CABLE NEWS.

London, Nov. 14.—The British Government has instructed its Consuls at Havana and Santago De Cuba to watch the proceedings against the captives of the Virginius, as it has been informed that one of them is a subject of Great Britain.

Queenstown, Nov. 13.—The steamship Manhattan, from New York, has arrived.

London, Nov. 14.—The report that the Tichborne trial had been postponed one year was an error, which arose from the incorrect transmission of date by cable. November, 1874, was substituted for November 17, 1873, to which day the hearing was adjourned. It is now probable that there will be another postponement, as some twenty witnesses are expected from New York and have not arrived.

Another steamer, the city of Durham, has been sent in search of the City of Richmond.

Southampton, Nov 14.—Arrived, the steamer Leipsing.

London, Nov. 14.—The City of Montreal arrived at Queenstown at 3 o'clock this afternoon, with the disabled City of Richmond in tow. All well on board.

Kingston, N.Y., Nov. 14.—The sheriff has levied on the entire rolling stock and office furniture of the New York, Kingston and Syracuse Railway Company to satisfy three judgments against them, amounting to $115,000.

St. Louis, Nov. 14.—Advices from the Cherokee nation say that on Monday last a Cherokee desperado, named Foreman, was killed in a fight between several parties. Before Foreman died he killed two of his assailants, one of whom was a member of the Cherokee legislature.

New York, Nov. 14.—It is stated among Spanish residents in this city that, in addition to those whose execution has already been reported, every soul found on board the Virginius at the time of her capture has been put to death. According to this statement not one American witness of the affair is left alive.

New York, Nov. 14.—Arrived, the steamship Hammonia, from Breman.

Portsmouth, N. H. Nov. 14.—By an order from the navy department all sailors on board the United States receiving ship Sabine, of this station have been to New York for service on U. S. vessels in Cuban waters.

The Montreal *Witness* calls attention to the inconsistency of Messrs Mackenzie and Blake in the formation of the new Cabinet. A standing grivance of these gentlemen against the late Government was the fact that they had thirteen Cabinet Ministers, when, they contended, nine would have been sufficient to manage the departments. "The only religious daily" thinks fourteen at least one too many. The *Globe* itself, while defending the constitutionality of Mr Blake's appointment, thinks it is irregular and needs explanation to the people.

We are glad to be able to state that none of the really professional journalists connected with the Ottawa *Times* in its Conservative days have smirched their reputations by permitting themselves to be handed over with the "plant" of that highly consistent sheet. Mr Alex. Robertson announced his temporary retirement from active journalistic duties some days ago, and we understand that our young friend, Mr G. S. Barnum, so well and favourably known in the reporters' gallery, has also withdrawn from the *Times'* staff.

The *Citizen* has the following pertinent query in its editorial columns:—"Hon. Isaac Burpee is Minister of Customs; Isaac Burpee & Co., are among the largest importers in New Brunswick. Query—When any important change is to be made in import duties, will the Minister of Customs inform Isaac Burpee & Co., of the fact so that their business may be regulated accordingly? Will the Burpees now do the importing for the Dominion?"

SOME GRIT DODGES.—We learn on the best authority that some New Brunswick members, elected to give the existing Dominion Government a judicious support, but who have joined hands with Grit Rouge factionists to effect its overthrow, have for some time past been endeavouring to persuade people in a quiet way that if the Maritime members would only ally themselves with the Grits the conduct of Dominion affairs would no longer be affected by Roman Catholic influence, and the power of Quebec could be defined. This, it seems, is the Dodge which the Grit leaders have played off upon the easily gulled members in question. Bearing this in mind, it is instructive to note what a different game these crafty Grit gamesters have been playing in Ontario and Quebec. In Ontario, "an understanding was come to," as Mr Huntington would say, between Grit leaders and the chiefs of the Catholic League, in virtue of which several constituencies in which Catholics held the balance of power, were won for the Grit party. *St. John News.*

The New York hotel keepers are talking of having a meeting and agreeing to a general reduction of prices. The first step towards this end is a reform in hotel management, the furnishing of good accommodation at fair prices, without making the guest pay for things he doesn't want. The hotels on the European plan claim to have reduced their rates for rooms 20 per cent, and all the hotels complain of lack of patronage.

MRS. R. E. LEE.—Mrs Lee, widow of Gen. Robert E. Lee, died on Thursday morning at her home in Lexington, Va., at the age of 67. She was the only daughter of George W. P. Curtis, and was born at Arlington House. Her Grandfather, Col John Parke Curtis, was a son of Martha Curtis, afterwards the wife of George Washington. Mrs Lee was a woman of strong intellectual powers, and persistently favoured the Confederate cause. She was in Richmond during the war, and when the contest was over, accompanied her husband to Lexington, where she resided until her death. She had been an invalid for about ten years, suffering from a rheumatic affection.

THE ROYAL CANADIAN INSURANCE COMPANY

Authorized Capital $5,000,000.

THE present rates for Fire Insurance throughout the Dominion (the result of combination among the various Insurance Companies) are, it is believed, not only excessive, but unnecessary; and however severe the losses to those Companies may have been in the late calamitous fires in Chicago, Boston and other cities in the United States, the losses in the business of Insurance throughout the Dominion, does not warrant the great increase which has lately taken place in the rates.

Such being the case, this Company represented by the wealthiest merchants of the Dominion obtained a charter during last session of Parliament, and are now prepared to do business at moderate rates. The promoters can with full confidence rely on the citizens of Kingston, giving this Company a liberal support, the directors pledge themselves that in the event o loss claims will be settled in the most liberal manner, and risks will be taken on their merit irrespective of any Company.
