[illegible] Wentworth and [illegible] Governor General [illegible] the settlement [illegible] in the Wellington and [illegible] Mr. George Jackson, is the [illegible] settlement of the Dundas Road [illegible] direct route to reach the Agency [illegible] Dundas road, is by way of Guelph [illegible] in the Wellington District. Mr. [illegible]'s Agency comprises the settlement of the Crown Lands in the Township of Glenelg, Bentinck, Brant, Greenock and Kincardine, in the County of Waterloo, and he has given Notice to all persons willing and having means of locating therein, that his Office is temporarily fixed at or near Hunter's on the Garafraxa Road, where he will receive the application of the Settlers, every day of the week between the hours of Nine and Five o'clock from the 15th of September next. Mr. George Snider, is the Agent for settlement of Land on the Toronto and Owen's Sound Road, and the most direct route to reach this Agency, is by way of Toronto, along the Albion Road to the Monro Mills. Mr. Snider's Agency comprises the settlement of the Crown Lands in the Townships of Melancthon, Artemesia, Euphrasia and Holland, in the Counties of Simcoe and Wellington, and he has given Notice to all persons willing and having means of locating therein, that his Office is temporarily fixed at or near Hill's Tavern, in the Township of Amaranth, wherein he will receive the application of the Settlers, every day of the week between the hours of Nine and Five o'clock, from the 15th day of September next.

The following are the Government proposals and conditions, in regard to these new settlements:—

Fifty acres of land will be given to any settler eighteen years old, and a subject of her Majesty, who will present himself provided with a Certificate of probity and sobriety, signed by known and respectable persons, and having the means of providing for himself until the produce of his land is sufficient to maintain him. The bearer of that Certificate shall mention to the Agent (who will keep a registry thereof) his name, age, condition, trade or profession, whether he is married, and if so the name and age of his wife, how many children he has, the name and age of each of them, where he is from, whether he has somewhere any property, and in what Township he wishes to settle.

The conditions of the Location Ticket are—to take possession a month after the date of the Ticket, and to put in a state of cultivation at least twelve acres of the land in the course of four years—to build a house and to reside on the lot until the conditions of settlement are duly fulfilled, after which accomplishment only shall the settler have the right of obtaining a title of property. Families comprising several settlers entitled to lands, preferring to reside on a single lot, will be exempted from the obligation of building any residence (except upon the lot on which they reside,) provided the required clearing of the land is made on each lot. The non-accomplishment of these conditions will cause the immediate loss of the assigned lot of land, which will be sold or given to another.

Leases will be granted to those who shall have obtained a lot gratis to purchase three other lots on the road (150 acres,) at four shillings per acre for ready money, so as to complete their 200 acres in all. The land intended to be settled is of the very best description and well timbered and watered.

The roads will be opened on a breadth of 60 feet, and the land on each side will be divided in lots of 50 acres each, to be gratuitously given.

Besides the principal road, there will be two others, (one on each side of the principal road,) marked out on the whole extent of the territory, and on which free Locations of 50 acres will be made.

But as the Government only intend to meet the expenses of survey on these additional roads, the settler will have to open the road in front of their locations.

A letter appears in the *British Whig* of the 30th ultimo, upon the subject of the Penitentiary Commission Enquiry. If the facts and circumstances detailed in the letter are correct, we know of no amount of censure too severe, or of indignation too strong, to express the feelings in the proceedings of the Commissioners. Indeed, we can hardly believe that the Commissioners could be guilty of the injustice and oppression with which they stand charged; and we do not hesitate to express our conviction that, should such be the case, they will find no more strong supporters than Mr. Baldwin. The letter is subscribed by F. W. Smith, and entering into such details, as would almost lead one to believe they were true! A little time will tell.—*Statesman.*

MUSTARD'S BALSAM AT THE SOUTH.

One of our agents at Athens, Georgia, has sent us the following letter, with permission to publish the same:—

"*Truth is Mighty and will Prevail.*

Athens, August 24, 1846.

Dear Sir:—Having been afflicted for more than ten months with Chronic Inflammation of the Lungs, at times very severely, and having adopted many medicines without avail, but temporary relief, I purchased about three bottles of *Winter's Balsam of Wild Cherry*, from the effects of which I obtained more relief than from all the medicines I had ever taken for that distressing disorder. I have now been cured by the use of this valuable Balsam, and am more free from pressure for breath, and spitting on the lungs than I had anticipated—and indeed, conceive that I will be cured by continuing the Balsam. This statement, disagreeable as it is to me, I do most cheerfully render you this acknowledgment, which you will use at your judgment thereon.

PROSPECTUS

OF

St. Germain's Messenger,

A KINGSTON FAMILY NEWSPAPER,

Free from Political and Religious Prejudices.

THE Subscriber, at the solicitation of a number of friends in the City of Kingston, has been induced to take the preparatory steps to the issuing of a paper; and, therefore, begs leave to inform the public that, as soon as a sufficient number of Subscribers can be procured, he will commence the publication of a Weekly Periodical, printed with new type, on a large imperial sheet and good paper, to be devoted to the interests of the people, in affording a medium through which they can be instructed and amused—in short, to furnish an unobtrusive friend and guide, a lively fire side companion, as far as that object can be attained through the instrumentality of a newspaper.

The services of some of the first writers in the city have been secured to honor the *Messenger's* columns with their writings. Also the aid of an experienced gentleman has been engaged as proof reader and reviser. *Slang* and vulgarity shall never pollute its pages, and nothing will be published that will bring a blush to the cheek of modesty. Parents will be able to place the *Messenger* in the hands of their children without any apprehension or hesitation, a circumstance which cannot be too highly estimated.

Every attention will be paid to the selections, so that the Farmer, the Mechanic, the Merchant, the Business man, the man of Science, and the Moralist, will be entertained and instructed.

The *Messenger* will be the Temperance Organ for the Midland, Prince Edward, and Victoria Districts.

Canada has, hitherto, been flooded with American publications, but since a recent alteration in the postage system, they have, in a great measure been excluded; therefore, the Canadian people should, and are in duty bound to support and encourage an enterprise similar to the present—Assiduous and untiring shall be the endeavors to make the *Messenger* worthy of public patronage.

Terms:—Ten shillings per annum, one dollar in advance, and the other at the end of six months. It will therefore be the cheapest paper printed in Canada. No subscriber will have a paper forwarded to him, unless one dollar is paid in advance. The efforts of friends and others feeling interested, are earnestly solicited in obtaining subscribers to the proposed Journal.

Postmasters are requested to act as Agents.

All orders and communications must be *post-paid*, and addressed to

A. St. GERMAIN.

HYGEIAN MIXTURE.

OR, WORSDELL'S

VEGETABLE RESTORATIVE PILLS,

FULLY established as the best Family Medicine now in use, by the astonishing cures it has performed, under the blessing of an all-wise Providence, who has filled the earth with Vegetables suitable for the cure of every Disease incident to the Human Frame; and which as Dr Anderson says, "has been the means of sending thousands back to society cured, who had given up all hopes of being recovered."

J. S. & Co. having so successfully established their reputation, as regards these Pills, and having been desired to prepare other Medicines, beg to inform their Friends and the Public, that they have, after long and anxious research, succeeded in preparing an excellent Stomachic, which they call

THE HYGEIAN BITTERS.

And which they have full confidence in recommending in all cases of Debility, whether arising from Nervous or other causes; in stimulating Digestion; strengthening the Stomach and general System; curing Cramps, Cholic, &c; removing the obstructions to the Urinary Passages—proving a most useful auxiliary to the Pills, in renovating the System and purifying the vital principle of life—THE BLOOD.

J. S. & Co. can now supply any quantity of their already celebrated ANTI PILES AND VEGETABLE HEPATICAN MIXTURE, which has been proved to be a safe and effectual remedy for the worst cases of *Fever-and-Ague.*

J. S. & Co. particularly recommend to Mothers their HYGEIAN UNIVERSAL INFANTS' RESTORATIVE as an efficacious remedy for Diseases peculiar to children, and also for the Summer Bowel Complaint, both as regards Children and Adults, so common in this country, as well as in every case where a Cordial is necessary.

These Medicines are prepared only at the Hygeian Establishment, Mammoth House, King Street, Toronto; where also may be had Barks, Roots, and Herbs, of every description, both ground and otherwise, and sold by the principal Druggists in every City and Town, and upwards of 600 Agents throughout Canada.

CORBETT'S UNRIVALLED

Compound Syrup of Sarsaparilla.

THE subscribers having purchased of Dr. Corbett, of Shaker Village, Canterbury, N. H., the exclusive right for the sale of this invaluable preparation, now offer the same to the public with the strongest testimonials as to its signal and efficacious qualities. It stands unrivalled in cases of most inveterate cases of Scrofula, and all diseases of the Blood.

It aims by its powerful alterative qualities, speedily and permanently effective a thorough change in the health in cases of Chronic Inflammation of the Digestive Organs, Dyspepsia, or Indigestion, Jaundice, Weakness and Sickness of the Stomach, Salt Rheum, all Cutaneous Eruptions, Erysipelas, &c. &c.

The fact is well established by medical writers, that Phthisis, Pulmonary or Consumption, a disease most fatal in this country, most generally originates in a scrofulous state of the system.—Diseases of the Liver and Affections of the Biliary Secretions often originates with processes of Scrofulous taint. But before such diseases can be mitigated or arrested, this Scrofulous Diathesis must be removed. This the present preparation is warranted *effectually to do.*

The formula was laid before the New Hampshire Medical Society, and was there approved.—Dr. Twitchell, of Keene, N. H., who has personally tested its virtues, and approves and prescribes it in divine is his general practice, pronounces it, "THE BEST PREPARATION OF SARSAPARILLA EVER KNOWN," and cordially affords it his full commendation.

Its virtues have been tested through a process of years in every form of Scrofulous Affections, &c. And it is designed as a permanent, substantial and Standard Medicine, and may always be depended upon by the Medical Faculty and all others, to be just what it purports to be.

The form of this preparation, its component parts, &c., have been placed with the most distinguished physicians of the country, among whom, in this city, are Dr J. C. Warren, Dr. J. M. Warren, D. J. M. Hayward, Dr Edw. Reynolds, jr. Dr. John Jeffries, Dr. J. V. C. Smith, and others, several of whom have given their names, in writing, in favor of this medicine.

At the recent exhibition of the Massachusetts Charitable Mechanic Association, held in this city, Sept. 1847, the Judges on Chemicals made the following report:—"The Compound Syrup of Sarsaparilla, as prepared by Dr. Corbett, of the Shaker Society, Canterbury, N. H., the committee have carefully examined. It comes sustained by the names of the most distinguished physicians in the country; and from a knowledge of its component parts, the committee cannot but express their full belief as to its distinguished qualities. The ingredients entering into its composition are of such a highly useful and alterative quality, that the committee willingly pronounce it the *best* preparation of Sarsaparilla Syrup yet known; and as such, think it deserving of a Diploma."

(Signed by)

Marcus Cary, M. D., Chemist, Boston.

J. V. C. Smith, M. D., Editor of the Boston Medical and Surgical Journal.
