Elgin from the government of this Province.

NEW YORK, Aug. 22, 2½ o'clock, P. M.

The Irish meeting last night was vast and enthusiastic. From 15 to 20,000 persons assembled. Money was liberally contributed. Four separate and distinct motions were in progress at the same time, all seemed more elated than ever notwithstanding the discouraging accounts from Ireland. The meeting held at the Chinese museum in Philadelphia last night, in aid of Ireland, was immense, and the enthusiasm unbounded.

Gen. Lane has been appointed Governor of Oregon, in the place of Gen. Shields, who declines the appointment.

MARKETS.

ASHES.—Sales 1500 bbls. Pots at $5 87 to $5 91c, and Pearls $5 87 to $5 91c.; and 200 bbls Canada Pots at private bargains. Some 25 bbls American sold at $5 37½. Cotton without change—Market firm, sales 6 or 8000 bales for export.

Flour Market buoyant, and inactive. Arrivals down the river light, and the deliveries out of store have been considerable. Market for common brands $5 25 to $5 31c.; transactions added up 6000 bbls, including 12 or 1500 "scratched" at $5 87c. Good demand shippers were in market yesterday and to-day. 35,000 were taken for export at $5 18 to $5 25c.—Meal scarce, and held at $3 12 to $3 25c, for State and Jersey, with sales 2 or 300 bbls.—Rye Flour $4, and in good demand; all the lots on the river were picked up at that figure.

Grain Market rather active, but prices show no change. The sales are 5000 bush. ☞ THE ASSIZES.—The Hon. Attorney General will not be able, from the pressure of public business, to take part in the business of the ensuing circuit. The Solicitor General will attend the Home, Niagara, and Gore Districts assizes.—*Globe.*

☞ The traveling to Quebec within the last two months has materially changed. Yesterday, for the second or third time this season, nearly the entire number of American travellers then arrived came direct from Kingston, which place they left the previous morning. This improved facility of steamboat traveling to Montreal, will next produce its beneficial effect in favor of Quebec; as passengers travelling the Upper Lakes will come direct to this city, and [illegible] Montreal on their return. As it is, [illegible] majority of tourists first stay at Montreal; many of them do not come down at all, and those who extend their trips this far, limit their stay (in the greater number of instances) but to one day.

HOWARD HOTEL,

NEW YORK,

Corner of Broadway & Maiden Lane

DEEPLY appreciating the very liberal patronage bestowed on them since purchasing from the Messrs. Howard, at a high cost, their interest in the above well known Hotel, the Subscribers most respectfully ask from their friends and customers a continuance of their kind remembrance when visiting New York, and from the public generally the honor of their patronage.

The HOWARD HOTEL is an establishment of the first class, both with regard to its business and its ample means of securing the approbation of its customers, being fully equal to the comfortable accommodation of from 300 to 350 persons.

Gentlemen or families can be served in their private parlors, on moderate terms, in any style they may desire, or at the Table d'Hote, at their option.

The central situation of the House also (decidedly one of the best in New York) being close to the public offices and places of business, thus rendering a long, irksome, and fatiguing walk to and from your Hotel unnecessary, whilst all the advantages of a residence in the best part of Broadway are enjoyed, is in itself a matter of great convenience; added to which, in all the materials for true comfort, in its general arrangements and management, and whatever can be done by the most minute attention to make it truly desirable as a residence and "home" for its inmates during their sojourn in New York, the Proprietors most emphatically assure the public that their Hotel shall yield to none whatever.

The long experience of Mr. JOHN THOMAS, and the extensive favor enjoyed by him for so many years whilst engaged in the business at Albany, and in the United States Hotel at Saratoga Springs, are a guarantee that these pledges will be fully redeemed.
