CHEAPEST RATES OF ANY OFFICE DOING BUSINESS IN CANADA.

Medical Referee for Kingston,

DR. THOS. W. ROBISON.

THE undersigned having been appointed to act as Agent for this Company, which has been doing business in Canada and this City since the year 1836, respectfully requests persons requiring Life Assurance, to call at his

OFFICE, PRINCESS STREET,

Kingston, where Prospectuses and all necessary information will be given.—Also a variety of Tables, to meet the circumstances and convenience of applicants, can be seen.

The Rates of similar Tables in the Offices doing business in this Province, are as follows:—

For an Assurance of £100

Colonial Life Assurance Company at 30	£2	4	0
National Loan Fund, do	2	5	2
Britannia Assurance Co., do	2	0	8

These moderate Rates, (little more than sufficient *safely* to provide for losses,) put it in the power of most persons to assure; and with reference to the present state of the health of the inhabitants of the Province generally, it *may* be thought necessary, should the prevailing sickness increase, to decline taking any risks. It appears therefore to be a duty on those who have to provide for their families to take the timely precaution of assuring their lives, and thus provide against the risk of perhaps leaving those dependant upon their exertions or means, to suffer difficulties, if not destitution.

J. SWAIN & CO.'S

HYGEIAN MEDICINES,

OR, WORSDELL'S

VEGETABLE RESTORATIVE PILLS,

FULLY established as the best Family Medicine now in use, by the astonishing cures it has performed, under the blessing of an all wise Providence, who has filled the earth with Vegetables suitable for the cure of every Disease incident to the Human Frame; and which, as Dr. Andrews says, "has been the means of sending thousands back to society cured, who had given up all hopes of being restored."

J. S. & Co having so successfully established their reputation, as regards these Pills, and having been selected to prepare other Medicines, beg to inform their Friends and the Public, that they have, at great and numerous research, succeeded in preparing an excellent Stomachic, which they call

THE HYGEIAN BITTERS.

And which they have full confidence in recommending in all cases of Debility, whether arising from Nervous or other causes; in assisting Digestion; strengthening the Stomach and general System; curing Cramps, Cholic, &c.; removing the obstructions to the Urinary Passages; proving a most useful auxiliary to the Pills, in invigorating the System and purging the vital principle of our The Blood.

J. S. & Co can now supply any quantity of their already celebrated Aperient Pills and Vegetable Restorative Mixture, which has been proved to be a safe and effectual remedy for the worst cases of Bowel Complaint.

J. S. & Co. particularly recommend to Mothers their HYGEIAN UNIVERSAL INFANTS' RESTORATIVE as an efficacious remedy for Diseases incident to children, and also for the Summer Bowel Complaint, both as regards Children and Adults, so common in this country, as will in every case where a Cordial is necessary.

These Medicines are prepared only at the HYGEIAN ESTABLISHMENT, Mansion House, King Street, Toronto; where also may be had Bedly Herbs, and Herbs, of every description, background and otherwise, and sold by the principal Druggists in every City and Town, and upwards of 600 Agents throughout Canada.

Any further information respecting any, or all of these Medicines, or advice on any peculiar Disease, can be obtained, by addressing a letter, postpaid, to J. SWAIN & Co., Toronto, and any case of peculiar delicacy, may be addressed Dr. SWAIN, care of J. Swain & Co., which will receive the most prompt and careful attention, and the utmost secrecy will be observed.

BARKER'S

COMPOUND SARSAPARILLA

PILLS,

For Purifying the Blood, Strengthening the Digestive Organs, Rheumatic Affections, &c.

The Sarsaparilla Root has attracted the attention of the Medical Profession for a number of years, and various Preparations have been used in the form of Extracts, Decoctions, Syrups, &c., but which have been found to contain very little of the valuable Properties of the root, owing to the *impossibility of retaining its virtues in a Fluid State for any length of time.* These Pills are prepared from the *Solid Extract*, combined with other *Valuable Remedies* which could not be prepared in the fluid state, one Box of which contains *more Sarsaparilla than two Bottles* of any Preparation in use, and will be found a Valuable Medicine for the cure of all Diseases which arise from an impure state of the Blood, viz: *Scrofula or Kings Evil, Rheumatic affections, Pains in the Limbs, Achings and all Diseases of the Lungs, Liver Complaint, Indigestion, &c.*

IMPORTANT NOTICE.

PRICE OF CALEDONIA WATER

REDUCED TO

THREE SHILLINGS PER DOZEN.

OFFICE, FRASER'S BUILDINGS, ONTARIO STREET.

IN consequence of the increased demand for the Caledonia Water, the Proprietor has been induced to make such a reduction in the price as will enable the Druggists and others to retail the water at the reduced rate, and put it in the power of almost every person to enjoy the benefit which is daily seen to be derived from its use.

As a general drink they cannot be too highly recommended. In summer they cool and cleanse the blood, remove all febrile symptoms, and dissipate the lassitude generally felt in times of excessive heat.

In the spring and fall, when every person requires the aid of medicine to prepare the body to meet the change of season, the Caledonia Waters are admitted to be the simplest, the safest, and the most efficacious aperient that can be obtained.

These justly celebrated waters have performed more wonderful cures than any other Mineral waters in America; and many of the most eminent amongst the Medical faculty have given their testimony to the great virtues these waters possess.

*** Arrangements have been made so as to have always on hand a supply of the Water from the "Intermittent Spring," which is now so highly appreciated.

The Subscriber's present arrangements place him under the necessity of doing business for Cash.

LAXATIVE PILLS,

FOR BILIOUS COMPLAINTS, PAINS IN THE HEAD.

Giddiness, Sickness, Jaundice, Obstructions, confinement of the Bowels, &c. &c.

The great demand for these Pills is a sufficient guarantee for their usefulness in the above complaints. Numerous testimonials could be given if necessary, from persons of the highest respectability, who have used them. *No family should be without them in case of sudden Sickness.*

OF the numerous diseases to which the human frame is liable, there is scarcely one, the symptoms of which are not seriously aggravated by a confined state of the bowels, and to this alone many owe their origin and continuance. The preserving the alimentary Canal free from obstruction is a point of such primary importance, that every degree of neglect is followed by more or less of inconvenience or suffering. When habitual costiveness prevails the cheerful vigor of health is soon impaired, sometimes by slow degrees, and at other times more rapidly, diseases make their inroads on the constitution; and in numberless instances, particularly where the habits are sedentary, or where free living is indulged, permanent ill health is the painful result. It must be obvious to the most superficial observer, that when the functions of nature now alluded to are not performed with due regularity, some one of the Secretory Organs must be laid under contribution to assist nature by quickening the blood and invigorating the system. Indeed, this medicine is invaluable for all the delicate diseases to which women are subject.

CORBETT'S UNRIVALLED

Compound Syrup of Sarsaparilla.

THE subscribers having purchased of Dr. Corbett, of Shaker Village, Canterbury, N. H., the exclusive right for the sale of this invaluable preparation, now offer the same to the public as the simplest, safest and most efficacious specific for all diseases of the Blood.

It also by its powerful alterative qualities, securely and speedily effects a full restoration to health in cases of Chronic Inflammation of the Digestive Organs, Dyspepsia, or Indigestion, Jaundice, Weakness and Stiffness of the Stomach, Costiveness, Rheumatism, all Cutaneous Eruptions, Erysipelas, &c. &c.

The fact is well established by medical writers that Pulmonary Consumption, a disease most fatal in this country, most generally originates in a scrofulous state of the system.—Diseases of the Liver and Affections of the Biliary Secretions often originate with persons of scrofulous taint. But before such diseases can be originated or arrested, this Scrofulous Diathesis must be removed. This the present preparation is warranted *effectually to do.*

The formula was laid in for the New Hampshire Medical Society, and was the recipient—Dr. Twitchell, of Keene, N. H., who has personally tested its virtues, and approves and prescribes it as medicine in his general practice, pronounces it, "THE BEST PREPARATION OF SARSAPARILLA EVER KNOWN," and cordially affords it his full commendation.

Its virtues have been tested through a process of years in every form of Scrofulous Affections, &c. And it is designed as a permanent, substantial and Standard Medicine, and may always be depended upon by the Medical Faculty and all others, to be just what it purports to be.

The form of this preparation, its component parts, &c., have been placed with the most distinguished physicians of the country, among whom, in this city, are Dr J. C. Warren, Dr. J. M. Warren, D. J. M. Hayward, Dr. Edw. Reynolds, jr. Dr. John Jeffries, Dr. J. V. C. Smith, and others, several of whom have given testimonies, in writing, in favor of this medicine.

At the recent exhibition of the Massachusetts Charitable Mechanic Association, held in this city, Sept. 1847, the Judges in Chemicals made the following report:—"The Compound Syrup of Sarsaparilla, as prepared by Dr. Corbett, of the Shaker Society, Canterbury, N. H., the committee have carefully examined. It comes recommended by the names of the most distinguished physicians in the country; and from a knowledge of its component parts, the committee cannot but express their full belief as to its alterative qualities. The ingredients entering into its composition are of such a highly mild and alterative qu
