The Government majority on the first test vote, is variously estimated at from ten to twenty-five. Most of the Grits admit now that the Ministry will be sustained, though many of them think the majority will be very narrow indeed. Some of them more sanguine than sensible are already chuckling over a prospective victory for the Opposition. We doubt whether the chickens they now count so confidently will ever be hatched. The occupation amuses them, however, and doesn't hurt the Government.—*Citizen.*

Just now it is well to receive all sensational stories coming from the Opposition worthies with excellent caution. The last of these is, that there is dissention in the cabinet! It is worth while to ask, if it is probable that they would be in accord up to this time on the policy agreed upon, the speech made, and Parliament in session, and that *then* disagreement should arise! The story confutes itself; yet many will believe it to be true without recalling the long line of unfulfilled prophecies, not to use a harsher name which have proceeded from the same su .—*Free Press.*

The Brockville and Ottawa Railway Artillery Company has been disbanded, and the clothing, arms, and accoutrements, returned to the government.—This was one of the finest companies of the kind in Canada. Its band ceased to exist some time ago.—*Brockville Monitor.*

On Wednesday morning a man named Jackson, hotel keeper of Camden, while out shooting, met with what might have been a fatal accident. While stepping over some stones his gun was accidently discharged, taking one finger completely off and badly injuring both hands, while part of the discharge entered his face. It will no doubt be sometime before he will recover the use of his hand.

ACCIDENT AT CROSBY MILLS.—A young man named John Lee, son of Mr Wm. Lee, of Storrington, while working in the Phosphate Mines of Mr Thomas Seele, near Crosby, was badly crushed on Wednesday, from the falling in of a sidewall of one of the pits. His physician, Dr. Preston, is of the opinion that his injuries will prove fatal.

NEW PAPER.—We understand that arrangements are now being made by a literary gentleman of Farmersville, for the issue of a new Reform newspaper at Brockville.—*Monitor.*

THE ROYAL CANADIAN INSURANCE COMPANY.

Authorized Capital $5,000,000.

THE present rates for Fire Insurance throughout the Dominion (the result of combination among the various Insurance Companies) are, it is believed, not only excessive, but unnecessary; and however severe the losses to those Companies may have been in the late calamitous fires in Chicago, Boston and other cities in the United States, the losses in the business of Insurance throughout the Dominion, does not warrant the great increase which has lately taken place in the rates.

Such being the case, this Company represented by the wealthiest merchants of the Dominion obtained a charter during last session of Parliament, and are now prepared to do business at moderate rates. The promoters can with full confidence rely on the citizens of Kingston, giving this Company a liberal support, the directors pledge themselves that in the event o loss claims will be settled in the most liberal manner, and risks will be taken on their merit irrespective of any Company.
