IMPORTANT NOTICE.
PRICE OF CALEDONIA WATER REDUCED TO
THREE SHILLINGS PER DOZEN.

OFFICE, FRASER'S BUILDINGS, ONTARIO STREET.

IN consequence of the increased demand for the Caledonia Water, the Proprietor has been induced to make such a reduction in the price as will enable the Druggists and others to retail the water at the reduced rates, and put it in the power of almost every person to enjoy the benefit which is daily seen to be derived from its use.

As a general drink they cannot be too highly recommended. In summer they cool and cleanse the blood, remove all febrile symptoms, and dissipate the lassitude generally felt in times of excessive heat.

In the spring and fall, when every person requires the aid of medicine to prepare the body to meet the change of season, the Caledonia Waters are admitted to be the simplest, the safest, and the most efficacious aperient that can be obtained.

These justly celebrated waters have performed more wonderful cures than any other Mineral waters in America; and many of the most eminent amongst the Medical faculty have given their testimony to the great virtues these waters possess.

*** Arrangements have been made so as to have always on hand a supply of the Water from the "Intermittant Spring," which is now so highly appreciated.

The Subscriber's present arrangements place him under the necessity of doing business for Cash.

CHEAPEST RATES OF ANY OFFICE DOING BUSINESS IN CANADA.

Medical Referees for Kingston,
DR. THOS. W. ROBISON.

THE undersigned having been appointed to act as Agent for this Company, which has been doing business in Canada and this City since the year 1839, respectfully requests persons requiring Life Assurance, to call at his

OFFICE, PRINCESS STREET,

Kingston, where Prospectuses and all necessary information will be given.—Also, a variety of Tables, to meet the circumstances and convenience of applicants, can be seen.

The Rates of similar Tables in the Offices doing business in this Province, are as follows:—

For an Assurance of £100				
Colonial Life Assurance Co., age 30	£2	4	0
National Loan Fund, do.	2	5	2
Canadian Assurance Co., do.	2	0	8

These moderate Rates, (little more than sufficient *safely* to provide for losses,) put it in the power of most persons to assure; and with reference to the present state of the health of the inhabitants of the Province generally, it *may* be thought necessary, should the prevailing sickness increase, to decline taking any risks. It appears therefore to be a duty on those who have to provide for their families to take the timely precaution of assuring their lives and thus provide against the risk of perhaps leaving those dependant upon their exertions or means, to suffer difficulties, if not destitution.

BARKER'S
LAXATIVE PILLS,
FOR BILLIOUS COMPLAINTS, PAINS IN THE HEAD,

Giddiness, Sickness, Jaundice Obstructions, Costiveness of the Bowels, &c. &c.

The great demand for these Pills is a sufficient testimony to their usefulness in the above complaints. Numerous testimonials could be given if necessary from persons of the highest respectability, which should induce them. *No family should be without them in case of sudden Sickness.*

OF the numerous diseases to which the human frame is liable, there is scarcely one, the symptoms of which are not seriously aggravated by a confined state of the bowels, and to the labor many one are originally owing their preserving the alimentary canal free from obstruction is a point of such primary importance, that every degree of neglect is followed by more or less of inconvenience or suffering. When habitual costiveness supervenes the cheerful vigor of health is not intuitively sometimes by slow degrees, and other times more rapidly, disappears, and disease takes root in the constitution; and in numberless instances, particularly where the habits are sedentary, or where free living is indulged, permanent ill-health is the result. It must be obvious to the most superficial observer, that when the stomach cannot now of indeed to any not possessed with the regularity, a remedy must be obtained from a Aperient medicine. Into one indispensable necessary, and must be had recourse until the cause of such and evil, which is the source of considerable importance, shall be removed? The list of Aperitive pills employed? The list of on the Medicine numerous, but their effects in business is considerable; some exert their same part of the extended vessels, or on others, extend their sphere only, which the action of intestinal canal, and is lost to the whole of the intestinal canal. A proper class of aperients is evident by the best to obviate the habitual costiveness of the bowels, whereas they apply that all additional excitant, whereas they apply that all assist her in performance then requires a more accustomed functions.

It is precisely on this latter principle that Barker's Pills are formed. Experience has proved that the public are fully aware that their activity cannot be increased or lessened and so by taking a lesser or smaller quantity, they only cure an Aperient medicine proper for general use family, but are almost well calculated to meet most of the purposes for which purgative medicines are necessary.

They are not, however, recommended as a PERFECT cure for the cure of ALL diseases; such pompous statements are worse than ridiculous, and only put forth for deception. But they will be a valuable remedy for that confined state of the Bowels which lays the foundation of many suffering, for those occasional obstructions to which are liable, and for all those disorders which are from an overloaded state of the stomach and alimentary canal. Consequently relief will be derived from their use in headaches and pains in the Head, accompanied with costiveness; in all Bilious Affections, giddiness, nausea, and in promoting the evacuation of the bowels. They require no confinement or change of diet—moderate exercise will assist their operation and experience has proven that as no pills they are safe and efficacious, may be taken by adults and children, and also in every stage of pregnancy. To children of five years of age and upwards, they may readily be given in a couple, orange, or jelly, and thus disguised, they are more easy of than Powders or other disagreeable medicines.

CORBETT'S UNRIVALLED
Compound Syrup of Sarsaparilla.

THE subscribers having purchased of Dr. Corbett, of Shaker Village, Canterbury, N. H., the exclusive right for the sale of this invaluable preparation, now offer the same to the public under the strongest testimonials as to its signal and astonishing qualities. It stands unrivalled in cases of all inveterate cases of Scrofula, and all diseases of the Blood.

It also by its powerful alterative qualities, exerts a so potent purity effects a full restoration to health in cases of Chronic Inflammation of the Digestive Organs, Dyspepsia, or Indigestion, Jaundice, Weakness and Soreness of the Stomach, Rheum, all cutaneous Eruptions, Erysipelas, &c.

The fact is well established by medical writers, that Phthisic, Idiosyncrasy or *Consumption*, is one most fatal to this country, most generally originates in a scrofulous state of the system—diseases of the Liver and Affections of the Kidney Secretions often originates with persons of scrofulous taint. But before such diseases can be originated or cured, this Scrofulous Diathesis must be eradicated. This the present preparation is warranted *effectually to do.*

The intrinsic value has led to the New Hampshire Medical Society, and was there approved—Dr. Twitchell, Keene, N. H., who has personally tested its virtues, and approves and prescribes it in medicine in general practice, pronounces it "the BEST PREPARATION OF SARSAPARILLA EVER KNOWN," and cordially affords it his full approbation.

Its virtues have been tested through a process of years in every form of Scrofulous Affections, &c. And it is deemed as a permanent, substantial and Standard Medicine, and may always be recommended upon by the Medical Faculty and all others, to be just what it purports to be.

The form of its preparation, its component parts, &c., have been placed with the most distinguished physicians of the country, among whom, in this city, are Dr. J. C. Warren, Dr. J. Mason, Dr. J. M. Hayward, Dr. Edw. Reynolds, Dr. D. Jos. Jeffries. Dr. J. V. C. Smith, and others, several of whom have given their names in writing in favor of this medicine.

At the recent exhibition of the Massachusetts Charitable Mechanic Association, held in this city, Sept 1847, the Judges on Chemicals made the following report:—"The Compound Syrup of Sarsaparilla, exhibited by Dr. Corbett, of the Shaker Society, Canterbury, N. H., the committee have carefully examined. It comes recommended by the opinion of the most distinguished physicians in the country; and from a knowledge of its component parts, the committee cannot but express their full belief as to its efficacious qualities. The ingredients entering into the composition are of such a highly grateful and alterative quality, that the committee willingly pronounce it the *best* preparation of Sarsaparilla Syrup yet known; and as such, think it deserving of a Diploma."
