CABLE NEWS.

Paris, Dec. 12.—The decision of President MacMahon in the case of Bazaine was announced this morning. The sentence of death against the Marshal is commuted to twenty year's seclusion. He is to bear the effects of degradation from rank, but will be spared the humiliating ceremony.

London, Dec. 12.—The fog, which has been hanging over this city for the past three days, has lifted, and the weather is fine this morning.

NEW YORK DESPATCHES.

Detroit, Mich., Dec. 15.—A horrible story of an outrage has been made public in the town of Warren, twelve miles from Detroit. A year and a half ago, one Charles Lewis Alton was employed to teach in the Roman Catholic School at Warren and also to act as sexton of the church. During this period Alton outraged the persons of no less than eighteen school girls, none of whom were over fourteen years old. It appears that the crimes were all committed in the church which adjoins the school-house, and that the fiend succeeded in terrifying his victims into silence for over a year. The neighborhood is settled by Hollanders who are generally uneducated, and the children were all of that nationality. Alton has escaped.

New York, Dec. 12.—A Washington despatch says the increase of the public debt this month will be fully as large as last, in view of the continued failure of the revenues to meet expenditures of the Government. Secretary Richardson is anxious to have some additional taxes authorized by Congress before the holiday recess. The re-enactment of duty on tea and coffee is urged to take effect immediately. The Secretary also favours an increase of taxes on whiskey and tobacco.

New York, Dec. 12.—Arrived, the steamship Castalia, from Glasgow.

THE ORDINATION OF REV. MR CHENEY.

Chicago, Dec. 10.—A telegram has been received here from Bishop Cummins to the effect that the ordination of the Rev. Mr Cheney, as Associate Bishop of the Reformed Episcopal Church, will take place in this city on next Sunday. The affair is creating quite a stir in the Episcopal circles.

A painful coincidence connected with the loss of the City of Detroit is the fact that the Water Witch, commanded by Capt. George Ryder, brother of the captain of the City of Detroit, foundered some years since off Saginaw Bay, and Capt. Pridgeon states that the despatches which he has received indicates that the brothers went down at nearly the same point.—*Detroit Tribune.*

THE NILSSON MISSING.—The schr. Christina Nilsson, bound for Sarnia, grain laden, was disabled and put into Manitowoc. She repaired, and again set sail, leaving the harbor early last week, since which time she has not been heard from.—*Ib.*

THEN AND NOW.—Speaking of the interference of Government officials in elections, the *Globe* of August 3rd, 1872, said: "It is utterly preposterous that the influence due to a position where all contribute to the emoluments, should be prostituted for the benefit of any one Party or sect." And now every other man you meet in West Tor[illegible] a hireling of the Local Government can[illegible] for Moss.—*Mail.*

SUDDEN DEATH.—The Norwood *Register* says:—"The village of Campbellford one day last week was thrown into a high fever of excitement by the sudden death of a much respected citizen, Mr John Adair. Circumstances of a suspicious nature having arisen in regard to his death, an inquest was held, and a post mortem examination of the body took place, which elicited the fact that the deceased did not die from natural causes. The stomach was sent up to Toronto for examination, and was returned to Campbellford with the intelligence that poison was found in it. Suspicion was at once cast upon several parties in that village, but these suspicions should be taken with a great deal of reserve and allowance, as blame may be thrown on the wrong person. We have not yet heard of any further authentic particulars in this sad affair."
