☞ A Great Fact.—On the 28th of September past the Editor of the *British Whig* saw the Steamship *Europa* leave the Port of New York, for England, and on the 26th of October, present, here in Canada, he heard, by Telegraph, of her return to New York: having made the voyage out and home in 26 days.

# By Magnetic Telegraph.

ARRIVAL OF THE STEAM-SHIP

# "EUROPA."

## Seven Days Later News.

## CONVICTION AND SENTENCE OF WILLIAM SMITH O'BRIEN.

## MARKETS DECLINING. &c. &c. &c.

The *Europa* brings 7 days later news.

That relating to Ireland and the continent being rather of an exciting character. Smith O'Brien has been convicted of high treason, and was on Saturday the 11th, sentenced to be hanged drawn and quartered. The jury united in an unanimous recommendation of the prisoner to the clemency of the Crown. Up to the sailing of the steamer no definite information of the course of the Lord Lieutenant would pursue was ascertained, though a message, acknowledging the reception of the jury's petition, had been received from the Tower. The last advices brought us to the close of Mr. Whiteside's address to the jury, on behalf of Mr. O'Brien. The court sat on Saturday at 9 o'clock, and the Chief Justice proceeded with the charge till after 10, when an adjournment occurred, to listen to the evidence of Mr. Delroy, the Protestant student of Trinity College, who had been knocked down by the police himself. The Judge closed his charge at 4 o'clock, and the jury retired. In an hour and twenty minutes they returned into Court with a verdict of guilty, which produced a profound sensation. Appended to the verdict was the following:—

"We earnestly recommend the prisoner to the merciful consideration of the Government that, for many reasons his life should be spared. On Monday Mr. O'Brien was brought up for sentence. His manly bearing, calmness, composure, and firmness, as he stood in front of the dock, was the theme of observation throughout the Court. The clerk of the Crown then asked Mr. O'Brien what he had to say why sentence of death should not be pronounced upon him: Mr. O'Brien then said, "only I feel it is my intention to enter into any justification of my conduct, however much I might have desired to avail myself of this opportunity for so doing. I am perfectly satisfied, with the consciousness of having performed my duty to my country; and have only dared that, which in my opinion was the duty of every Irishman to have done, and I am now prepared to abide the consequences, having done my duty to my native land." (Cheering in every gallery.)

After a brief address, the Judge put on his black cap and pronounced sentence as follows:

"Stand you, W. S. O'Brien, be taken from whence you came, and thence be drawn in a hurdle to the place of execution, and then be hanged by the neck till you are dead; that afterwards your head shall be severed from your body, and your body be disposed of as her Majesty may seem pleased, and may God have mercy on your soul." He was then removed to and on a prison Van. Lady O'Brien knelt down to the Queen on behalf of her son. "It was reported that the Lord Lieutenant was inexorable, and no mercy would be shown. The organ of the Irish Government, the *Dublin Evening Post* of Thursday was silent on the subject. M'Manus has also been convicted. C. J. Duffy's trial was to open on the 23rd. The trial of Mr. O'Donohoe for high treason, was proceeding at the last accounts.

Cholera made its appearance in London. Several cases reported in the metropolis, and a Provincial newspaper, one-half fatal.

AUSTRIA.—In Austria the dreadful tragedy of war is succeeding with dreadful effect.—We last week announced the death of Count Lamberg, Commander-in-Chief of Hungary. The war now seems to have assumed a determined character. The Emperor of Austria to atone for the murder of his brave Count Lamberg, sent to compose the difference between his own subjects, has dissolved the Hungarian Diet.

Information of the outbreak of the new and terrible insurrection at Vienna on the 6th inst. It appears from accounts from German papers, that the military refused to march against the Hungarians. Part of the National Guards joined the military. Barricades erected, Tocsin sounded, Arsenals bombarded and sacked. The Minister of War, Count Latour, killed, and his naked body exposed on a gibbet. In the midst of this scene the Emperor left Vienna, at 4 P. M., on Saturday. He was escorted by 500 Cavalry.

Hostilities in Italy not renewed. An armistice published at Milan by the Austrians.—We are still in the dark about the progress of the mediation question. Intelligence from Naples and Sicily, more tranquilizing.

LIVERPOOL MARKETS.

United States and Canada Sweet Flour 6d. Transactions have been very moderate. Indian Corn in the early part of the week slow of sale, but yesterday buyers appeared, and purchased to considerable extent. Meal a trifle lower, quotations 17s. a 18s. Provisions of all kinds, through the week, moderate demand without change in prices. The Europa made the passage out in 11 days.

No Montreal Report.

MONTREAL, Oct. 20, 6½ P. M.

Previous to the arrival of the Steamer yesterday superfine flour was offered at 24s, but the sales were light. Some small lots have been sold to-day at that figure, but large parcels could not be placed at that rate.

WHEAT—A sale of Upper Canada, good sample, reported at 5s. The market for wheat is getting scarce in consequence of recent shipments.

ASHES—Pots are worth 23s 9d; Pearls steady at 28s 6d. The receipts are not large.

ARRIVAL OF THE STEAMER

## UNITED STATES.

## Later from Europe.

The Steamer *United States* arrived this morning.

The proceedings of the National Assembly on the 9th were most interesting. The 43rd article, declaring that the President shall be elected by universal suffrage, by ballot, and by an absolute majority, was carried by a majority of 627 against 121. Louis Napoleon, it is believed, stands the best chance of election.

The assembly have voted against the issue of paper money. A modification in the ministry is considered certain. Cavaignac will retain the office of President until the Presidency is settled. The Austrian news has produced a most profound sensation in Paris. A courier from Vienna is said to have arrived with intelligence that the city was bombarded by imperial troops, and that the place of Schwechatzen was burned.—Not credited.

The Emperor of Austria, on leaving Vienna, stated that his intention was to order a meeting to his impressed people.

Twenty-five cases of Cholera had appeared in Edinburgh, 23 of which proved fatal. The number in London and vicinity, authentically reported, was 27. In Hull no cases had been reported last week.

REMEDY FOR BRONCHITIS.

TORONTO, May 25th, 1847.

MR. SETH W. FOWLE,

Dear Sir:—There are so many bunk medicines at the present time, and each one has more or less certificates from real or imaginary individuals, that I have for some time had doubts of the propriety of giving any testimony in favor of your medicine. But being assured that I have been benefited by its use, and feeling satisfied that by giving in my testimony in regard to its medicinal qualities, I may, perhaps, be the means of saving some one similarly afflicted, I therefore cheerfully add my testimony in favor of the medicine that I know has done me great good. I have been afflicted with the Bronchitis for a number of years, and by the use of a couple of bottles of

WISTAR'S BALSAM OF WILD CHERRY,

I am happy to say that I am almost free from the above troublesome disease.

If this should be the means of saving one of my fellow beings from that most troublesome and painful disease, (Bronchitis) I shall be fully paid for my trouble in writing the above communication. Respectfully yours,

B. COVERT, Vocalist.
Firm of Covert and Dodge.

We take pleasure in transferring the above certificate of Mr. Covert, in favour of the curative properties of Wistar's Balsam of Wild Cherry, to our columns. Mr. Covert, (of the firm of Covert and Dodge, vocalists) has been long and favorably known in this city and vicinity as a vocalist of rare attainments. We have watched with painful anxiety his declining health from the disease of which he speaks, and have almost despaired of his recovery—yet, we placed him in the catalogue of incurables—but thanks to the virtues of Dr. Wistar's Balsam, he is now, greatly to our surprise, enjoying most excellent health.—[New England Washingtonian, Boston]
