Ottawa Fall Meeting.

We have the authority of "*Clane-Boy-Duffer*in" that the "Ottawa Fall Meeting" may be expected in "about ten weeks"—from the 13th of August,—and we may state upon our own authority that some "tall running" may be expected upon that occasion,—in fact the "tallest" upon record.

The principal "events" will be the "*Prorogation Stakes*," "*The Grand Dominion Steeple Chase*," "*The Kingston Scurry*" and the "*Consolation Cup*," and for these some of the best bred horses in the Dominion,—and some "bread and butter" ones,—are in regular training.

We believe we are not guilty of "*publishing private correspondence*," when we state that all the horses in "*John Doodle's*" stables are being put into as good "*form*" as possible, and have their little canter—not *decanter—Sundays excepted!* It is a great comfort to know—in this age of loose morality—that pipus John distinctly refuses to "*tool the team*" except upon "*strict religious principles*." However, it is evident that he intends at the approaching "*meet*" to make a last dying effort for the "Blue Ribbon" of the Turf! And, to win it,—if he can,—by fair means, or foul—*Game anyway!*

Whilst it may be admitted that Johnny has a few good horses, it cannot be denied that he has very few *thoroughbreds*, and that as a lot they may be regarded as rather "scaly customers." None of them have ever been "winners" in any first class matches, although some of them have very "*taking ways*" and a propensity to "*deal a race*" when they can,—a weakness which must affect the character of the stable—and seriously disturb the equanimity of its particular honest trainer.

We would advise our sporting friends to "wait a little longer" before making up a book,—caution them against "putting up" large sums of money on—*or near*—them, and beg to express a preference for *sealing wax* over *mucilage!*

The following horses, although, strictly speaking, not *owned* by Johnny—some of them being "grubbed" in the "Notre Dame," "Brown" and "Rouge" stables—may, for convenience, and *for considerations of respectability*" be classed together as the "*John Doodle lot*." They are all of the same "kidney," have the same training, and run under the same spicy colours, viz., "*Red*" cap—"*Stars and Stripes*" body—"*Red, White and Blue*" sleeves—with as little "*true blue*" as possible.

First there is "*Red Blake*", ont of "*Lady Galway*," by "*Ontario*," dull mettled, uncertain and vicious, and looking as "*like a well fed Durham steer*" as a race horse. "Ned" has some "go" in him, but he has a bad trick of forgetting which end his head is attached to; and if in starting he should be—accidentally or otherwise—improperly "placed" the result might be disastrous in the extreme. If this slight defect could be remedied "Ned" would make a very creditable horse. Change of air and "Stable" would do wonders for him!

Next we have the "*Lambton Adonis*" out of "*Globe-ale*," by "*Clear Grit*." "The *Adonis*" is a comparatively young horse, of "peculiar style, symmetry, and accomplishments," indeed, we might say a most perfect animal—of a horse; and a beautiful illustration of the "Darwinian Theory of Progressive Development." *Heads, I Win—Tails, You Lose!* The "*Adonis*" has bone and muscle; and pluck enough to "run a muck" against a stone wall; only "put him at it" and he will 'waste his sweetness on the desert air,' in trying,—consequently is just the "Hoss" to "come to grief" and plunge his admirers into expensive mourning!

Third in order is a French Canadian mare "*La Vieille*" out of "*Sage Femme*" by "*Red Republican*" who has the distinguished honor of being grandsire to "*The Cribber*," "*Stolen Letter*" "*Telegram*," "*Young Post Boy*," "*Penny Ha'penny*," (hack), "*Annexation*," "*Independence*," and "*Slippery Seth*." "*La Vieille*" was at one time rather favorably known on the Canadian Turf, as an honest, steady going "nag." To her admirers she was "all that fancy painted her;" but to old age, or a bad jockey may charitably be ascribed the fact that in the recent "*Post Office event*" she got such a "*Cropper*" that it is doubtful if she will ever show on the Turf again,—unless indeed in the "*Kingston Scurry*."

After "*La Vieille*" comes in, next on the 'roll of fame' that questionable 'old hoss' "*Martin Luther*" by '*Annexation*," dam "*Independence*;—a good '*starter*,' and an equally good '*tailer*.' According to present appearances this race will be *open* only to "*The Cribber*," "*Martin Luther*" and "*La Vieille*;" and a few unhonored outside 'hacks,'—noted amongst them being "*Penny ha' penny P*"

Fifth, comes in—par excellence—"*The Cribber*" out of '*Inspector*,' dam '*Stolen Letter*' by '*Young Post Boy*,' dam "*From a Friend?*" by '*Sycophant*.' If we are to believe in the triumphs of "*The Cribber*" as claimed by his backer, he is the greatest horse going. His exploits in the "*Caughnawaga*" '*Mount Royal Arbour*" and "*Lake St Peter*" races have done more for the honor of the turf than the performance of any other Canadian horse. In *strict justice*, however, it may be conceded that his *coup d'etat* in the recent '*Post Office event*' is his crowning glory! Unless indeed it should be eclipsed by his probable success in the "*Kingston Scurry*," for which he now appears to stand *first favorite!*

Last, though by no means least, is the famous green colt "*Slippery Seth*." We are sorry we cannot give the exact pedigree of this horse, but believe he was sired by '*McMullen' (own brother Little Dan)* dam '*Copper Mine*,' by "Drew," by "Pacific Scandal," out of "Fiction," and is first cousin to *Annexation* and *Independence*. It is said that "Slippery Seth" is, just now, rather "down the dump," or in *Horsey* language "Groggy." If this is true, it must be a matter of sore discouragement to his "backers," as besides being entered for the "Black River $600,000 Purse" he was their main stay in the coming *Prorogation Contest* and the *Grand Dominion Pacific Steeple Chase*. "Slippery Seth" is not a safe horse to bet on. In the "Prorogation Scramble" of the 13th August—when, by the way—a slight unpleasantness between the respective backers of "Black Red" and "Privilege" prevented all the horses from starting, "Slippery Seth" was in *magnificent form*. With head erect—elastic stride—tail thrown to the winds—and blowing from his fiery nostrils a loud trumpet of defiance—he *looked* like an untamed "Bucephalus" that a dozen 'Alexanders' could not conquer;—when, in fact, *one* "ALEXANDER" (Christian name JOHN) could ride him round the ring, with a 'snaffle' and a horse blanket, for the amusement of all beholders. *Entrance 25 cents!!!*

"*Seth*" proved very '*Slippery*' in the "*Royal Commission Trial Stakes*." Though 'John Doodle' still boasts of his splendid condition, and fitness for work, his being '*scratched*' on that occasion, looks as if the horse was '*off his feed*,' or unable to '*make play*' from some cause or other. "Knowing ones" who have looked over the 'Doodle lot' declare that '*Seth*' has seen his best days'—and must soon be withdrawn,—or ruled off—the Turf! His performances last season have undermined his constitution. He has shown ugly symptoms of "*blowing*," and is occasionally affected with a form of 'epizootic' familiar to horses—of his class—and known as "*la Grosse tele*;"—a disease which causes such *swelling of the head, that the poor horse cannot be got out of the stable when he is wanted!!!*

It is to be hoped that he may recuperate enough to go in for the "*Consolation cup*," which will be *open* only to the "*Doodle lot*."

"In "*Jaunty John's*," "*The Macdonald's*" [or, as illiterate Henglishmen love to designate him' "*John Hay's*"] stables, the horses are ready for the contest. Their experienced trainer—who, it may be mentioned, does *not* edit a religious newspaper—confidently expresses the opinion that they will win in a canter. It is not necessary to give the pedigree or performances of these horses. The country has confidence in their ability to win, and knows that they have been selected with great care from the best racing stock in the Dominion. Certain it is that they have no admixture of "The Cribber," "Stolen Letter," "La Vieille," or "Slippery" blood. In the race which at present engages the attention of the sporting world, and in which "*The Cribber*," "*Luther*," and "*La Vielle*" ran a "*bad foul*" against "*The Pope*" we venture to prophecy that "*The Pope*" will run the "*three graces* of the *Doodle stables* on their racing legs into the asylum so charitably provided for all bad horses. "*The Pope*" is out of '*Lady Compton*,' by "*Agriculturist*," by '*British Connection*,' by "*Confederation*." He is a very quiet horse, of great '*bottom*;' and before he entered "*John Hay's*" stable, had won many local matches of importance. If there is one thing he is pre-eminent for, it is 'pluck,' coolness, and perseverance. If he has the slightest idea that, in any race, "one of the ruck" intends to "*slide in on him*," we caution that horse to keep clear of "*The Pope's*" *heels*;—for with all his amiable qualities he can—when necessary—*kick like Thunder!*

"Sir John," as every racing man knows, was sired by "*Confederation*," and his "maternal" was the famous thoroughbred mare "*La Puissance*," who was sired by imported "*Statesman*" (*not United States*-man), out of "*La Claire Fontaine*," by "*Don't care a Dam*." Being religious—although not a subscriber to the "only religious daily"—we object to the use of the word '*damn*'—even in the form of '*d—n*.'

"Sir John" is not—physically—a remarkably handsome horse; he is somewhat angular and awkward, with—apparently—a 'leetle' too much length of limb, when standing; but when in motion—as Hutchman the said—"*My Gosh, you see that horse go!!!*"

"Sir John's" colours—"blue and all blue, with a maple leaf embroidered '*or*' on the front of the cap, and a ribbon of the Macdonald tartan in the button hole"—have been "winners" in many a well contested field. Thanks to the blood he inherits from "*Statesman*," his performances—which are the pride of Canadian history—will compare favourably with the records of some of the best racing blood in Great Britain.

"The Macdonald" took "*Sir John*" to one of our celebrated watering places this summer, and that, and the sea air, did the brave old horse a world of good. He came home—*not drowned*—but looking more "*cocky*" and "*gamey*" than ever, and in the "*Royal Commission Trial Stakes*," which are only preliminary canters to the "*Grand Pacific Scandal Fiasco*," he ran as if he did not care a dam for all the "Doodle lot" from "Slippery Seth", down to the "*Post Office Reformer*," "*Martin Luther*."

The "backers" of the "John Doodle lot" are endeavoring to bring discredit upon the "Macdonald team" by declaring that in the "Great Canadian Pacific Railway Race" the best horses had been "*bought up*" by American sporting gentlemen, through the agency of a certain knight of ancient lineage, to wit, "Sir Hugh Fitz-Raven," who bears—or should bear—for cognizance the following arms:—Quarterly, 1st and 4th, a "*scaled packet*" and an "*affidavit*;" 2nd and 3rd, the head of "*McMullen*," "couped" and "gutte de sang." Over all, on a "*bend sinister*," the figures $300,000, with the motto

"*Chicagoed by Thunder!*"

The race will prove that "*The Macdonald team*" have always been true to their colours; and the cheers of thousands from Halifax to Vancouver, will greet their hero, as he runs in "a winner by a distance" on the "Darby day," supported as he will be by the horses that have won so many splendid victories beside him!

The betting, which was at first lively, now meets with "*no response*" from the "*Doodle lot*." 10 to 1 is freely offered on the "True Blue team," and the trial gallop in the 'Stolen letter" is increasing the odds daily.

THE NEW YORK CRISIS—BANKS RESUMING BUSINESS.

New York, Sept. 29.—The governing committee of the Stock Exchange met at 1:30 to-day and passed the following resolutions:—

Resolved,—That nothing in the action of the Government Committee of the Stock Exchange shall be construed as absolving any member from obligations to the rules.

Resolved,—That all parties to the existing unsettled contracts who were solvent at the close of the Stock Exchange, but who shall refuse to surrender satisfactory principals, or furnish a margin in cash or securities, shall be regarded as insolvent.

Resolved, That so much of article 25 of the by-laws as authorizes an officer of the Board to close contracts of parties in default, be suspended as to existing contracts for three days after the opening of the Exchange. The President shall appoint a committee of three, which shall be in session from 2:15 to 3:45 o'clock to determine upon an equitable market price, to which margins shall be made to conform, and also to determine the market price at which the contracts of defaulting parties shall be settled.

Resolved—That all contracts shall be settled by check, and certified as good through the Clearing House, but where the check is tendered upon a bank which is not satisfactory, parties must agree upon what shall be satisfactory, but no demand for greenbacks or currency shall be allowed.

The bank presidents met this morning to consider the proposition from the Produce Exchange. Various plans were discussed and one finally referred to the loan committee for action.

THE GRAND TRUNK TEMPERANCE LEAGUE.—From a circular issued by Mr Spicer, we learn the following particulars: In the Traffic Department the pledges signed and received at my office number, 1,250; the Locomotive Department, 125; the audit, 41; total to date, 1,416. This is a very gratifying exhibit, and shows that the men enter heartily into the Temperance movement. His Excellency Lord Dufferin has addressed the following letter to Mr Spicer in commendation of his efforts to promote the temperance cause: "Tadousac, Sept. 1st, 1873.—Dear Colonel Spicer,—His Excellency the Earl of Dufferin has seen the circular signed with your name on the subject of the evils connected with intemperance, and especially referring to those which result from the indulgence of this bad habit by persons connected with the working of railways. His Excellency fully approves of any step that may be taken to check this evil, and as he has great confidence in your good judgment, and in your knowledge of the men employed on railways, he regards with satisfaction the plan which you propose to adopt, and wishes you every success.—Signed, H C. Fletcher, Governor-General's Secretary.

PERUVIAN SYRUP.—This valuable medicine has been silently making its way into public favour by the numerous remarkable cures it has performed. Its singular efficacy is owing to the protoxide of iron which in this preparation remains unchanged, and is the only form in which this vital element of healthy blood can be supplied.—*Adv.*

SPECIAL NOTICES.

DR. WHEELER'S COMPOUND ELIXIR OF Phosphates and Caïsaya contains elements absolutely essential to cell-growth the formation of the system. Dr. Dusart, a celebrated Physiologist, of Paris, says that "Phosphate of Lime is eminently an exciting agent of the functions of nutrition; in other words, a nutritive tonic—that it induces the albumenoid matter to assume the cellular shape, and that it controls the formation of tissues. When taken into the system more food is absorbed, and the weight of the body rapidly increased, owing to the transformation of albumenoid matter into muscular fibre." Sufferers from imperfect nutrition, as in scrofulous and the tuberculous diseases, will derive immediate benefit from its use. For sale by all druggists.—*Adv.*

Iron in the Blood

PERUVIAN AN IRON TONIC SYRUP

MAKES THE WEAK STRONG.

The Peruvian Syrup, a Protected Solution of the Protoxide of Iron, is so combined as to have the character of an aliment, as easily digested and assimilated with the blood as the simplest food. It increases the quantity of Nature's Own Vitalizing Agent, Iron in the blood, and cures "a thousand ills," simply by Toning up, Invigorating and Vitalizing the System. The enriched and vitalized blood permeates every part of the body, repairing damages and waste, searching out morbid secretions, and leaving nothing for disease to feed upon.

This is the secret of the wonderful success of this remedy in curing* Dyspepsia, Liver Complaint, Dropsy, Chronic Diarrhœa, Boils, Nervous Affections, Chills and Fevers, Humors, Loss of Constitutional Vigor, Diseases of the Kidneys and Bladder, Female Complaints,** ***and all diseases originating in a bad state of the blood, or accompanied by debility or a low state of the system. Being free from Alcohol, in any form, its energizing effects are not followed by corresponding reaction, but are permanent, infusing strength, vigor, and new life into all parts of the system, and building up an Iron Constitution.

Thousands have been changed by the use of this remedy, from weak, sickly, suffering creatures, to strong, healthy, and happy men and women; and invalids cannot reasonably hesitate to give it a trial.

See that each bottle has* PERUVIAN SYRUP *blown in the glass.

LIEBIG'S

Liquid Extract of Beef

AND TONIC INVIGORATOR.

BESIDES the Condensed Beef prepared from the best parts of the animal, the preparation contains Quinine, Peruvian Bark, and numerous herbs and roots grown for their tonic and health-giving properties.

THIS IS THE ONLY CONDENSED BEEF THAT DOES NOT REQUIRE COOKING OR WARMING. It was especially manufactured under the direction of BARON VON LIEBIG, before the FRANCO-PRUSSIAN WAR, for the German soldiers. Its tonic qualities are much greater than those found in any ordinary Specific or Appetiser, and its nutritive properties are sufficient to sustain the body without the addition of solid food. It is now recommended by the Faculty in preference to anything else as the best remedy for CONSUMPTION, GENERAL DEBILITY, LOSS OF APPETITE, LOWNESS OF SPIRITS, INDIGESTION, DYSPEPSIA, LASSITUDE, &c.

No article has yet been discovered that is so effective in all cases of failing health in the old or weakness in the young. This preparation is not only the best, but it is the cheapest Beef Extract offered to the public: TWO TABLESPOONFUL being sufficient THREE TIMES A DAY.

Great care should be taken in purchasing the LIQUID BEEF EXTRACT. See that the bottle contains the German Label and Certificate from Professor Wagner, of the University of Wurtzburgh, and that it is prepared by the Liebig's German Beef Extract Co., of Hamburg, as other Extract of an inferior quality have been put on the market.

Sold by all Hotel keepers, Grocers, and Druggists throughout Canada.
