CABLE NEWS.

London, Nov. 15.—The *Daily News* of this morning, in an editorial article on the prospects of the annexion of Cuba to the United States, says: "The execution of the Virginius captives has virtually decided the fate of the Island." The other London journals contain editorials of a similar tenor. The Spanish loan reached the lowest figure this morning yet touched on the London stock market.

Queenstown, Nov. 15.—Arrived, the steamship Hecla from Boston and the City of Brooklyn sailed for New York.

Queenstown, Nov. 13.—Arrived, the steamship Algeria from New York.

London, Nov. 17.—A special despatch from Aden to the *Daily Telegraph* says an encounter took place recently in the district of El Ahsa between bodies of Arabs and Turks, in which 300 of the former and seventy of the latter were killed and wounded. It is probable that in consequence of this occurrence the British force at Aden will interfere and prevent the encroachment by the Turks upon the territory of surrounding tribes.

Plymouth, Nov. 17.—Arrived, the steamship Thuringia, from New York.

London, Nov. 17.—The *Times* this morning, in a leading editorial says: "If the Virginius affair had occurred during the ascendency of the democratic party Cuba would doubtless have been immediately annexed. It draws a contrast been the conduct of the Spaniards in Cuba and the lenient treatment by the American government of the foreign blockade runners during the rebellion. If England is called upon to act in consequence of the execution of any of her own subjects, there is no reason why she should not acknowledge the independence of Cuba, especially if the act would check such outrages. It recommends the adoption of that line of policy by the United States.

The *Daily Telegraph* contains an article similar in tone to that of the *Times*. Both journals concur in the opinion that Spain is powerless to enforce reparation and the United States may possibly be compelled to intervene even reluctantly to do so.

FINANCIAL AND COMMERCIAL.

London, Nov. 17, 12 30 p.m.—Consols, money, 92¼ to 92½; account 92¼. Bonds of 65, old, 93¼; 67's, 95½. New Fives 91⅞. Ten-forties 91. Erie shares 37⅞.

NEW YORK DESPATCHES.

New York Nov. 15.—Arrived, the steamship Main, from Bremen.

New York, Nov. 16.—Arrived, the steam ships Wisconsin and city of Paris, from Liverpool.

New York, Nov. 17.—Arrived, the steamships Pembroke from Cardiffe, Colon from Aspinwall and Cleopatra from Havana.

New York, Nov. 17.—A world's Washington despatch says; an official confirmation was received to-night (Sunday) by the Government of the execution of fifty-seven more of the Virginius prisoners on 12th inst, of whom seventeen where British subjects. The British legation is in receipt of the same intelligence.

The *Tribune* Washington despatch reports General Sherman as saying it was absurd to talk of going to war on this Cuban question. He thought there was no danger of war, and that, indeed the United States could not go to war as a military force is entirely inadequate for our own purposes, a remark, in which the Attorney-General concurs.

New York, Nov. 17.—Rev. Mr Beecher, in his sermon yesterday made a powerful appeal to the sympathies of the American people in favour of free Cuba, denounced the execution at Santiago as a crime against humanity and civilization, proceeding from cruel love of blood and simple ferocity. He thought, however, the government should act thoughtfully and not rashly, and if Spain cannot stop such abominations, not only let the hand of National Justice fall upon the perpetrators, but so act as to give knowledge and freedom to those who deserve liberty and the help of every honest heart on the globe.

LENNOX ELECTION.

Napanee, Nov. 15.—The canvass in this County on behalf of Mr Hooper is being pushed with vigor, and everything so far indicates that he will have a large majority at the poll. Nothing can be said either against the character or ability of Mr Edmund Hooper; and to show how utterly ignorant the Grit organ is in regard to the contest in this County, it devotes a whole column in its last issue in giving a description of an individual who has nothing whatever to do in any way or shape in our election. If the *Globe* the special organ of the new Grit Ministry, and therefore specially interested in the return of their provisionary Finance Minister, desires to be of any service to that individual who is considered here in no other light than that of a traitor to those who elected him. It is of importance that that journal should know who is opposing Mr Cartwright. It is to be hoped that some one will be charitable enough to let them know. The nomination has been fixed for the 22nd inst., and the election will take place on the 29th inst. Meetings will be held throughout the constituency during the week, at which the political situation will be fully explained by those competent to do so. *Mail.*

The Grit candidates for St. John, N. B., are in the field. They are Mr De Veber, who opposed Hon. Mr Tilley last year, and Hon. Mr Burpee. It is worthy of note that the only candidate the Ministry can find for St. John is a fossilized Tory of the Family Compact stripe, whose only reason for opposing Sir John Macdonald is because he hates the Liberal party of New Brunswick and their leaders, Hon. Messrs. Tilley and Mitchell.

An Eminent Divine says, "I have been using the Peruvian Syrup. It gives me new vigor, buoyancy of spirits, elasticity of music." Seth W. Fowle & Sons, Boston, will send, free, a pamphlet of 32 pages, containing a full account of this remarkable medicine, to any on sending their address. *Adv.*

Middlings Separator.

WE have lately obtained Letters Patent for Canada on our Middlings Separator (known in the States as Jones' Middlings Separator). This machine is the most popular and perfect yet invented. Hundreds of them have been sold in the States in the past two years, and are now running and giving satisfaction to the purchasers.

The patent claim is a very broad and strong one. We desire to lease the territory of Canada on a royalty fee, subdivided to suit the lessors. A Millwright who can associate with himself a machine carpenter, firm, or *vice versa*, would make a suitable party to take the lease, and will find it profitable beyond any ordinary business.

THE ROYAL CANADIAN INSURANCE COMPANY

Authorized Capital $5,000,000.

THE present rates for Fire Insurance throughout the Dominion (the result of combination among the various Insurance Companies) are, it is believed, not only excessive, but unnecessary; and however severe the losses to those Companies may have been in the late calamitous fires in Chicago, Boston and other cities in the United States, the losses in the business of Insurance throughout the Dominion, does not warrant the great increase which has lately taken place in the rates.

Such being the case, this Company represented by the wealthiest merchants of the Dominion obtained a charter during last session of Parliament, and are now prepared to do business at moderate rates. The promoters can with full confidence rely on the citizens of Kingston, giving this Company a liberal support, the directors pledge themselves that in the event of loss claims will be settled in the most liberal manner, and risks will be taken on their merit irrespective of any Company.
